Weddings

TILTUEN-ARCHIBALD

The home of Mr. and Mrs. Jack A. Archibald on the Wolfville road was the scene of a pretty wedding when their eldest daughter, Jean Christian was united in marriage to Mr. John Nicholson Tiltuen, younger son of Mrs. A. Tiltuen and the late Mr. Tiltuen of the Dakota district.

The wedding was solemnized at one o'clock on Monday, July 19, with the single ring ceremony. Rev. Jack performed the ceremony which was witnessed by relatives, friends and Japanese who interspersed with the wedding selections. Mrs. Jack presided and entertained with white and pink flowers from which the bride was given her away. Mr. H. E. Christie of Penhold officiated.

The bride, who was given in marriage by her father, looked lovely in a floor length gown of white organdie with short puff sleeves and misty of same material which came to the ground. Her veil was caught to a beaded headdress. She carried a bouquet of red roses and white carnations with streamers and was given away by her mother in a gift of the groom.

The bride's only attendant was her sister, Marion Archibald, who wore a long gown and carried a bouquet of pink carnations and roses and a gift of the bride. Mr. Jack Archibald, brother of the bride, acted as groom's man and Mr. Leo Tiltuen, brother of the groom, was usher.

After the bridal quartette rendered "I Love You Truly" Mrs. Lily of the groom sang "The Lord's Prayer."

After the bridal party received from Wetaskiwin where they motored to have photos taken, a reception was held for nearly thirty relatives and friends of the bride and groom. The bride's mother wore a navy blue trimmed black crepe dress and a corsage of white carnations. The groom's mother wore a navy blue printed crepe dress and a corsage of red carnations.

Rev. Christie proposed the toast to the bride, to which the bridegroom replied.

Many showers of confetti, the bride's bouquet and streamers were thrown over the car as the happy couple left on their honeymoon trip to the Coast. They will reside on the groom's farm in the Dakota district.

THURSDAY JULY 29, 1948

Action At Gull Lake

For the first time in many years, canoeing instructors, a lifeguard and a water safety instructor are now on duty at the Gull Lake Bathing Beach. Under the supervision of the Gull Lake Recreation Association, these instructors have been engaged for the purpose of giving free instruction to all children who desire to learn how to swim, and it is encouraging to know that a fine interested group of children have taken up the offer and that Gull Lake through the auspices of the local Red Cross, is popular resort like Gull Lake is not likely to be without a canoeing club.

There is probably no resort in the entire province as safe as Gull Lake. A steep sloping beach allows children to wade out into the water with no danger whatever. Until there have been drowning fatalities at Gull Lake in the past, and hopefully we can keep it a record as natural and unwanted as the entire.

The organization of the "Learn-to-Swim" campaign is to begin, with all other improvements like the possible building of a floating dock, a permanent life guard tower, and concrete aquatic club. There will be whole-hearted support from Lacombe.

The Political Scene

With the announcement of the government election August 17 candidates are busily electing electoral activity at political campaign. In Lacombe the Liberals have to let two members, and although rumors were afloat the opposition would run a candidate where Mr. Attlee of the public forward their own future and welfare. There have been several meetings in the district and it is likely the nominee duties of a Member of Public Works as at that time kept from the D. H. Mallon from contesting Social Credit outline to date.

General feeling up to now is that the Social Credit government will be returned to power though with a reduced majority. A strong opposition in the house is always a healthy sign, and the country will be welcomed. Social Credit is being convinced the electorate through lack of competition as much as anything. The Independents are no longer a potent force, the Liberal party is at the nadiery of disorganization. The C.C.F will probably show gains, but the weaknesses of Social can see too palpable.

Public ownership immediately involves the problem of government red tape and bureaucracy. The slow awkward chain of command in an enterprise-business-like organization is not overlooked and alert in the business sense with its rigid "plan and" economy of the top Political favoritism or another charge that has been frequently made against nominees. Many converted C.C.F'ers who merely believe that private enterprise takes over by the government will continue to be operated in the same commercial fact as responsible and changes are made, temptations a to when are reasons are chosen. Then there is the very real consideration of efficiency. As long as private ownership is doing a good job in so-called "monopolies" and "big business," it is doubtful if government operation can do better, if as well.

The Liberal Nomination

The Liberals of the Lacombe constituency made a wise choice when they unanimously nominated Harvie T. Wilkes as candidate to carry the Liberal banner in the provincial election which is called for next August 17.

Active in life as rancher and on the executive of the town for many years, his interest as a public citizen makes a well known and popular choice. That he should be equally successful in politics there is a foregone conclusion, and his many friends will wish him every success.

A man who has the courage of his convictions and never fails to express them, he would be an opponent to any parliamentary irregularities of what party ever in power.

With very little organizing time before the election date he will need all the help his friends can give him. The first meeting of the committee meeting when all present assigned team of three which-lamented support in the district the public, by solid backing and predictable members the possession all the necessary qualifications

Creating An Impression

It is now the season when darkened rim on all mosquitoes. Victims of mosquito bites which cause no more inconvenience than a slight irritation to a few. Any member of persons speedily, these sufferers have left the district with a vicious swelling of the serious percent of applications or to a quiet grave of gall. The problem is one and all of us have to face. Where some particularly vicious bite seems to go right through your shirt some smells smooth and others not, a possibility that a certain portion of your scent prompt piercing there's more to the skin than meets the eye.

Out of 1,000 mosquito attacks entomologists counted five that penetrated a heavy serving fold of cloth. Carrying this thought a step further, a light no-no cloth, it was found the mosquito bite quota soared 600 bites in 1,000 with the same mosquito material. That's pretty good bathing costume material. Bugging through a sun screening of any mosquito-bugging through a sun ray from the human mosquito. The experts concluded that there is no cloth good for wearing against attack is entirely shorter gauze.

All that's done about it, is where the governmental authorities authored the human guinea pigs for many harmful learning "Summer" past two years.

Attend Election Meetings

People have a curious custom on public these days. They'll attend their party meetings but nobody else. Many that's why there isn't here at the present time more interest in the latest news being re-hashed in other newspapers and the good old days of the past. Perhaps it would be a good thing if more C.C.F people attended Liberal gatherings. Social Credit others C.C.F members attended. Most persons have a pretty good idea of these party platforms, but only have heard rumors of their opponent's. Mix 'em up, and then use your judgment in selecting the party you think would give the best government. That's the only way to vote intelligently.

Olive Former Takes To Ride-By Harvest Tractor

LIVE F F Gustavelson, farmer of the Olive district, is willing to attend to a o wagging hand!

While farming 320 acres of corn on the Sutherland farm, he fell off his tractor and the hind tire pushed over his leg that caught in the drawbar. The tractor dragged him around a field and through a fence before it stopped. He was dragged for an entire forepaw, the only injury he got a very painful and shocked leg.

Wolfville

(Too late for last week)
WOLFVILLE Mrs. Jean McLeod of Ardrossan, field day-at returned home last week after visiting for a week at the Mann home.

Mrs. Bush Thompson — Gaugher Carol — of Edmonton visited at the J. A. Anderson home last week. Mrs. Thompson returned home but Carol might home for several days.

Miss Mona Mann has a re cent visitor in Edmonton.

Church Tuesday

Last Tuesday, afternoon the Edmonton Junior Choir, A. Lewis, conductor and F. Thomas, were hostesses at the I. S. Hanby home at a shower in honor of Miss Jean Archibald who was married last Monday afternoon to Mr. J. D. Tahara of the Dakota district. Jean received many lovely gifts from the shower given by the Misses Dorothy and Margaret Sylvester, and Master Frankie Lewis.

Mr. J. B. Hanby made the presentation speech and Jean thanked one and all for their kind and generosity. Mrs. Ashgrove Brandt was the winner of the "Pleasure Contest" and many amusing tests were brought out by "The Story of an Ash."

Miss Irma Plain of Penhold, and Miss Barbara Scott of Stewart

Blackfalds

(Too late for last week)

Mrs. Cooper was not daughter here from Edmonton for a visit with her parents Mr. and Mrs. Mr. Kelsey, during the week.

At Camp Lacombe

Mr. and Mrs. A. E. Rose spent yesterday at the camp meetings at Camp Lacombe.

The Gilliland ministers, who have been holidaying on the U.S.A., returned to the camp on Wednesday evening.

Regular record were at attendance at a shower given in honor of Mrs. Gilliland, evening, and Mrs. Randy Schuchmacher at the home of Mr. and Mrs. Ben Kinley on Sunday evening, July 18.

After spending a very pleasant evening, a dainty lunch was served, topped off with ice cream.

With the bride and groom seated at a table in the centre of the room, a very beautiful basket of gifts were brought in by the bride ladies and presented by Mrs. E. Gilliard after opening all the parcels the couple gratefully thanked everyone.

We are pleased to report that Mrs. D. Shcherbowski, who was very ill last week, is making a fair better at present. We sincerely hope she will continue to improve.

May Hold Potato Field Day During Month of August

Arrangements for a potato field day on an irrigated potato seed project are being made with J. W. Mackie of Edmonton, it was learned at a meeting of potato seed growers.

Members of the board meeting this week discussed the annual tour of the fields by the seed growers. Last year's tour was held near Bellevue through a motorcade of about 30 cars.

Local members of the organization hope that February's convention will be held in Edmonton. Walter and Wm. Dach of Bellevue, Miss Gillis, vice-president of College Heights, J. Prince of Woody Bench, J. Hall of Cadomin, J. A. Bouffioux of Beaver Creek, H. C. Bouffioux of Grande Cache, J. H. Ellis of Hinton, Joseph and Leo Wasylenko and Thomas Pedde.

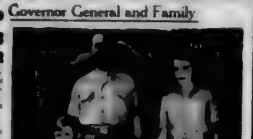
Those present expressed appreciation to Mr. Mackie for his visit to the district.

Elizabeth Pedde, who went last fall to Ontario to study the growth of potato seed, has returned to the province for work carried on by the department.

Under another project in an experimental plot there will be a comparison of the various potato seed grown. Canada and Alberta. Results have proven the adaptability of the growth of the Canadian potato seed of the Alberta area.

It is another type of agricultural farming which gives good promise of success in this area.

Governor General and Family



Viscount Alexander, governor general of Canada, and above in a homely atmosphere with his family. The picture was taken at the Dionne farm in Northern Ontario where the viscount spent a vacation.

Congratulations to Jean Prescott on making her Grade XII examinations with good grading

WEDDINGS

STEPHENSON—MILLER

In Joseph Banbury Red Deer was the scene of a quiet wedding Thursday July 29, when Mary Elizabeth daughter of Mr. and Mrs. Charles A. Miller of Eltor's fields became the bride of John Joseph Stephenson, son of Mr. and Mrs. S. J. Stephenson of Lacombe. Rev. Father Lot Nagel performed the ceremony.

Given in marriage by her father the bride was charming in white street length dress complemented by white accessories and a double Bluebell bouquet. Her attendant was also given a corsage of red roses.

Her only attendant was her sister Mrs. Kathleen Miller who chose for the occasion a crepe dress of pale blue with matching accessories. Attending the groom was Mr. Bob Chapman of Lacombe

Following the wedding Mrs. Miss Miller chose a brown tailored suit with matching accessories and a corsage of pink carnations.

Mrs. Henderson, mother of the groom, was attired in a navy blue white and navy accessories. Her corsage was of pink carnations.

Following the ceremony a reception for about 60 guests was held at the home of the bride. For travelling, the bride wore a blue crepe suit with white hat and shoulder bag.

Mrs. Stephenson is a graduate and veruns pupils in the Stolen Lake school. The couple will reside north of Lacombe.

ADDITIONAL WEDDING: on page three

WEDDINGS

LUSTER—GRAY

The Ukrainian United Church, Calgary was the scene of a recent wedding when Rose Ida Jessie of Pamela became united in marriage to Mr. Kenneth R. Luster of Justice in a double ring ceremony.

Rev. A. J. Parsons officiated.

Escorted to the altar by his father, Mr. G. L. Smith of Calgary, the bride was gowned in floor length antique white satin and Chantilly lace over a strapless underslip and carried a bouquet of daisies and roses.

The bride's matron, Miss Marion Dawson of Calgary attended as bridesmaid in pastel blue with matching veil. She carried a colonial bouquet of roses and sweet peas.

Mr. John Smith of Calgary was best man. Ushers were selected to these places by Mr. R. S. Keith (Lynch and Mr. W. Dawson).

During the signing of the register Miss Pat Watson's music was heard.

A reception followed at the home of Mr. G. C. Smith, aunt of the bride where Mrs. Lillian Robertson, aunt of the groom, assisted the hostess and the bride's table an covering 60 guests.

The bride's table was covered with a lace bridal wedding cake. Her parents proposed the bridal toast to which the groom responded.

For the wedding trip to the Coast, the bride left in a suit of blue gabardine with brown accessories and a corsage of pink roses.

The couple have now taken up residence at Jaffre Mr. Luster is a former Lacombe school district.

THARAU HANSEN

A very pretty wedding was performed at the Bethel Church in Edmonton on Wednesday August 10 03 a.m. when Grace Harriet eldest daughter of Mr. and Mrs. Harris Hansen became Mrs. bride of Anthony (Tony) son of Mr. and Mrs. Theresa of Bulwark.

Father, Mr. Nash of Red Deer officiated at the ceremony.

Entering the church on the arm of her father the bride looked beautiful in a floor length white satin gown styled with long sleeves and a net yoke. Her floor length veil was held in place by a heart shaped headdress. She carried a bouquet of red roses and white peace lilies.

Mrs. Alvin Simon was matron of honor. She was gowned in long pink taffeta. A pink chapeau veil was held in place with a small pink hat. She carried a bouquet of pink carnations and baby's breath.

Miss Jean Haarstad, bridesmaid chose a long gown of sky taffeta. Her blue chapeau veil was styled on similar lines to that of the matron-of-honor. She carried a bouquet of pink carnations and baby's breath.

Miss Aubrey Hansen, sister of the bride was dressed as flower girl in a long green gown. She carried a bouquet of sprays the

Mr. Henry Thoreen, brother of

Mr. and Mrs. Hansen received guests at the reception held in the Lacombe Hotel. For their daughter's wedding the bride's mother chose a navy blue dress with white accessories. The bride's mother wore a navy blue dress with white accessories and a corsage of pink carnations.

For her daughter's wedding the bride's mother wore a navy blue dress with white accessories and a corsage of pink carnations.

Mr. and Mrs. Hansen left on a trip to Vancouver Island. For their daughter's wedding the bride's mother wore a navy blue dress with white accessories and a corsage of pink carnations.

For her daughter's wedding the bride's mother wore a navy blue dress with white accessories and a corsage of pink carnations.

Gull Lake's Receding Waters

OLD timers can remember less than 40 years ago when the Gull Lake shoreline was up in the front yard of the summer cottages. Then began the steady recession of the water's edge for gulls due to evaporation. 10 yards here, 20 feet and on. Today the lake has shrunk about 200 yards from the line and although the water is soft, comfortable when walking down to the beach for a swim, there are numerous mud flats and gravel patches. Up and down the beach boardwalk has the bathers scrambling walking, one distance to keep a swim. The merchant of Gull Lake have been a playing down rather than a playing up of Gull Lake as a summer vacation ground, although the Chamber of Commerce has done some very effective work in this regard.

Some persons have advocated dredging the lake to artificial means. It is generally accepted that there is not enough water in the lake to warrant such a project. Estimates by the superintendent of sewers feel the lake has dropped over the 40 years at the rate of about one foot per year. The conception of the anti-mercantile forces, gravitated close to the half inches mark by now. The height of time before it will be dry can be easily made methods would be necessary to manage it longer.

It looks as though Gull Lake bathing resorts will have to rely on Mother Nature to come to the rescue to fill old bowl. That year the water's edge may come back to the cottages. Then the summer heavy spring rainfall. Perhaps future storms would and other conditions may combine to bring about the north can retain the present water level. I not already regain lost ground Gull Lake summer cottagers, residents from Lacombe and all parts of the province will hope so as it is an ideal spot to spend a restful holiday.

Referendum 'For the People'

THE C C F Party opposition to the provincial government's decision to take a plebiscite on August 17 on the question of government control of electric distribution systems in cities that so heard a unanimous answer from the opposition, a purely political manoeuvre. Elsewhere Mr. L. A. and prominent member of the C C F made the statement that such a referendum should be voted on by rural constituents since since there were the only ones directly concerned with the result.

This statement was about Dear Mr. Rogue over look the fact that rural electrification under government control, the city either but provincial undertaking will cost considerable sums of money. This money in as well as rural revenue will be called upon to pay. If the city and town people city thus being dependent upon to provide their share of the money to foot the bill, they must certainly should have a say in voting at the referendum.

A government situation would have a great moral influence on daylight saving time talent in the rural people and the rural people responded to abide by the result of the vote made by the city residents.

Alberta is one province not free. It consists of citizens living in the country as well as those living in the cities. What applies to the urban electorate influences the rural communities and vice versa. The idea of a city having a provincial referendum and not allowing one class to express their opinions is that subscribers in the outskirts of democracy.

Mr. Rogue should think about it.

Everybody's Business

by Don Gordon

As a rule, the most interesting and successful people are those who have acquired a hobby which they enjoy spending their spare time on. These people are never at a loss for entertainment and companionship.

Questions are kept as to whether this statement is influenced by any other trait, but it is a fact that people who have hobbies are usually people of all kinds of skill. If you are one of these people read on.

Moreover, I find that people invariably "open up" more readily in response to a query about their hobby than about any other subject. Once you have asked a question about a person's hobby you can rest assured that there is more to him.

I try to remember when I have learned. Then, I find, there are no limits to the skills some classify.

Use your powers of observation. You will find it a surprisingly big help in your search for the joy and enjoyment of life!

Your life insurance agent is pledged to protect your home when misfortune comes. He goes to meet your problems with a smile. If you ask him for aid when he will give it gladly.

Adventist Campmeeting Comes to Close

Continued from page one

At the evening service Dr. Lorentz Pastor R. D. Hess whose home and borough members are within the church at Lacombe, stated that the establishment of a church at Lacombe's headquarters is the immediate goal of the district. Edmonton would probably be the first to Alberta to have such a center.

Besides giving $50,000 as cash to help the poor and unfortunate in Canada, the Dorcas Benefits in the Dominion sent 100,000 pounds of food and clothing over the past two years.

A junior camp was conducted by Miss Jay-Bee at Camporee for the Rural Children. More than 100 boys and girls are expected to attend.

There will also be a ministerial course at Lacombe August 13-26. Clergymen, office workers and field representatives from Alberta, British Columbia, Manitoba and Saskatchewan will attend.

Special instruction will be given by Pastor H. C. Wilson, vice-president of the North American Division of the world field 1922. Also in attendance will be Pastor Lorentz, secretary of the General conference Mr. Welch Bible instructor of the Columbia union and Carlyle B. Haynes all of Washington D. C.

Many Livestock Awards To District Farmers At Red Deer Fair

Several local district farmers walked off with high prizes in livestock exhibits, at Red Deer annual fair last Thursday Friday and Saturday.

Although bids may be unannounced, the following are known to have won several awards:

J. Donald Clive, whose entries in the Aberdeen Angus class topped many events. He completed a hat trick of first and championship awards were first in one-year-old heifer class, third cow-calf class, in three years; and junior calf. He was awarded Reserve Champion bull.

Tedrick Bros of Bentley took prizes for Aberdeen Angus and Hereford exhibits.

R. A. McAlary farmer in the Bentley, had the Sheep classification all to himself. His ewes and lambs were first in almost every event.

Horse breeders in the area did well in the horse exhibits. Hemming and F. A. Shannon, both of the Clive area, took top honors in the horse of the Clydesdale and Percheron Draft horse events.

In the Light Horse class, Lacombe winner include W. Jardine and Harry Churchill.

A good many from here journeyed to the exhibition and grandstand attractions of the fair. It was generally successful and secretary D. W. Robertson estimated that total attendance for the three days was around 34,000.

A BIG DIFFERENCE

Bill Hunter: "Does a small change of attitude make a big difference in a person's life?"

Dr. Brown: "Why, certainly. A dynamic state there is little room for a pessimist."

DODGE DESOTO "DEPENDABLE CARS" DEPENDABLE SERVICE" PHONE 201 LACOMBE

By H. E. Wilson

Livestock Research is Outlined in Radio Talk

The following talk was given some radio stations CKSA and CJCA on July 14, 1948, by H. E. Wilson, Assistant Superintendent Dominion Experimental Station Lacombe Alta.

In the year 1907 The Dominion Experimental Station at Lacombe was established to assist the farmers of Central Alberta in the solution of the many problems with which they were confronted Experimental and investigational work in breeding, feeding housing and management of cattle horses and swine has been developed since its inception.

A tremendous herd of pure bred Aberdeen Angus cattle was built at Lacombe in the year 1905. The object of the breeding work in the herd was to develop a single type of Shorthorn which will continue good milking qualities but fair to good rather than extremely high milk producers. The high milk producer-beef cross has been found to be incompatible with good beef type Purebred cows and heifers completed Record of Performance tests during the years from 1930 to 1942 inclusive During this thirteen-year period the herd average production was 7,000 pounds of milk and 285 pounds of fat in 305 days The average percent fat was 4.05 A cow that will produce sufficient milk to make 4 hundredweights of fat and which will yield return reasonably good beef type is suited to the requirements of the mixed farmer

Horse Breeding

The breeding of Clydesdale horses has received particular attention at Lacombe Horses were purchased in 1922 but did not attain the conditions we now see with the complete approval of Alberta horsemen To maintain a herd that is improved in quality the Dominion Department of Agriculture has imported by breeding purposes during the past twenty years several stallions from the United Kingdom Over the years a number of these outstanding stallions have been retained at the Lacombe Station and made available for mating with mares owned by the farmers and by breeders in the province of Alberta The progeny of these good sires have proved valuable as breeding stock for the general improvement of the Clydesdale breed.

Swine Progress

The breeding of swine continues to form one of the major divisions of the Institute's work conducted at the Lacombe Station. That is as it should be considering that swine is one of the foremost branches of agriculture and is gradually increasing in importance from year to year.

Swine have been maintained at the Lacombe Station for over thirty years and several hundred pigs have been harvested annually. These pigs have been utilized in a variety of ways A certain percentage have been shipped throughout the Province to assist in improving the quality of commercial pigs, but the majority have been used in the carrying out of experimental work.

During the past eighteen years data have been carefully compiled at Lacombe on litter groups entered in the Advancer Register Policy for Purebred Swine. The results of this testing work conducted Small Herds are published in Circulars 1 and 2 of the Dominion Experimental Farms Service and distributed to the public.

A start has been made at Lacombe in connection with a

THE LACOMBE GLOBE

Serving Districts of Clive, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

VOL. XLIV - No. 44 LACOMBE, ALBERTA, THURSDAY, AUGUST 12, 1948 Price 5 Cents

Good Rye Crop Expected

Some Rye and Barley Cut in East Districts

Cutting of fall rye and a little spring barley has already begun in scattered parts of the district, mostly to the east and south of Lacombe. The majority of farmers have a few days yet to go before conditions are ripe that yields will go around 20 bushels to the acre.

All grain yields however will be dependent on two big "ifs" first and last if the weather man will keep them both away and not cut off crops southern a good average crop is in the offing for Central Alberta. Recent showers have done a lot to fill out the heads but that's only partially all on the dough stage, and it will be well along in a week or two. Wheat is all headed and appearances are fair, nearly.

Bert Farmer on the southwest Alix area has a field of fall rye ripened. Several of his neighbors have also done a little cutting. A Reed has started cutting barley at his farm on one of the heaviest and best quarters about nine miles south of Clive A fair crop is in the range Results piled as being excellent.

Generally speaking hay crops are patchy and as pointed out by the fields somewhat down by the dry weather in June. However crops are expected to go up to 60 bushels to the acre and some as far afield as Lloydminster where the crops are reported up there.

In Lacombe Next Monday

D.B. MacMillan Defends Social Credit Highway Policies

Upholding the pay-as-you-go policies of the Social Credit party in Alberta, Hon. D. Brown MacMillan, minister of public works and government candidate in this constituency, will speak in Lacombe next week that this province would never, "never go back to the old system of trying to pay our way itself into prosperity."

He is speaking on several occasions throughout the district during the week including Alix, Clive, Tees, Mirror and Bashaw next Monday evening. Mr. MacMillan will address a meeting at the Central Alberta pavilion in Lacombe.

He has been actively in the public eye for the past several years in the province, serving in the capacity of minister of public works since 1944.

"We can say that 600,000 people in Alberta pay $3.00 ride a day. That means there are enough of ten people to build mountain high every week of the year throughout the entire province.

With vast distances separating communities with relatively few people to the square mile, "we don't believe anyone should be penalized for living on the roads." Mr. MacMillan declared.

Because of the value of the present administration which provides upon to hazard in the remunerative sale of gasoline tax, the municipalities toward the upkeep of our highway system.

Mr. MacMillan points out that this year alone the main grant

Two Local Businessmen Leaving This Month For New Positions

Two local men, Lawrence Wilson and Jack Pridmore, are leaving town this month and taking up business positions elsewhere

Lawrence Wilson has been associating with Victoriaw-McDermid Drug Co., for the past fifteen years, commencing the two years. leaves at the end of the month for the Alberta capital where he Charles H. Will and Co. Ltd. of London, Ont.

Jack Pridmore, clerk at the town's department store, goes to Edmonton this week end to join the firm of W. A. Thompson in men's retail store

To Speak Here Saturday

Mayor Wilkes Affirms Liberals Give "More Stable" Government

There should be a more stable of the majority, he stated That town of government at Edmonton left the Liberal ticket in this con- and one way for Albertans stituency and one way only to get it is to vote Liberal at the election next Tuesday, stated Thomas Wilkes, liberal candidate for this constituency at a Mayor meeting last Saturday night at Gadsby Lake Friday night.

Mayor Wilkes asked his audience if they realized they had no real representation from the west in the government at Ottawa When you vote Social Credit, you are voting yourself out of a close tie with the dominant Liberal administration, he said

The speaker said he was sure the people didn't want C.C.F. legislation "certainly isn't the idea

Mr. Wilkes argued that a Liberal government would be a real help to the province and to the West

He went on to criticize the present Social Credit administration, stating that he had a decided conviction that school taxes today were too high The burden of taxation not only affected the ordinary businessman adversely, but also burdened progress in towns and municipalities

Mr. Wilkes will speak at Clive tonight Bentley tomorrow night, and in Lacombe at the Church Hall on Saturday

A Thought For The Week . . .

Let's give our Government our best thinking, not just a piece of our mind.

Breaks Track Record at Camrose

Hospital Wing Likely Finished Before End Year

The new 20 bed hospital wing presently under construction will be completed and in operation before the end of the year, according to word from Alberta Hospitals Board. Architect Anderson of Edmonton building contractors

This was the big news at Town council meeting last night at which will increase the revenue of the present completed hospital from 30 beds to 50

Undoubtedly some sort of official opening of Lake place board members, members of the professions of surgeons from the Misses of Health from E.E Mavell, superintendent of Provincial hospitals and other departmental officials.

No date for the official observance of the event was announced but it will probably be some time in early December

An application for the new addition equipment, costing the new addition, was approved by the board of governors at a meeting held last Thursday evening.

Long Time No See! Reunited at Mirror After 46 Years

(From our correspondent)

MIRROR Mrs. E. Newinger of Mirror is among her sister for the first time in 46 years.

While Mrs Newinger has been living here, her sister Mrs [illegible] Kansas for most, coming to Lacombe 10 It was the discovery after the two had a chance to visit that kept the meeting.

Now Mrs Reuben has arrived from Chicago with her son in law and daughter Mr and Mrs C Clemson The two sisters are rapidly becoming re-acquainted and talking over the former days

Only 76 Boners at Local Red Cross Blood Clinic

A total of 76 local blood donors were received by the Red Cross blood clinic here Thursday. Mrs. Reed Kraser, convener of the event announced [illegible]

The clinic was held in the Lacombe town hall and the [illegible] and Wednesday [illegible] Red Cross president Wm Jack Reid Clinic.

There were five advance registrations this year and the [illegible] majority of donors visited the afternoon clinic without an appointment.

Local helpers assisting at the hall with about a dozen nurses of the nearby blood clinic were: Mrs. M Cruickshank Archie Gray in charge of the hall Mrs Pye Dunbar Mrs F G Robinson and Mrs. W Grant assisting in the canteen.

Serving refreshments at coffee and candies from the kitchen were Mrs. Ross Ramsay Mrs. Hilliard Alexander Mrs. H Bentcliffe Mrs J P. Stewart.

Miss Arvella Sets New Mark in Camrose Horse Races

Miss [illegible] Camrose horse which has been winning many Lacombe horse races at Rose parts her mark years, outs some [illegible] half Mile Pye Dunbar Mrs F G Robinson and Mrs. W Grant assisting in the canteen.

In doing so Miss Arvella Brad- ley's own track record at Camrose covering the mile in 2 minutes 2 seconds and three fifth seconds. The horse is owned by Mrs. Thomas Ruffledge of Fort Dodge Iowa and was driven by Sheldon Farms the well known in Camrose.

While Miss Arvella was breaking her own track record at Camrose she covered the mile in the records of his own each two- by driver He has now driven in 1951 heats in 46 races with a workable total at's short stretch of time.

Mrs Rutledge is presently visiting here from Iowa with her family Ann, Eddie and Sue and they were all present at Camrose to see Miss Arvella run For her Rutledge and wife, and Mr. and Mrs Lawrence Shaw of this district also attended.

Another of Mrs. Rutledge's horses, Uncle Dutch, took a fourth and two firsts in the Camrose races.

TO LEAVE SOON

Mr. H E Wilson has tendered her resignation as caretaker of the Lacombe school board, and an election will be held in the near future to choose a new caretaker.

Mr Wilson, employee at the local dominion experimental station for the past 21 years, expects to be moving to a new agricultural post at Melfort Sask. in a short time.

At Central Alberta Pavilion

Nearly 300 Old Timers Attend Re-union Yesterday

Sportsmen dusted a total [illegible] dampen the spirits of nearly 300 old timers who gathered at the pavilion yesterday for the annual picnic and round up. There were a total [illegible] registrations up to 8 p.m. about the same number as last year including 17 members of the Pioneer Club up to and including 1890. There were a goodly number in the Pioneer Class who arrived West of the Great Lakes between 1891 and 1895, and the remainder were in the group of 1896 - 1910

Registrations began soon after 1.30 p.m. and it wasn't long before the old timers were gathered in clusters renewing be gone days of the early settlers. Lacombe schools supplied all the [illegible] and [illegible] for the occasion.

The afternoon was filled during the afternoon with the shooting [illegible] and miscellaneous events ranked C P R 1st [illegible] Mitchell 2nd [illegible] Mitchell 3rd [illegible] Mitchell 4th [illegible] Mitchell 5th [illegible] Mitchell 6th [illegible] Mitchell 7th [illegible] Mitchell 8th [illegible] Mitchell 9th [illegible] Mitchell 10th [illegible] Mitchell 11th [illegible] Mitchell 12th [illegible] Mitchell 13th [illegible] Mitchell 14th [illegible] Mitchell 15th [illegible] Mitchell 16th [illegible] Mitchell 17th [illegible] Mitchell 18th [illegible] Mitchell 19th [illegible] Mitchell 20th [illegible] Mitchell 21st [illegible] Mitchell 22nd [illegible] Mitchell 23rd [illegible] Mitchell 24th [illegible] Mitchell 25th [illegible] Mitchell 26th [illegible] Mitchell 27th [illegible] Mitchell 28th [illegible] Mitchell 29th [illegible] Mitchell 30th [illegible] Mitchell 31st [illegible] Mitchell 32nd [illegible] Mitchell 33rd [illegible] Mitchell 34th [illegible] Mitchell 35th [illegible] Mitchell 36th [illegible] Mitchell 37th [illegible] Mitchell 38th [illegible] Mitchell 39th [illegible] Mitchell 40th [illegible] Mitchell 41st [illegible] Mitchell 42nd [illegible] Mitchell 43rd [illegible] Mitchell 44th [illegible] Mitchell 45th [illegible] Mitchell 46th [illegible] Mitchell 47th [illegible] Mitchell 48th [illegible] Mitchell 49th [illegible] Mitchell 50th [illegible] Mitchell 51st [illegible] Mitchell 52nd [illegible] Mitchell 53rd [illegible] Mitchell 54th [illegible] Mitchell 55th [illegible] Mitchell 56th [illegible] Mitchell 57th [illegible] Mitchell 58th [illegible] Mitchell 59th [illegible] Mitchell 60th [illegible] Mitchell 61st [illegible] Mitchell 62nd [illegible] Mitchell 63rd [illegible] Mitchell 64th [illegible] Mitchell 65th [illegible] Mitchell 66th [illegible] Mitchell 67th [illegible] Mitchell 68th [illegible] Mitchell 69th [illegible] Mitchell 70th [illegible] Mitchell 71st [illegible] Mitchell 72nd [illegible] Mitchell 73rd [illegible] Mitchell 74th [illegible] Mitchell 75th [illegible] Mitchell 76th [illegible] Mitchell 77th [illegible] Mitchell 78th [illegible] Mitchell 79th [illegible] Mitchell 80th [illegible] Mitchell 81st [illegible] Mitchell 82nd [illegible] Mitchell 83rd [illegible] Mitchell 84th [illegible] Mitchell 85th [illegible] Mitchell 86th [illegible] Mitchell 87th [illegible] Mitchell 88th [illegible] Mitchell 89th [illegible] Mitchell 90th [illegible] Mitchell 91st [illegible] Mitchell 92nd [illegible] Mitchell 93rd [illegible] Mitchell 94th [illegible] Mitchell 95th [illegible] Mitchell 96th [illegible] Mitchell 97th [illegible] Mitchell 98th [illegible] Mitchell 99th [illegible] Mitchell 100th [illegible] Mitchell

At Alix Meeting

C.C.F. Leader Criticizes Government's Power Plebiscite

Terming the plebiscite on rural power as a city resolution, he would not [illegible] Hon. Ernest Manning, [illegible] Alix Memorial hall on the night of August 16 at 8 p.m.

Mr. Manning, premier of Alberta, is also minister of [illegible] and [illegible] Mr. Manning will speak on the subject "Social Security."

Dies Suddenly

HARRY J. FORD

64 year old gentleman of the Lacombe district who died [illegible] last night following a [illegible] at his home in Lacombe. Mr. Ford was a resident of Lacombe since 1930.

Funeral services will be held from the Lacombe United Church [illegible] at 2 p.m. Interment will be in the Lacombe cemetery. Rev. [illegible] will officiate.

Mr. Ford is survived by his wife, two sons Harold Lacombe and Lloyd Calgary, and one daughter Mrs. [illegible] Calgary.

Three Candidates to Contest Election Here Tuesday

Over 2,000 persons on the voters' list will be eligible to vote in the [illegible] election on the question of rural electrification.

Polls will be open from 9 a.m. to 8 p.m. and will be located at [illegible] in the district. [illegible] the polls will be 50 [illegible] and [illegible] will cast the ballot at the Red Cross [illegible] in Lacombe.

Deputy returning officers at the Gas Company are Wilbur Lacombe; Mrs. G. Wallace, south Art Greene on main street; and Mrs. Church Hall. Deputy returning officers will be Pearce Bath, Mrs. W. Wright, W. [illegible] Brown and Mrs. T. Tebb with R. H. Brown as commissioner.

Candidates in the Lacombe constituency are Social Credit C.C.F. D. B. MacMillan, Social Credit Liberal Thomas Wilkes. Complete polling booths throughout the riding appear on page six of this issue.

In Lacombe polling [illegible] dates are G. B. Moore, Social Credit; Robert Carve, Liberal, A. D. Olson, C.C.F.

In Red Deer constituency candidates are Hon. Solon E. Low, C.C.F. and D. A. Orr Social Credit.

Appeal for Entries To Flower Show Next Thursday

Backward growing owing to the late spring combined with the destructive hail storm suffered by the district on August 2nd, by the reason that no few entries have been received to date for the first annual flower show, sponsored by the Lacombe and District Garden Club It is to be held next Thursday August 19 in the Church Hall.

Hugh Knowles of the Dept of Horticulture, University of Alberta has kindly consented to act as judge

There is still time to get on entries with next Thursday morning 11 a.m. set as the dead line However, entries before will be appreciated

District Wedding Bells

STAR—MACINTOSH

Miss Shirley Gordon Macintosh, daughter of Mr. and Mrs. L. G. Macintosh of Edmonton became the bride of Flight Lieut. Robert Stanley Star, RCAF, son of Mr. and Mrs. G. Star of Lacombe, in a pretty ceremony at Highlands United Church, Edmonton, on July 31.

Rev. T. R. Davies performed the ceremony.

Given in marriage by her father, the bride wore a full-length gown with crown completed by a short lace mantilla and carried a bouquet of white roses.

Miss Margery Macintosh was her sister's bridesmaid, wearing a yellow dress with a white hat and carrying a bouquet of Talisman roses.

Mr. Mervyn Star, brother of the groom, was best man, and the ushers were Squb-Lieut. H. Lidstone and Flt. Lieut. C. Gallacher, both of the R.C.A.F., stationed with the R.C.A.F. at Edmonton.

At the reception at the home of the bride's parents, the table where the bride and groom received the guests with the wedding party was centred with a white lace drop cloth with heavy and silver appointments and white and red roses. Mrs. Star chose a dress of old gold shade with accessories in brown and carried a corsage of roses.

The bride's table was decorated with a wedding cake, bouquets of sweet peas and pink tapers.

The bride's mother chose navy blue for her ensemble.

Attention . . .
PARENTS of pre-school children!
The Board of the Lacombe School District No. 103 requests that all parents register with the Secretary of the Lacombe School, children eligible for Grade One, before the closing of room of one to of December 31, 1948.
The birthday deadline for all school beginners is Wednesday and Sunday December 31.
J. STEWART FRASER
Secretary-Treasurer

JOHNSON—WILLIS

A very pretty wedding was solemnized at the home of Mr. and Mrs. Roger Willis of Lacombe on Wednesday, August 4, at 1 p.m., when their daughter, Jean Hattie, was married to Mr. Alexander Allison, son of Mr. and Mrs. Alexander Johnson of Lacombe, in the presence of forty guests. The ceremony was performed by Rev. L. Wilson, a former minister of the young couple.

Given in marriage by her father, the bride wore a floor-length gown of white satin brocade trimmed with pearls and long lily veil. She carried a bouquet of gardenias. Her only attendant was Miss Lorna Willis, sister of the bride, who wore a floor-length gown of pink satin with a full net skirt and a long lily veil. She carried a bouquet of gardenias. Her only attendant was Miss Lorna Willis, sister of the bride, who wore a floor-length gown of pink satin with a full net skirt and a long lily veil. She carried a bouquet of gardenias.

Attending the groom was his brother Howard. The ushers were Mr. Donald Hand and Mr. Tom Dumont.

After the wedding, a reception for some forty guests was held at the home of the bride's parents. The room was prettily set for a honeymoon at Calgary and Banff.

HAND—DUMONT

St. Cyprian's Anglican Church, Lacombe, was the scene of a very pretty wedding on August 4, when their daughter, Miss Hattie Dumont, became the bride of Keith Luther Hand, son of Mr. and Mrs. Luther Hand of the Central district.

Rev. D. E. M. Lee officiated at the service.

The bride was given in marriage by her father. She wore a floor-length gown of white satin brocade with full net skirt and a long lily veil. She carried a bouquet of gardenias. Her only attendant was Miss Lorna Willis, sister of the bride, who wore a floor-length gown of pink satin with a full net skirt and a long lily veil. She carried a bouquet of gardenias.

Attending the groom was his brother Howard. The ushers were Mr. Donald Hand and Mr. Tom Dumont.

After the wedding, a reception for some forty guests was held at the home of the bride's parents. The room was prettily set for a honeymoon at Calgary and Banff.

GARDINER—ZEILIE

A pretty outdoor wedding was solemnized under an arch of evergreens, flowers and white streamers banked with white gladioli and centred with the bride's cake, at the fort home of Mr. and Mrs. C. D. Zeilie on July 31 when their daughter, Miss Lillian Zeilie, was married in Lacoumbe Church to Mr. Lawrence Stanley, son of Mr. and Mrs. Stanley Gardiner, of Claresholm. Rev. B. Powell of Calgary officiated.

Given in marriage by her father, the bride was lovely in a floor-length gown of imported white nylon and lace and long tulle veil and wore a corsage of white carnations, and carried a gold prayer book—a gift of the groom. The bride is a former Lacombe high school student.

Miss Dorothy Gardiner of Edmonton, sister-in-law-to-be, was bridesmaid, wearing a taffeta styled on similar lines and carried pink carnations.

Little Pat Zeilie, niece of the bride, made a dainty flower girl in yellow taffeta, carrying a basket of white marguerites and pink asters. She was attended by Dale Pruzzell, cousin of the bride.

Mr. Robert Gardiner of Edmonton, brother of the groom, was best man.

The bride's table, laid with ecru lace cloth, was centred with a large wedding cake.

Dr. Thomas Powell, a friend of the Zeilie family for many years, proposed the toast to the bride, to which the groom ably responded.

After receiving the bride cheer on cups gobardine suit of tailor-made blouse with white top coat and accessories in brown.

After the wedding trip to Banff and other points in the Rockies, the happy couple will take up residence in Edmonton.

Among out of town guests attended Mr. and Mrs. Robert Gardiner, Sr., Brian and Arden of Champion; Mr. and Mrs. Robert Gardiner, Jr., Mr. and Mrs. L. S. Spurway and daughter Dale, Mr. and Mrs. J. Hepburn, Donald and Joan, Miss Joyce Stevens, Miss Helen Simpson, Mrs. A. Miller, and Mr. Dennis Greatbanks, all of Edmonton; Mrs. Frank Gardiner of Bellevue; Miss Clara M. Pruzzell, Mr. and Mrs. L. S. Douglas, Norman Joan and Gordon, Mr. Harry Neal, all of Calgary.

HENDERSON—ATKINSON

On Thursday August 5, a quiet wedding took place in Edmonton, when Miss Helen Beatrice Atkinson, daughter of Mr. and Mrs. Frank Atkinson of Edmonton was married to Mr. Elmer Leslie Henderson, son of Mr. and Mrs. John Henderson of Lacombe.

The wedding took place at the United Church manse, with Rev. W. T. Young officiating.

Phyllis Buckley of [illegible] was bridesmaid, and Ronnie Henderson of Lacombe best man.

After a short honeymoon at Banff and other points, the young couple will make their home at South Edmonton.

SHOWER HELD FOR MISS SUSAN WILLIS AT MRS S. HOPPER'S HOME

Miss Susan Willis, bride-elect of Mr. Roger Willis of Lacombe, was the honoree at a miscellaneous shower held at the home of Mrs. S. Hopper on Monday evening, August 2.

The bride was presented with a beautiful electric iron and other lovely gifts.

During the presentation, a delicious lunch was served by the hostess.

NEAL—FRISTELL

A wedding of interest to local friends was solemnized at Calgary on Wednesday, August 4, when Miss Ruth Neal of Mr. and Mrs. L. B. Douglas when the former's sister, Miss Clara Fristell was united in marriage to Harry C. Segal of Calgary Rev. Ben Brown was in charge.

Given in marriage by Mr. M. Zeilie, the bride looked lovely in a floor length gown of coral blue lace with matching slippers. She wore a corsage of pink roses.

Margaret Jean Douglas, niece of the bride, played the Bridal March by Wagner.

The bride's table was laid with lace cloth and centred with a three tier wedding cake banked in tulle. Pink tapers and carnations completed the arrangement.

A buffet lunch was served to about thirty guests. Rev. Mr. Brown proposed the toast to the bride, and was ably responded to by the groom.

For traveling the bride changed to a suit of mid blue gabardine with navy accessories and small chapeau.

After a trip to the U.S.A. the bride and groom will take up residence in Calgary.

Out of town guests included Mr. and Mrs. H. Zeilie, Mr. and Mrs. C. B. Zeilie, Mr. and Mrs. F. L. Pruzzell, Mr. and Mrs. L. S. Gardiner, Mrs. Robert Buckley, Miss Joanne Pruzzell, Mr. and Mrs. Elmer A. Pruzzell and Mr. R. B. Pruzzell.

Mark Your Ballot MacMillan 1

THE NEXT FIVE YEARS CAN BE THE BEST!

Alberta today has the brightest outlook of any Canadian province. The vastness of her natural resources and the enterprise of her progressive people and the sound administration of her public affairs have brought Alberta to the threshold of a great era of economic and industrial development.

The re-election of the government under which our province reached its present enviable position will assure the continuation of Alberta's outstanding progress and make certain to all her people the increased benefits they will reap from the still greater progress and development of the next five years.

This is Your Social Credit Government's Ten-Point Program For The Next Five Years

Alberta's Progressive People tossed out the old-line Parties 27 years Ago
AND
Alberta's Enlightened People know how slippery is the Socialist Slope at the Base of which is the slough of Communism

THE ANSWER IS —

1. NATURAL RESOURCES
The rapid and orderly development of Alberta's vast natural resources in the best interests of all her citizens.

2. AGRICULTURE
A vigorous program to further improve and stabilize Alberta's basic industry — farming

3. ELECTRIFICATION
Extension of rural electrification through out Alberta as rapidly as possible

4. HEALTH
The progressive expansion of Alberta's public health and social welfare programs — already one of the best in Canada

5. MUNICIPAL AFFAIRS
A new and better deal for Alberta municipalities through implementation of the Judge Commission Report.

6. EDUCATION
Constant efforts to still further improve Alberta's modern system of Education and reduce the cost to municipal districts

7. ROADS
Progressive extension of Alberta's road program until the entire province is served by an adequate system of all-weather highways and roads

8. INDUSTRIAL DEVELOPMENT
Industrial and economic development to increase Alberta payrolls and save excessive freight charges on exports and imports

9. LABOUR
Full co-operation with labour and management to secure just rights of both and assure uninterrupted production

10. THE PEOPLES RIGHTS
A continuation of the Government's un-relenting fight to make secure the right of each and every citizen to social justice, economic security and individual freedom

Let us forget unimportant differences and go forward together to make and keep Alberta prosperous, strong and free! !

Hon. D. B. MacMillan

THURSDAY, AUGUST 12, 1948

Vote Next Tuesday

ALBERTA electors will go to the polls next Tuesday, August 17 to vote for a government of their own choice to rule the roost at Edmonton for the next four years. Let us hope that the strained tone and spirit that it is a character right and also a public duty for everyone to exercise their franchise at the polls. This is the only way we will obtain a truly representative government.

In the constituency there will be three candidates on the ballot: Dr. D. MacMillan, Social Credit; T. William Lebsack, C. C. F. Likely these men will be known more or less to most of the electors, but we would remind you here that we are marketing this ballot for personalities, but for party platforms. Your ballot will be a spoil if you mark an "X" in the space provided behind one of the said members are cast.

Social Credit rule in their past record of administration during the past half decade is nothing or obstruct. They will probably get a Yes Liberals are old party to this province, after an upheaval now with the approval with the control on youth and young class. They may surprise.

The C. C. F.'s fantastic policy of planned economy can best be summed up through a speech by Stafford Cripps at the British house of commons on February 26 1948. The country in the world, so far as I know, has yet succeeded in getting the right proportion of country without compulsion of labor. The objectives of luxury through a planned economy, without compulsion of labor. Yet under it, only those who submit to the dictatorship allowed to them.

MILK PRODUCTION BONUS

Ottawa is gently reasons increased milk production to meet Canada's domestic needs and to fulfill contracts with Great Britain," states D. H. McCuaig, Dairy Commissioner, Alberta Department of Agriculture.

Something Extra

THERE are certain little courtesies in driving that most individuals would be happy to observe if they were reminded. Perhaps a few such cases to our attention last week through a conversation with a motorist who made a trip to Gull Lake.

He was heading west in the early evening against a bright sun and the heavy eastbound traffic was streaming out from the highway which cluttered the atmosphere. It was impossible to see more than a few yards ahead, and the reader and he nearly collided two or three times with traffic coming his way. He pointed out that if oncoming drivers had had the presence of mind to turn on their headlights, it would have partially penetrated the haze and greatly eased the near-disaster of those fleeting few seconds.

The near accidents were not the fault of any one person, but simply an unfortunate combination of natural circumstances making driving most difficult. But it is a condition human nature to help.

There would seem to be a lesson here for us all. A thoughtful act of this kind on the road is a gesture of consideration to others, and combined with the observance of ordinary precautions, an aid in reducing the accident toll.

Another Side to Oil

THE C. C. F.'s great to-do about what they term is the exploitation of the Leduc oil fields is reminiscent of the fiery attacks of the late William Aberhart on the "fifty big shots". C. C. F. candidates insist that Albertans are not getting a fair share of the oil revenue and also urge a "better-breed" area around proven wells for development by the province.

Let us examine these claims Prior to 1941 royalty from all oil production on crown lands was 10%. This was subsequently raised to 12½%, this percentage to be paid on the gross production of the oil. The producer must then pay the exploration costs, drilling, transporting of oil to refineries and all the cost of processing through which the oil must go before it becomes useable. This 12½% then, amounts to very close to 50 per cent of the net profit, half of the net proceeds of every well drilled on crown lands, with no chance of failure taken—a loss incurred by the provincial government in this exploitation?

With reference to the above-named system, the C. C. F. appears to believe that the normal private enterprise is fortunate enough to locate a profits on well, the government should immediately claim such profits around the well for itself. How this process works in practice is best demonstrated by the lack of oil production in Saskatchewan, where oil is believed to exist in large quantities along the Alberta boundary There, private companies and shareholders of those companies refuse to lose the risk and the profits of drilling an oil well when of it produces, the government [illegible] and take all for itself and around it for itself.

Oil is valuable only when it is sold as it is produced The oil at Leduc present there but the amounts of cases investors on some only because private companies backed by the money of the shareholders of this province as well as the other provinces had the faith to keep on spending and keep on the search for oil. The C.C.F. program would destroy the private incentive needed to explore the oil in this province and by doing so might well kill the goose that lays the golden egg.

Any government oil policy can be judged only on the basis of production The present provincial policy encourages production, and today a fair portion of the profits The C.C.F.'s policy in Saskatchewan leaves the oil in the ground.

Farming Notes

From the Provincial Department of Agriculture

Words and Legumes

Don't expect to rotate all weed seeds out of crop shields and clovers crops after the crops are threshed It just can't be done

J. E. Bredahl, supervisor of crop improvement in only that regarding weed seeds and other plants the seeds of which cannot be located out of the threshed crop will pay big dividends It will pay to have extra help for the week when necessary since the presence of these seeds in the separate crop will greatly reduce the value

Dodder allowed to remain here and weed in other clover crops Alsike clover seed is probably the most difficult to clean which is why dodder and weed seeds Timothy locate quarters, said manager, smear clover Rin-tan thistle and tare bad don't should all be gathered with the crop as the last The same applies to wild mustard, sweet clover, and Arkansas dragsbread in alfalfa and alike seeds and crops Alfalfa seed in alfalfa seeds and alfalfa in alfalfa are also impurities

Moulting of Yearling Poultry

Anyone contemplating carrying over yearling hens for fall and winter egg production should know there should these birds naturally advance C. W. Tyson poultry commissioner This gives a much shorter moulting period and a more uniform and productive winter egg prices are at their best

Select only the best of birds and put them out on a good green range over from the laying house A complete change is necessary to stop production and start the moult Feed whole grain and a other till they start to grow the new feathers, and then carefully a good quality mixing mash. Let no cold spells from the time the moult has been having hens they should be ready for another season of good production

During the time that they are on range the laying house should be thoroughly cleaned, disinfected and made ready for the birds when they are brought back in

SOLE PRODUCTION BONUS

Ottawa is gently requires increased milk production to meet Canada's domestic needs and to fulfill contracts with Great Britain," states D. H. McCuaig, Dairy Commissioner, Alberta Department of Agriculture

Reflections of the Times

The Good Old Days

Amongst real old timers there is a special note concerning the eighties and nineties Perhaps this is because memory is cast off days Certainly the days those memories Perhaps there really was more comradeship, more hospitality and more honest neighborly as those days of old days Certainly the free, open range was more inspiring, with population limited only by man's strength and desire.

One booster for the long ago claims that he had new days started with the newborn of the buffalo bones and bows and bones Things went from bad to worse when towns started mushrooming, and devoting by-laws to make ordinary life easy. He says "High River let the cloth others me prohibited notes from strolling about downtown streets Up to then the cow had been mighty important in the west and an adornment to any scene But once people got fenced, about mounting cows on the sidewalks there was no end to the troubles they could think up The second generation of settlers had enough to keep them quiet from the hitching posts had to go. In the good old days we had at least one lively runaway a day, and always the chance of a bull running amuck on Main Street Then you real life for real."

Without stacking growth to say found date a reason that everyone's conception of "good old days" is linked firmly with some periods of youth and strength of greater comradeship, and the security which should come with willingness to work and ample aspirations It is significant that to mention is one mode of modern era, power machinery, motorvehicle or electricity as contributing to happy living.

Harry J. Ford

A kind and familiar publisher of this town passed, it is fitting, at his death that one who personally knew him and who for a number of years had a business relationship with him should write a few words of appreciation.

Harry Ford was a man of many parts. He was a newspaper publisher, a printer, a politician, a farmer, a stockman, a sportsman, a lover of nature, a student of human nature, a philosopher, a humorist, a friend of the underdog, a hater of sham and pretense, a man of strong likes and dislikes, a man who was not afraid to express his opinions, a man who was not afraid to admit he was wrong, a man who was not afraid to say he was sorry, a man who was not afraid to say "I don't know."

He had a host of friends and few enemies. He was a man who was not afraid to make enemies. He was a man who was not afraid to lose friends. He was a man who was not afraid to be himself.

He was a man who was not afraid to be himself.

Reflections of the Times

Living in the Past

Autumn was plagued, as the pessimists prophesied, with locust and caterpillar visitations. It was a season most of us know how to handle—a season to be dogged through as best we can, but those attending pre-war days will recognize it as just another season. Locusts, caterpillars were a nuisance in the ravishing summer, too, and these insects were tormenting enough.

Autumn, indeed, was the chief pastime of the province at the time and no local editor was unaware to drop everything pressing. Those guilty of such insects, wire worm unfortunate enough to appear before Judge Sutton usually got a pretentiously term of crooks five years. That method never eliminated them.

The pestilence, for locusts or worms, have a habit of following precedent. The other day we noticed that a man had been given four years for stealing a horse. New horses are not the main source of draft power on farm today but are they in community of providing transportation. Further more it is seldom that one hears of horses stealing The modern car and the truck are almost common able to any stallion but who ever hears of a car that's getting a three year jail term? It looks as though the pestilence is still living in the form and muggy days.

The Drum Beater

Gone is the Hammock

So many unfortunate things are happening these days that insane developments of an unhappy nature tend to slip by unnoticed. Does the public generally realize that the old fashioned wooden hammock, which used to sway gently between two trees, is now in the scrap? It may be for going but for to say it is practically extinct, as far as our rural manufacturers is concerned.

To interview down that homework of the good old days serving as a courting vehicle is to do an injustice it was an old-family chattel, adjusting dual needs to any human interest and to a score of uses. Old ants, barely weighing 50 pounds, could once his built onto it without a whimper of protest from the suspension ropes as the lives between which it hung The baby could be cradled in it for an morning nap Mother could drop the hammock it for a 15 minute rest in the heat of the day And then, of course in the evening, under the harvest moon, it functioned at courting capacity Young people would open the evening engagement by swinging themselves down easily at the far ends But there was that continuous inevitable slapping down to the centre, entirely unsentimental, it just seemed to happen. Moreover in most human proportions were observed by hanging the hammock within sight of the house or outdoor. And at any moment father might step to the door to call "Come on in now It's time for family worship." That was the signal for young swains to go home.

[illegible] One hears rarely nowadays protests on the lawn and even a goodly effort sporting tennis like the old tyrants of the dressed up here The other hammock was strictly for the children, and father made it from barrel staves woven together with rope They wasn't much comfort or give to it, but it could take any grief and was happily insured since the apple trees near the grape trellis.

It is true they have successors of a sort gas turbine stainless things, filled up with mechanical supports, unyielding to human curves and lounge and resting planes of relaxation These mod ern creations are beyond the purchasing power of ordinary people and anyway we don't want them We want the good old table, the hammock of our youth, the kind that could be shifted easily from one shady spot to another, the kind that cost only a few dollars and lasted for years

The High Bow Time

Farming Notes

From the Provincial Department of Agriculture

Grain Storage

Now is the time to prepare grain storage for the new crop Handlers and owners are the greatest sufferers from farm stored grain The cost of repairs and labor in good storage is keeping the grain dry. Unsteady dry grain will escape almost others and spoilage

By observing the following precautions great loss can be stopped easily

Repair leaky roofs to eradicate rain and snow Bleach down walls thoroughly Clean all cracks and corners of grain dust and dirt Spray with damp sawdust and destroy sweepings by burning the whole empty bin with one DDT spray at the rate of one gallon per thousand square cubic feet and then screen a second time to remove thoroughly before burning the grain

Do not fill the granary to the roof but provide all possible ventilation without allowing moisture to enter

Examine the bins of grain frequently to determine whether insects are present or the grain is heating If the samples are shaken over a 9 or 10 mesh screen the grain or insects could then be seen well pass through to a sheet of paper where they can be seen readily

If insects are found the grain should be fumigated

Care of the Poultry Range

In spite of the fact that the poultry range may be in good condition even from the chicken the birds will not make the best use of it unless encouraged to do so by having them out on the lower portions

Mr C W Trowe, poultry commissioner says that another good reason for doing this is to help control disease If the birds are left on it even in the tree disease germs and worms have a much better chance to spread than if they were used to limits

If the shelters used are movable they should be moved a few feet every week or ten days during the entire season as this does not give time for any contamination on the ground to the birds Unfortunately quite a lot of the chicken's natural exercise is lost when they are confined even after a year if at all, and must provide a more artificial guidance The natural ground provides insects abundant in natural food for them especially cutworm, such with its own exercise to the bones and such used as a poorly retained Range which can be moved on successive days is one of a deliberate range each year

Lesions the shelters used as moved frequently the following precautions should be taken be the last results Move the best and water troughs every two days, just a few feet at a time but keep them on the green portion of the range Fill any potholes around the shelter with fresh earth from surrounding exposed to them Provide shade for the birds away from the houses for the last part of the day If necessary, a few boards or an old canvas may be used A little lime scattered on the ground in front of the shelter doors will help limit the danger of disease on this ground where the birds walk constantly

Harvesting Legume Seed Crops

Every year there are heavy losses in harvesting legume seeds, J E Bicknell, supervisor of crop improvement states that these losses cannot be avoided entirely but can be reduced through the adoption of methods for cutting, windrowing

The best principle legumes grown for seed in Alberta are alsike, alsweet, red clover, sweet clover, alfalfa and sweet clover For threshing these crops, a combine with a rub-bar cylinder is generally the most satisfactory The combine must be operated at a very low ground speed For alsike crimson, an auxiliary motor on the combine is usually an essential

For crops that can be handled by direct combining, it is the most economical method Alsike crowds clover a generally straight combined However under extremely adverse weather conditions seed losses may result The alternative is to cut the crop with a mower equipped with a windrower attachment If the crop is badly lodged a standard cutting with a header is recommended

Alsike seed losses by shattering are very heavy when the crop is left for direct combining Harvesting by windrowing and threshing with a combine equipped with a pick up attachment is believed to be the most satisfactory method

From The Files of The Lacombe Globe

Five Years Ago

Red Cross headquarters at Calgary are urging local knitters to produce more socks and gloves, as communication received this week by Mrs. S Edmonds, local Red Cross secretary

Judge W E Harman of Edmonton heads the county of Quil Lake in addressing a crowd attending the official opening of the remodelled Aspen Beach Golf Club Lake

Lacombe gardens are showing their usual colorful array of flowers, visit by A Cotterell, Globe reporter indicates, in spite of cold weather and high winds which delayed the planting season

Ten Years Ago

Local police are being unduly criticized with out foundation, it was brought out at the regular monthly town council meeting Councillors B S Cameron and T Wilson members of the police commission, showed all charges were unwarranted, from unreliable sources or rumor

Mrs Hugh Miller of Edmonton became one of the few ladies to make a hole-in-one at the local golf course over the week end She used her No shot on the short 118 yard no. 3 hole

Farmers in the district are busy cutting one of the heaviest crops in years, and while grain continues to remain somewhat with highest grade Garnet bringing 30 to 40 cents per bushel, and no Northern 50 cents

Special Labor Day Holiday Farm

Special low farm of one day only and one third for the round trip on the Canadian Edmonton and Canadian Pacific Railways for the Labor Day week-end are announced by E R Perrins vice-president of the Canadian Passenger Association.

Tickets will be on sale between 00 noon of Friday, Sept 3, until 3 00 p.m. on the following day, Sept 4 If there is no Saturday service then a Friday ticket will be honored on Saturday, Sept 4 Tickets will be good to leave for destination by midnight of Tuesday, September 7.

Looking Back. . .

From the Files of Town Council Minutes.

40 Years Ago

Among bills passed for payment by council were those of A Shepherd, on account of Lacombe Horse Exhibition Fund Association, Pamphlet Printing Co., Merchants and Assurance, H F Livesay, Lacombe Hotel, H Roberts, Lacombe Hotel.

Moved by Jos F Root, seconded by J Patterson, that the Mayor proclaim a Civic Holiday on August 28. Carried.

30 Years Ago

Two appeals were heard against assessments. Edward Burnett of Bentley appealed against the assessment made on his house but the Assessment Revision Court upheld the valuation of $ [illegible] of Blue Jay property was the same quality Both appeals were confirmed by the court

20 Years Ago

Moved by Councillor E H Johns, seconded by Councillor C E Chapman that the said sale of the house of Lot [illegible] for the sum [illegible] be struck off [illegible] of $3.00 [illegible] be refunded to [illegible] and general expenses thereon, also subsequent payments, $3 [illegible] refund purposes. Carried.

NEW ZEALAND WHEAT PRICE

The New Zealand government has fixed a price of $1.20 per bushel for wheat produced in the 1947-48 and 1948-49 crop years

Letters To The Editor . . . .

Dear Sir

As editors has been taken to the reported statement of Dr I D Hughes in connection with the end of the world, and, towards the adventists are the optimists in the world."

The Church understood has during the whole period Sunday evening study regarding the Lord's Prayer, which contains the following prophetic words: The Kingdom come."

Both in Sunday's and in the sermon in Lacombe hopefully anticipation the utterance composed of not, and must do a duty to God on of by his Supreme prays the power supremely for the triumphs of the gospels.

Who are the optimists? The pessimists who pray "The Kingdom Come" or the boy who [illegible]

[illegible] friend with three cross pennies [illegible] Church" all who did so from Book a theology and mode of worship

WEDDINGS

GILLIES—PHILIPS

A very pretty wedding was solemnized in the Alix United Church on the afternoon of August 14th when Verna Irene youngest daughter of Mr. and Mrs. Harry Phillips of the bride of Wesley George Gillies, son of Mr. and Mrs. Wm. Gillies of Delburne.

The ceremony officiated at the ceremony.

The bride looked charming in a floor length gown of white satin with a full length veil which had been long worn in place. Her only ornament was a pendant and matching earrings a gift of the groom.

She carried a bouquet of pink roses and stop drapes.

Miss Dorothy Phillips was Miss Stewart Reid of Delburne were the bride's attendants. She wore a blue floor length gown and carried a bouquet of pink and mauve sweet peas.

The groom was attended by Mr. Bernard Reid of Delburne.

Mrs. Phillips chose for her daughter's wedding a blue suit ensemble with white accessories and a corsage of pink roses.

A reception was held following the ceremony with a three tiered wedding cake centering the table.

The couple will leave on Friday Nova Scotia where they will make their future home.

Out of town guests at the wedding included Mr. and Mrs. H. W. Matthews of Nanton, aunt and uncle of the bride, Mr. and Mrs. R. Reade and Eunice Delburne Mrs. Mason, and Pat Delburne, Mr. and Mrs. Harold Stinger and Larry Keith of Bridalvale.

The Flower Show

SEVENTH of Lacombe's four annual flower shows last Thursday commanded the most appreciative input of the hard-working Garden Club executives as two-prominent Harvey Adlam and Mrs. Ann Gordon Clark the Lacombe Horticultural Society's annual show proved undoubtedly three displays did much to deepen and enrich the sentiment of pride and forgiveness.

Nor was nobody support lacking. There were 300 spectators who visited the flower show during the afternoon and evening and an exercise of flowers that night added the rooms.

The roots of the show have been laid now and they will grow more sturdy and successful each year. Many residents who were anxious to compete in some awards this season decided to wait and see how it was done. Next the more renewed interests are satisfied and they'll be adding their own quota of enthusiastic support particularly from Alix and excellent and Lacombe citizens can enjoy the blossoms in the meantime by patronizing the Alix Flower Show this coming Saturday.

Flower exhibitionists must go to the newly formed Garden Club here. They did a grand job. People are still talking about the society's first flower show and's the best possible evidence of its complete success.

Paving the Way -- Slowly

THE ground opened thinly over a block of one of Lacombe's busiest downtown streets last week was a nuisance to local shoppers and businessmen. Part of the sidewalk was ripped up in preparation for placement in the present city sidewalk re-building program, and for a day or two pedestrians could reasonably be expected to dislike and step over the gravel and sand foundation until the concrete was laid. But not for six days. The long delay was unreasonable. Main reason advanced for the slow-down was a shortage of gravel for the concrete mix but if that was the case the old sidewalk should have been left as it was. Half a job was worse than none.

Auto traffic too, was on a pain all last week. Some of the cuts were approached for the new sidewalk and large piles of debris were allowed to accumulate unnecessarily at the edge of the road. Gravel was hauled in and likewise heaped up. Obstructions were everywhere and either a misuse or exceedingly cautious driving prevented any serious collisions. Experience is the best teacher and the contractor and town officials should make sure a similar fiasco isn't allowed to develop again.

The sidewalk on the other side of 50 street was built earlier with dispatch and all residents were pleased and satisfied with the progress. That approval has been destroyed through apparent lack of foresight. Over improvements are desirable but not at the expense of needless inconvenience to a hard-living public.

Post-Election Thoughts

WITH a resounding theme that echoed across all parts of the province the Social Credit government was returned to power for the next week's elections. They gained 51 of 63 seats. Liberals and C.C.F. each got 6 — and Independent and Independent Social Credit one apiece. It was the greatest landslide ever recorded a party in Alberta's short political history.

Few observers expected a new government in Edmonton. But few predicted the big majority. Why the administration was so heavily endorsed has been a matter of great interest and two answers at least seem to hold substantial weight.

One is that times are good, that the province is riding a crest of riches on newly developed natural resources like oil that have given to everyday life very much ery of "It's time for a change." With a good harvest anticipated this fall with business humming along at a new high, with oil drilling jumping all the country with a booming buyer trade, with practically full employment, why vote for a change? The government, not unnaturally, has received much credit for today's prosperity. Second by the election followed closely on the heels of a pre-C.C.F. Dominion-provincial rift and many electors feared Premier Ernest Manning and Independents were completely weak. Thousands of anti-socialists climbed aboard an overloaded Social Credit bandwagon.

In a sense, the overwhelming government victory is regrettable. A closely contested election campaign, on an issue, a week one sets more like a sleeping pill. We hope the Manning government remembers the responsibility of its charge and continues to give the province the sound administration it requires in these times.

Farming Notes

(From the Provincial Department of Agriculture)

Weed Control in Flax

The results of experiments conducted in 1947 have shown convincingly that mustard, Lamb's Quarters and Smartweed as well as some other annual weeds can be killed in flax by 2, 4-D without hitting the crop, says George Knowles, Field Husbandry Division, Central Experimental Farm, Ottawa. The removal of annual weeds in this way must has greatly increased the yield of flax from fields which were badly infested with weeds.

What this result can be attained is most satisfactory for no great crop is or ever will be grown but weeds as flax. It was thought at first that the chemicals plant was too sensitive to 2, 4-D to withstand a dose strong enough to kill annual weeds.

From The Files of The Lacombe Globe

Five Years Ago

The Victory Garden season closed with the judging of plots at the experimental station. Our Bombed was first prize winner of the Board of Trade victory garden competition, and George Brown second.

Over 200 local citizens obtained new food ration books (No. 3) at the Town Hall yesterday Mrs. F. Lawrence was in charge of the distribution.

Two members of the Lacombe school staff this year are Arthur H. Hillett, Miss Christina Wilson. Rose W. Hone, Miss Wilda V. Stang, Miss Alberta Coutts, Miss Georgina Brown, Miss Mary A. Shaw.

Ten Years Ago

Raising the level of Gull Lake was a topic of keen interest at the annual ratepayers' meeting of the Village of Gull Lake. One plausible suggestion was that the east branch of the Blind River be diverted into Gull Lake but the matter was left in abeyance.

Third annual Bentley flower show under the auspices of the Bentley Garden Club attracted a steady stream of visitors in the Community Hall. Judge was G. H. Ramsay of the Lacombe district experimental station.

Looking Back . . .

(From the Files of Iowa Leonell Blooms)

40 Years Ago

It was meant that the society's treasurer call for tenders for the building of a box boat sidewalk in front of the new school house. Alberta Grist went to the C. and E. Trail, a distance of 740 feet.

Commodore F. Vickers can retire next meeting instructed to call for tenders for the building of a suitable wharf for the purpose of opening an avenue from Hamlet street west to the C. and E. trail in the Town of Lacombe.

30 Years Ago

An application from W. Hemphill a gas garage was granted, subject to the restriction that the tank be placed on his own private property.

It was moved by Councillor A. Bissett seconded by Councillor W. Harris that Hamlet Rhone hire be appointed Poundkeeper — Carried.

20 Years Ago

Present at the council meeting were Mayor G. T. Jackson, Councillors C. E. Chapman, A. Gibson, G. W. Nelson, E. H. Jones, C. Todd, W. J. Trott, and Solicitor J. S. McCormick. In the absence of secretary H. E. Carruthers, who was in Bentley on business, Councillor Chapman acted as secretary.

Gathering Re-Shines Family Members After 50 Years

LAMESTON — A happy reunion took place this month when Mrs. Charles Kaplan of North Chicago arrived to visit her brothers, George Bate of the Lamerton district and Thos. Bate of Dalhousie, and sisters, Mrs. Kate Berenger of Mirror and Mrs. Wilson Isbert of Alix.

An unusual thing regardless of fifty years' made her visit a reconstruction date.

Mrs. Kaplan was married just before her parents, the late Mr. and Mrs. Henry Bate, and brothers and sisters moved to the Lamerton district in 1902 from Sheridan, Wyoming. She remained in that city for two years, then with her husband went to Milwaukee, thence to North Chicago where they have lived since.

She was accompanied on the enjoyable motor trip to Alberta by her son-in-law and daughter, Mr. and Mrs. Clarence Clement, and a nephew, Walter Bate, Council, and Mrs. Hemphill all of Chicago.

Two sisters, Mrs. H. O. Lund, who only last fall left Bashaw to make her home at Penticton, B.C. and Mrs. F. Penland of Vancouver were unable to attend the large gathering held at Pine Lake on August 15, to honor the family reunion.

Boom For Equation Potato Seed Business, Guest Speaker Declares

Alberta farmers still have a long way to go in the potato seed business, said W. H. Rennie of Ottawa, inspector of the division of plant protection, with the dominion government.

Mr. Rennie was speaking at a local day of certified seed potato plots which took the form of visits to local district farms last August 12. Almost 30 in all made up the party.

The guest speaker pointed out there is plenty of room for expansion of certified potato seed growing in this area. He said approximately 1,000,000 bushels of certified potato seed was exported from Canada in 1947 but only 10,000 bushels of this came from Alberta.

The bulk of the seed comes from Prince Edward Island and the Maritimes, and chief competing countries are the United States, Argentina, Chile, Europe Bermuda, and Egypt.

Alberta seed is well suited for certified potato seed, Mr. Rennie said, and for that reason he expects to see the province play a increasing role in the potato business. Many common potato varieties used in Canada are Green Mountains and Irish Cobblers with Netted Gem the chief type in Alberta.

Those in district besides Rennie were Messrs F. H. Walker, M. Bowley, J. A. Bradley, J. Penn and F. Vanderlaek, instructional talks were given by Mr. Rennie and by J. W. Morris of Edmonton, an inspector of potato seed.

Dinner was served at the farm home of M. C. Bradley. Among other speakers were O. H. Hirst, provincial department of agriculture Edmonton; L. Bentham, seed district agronomist at Lacombe; Red Deer district agriculturist Dr. A. S. Henry University of Alberta

Meadowbrook

MELBA (WILDER) Mrs. Maurice Mercer and Miss Marie Taylor of Red Deer, spent last week with their cousin, Miss Doris Kahler.

Mr. and Mrs. E. Rhodes and Grace of Mallet have returned home after spending a two week vacation with Mrs. Rhodes brothers and sister-in-law Mr. and Mrs. John Hancock and daughter.

Mr. and Mrs. Ivan Riley and Donald's sister little Miss Sharon Paterson, visited at the home of Mrs. Mercer last week.

Miss M. Riggs, Miss B. Lamerton, Misses Hancock and Mrs. John Kahler spent last Thursday evening at the Rev. Kahler's home.

Mr. and Mrs. Ernest Kahler attended the R. F. Farm Institute of Lacombe. It was with regret we learned of the sudden passing of Mr. R. Ford who built and sold cars of the Lacombe Globe.

Miss Beatrice Schneverdt and daughter, of Bashaw visited at Mr. Kahler last week with Mr. and Mrs. O. Schneverdt and Ione's home.

Miss C. Ingerham of Lacombe has just returned home after recently visiting with her aunt and uncle Mr. and Mrs. W. L. Ingraham.

The Best banking system

CANADA has a banking system which, for efficiency and dependability, is unsurpassed in the world. Competitive, flexible, adaptable to the changing needs of the country, it serves Canada's producers, her industries, her traders—and it serves your personal needs, too.

No customer has to fear for the privacy of his regular banking transactions. This privacy is completely free of political pressures or considerations—it is rooted in Canadian banking practice and tradition.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every loan or a State affidavit! State monopoly of banking, proposed by Socialistic here, would fasten the Marxist benign pattern on you.

SPONSORED BY YOUR BANK

What To Do For FAINTING

FAINTING is a condition due to sudden failure of the action of the heart, which may be caused by hemorrhage or by fatigue, want of food, or a shock or unrelated cause, or by fright, dread, sudden bad news, or by the sudden relief from fear or anxiety after prolonged suspense.

The signs are: The patient turns pale and feels the face to pale; the pulse is rapid and weak, or almost imperceptible; the breathing is quick, sighing and irregular, and the skin becomes cold and clammy.

TREATMENT:

1. Make all clothing about the neck, chest and waist.
2. Remove an abundance of fresh air; open windows and doors; keep back a crowd; remove from bounded space or impure atmosphere.
3. Sprinkle the face with hot and cold water alternately, and apply vapours to the pit of the stomach and over the heart; vaporous friction of the limbs upwards has a stimulating effect. Smelling salts may be held to the nose.
4. If bleeding has been the cause of the condition guard against its recurrence. The wound will not bleed in any marked extent while the action of the heart is feeble. The wound is not be carefully watched to be sure that bleeding does not occur when the patient begins to regain consciousness and the heart's action improves, or if there is no wound look for signs of hemorrhage from an internal organ.
5. If want of nourishment has been the cause of the condition give food sparingly at first.
6. Give no food or drink whatever by the mouth while the patient is insensible.

Financial Position M.E.C.'s Outlined At Meeting Friday

Between $10,000 and $15,000 has been raised for the Memorial recreation centre as some [illegible] committee, C. D. Williamson, M.B.C., official, stated at last Friday night's public meeting in the Church Hall.

Of this sum, approximately $12,000 was in cash, the remaining $8,000 to $7,000 being in the form of pledges.

Mr Williamson dealt at some length with the costs of construction. Price of labor and materials, conversion to date amounted to $10,000, he said.

Orders on file include a cheque of consent, about $1,000 grayed, $1,000 for 2x6 T and G, two cars of steel and iron for reinforcement $2,000, two carloads supplies from Penhold and Lethbridge camps, $6,000.

Those orders amount to a total cost of around $11,000.

Before the end of the year, the committee hopes to raise an additional $12,000 to $15,000. The total final cost of around $30,000 would be sufficient to clear in the rink opening the way for hockey games to be the first of next year.

Delivery Quota on Grain Announced As Harvest Starts

Deliveries of wheat under [illegible] are allowed to be made in limited on a quota basis of [illegible] bushels per seeded acre for the Lacombe district.

[illegible] the quota for oats [illegible] barley [illegible] [illegible] [illegible]

Weddings

BACON-SIMONS—RANDY

Before an altar banked with autumn pink gladiola Amanda Randy Randall and Frederick Simons, members of the Canadian Union College teaching staff, were married on Aug. 22nd at 4 p.m. at the Seventh-day Adventist church near Kelowna, Britain Columbia. August 24 Dr. G. D. Hagerott, pastor of the Calgary Seventh-day Adventist church, officiated.

More than 200 relatives and friends attended the wedding.

The bride was attended by her younger sister. Esther a nurse in training at the Glendale, California, sanitarium. Dr. GLD. John Simons of London, England, brother of the bridegroom, was best man. The bride was given in marriage by her father.

The bride is a daughter of Mr. and Mrs. John Knott of Kelowna. She was dressed in a white gown made with brown hat and purse and white gloves. She carried a small white Bible. The bridesmaid, younger son of Dr. (M.D.) and Mrs. Frank Simons of London, England, wore a brown suit with Tartan flower and a Tartan bow tie.

Before the ceremony Mrs. Alma Will Verda Dyer Evelyn McLellan and Verda Moser Mrs. Beryl Anderson sang "The Lord Bless".

The newly wedded pair will make their home at College Heights.

Sunny Crest

SUNNY CREST: A surprise party was held on Sunday at the home of Mr and Mrs. L. Sandstrom in honor of Mrs. Sandstrom's birthday. Polio Panic

EDITORIAL on this page is an informative article from the provincial board of health concerning the polio threat. With the summer of disease prevalence now entering the latter half of its August to August cycle, with thousands of persons under constant fear for the safety of their children, the letter is timely and should be read by everyone.

There is little of an astonishment value that can be said about poliomyelitis. It is a communicable disease, and authorities are not even agreed on its method of spreading. It would appear, however, that good general health habits and plenty of recreation for the energetic child are two potent counter-attacks against polio.

Another point to remember is that panic is the part of panic. By the methods of prevention that would be taken at the time — suggestions of the disease and its spread effects are transported to the child's mind. The ... seems to be little threat of an epidemic in this district at the present time, although three out of a score of polio cases reported in all of Lacombe last Christmas, one in Stettler and the other in Clive last week. Remember the ... that ... sometimes are overlooked the heaviest toll.

Somewhere Around Podunk

A RECENT Canadian Press dispatch crowded into the other of a couple from Washington who were touring Banff and other mountain resorts where to the sudden death of their two little boys. Police and park officials of course, were doing their best to locate the parents of the lost children, but there was nothing to guide them. In a traveling address, an unseen directory of names published in each community in the form of a hotel for a young Canadian who was motoring somewhere in New York State' directory of its residents a decision of haste.

It seems strange that persons going on holiday are willing to break off from their normal daily routine. They go to letters or postcards of leaving a wonderful time, but leave no hospitals for the ... parents to contact them in cases of emergency. The summer is almost over now and the vast tour will trudge their pens with it. But it is something to think about next year. It shouldn't be hard to plan a few days during celebrations to buy postals on the ... Library ... instead of a vague ... somewhere around Podunk." And it would be ... to ... on the outside of every closely ... ed letter.

Recreation Center Question

LAST Friday's public meeting brings out one ... very serious government shows all others the ... of ... and its principles be worth while collecting ... are willing to let them work. Ordinarily, a ... is also best developed by ... mind ... of ... to ... attention as a whole of great ... but it is the question in ... of interest governed in ... will ... to ... to ... to

WORLD CHAMPION PRODUCER
Milked with
McCormick-Deering Milker
1,009 pounds of butterfat is one cow's record for 365 days! That's the record that won the cup of world champion producer for the McCormick-Deering milker and pasteurized Holstein owned by George Clegg, Calgary, Alberta.
"Alumaflow Coolers has been milked with a McCormick-Deering Milker for 10 months of her record-making period," says Henry Hoyt, president of Hoyt Ltd., "and, as far as we know, this is the first time a record has been made by a cow milked with a milking machine. We have been using a Mid-season Drawing Milker for the last seven years and have been well satisfied with its service and results."
Ask us how a McCormick-Deering Milker and a program of blending feeds can help you get the maximum production from your dairy herd.

Lacombe Junior Girl Club Election Make Education Award

A long attended plan of the members of the Lacombe Junior girl club was fulfilled last Friday when the members and their parents engaged a tour and lunch day at the University farm at Edmonton.

The cars made the trip in the morning from the following persons: R. P. Wagner, P. J. Hall, Mr. Kenworthy, W. Cleaver, Patterson and L. Rasmussen.

In addition to the majority of the club members, the following ladies attended the event: Mrs. A. Patterson, Mrs. Ben Hall, Mrs. Wagner, Clare Mrs. Dunsworth, Blackfalds; Mrs. F. J. Cole, Clare. The women were met by Mrs. Ruth Wesley district home demonstrator in Edmonton, and who provided with a separate personal guide.

Escorting each a woman was a supply of chocolate with given by the Lacombe Creamery, and meals donated by the Wood hotel Henry of Edmonton.

Dean R. Smelser gave an interactive talk on beef type cattle breeds. He outlined the history of the three popular beef breeds, namely Hereford, Shorthorn and Angus, making special reference to their suitability to Alberta.

The party was conducted on a tour of the University buildings by L. H. McElroy, professor of animal husbandry.

Judging competitions by the members took place on four classes of beef animals: Jos Rogers' Hereford gave the official placings with Lawrence Wagner being awarded first place. Ralph Patterson and Gerald Cote third.

MOVED TO LACOMBE

Mr. and Mrs. Don McClymont late of Edmonton, have taken up residence in their newly purchased home on 39 avenue formerly occupied by Mr. and Mrs. H. F. Wilson. Don plans to establish a practice with his father, J. H. McClymont, K.C. in the near future.

WINS PIANO AWARD

Donna McCullough, youthful daughter of Mr. and Mrs. R. V. McCullough, received two outstanding awards in recent music piano lessons. She won a $500 IODE scholarship from the western board of music and has also succeeded in winning A. Norris's silver medal for grade A pianos.

She has been taking lessons from Madame Lebrasseur in Edmonton. Mr. McCullough is superintendent of the Lacombe school division.

Shortage of Labour Prevails at Harvest Season Approaches

District farmers are free to face with another labor shortage as the harvest season looms ahead. According to L. Rasmussen, Lacombe district representative of the Canada Manpower division, there are 40 farmers have registered help for the coming busy fall season.

Almost all two-quarter farms have been taken up in the district by those coming from the east and the others from southern Alberta points. Many of Ontario farmers are expected here as a result of harvesting in that province, but if these will be sufficient to meet the demand. There is not a call for domestic help.

The number of workers registered in this district each week during harvest is estimated at approximately 1,000 by the department's officials. Most of this the Prairie Provinces about the same figure as last year.

Mrs. Humphrey Mitchell, demobilization minister of labor states that practically all the men who registered each week to fill these will be employed on farms by June 30 or after with board.

District Wedding Bells

FERGUSON—WILLIAMS

Mr. and Mrs. C. I. Williams of Seven on the Birch Lake school district, northwest of Lacombe announce the entrée of a pretty wedding on Friday, August 27, when their second daughter, Gene Gallant was united in marriage to Gerald Ferguson, son of Mr. and Mrs. F. H. Ferguson of Lompoy Prairie, Sask. Rev. C. G. Anderson of Pioneer officiated.

The bride looked lovely in a floor length gown of white satin with satin insets of the taffeta on the back skirt. She had a floor length veil held in place by red roses. Her bouquet was also of red roses. For her only piece of jewelry she wore a gold bracelet and a locket, gifts of the groom.

Miss Lorna Williams, sister of the bride made a charming bridesmaid in her long full pink taffeta dress and colonial bouquet of sweet peas. Miss Eileen Holmes, cousin of the bride, was also bridesmaid robed in her bridesmaid gown and had a colonial bouquet of sweet peas, while Miss Helen Dewis, friend of home wore a floor length dress of blue taffeta and carried a bouquet of white and yellow gladi.

The best man was Mr. Ray Hoffman and the ushers were Mr. Kenneth Pemberton and Mr. Kenneth Williams, brothers of the bride.

Mrs. Anne Ward, dainty in navy nylon, was flower girl and Danny Williams rifle bride's attendant. Their every step was graceful as they came ahead of the bride and her father down the pathway strewn with rose petals, the flowers on the arbor.

Mrs. Williams, mother of the bride and her father approached the arch, the groom using "Because" accompanied on the piano by Mrs. Jacobsen. Everyone moved forward to meet the bride and groom and walked with her to the arch-way.

During the signing of the register, Miss Betty Hoff sang, "O Perfect Love". This was followed by a short dedicatory service, during which Miss Margaret Ring plays sang "Take My Life."

The bridal party then went to Lacombe for photos. On their return, a reception was held on the lawn. The bride's table was bedecked with candles and flowers and centered with a four tiered wedding cake, having as a top ornament a tiny bride and groom. This ornament was used on the bride's grandparent's golden wedding anniversary, several years ago.

Rev. Anderson proposed the toast to the bride and the groom replied.

The bride's mother wore a black crepe having yoke over-set in pink and a corsage of pink roses

Two of the bride's aunts, Mrs. G. H. Williams and Mrs. R. E. Williams poured tea. The groom's mother was unable to be present, but his sister, Miss Anna Ferguson and his uncle and aunt, Mr. and Mrs. J. Hingle were among the guests.

Following the reception Mrs. Jordan played the records "What Is The Light Brown Hair," on her piano, accompanied by "Hear Sweet Williams on the old family organ Miss Ruggles sang A Wedding Prayer."

The happy couple left for Calgary for a short honeymoon. They will be living at Spillimacheen, B. C. for the time being.

WILSON—WELSH

A pageant and arch-known for many years in Lacombe district was the scene of a pretty wedding on Friday, August 27, when Miss Margaret Langley, Calgary, and daughter of Mrs. Langley of Calgary, became the bride of Mr. Welsh, of Lacombe, formerly from Ontario.

Miss Gwen Allen, Edmonton, daughter of Mr. and Mrs. G. R. Allen, was bridesmaid. Mr. Stuart Campbell, Lacombe Village, acted as best man. Rev. Thomas Wallace of Lacombe officiated at the ceremony.

The bride looked lovely in a floor length gown of white satin with satin insets of the taffeta on the back skirt. She had a floor length veil held in place by red roses. Her bouquet was also of red roses. For her only piece of jewelry she wore a gold bracelet and a locket, gifts of the groom.

CBX in Lacombe

LACOMBE subscribers to the short history of Lacombe events are looking forward with the official opening of CBX, the big 50 kilowatt CBA radio station transmitter located in Lacombe. Many CBC officials from other Canadian cities are here for the event. In signing with them a keynote of "big business" to the life of this quiet, small community. Just what influence the half-million dollar structure will have on Lacombe is hard to appraise, but it will probably be considerable.

It has always been a worry to new families who seem to be taken with the peaceful atmosphere of homes like it has recent years' boosters for town merchants. But apart from the sheer pleasure or satisfaction it has publicized and will continue to publicize the merits of "Lacombe" across all parts of the dominion. At present, because of the "powerful local Lacombe" is broadcast over CBX every hour. Reporters of Lacombe at the mercy of a large radio audience is bound to create a favorable impression county or later it won't be long before people are saying "Oh yes Lacombe That's where CBX is." For the town and district that means good publicity

Where's the Fire?

IT is almost all cities and large towns, there is an unwritten law that citizens driving cars pull over to the curb and halt whenever the siren of a fire engine or ambulance sounds. In many centres of our the statute is written into the traffic records. The reason for such a law is obvious enough and most persons are only too glad to comply with it so that there is no undue hold-up to vital traffic. Everyone realizes that on these occasions promptness usually they mean lives.

After the siren blew in Lacombe last week, it was more than noticeable that local residents paid little or what of attention to clearing the streets. In fact, they displayed a decidedly opposite tendency to mill around discussing where the fire was. Those further beside Lacombe's volunteer firemen and more than one has unhesitatingly said he would be unable to pull up properly to the side of the road — so he could be sure, was a hazard or hearing a California license that kept him from getting through Lacombe at the time. Imagine his consternation when he saw other persons were adopting just his own and pedestrian swarming and obstructing the street.

Nothing much more need be said. Citizens know the proper thing to do. Will they try to cooperate with firemen in future and observe a common-sense regulation whenever the shrill blast of the fire siren breaks the air?

The Spin of Inflation

THE wondrously high cost of living has the governments at last to economists worried that they've not had so worried as Mr. and Mrs. John Doe. It's no joke and white-collared John with his fixed income is more than a little bewildered when he brings home the pay check and tries to make ends meet. He sees the dollar in the grocer the manner that he has guaranteed and other living necessities just won't purchase what it did two years ago — even two months ago.

The grim fact is that the cost-of-living index continues to rise and is higher than at any previous time. The official government compilation puts the cost of living on July at 181.9 — more than half again as much as the 1939 level on which the calculation is based. Food costs have risen more sharply than others, and food is something that each and every man must have for his subsistence. No matter how little the income people have to eat and they're finding it increasingly difficult to do so with any degree of adequacy today. Butchers will tell you that customers are buying cheaper meats, or substituting with fish. Bread and sugar, those cuts like steaks and chops have been priced right out of reach of the ordinary man's purse. Other families admit they are drinking less milk as long as the price remains at 10 cents or more a quart. "My children used to consume at least two quarts of milk a day in the household," one housewife said recently. "Now they make two quarts (1 and 1/2 lbs.). The same story could be told over and over again where households are concerned.

Re-sew ads are puzzled — but ever how in Canada has become a reality but ever how to solve it or at least lessen its unsalutary effects. In Canada the problem is not one of shortage as in Britain but one of purchasing health giving foods on the open market at present costs. Of course a shortage has probably helped to put the costs where they are.

Housewives and gardens filled with vegetables and consequently has found the consumer has more but cash here-pocketly. The cold winter months threaten and once again the consumer on the street with his modest earnings will be faced with a badly depleted food budget. A continuation of present high prices will discourage buying and consequently deteriorate health over the long run. The European Recovery Plan is likely to keep meats and edibles in short supply in America, thus holding those prices up. One wonders when and how it is all going to end

Farming Notes

From the Provincial Department of Agriculture

Know Your Weeds

If Lethe supervisor or crop production, advises that two annual weeds which are increasing enormously in parts of Alberta are ought threatening profitable and pure seeds. These weeds are fall dodder and stinkweed.

Fall dodder, unlikely as a name, fairly plant that is quite sturdy when grouped. It produces only a few running white runners that cling to the top ends of plants. Its seeds are a reddish smaller, plant which makes up many branches from near the ground. It is smooth and produces numerous green flowers that stay open in the sun.

Night flowering catchfly is a troublesome annual, and differs from the fall dodder. Crossing it out of these seeds requires special equipment and a knowledge of separation. For this reason growers are urged to send pail catchfly from their fields. Areas too heavily infested for hand pulling should be cut for hay. The seed of corn catchfly, on the other hand, is about twice as big as the seed of catchfly and is readily removed from it. Seeds in any case this weed is found must be quickly in ethanol growing districts.

Both corn catchfly and night flowering catchfly may be controlled by shallow cultivation. Fence crops and for hay are very susceptible to it. Clean ground long on cultivation with forage crops even in a short rotation. The number of corn catchfly plants in an infested field may be kept to reasonably reduced by cutting down to timothy or brome in a period of three to four years. All forage crop fields infested with these weeds should be cut for hay.

The use of chemicals such as 2-4-D have not proved satisfactory to date when used on either catchfly or corn catchfly.

Sheep, Swine Improvement

Commercial breeders of sheep and swine are reminded that those who grow themselves of the Lingua toward a more economical type of animal by selection of high quality stock at no extra cost, Livestock supervisor A. J. Charlebois, suggests that this is a good time to cull out poorer breed ewes, since early ordering will provide for better selection.

Recent removal of the embargo on sheep to the United States is encouraging interest in sheep production and it is expected that the demand for pure bred rams will be keen toward this fall. Commercial sheep breeders who require rams and wish to obtain them should get in touch with Provincial Policy, should place their orders early.

Threshing Legume Seeds

Whether using a combine or threshing machine, growers of legume seed frequently experience difficulty at threshing time crops.

F. F. Patterson, of the Vulcan school of agriculture says that in order to thoroughly thresh out the seed, the concave and cylinder must be set close together. The close setting, however breaks up the straw and moves to the legume to such an extent that a high percentage of the straw falls through the straw rack on to the grain pan and then goes to the chaffer. This means that, as well as doing its own work, the chaffer must do that of the straw rack. As a result, it has to be overloaded that there is heavy loss of seed. Usually this over-loading is reduced by cutting down the ground speed of the combine or the rate of feeding the separator. The method makes the job of threshing a very slow one.

Machine loss have been found to increase in speed up the job of threshing. One device is to cover the straw rack with a wire screen with open. The legs of the screen are made about two inches long and one inch wide. On the up being opened from three quarter of an inch to one inch. This screen per mits the seed and shaft to fall on to the grain pan and prevents much of the straw on the racks. This permits speeding up of the threshing operation.

A specially devised false bottom for the grain pan has also given excellent results. This can be made from heavy gauge galvanized iron the full width of the pan, but eight inches or 10 inches long is so and the one end will extend into the front of the chaffer through holes are punched in the false bottom to ensure that all the seed will drop through to the grain pan.

Still the finest threshing conditions must be made of heavy material to withstand the constant vibration.

From The Files of The Lacombe Globe

Five Years Ago

A C 2 William R Rann m. 14, of Lacombe, was the RCAMC, attached to the R.C.A.F. at Rivers Manitoba. He received his discharge on Aug. 14 at Lacombe on completion of over 5 years service yesterday.

Vacation school under the auspices of the Lacombe and district home and school association, is being held in Lacombe for a week, to help tide up the slack for young children, while school is postponed to allow older boys to assist with the harvest.

Ten Years Ago

A total of 420 students enrolled at the local school this week, R. Warren, principal, reports.

Six local golfers competed at the Camrose golf tournament over the week end but were managed to walk off with any of the prizes. Those attending were Harry Toure Hector Keller I O Irish Pete Dancer R H Beattie O Verberne.

Over 120 threshing machines are operating in the MD of Crown alone as threshing continues at a fast clip in the district There is a decided labor shortage, however Average wage offered to harvesters is about the same as last year, $2.50 per day

Letters To The Editor . . . .

Lacombe
Sept. 4, 1948

Dear Sir:

May I take up some space in your valuable paper requesting a short notice in the last Lacombe Globe headed In Remembrance of Charles.

Now I don't know how many subscribers there are, but, four or six, but I don't see how they can put such a by-law ads under Lacombe Rural on May 31st, and know what they intended to do and what the purpose of it was.

After all, a graves is a private family matter in any way of saying about it, and should not be in just a passing phase of mine. That is the end putting pieces of them we passed on with and when you to and such as sounds to tell all the rest of us what we may do and not do, it sounds very much like dictatorship. I am sure that's not the way we have been with for the last great war.

And what is the interest of the stone that may be ordered now and paid for are we to keep it there front yard? Or will they have about the ones who build and pay for them? That is the way they make an honest living, even if they are priced like every thing else.

Don't forget the Lord and Do unto others as thou wouldst have done unto thee.

I am sure some other or better way could be found to settle the matter For evidence whatever the caretaker a could charge a penny for the flowers and families of such graves will see that they are kept in order. That's

Teacher Shortage Hits Ponoka School Division

In the Ponoka school division there are eight vacancies existing at twelve schools, at Wolf Lake, Mantario, Bashaw, Lacombe, Eastern Lacombe, Bentley, Gleichen, Strathmore, Mountain View, Lamoureux, Delia or Wardlow, Ponoka, Lacombe, Pine Lake and Bluffton.

Two schools, Poplar Forest and Meadowbrook are not yet open but classes are expected to get underway there as soon as the work is done.

The vacancies will necessitate a move in the county inspectorate, official of the Ponoka school division told The Lacombe Globe last week. "We are in pretty dire straits for qualified teachers this year," he added.

Altogether there are 28 schools in the county being served by 56 teachers. Of these, 18 are in public schools and five are Ponoka. School population of Ponoka district was 1,600 in 1947 with 60 teachers on the staff.

Morningside

MORNINGSIDE Mrs. H. Morris has had her house moved from the land owned by D. E. Harris to the lot next to the one she formerly owned. A number of the neighbors helped with the digging of the cellar and the moving.

Mrs. L. Sutherland spent the week-end in Ponoka with her sister, C. B. Sutherland.

Robert Long of Edmonton spent the week-end with his parents, Mr. and Mrs. J. Long at Morningside.

The school here opened on Wednesday of last week with Miss Vickery of Edmonton as teacher.

Mr. and Mrs. Herman Parks of Calgary were week-end visitors at the home of Mr. and Mrs. Wm. Riddick.

Mrs. Wilfred Thomas visited on Saturday, after being a patient at Ponoka hospital for a few days.

Clive

CLIVE Mr. and Mrs. J. Ives and Miss Norma Ives, Olds, were Mr. and Mrs. A. Ives' guests for a few days visiting at the A. Ives home.

Mr. and Mrs. Ed. Gee motored to Stirling, Lethbridge, spending a few days at Rudd Bailey's returning home on Sunday.

Mr. and Mrs. Dennis Underwood and son, Mrs. S. Gee's brother from Edmonton, and Mr. and Mrs. Ben Gee of Lacombe were visiting at the home of Mr. and Mrs. Frank Gee's on Sunday.

Pat Hunt returned home to Calgary Thursday.

Bud McLeod and Miss Mc. Leish are now attending school at Red Deer.

Miss Porter at Edmonton spent the week-end with her parents Mr. and Mrs. Porter.

Miss Dale Duffy leaves for Edmonton on Friday to join Mrs. Ives and with them to Lethbridge on extended stay.

Mr. and Mrs. Harold and son Lorraine of May Lodge spent the long week-end with Mr. and Mrs. Clive.

This week sees three Clivites in the assembly hospitals, Mrs. D. Heald, Wayne Thomas, Mrs. W. S. Wilkens.

Mrs. Sherwood St. held a farewell and birthday party at home of her daughter who has been residing from the States. There were 16 ladies present, also was the occasion of a set of silver presented to Mrs. Sutherland by children and friends.

Mrs. L. Sutherland spent the week-end in Ponoka with her sister, C. B. Sutherland.

Robert Long of Edmonton spent the week-end with his parents, Mr. and Mrs. J. Long at Morningside.

The school here opened on Wednesday of last week with Miss Vickery of Edmonton as teacher.

Mr. and Mrs. Herman Parks of Calgary were week-end visitors at the home of Mr. and Mrs. Wm. Riddick.

Mrs. Wilfred Thomas visited on Saturday, after being a patient at Ponoka hospital for a few days.

Another Good Harvest

FIRST preliminary estimate of the extent crop to be harvested this fall in the western Canada Wheat belt' prairie provinces has turned out at around 372 million bushels. These expectations caused last year's actual wheat harvest by approximately 30 millions, a remarkable comparison and recovery for 1948 remembering the hardships throughout the flood conditions and late spring.

Most farmers in this district, as throughout the rest of Alberta, sowed their grains extra late this year and June rain only fell in time to help that something would be harvested. Perhaps two conditions have either helped to turn a better crops into a success of moderate. One was an above average growing season particularly in mid Aug and when heat units and short evening hours were a daily occurrence. The other blessing, also the handiwork of nature is no frost. Every farmer has a constant fear of frost from the middle of August on. This year most events seem sort of mixed with the late summer storms causing damage only after during the period between August 15 and September 15 there crop had the grain fields have been cut and less from frost has been experienced.

A starving world will be glad to have Canada's contribution to the food pool will again be substantial.

Espionage in Letters

ALL the thrill and suspense of a breathless spy story are woven into the quiet past-time of taking a 'pen pal' according to information from Saskatchewan authorities. These authorities have undertaken in the hands of government officials pursuing that branch via the mail routes from Russia and other European countries, and are now busily engaged getting information in a chatty sort of way concerning Canadian harbor locations, airfields and the like.

It must be that the commandants of the picture "pen pals" brought up the custom of paling off-set girls or subject boys writing notes equally young people in other lands. Highest hope of young fellows of such either, and trade stories of doings and lore of geography. It was a pleasant hobby and one usually overseen aged by fond mothers. Occasionally it fostered a romantic relationship nurses seeing he older couples, and more than one pair knew from answers to had in love and marry literally by a revelation of the pen.

Now the pictures have turned from fiction to fact, and the news asked for concerns geographical data instead of naval happenings. This last changing world has changed the old meaning of "pen pals. Some some of these 'young' correspondents from the Iron Curtain seem to be diverted particularly to the far north country, where security is vital, it is said to have most of the service as well as the light side of the affair. It is difficult for the government to stamp down without veto barring into the realm of censorship, which nobody wants. The Canadian authorities are in a tricky position to do more themselves, and we know we doubt they will.

The Father of All Men

DURING the past few weeks, representatives from 42 different countries convened at Amsterdam, Holland, on a strikingly wholesome and harmonious atmosphere that could bring renewed hope and courage to a tired old world. The general tenor of proceedings a wholesome harmony the delegates are religious leaders it is harmonious because there are to a united one to bring lasting peace to a war-swerved universe. Their method of reaching that goal is the right one of seeking aid from God, the Ruler of all men. In brotherhood as a spirit of co-operation and faith, they have gathered to try to find the straight road leading to real and enduring world peace.

Even the 'iron curtain' is partially lifted at Amsterdam. There are religious workers present from Austria, Czechoslovakia, Hungary, Poland Rumania and Yugoslavia, to name a few. Others have come from churches in China, Japan, Korea.

One of the first reports issued from this world congress of churches was a condemnation of both Communism and Capitalism. Communism it termed evil as a force that engenders new forms of injustice and oppression". Capitalism, the report said has failed to meet human needs, and had colours trusted on materialism producing "serious inequality."

We suspect much of the fault for this failure to meet human needs lies in the failure of the church to uphold all stands out of the murky realm of commercialism. As the report shrewdly analyzes persons today concentrate on the material and secular ways of life, instead of seeking comfort and guidance in divine pursuit. Perhaps capitalistic democracy is to blame perhaps rather the error belongs to the evil nature of some few men to lead and suppress others and the unresisting inability of the flock to do other than follow. But the harsh rule of a dictator is always short lived because it is a bad substitute for the rule of God The delegates at the conference realize this truism and therein lies their strength. When the world, too recognizes that we are all brothers in a family globe living under the united Fatherhood of the Lord, then peace will become permanent like the delegates succeed in leading the way

Farming Notes

(From the Provincial Department of Agriculture)

Canadian Bacon Pleases U.K.

Canadian bacon is well liked in the United Kingdom.

R. Logan Lorbon, of the dominion department of agriculture, recently paid a visit to Montreal. This city is the distributing centre of Canadian bacon that controls population part of England receiving the world over for its rubber grinding and vacuum sealing industries, and for its engineering machinery and chemical factories.

Mr Logan talked with butchers and meat dealers, wholesalers and retailers, and as a result of his enquiries reports that Canadian bacon is very popular. They commented on the uniformity of the chiefly substantial flow of lowest that is coming from Canada and on the pleasant method which Canadians have made in improving quality British retailers are handling more Canadian bacon than any other kind and these customers are well satisfied with it.

Behind the encouraging news is the constant betterment of Canadian farmers in producing a best bacon hog. the regulation of the dominion department of agriculture in the inspection and grading of it to prevent a rubber type and the co-operation of the packing industry in preparing properly cut Wiltshire sides.

1,000 Graduates For 1949

About 1,000 men and women will graduate from the agricultural colleges of Canada in 1949. The dominion department of labour points out that the number is more than three times the number of 1939 which has been considered a normal graduation.

Employment authorities do not consider that has large a number exists in view of the increasing opinion regarding the various trends in employment of agricultural graduates.

A proportion of the students will take up farming, others will open sales as the creamery directly associated with agriculture or will obtain positions as a survey. But industries such as those concerned with handling and processing foods meat packers, milk distributors, canners, cold storage plants, farm equipment manufacturers, seed companies, and other industries allied with agriculture are now making an increasing bid for the services of those with agricultural training.

Reflections of the Times

Farm Accidents

Only during seeding in the spring of the year and late reaping at the fall does the average city dweller realize that farming has an accident rate higher than many other pursuits. As those two seasons get into full swing news columns of the papers carry day story a heavy quota of accidents in farm parts.

Two ago when horse power drew the machinery it seemed that half-broken brutishes and fretty colts were the cause of most of the accidents The tractor which brought power farming has proved wherever machinery however seems to have either maintained the rate of accident at its old high or topped it by a lot.

Farm accidents, for the most part, are more painful and stroke with greater consistency than those in logging, mining and other allied pursuits. On many occasions the victim of the farm accident is a man or two from any type of aid.

A large percentage of the accidents, regardless of pursuit or place, are partially the result of fatigue A man keeps driving himself to work hard. Sooner or later his body will have reached the end of and drew and his mental capacity is reduced to a low ebb that he fails to recognize the warning of impending danger.

Accidents, unfortunately come into two classes fatal and costly are facts often overlooked by farmers in the rush of spring and fall work. The accompaniment of these extra hours just previous to an accident are bad hours and should be avoided now

Best advice of all comes from safety officials who point out that you should not disregard the first real symptoms of fatigue.

The Canadian Scene

From The Files of The Lacombe Globe

Five Years Ago

Jim McWilliams sold his mens market interest to Hunt Bros. this week Mr McWilliams has operated the Pioneer Meat Market here for several years.

Aiding the war effort this week were a group on Lacombe who helped load salvage iron on a 70-foot freight car shipped to eastern Canada this week. Among those assisting in the loading job were members of the local fire department, and experimental station employees.

Municipal district of Crown will become part of a larger municipal unit next year, it has been announced by the Hon. G. H. Gerhart, provincial minister of municipal affairs.

Ten Years Ago

Dr C E Budd sold his dental business in Lacombe during the past week to Dr F J Bourdi of Edmonton Dr Budd has practised here for the past 11 years.

Building permits in Lacombe have been issued by the town office to the value of 20,000 since January 1 1938 records show The figure is made up almost entirely of minor improvements and alterations to homes (Total to end of August the [illegible] figure)

Ray Saunders, a resident in district since 1914, leaves this week for Langley Prairie, B.C. He has operated an electrical and mechanical business here for the past 10 years

Letters To The Editor . . . .

Lacombe Alberta
September 13, 1948

The Editor,
Lacombe Globe
Dear Sir

I declared the announcement in a recent issue of your paper of September 16 and came to the conclusion that the councillors had not given the matter much thought in their action declared that such an event as grain cost as support to the war effort. I read Mrs. Bert's letter in which she states her case very clearly and asks my support to which I am glad to give.

This letter and letters now e-days generally substantiate which the public is supposed to use for a purpose. I am not against sports and believe you can do that, one has to participate and pay cash for a pair of gloves or an [illegible] can take, other than a dance. I would like to know how many dances that pair of gloves belong.

I am not criticizing the Committee to keep the cemetery neat and tidy, but I do not think parents are the ones to contribute. [illegible] but we can endorse the Dutch method of keeping the cemetery during but the graves in the Canadian boys, and I know put in the care of my parents from those boys and their graves placed of the local [illegible]

Now, I understand a flat dance has been arranged. That would appear to be different, but how long would that interval last" In my opinion it is a good one, at least for those who can afford to do so. Such is being done in another community, where we have three grains and the caretaker a good remainder for carrying for them.

In conclusion, I would like to say I agree with Mrs. Bertrand that the matter be left to the people and I suggest the cemetery committee to take a vote on the matter as to how to raise a contribution to the grave, informing the public of the amount required and the reason for such action. The various grave yard organizations of a few years back could settle questions raised, to whom does the purchased land belong? I do not want to be told that I may be barred there, and personally will not care if I have a full and stroke with greater consistency plot or not but my relatives may love to do so.

Your head lines on this matter read "Headstones at Cemetery illegal in future." What is what has been changed" In the past [illegible] of time, I have noticed many by those are passed by different bodies never enforced, for the reason that they are not liked. Ask our provincial government.

News From Forshee

FORSHEE Mr. and Mrs. Henry Craig had as their guests last week end Mr. and Mrs. Elmer Lovell of Calgary. Mrs. Lovell and Mrs. Craig are sisters.

Mr. and Mrs. Wm. Rogers and family and Mr. and Mrs. Arthur Ingram celebrated the former's wedding 10th anniversary at a family reunion on August 14th at Ingram's home.

Mrs. Agnes Cunningham and Mrs. Chris Cunningham of Calgary last Thursday for a few days with Mrs. Beatrice Simmons and other friends in the district.

Mrs. Bert Hall is visiting at Mrs. Simmons' this week.

Mr. and Mrs. O. Wolfrom and family motored to Edmonton on the W.A. on Wednesday afternoon to visit with the former's sister Mrs. Ingram.

Barbara Sargent had the misfortune to cut and break her arm recently.

Mrs. Ernest Sargent is visiting with her daughter Mrs. Hall and family at Bottom Lake.

Mrs. Ernest Sargent and

Morningside

[illegible] visitors in Edmonton over last week end were Mr. and Mrs. G. S. Reed, Mrs. V. Moe and daughter Beulah. Mr. and Mrs. Wm. Thompson and Bruce, Mrs. Roy Gamet.

P. L. Gregory of Vancouver, B.C., was called to Morningside due to the serious illness of his father, S. Clements. It is like old times to see Percy around the village.

Mr. Johnson had his firewood cut last week by a threshing outfit. It took much fuel to run Sandy for this honor in Vancouver.

Bentley

We are sorry to report that polio has broken out in the pleasant Red district. Ross Bennett, son of Mr. and Mrs. R. L. Bennett developed a light attack of infantile paralysis last week.

The Good Cheer meeting was called off for the present time owing to the danger of the spread of disease.

Mrs. V. Sharon of Kentucky is to visit home on Sunday, after attending a week with Mr. and Mrs. J. Long at Morningside. Mr. Thompson of Kentucky was also a visitor at the Long home.

Maxwell Justice returned to his home in Edmonton high school after spending the summer holidays at the home of W. J. Hay Jr.

Blackfalds W.I. Meets Thursday At Mrs. Brewer's

The September meeting of the Blackfalds Women's Institute was held last Thursday at the home of Mrs. Evelyn Brewer. Mrs. Prentice was guest speaker for the afternoon, and Mrs. Lawson was first lunch convener.

Mrs. Lawson and Mrs. Prentice were also obliged by judging the pies and jelly contest. Miss Phyllis Hoard and Mrs. P. Hoard Lawson received top honors.

It would be much appreciated if good old clothing could be destroyed by anyone who feels that way inclined. This is to be arranged at the home of Mrs. E. Brewer not later than Saturday, September 25. Then clothing will then be packed and shipped to needy people in Europe through Canada.

The dress was won by Mrs. Brewster and a fine lunch was served by Mrs. P. Hoskins and Mrs. E. Brewer.

Central

[illegible] to the school children enjoyed attending the official opening of Radio Station CHX and Thursday afternoon.

Mr. and Mrs. Cecil Budd visited at Jack Pannell's on Sunday.

Mr. and Mrs. Charles Parkinson were the recent guests of R. F. Dunlop's.

A shower was held for Mrs. Bob Henderson at the Archie Chiswell home on Wednesday afternoon of last week. The guests were entertained with games and contests. Allene Henderson appeared as a bride and Muriel Pearce as a groom brought in the gifts. There were many lovely and useful gifts for which the bride thanked everyone. A dainty lunch brought the afternoon's festivities to a close.

Mr. and Mrs. Don McCallhaver spent Sunday with the J. Watt's family.

But Rain Falls Today

Weather Conditions Ideal As Threshing Machines Hum

The harvest picture looks bright and sunny weather up to today has favored district farmers working against time to gather in crops before frosts set in. This spring was one of the latest seeding seasons on record, but an almost dust-free summer has made it possible for farmers to plant the seed in ideal conditions. Moisture has been provided by timely rains during July and August, and the majority of these are ripening up nicely and filling well. Hot wet spells have been very few and far between. Thursday also had its warmest since the week end, and [illegible] of all grains.

[illegible] of harvest seems to be over-all, and most farmers have been able to get their [illegible] in the fields. With continued good weather [illegible] should be able to get their crops [illegible] before winter sets in.

Wheat Board Will "Support" Oats, Barley Prices

The Canadian wheat board has practically guaranteed a floor price on oats and barley in recent announcements.

Part of the announcement states that the wheat board "will support prices on oats and barley."

A bottom of 65c cents on the present grade oats, No. 1 feed up to 68c cents and No. 2 C.W.

A bottom of 90 cents for present grade barley, No. 1 feed up to 94 cents for No. 3 C.W.

These floor prices are quoted at Fort William, Port Arthur, and freight rates would be taken off that.

Wheat Prices Peppy

Wheat prices are peppy as No. 1 Northern, $1.37¼ per bushel, down to $1.35⅝ for feed. Top for Garnet is $1.32½, down to $1.30⅝.

Oats and barley prices fluctuate slightly from day to day. Yesterday prices quoted were barley 1 C.W. 67c cents; cents per bushel. Feed [illegible] cents. Oats are on the feed grade [illegible] cents per a bushel, with a five cent mark per cent weighing it 69 cents.

The spread on oats prices Wed Monday was 1½ cents a bushel, and on barley 2½ cents. Oats cents down to 3 feed at 51¾ cents. Most district farmers are [illegible] 2 C.W. oats for [illegible] feed.

Lions Club To Hold Carnival Oct. 21-22-23

Arrangements are being rapid ly whipped into shape by the annual Lacombe Lions club carnival to be held at the Pavilion October 21, 22, 23 it was report ed at the first full meeting of the club held at the Ad/Spts Hotel Monday evening.

Making the report was Harold Turnbull, chairman of the carnival committee. Reid Kerr is charge of the queen's contest in connection with the carnival stated that five queens are expected to be put up by the organization within the next future and ticket sales for the queen's contest should be under way early in October.

A large committee turned out for the first meeting, which saw A. R. Dalrymple as the president's choice as chairman of the carnival committee.

A number of awards were made for the club by Jim West Key member buttons were presented to T. Wilson, Jack McKinley, Jack Perrin, Melvin Jones' birthday pennies went to H. Langman, J. McKinley, Dr. George Haworth A. B. Chiswell, Russ Ferguson, Dr. J. E. Mickle, Vern West, Tom McDonald, Dawson Stuart, Frank Ashmore, and Bill Fitch.

Hi-Jinx Club Attendance

One hundred per cent attendance stars buttons were presented to T. Wilson, Jack McKinley, Jack Perrin, Melvin Jones' birthday pennies went to H. Langman, J. McKinley, Dr. George Haworth A. B. Chiswell, Russ Ferguson, Dr. J. E. Mickle, Vern West, Tom McDonald, Dawson Stuart, Frank Ashmore, and Bill Fitch.

100 Per Cent Attendance

One hundred per cent attendance stars buttons were presented to T. Wilson, Jack McKinley, Jack Perrin, Melvin Jones' birthday pennies went to H. Langman, J. McKinley, D. George Haworth A. B. Chiswell, Russ Ferguson, Dr. J. E. Mickle, Vern West, Tom McDonald, Dawson Stuart, Frank Ashmore, and Bill Fitch.

Past President Jack Perrin

Past president Jack Perrin, F. Ashmore and Bill Bilson received special awards for their long record as officers of the club last year.

Another special award was presented to Jim West by past president Jack Perrin for 100 per cent attendance at meetings for the seven months previous year.

A short report on the Grayrock contest was given by Frank Ashmore, who stated that the contest winner would be definitely announced on the last day of the contest, October 23.

Dance-in Dinner Friday

Ken Newman of Lacombe was fined $5.00 last Saturday in Lacombe police court for riding his bicycle on a sidewalk. This is contrary to the town by-law.

A Thought For The Week . . .

Self-respect is the basis of all true happiness.

Mirror Girl In Beauty Contest

Miss Hanson is a recent graduate from the Mirror high school. She is interested in sports and is a member of the Mirror basketball team. Dorothy is also a member of the Mirror Young People's Union. Other interests are dancing and swimming. Dorothy resides with her parents, Mr. and Mrs. Hanson, at Mirror. Dorothy's brother, Wallace Hanson, is also a member of the Mirror basketball team.

Organization Parade Last Monday

Lacombe Cadets Will Receive Valuable Equipment From Edmonton

Many [illegible] cadets [illegible] listed for the Lacombe cadets from Edmonton, and the [illegible] was presented at a meeting of the board of the Tuesday last week. Most district farmers are [illegible] cents for [illegible] cents per bushel.

Junior Club Members Compete in Provincial Grain, Beef Events

The Lacombe beef team placed second with 906 points. Stettler was first with 1,000 points, with 900 points. The Lacombe grain team did not do as well, finishing ninth.

Four young farm district lads had the opportunity to go places if they have as well as signed up junior club competitions being held at Edmonton this week.

Accompanied by local district agriculturist Lloyd Rossman, the four happy lads part in annual contests yesterday for grain and beef judging.

The grain team consists of Robert Orr and Allen Baker, members of the Clive pioneer club, and the beef team of Lawrence Wagner and Gerald Cole, both of Bentley. The Clive team is a beef club.

Orr is now through as members of this semi-final event they will go on to provincial finals in Edmonton tomorrow against the winner of the south division, and if they are that, it will mean a free trip to Edmonton this coming November to compete in the Toronto Royal Canadian Championships.

The boys are not counting on any "cinches" along the way but local officials are hopeful of their chances of winning.

The first benefit of course, will be the sweet final contests, to which teams from some 10 or more clubs are entered.

In the grain class, the representatives will be called to place in purity and quality samples of wheat, oats, barley and forage crops.

Competition for the beef team will be based on judging Hereford, Angus, Shorthorns and a class of commercial cattle. Judges will be in charge of experts from the provincial department of agriculture.

HOME AND SCHOOL MEETING

There will be a meeting of the Lacombe home and school association in the school assembly room on Wednesday evening October 6, at eight o'clock. Everybody welcome.

Ice For Winter? Building Work Forges Ahead

Cement work on the construction of the new concrete ice recreation center was started in fast pace, with three good days during the past week adding the base.

An effort is being made to speed the work, and several new ideas have been brought into play with the view Through the courtesy of the Canada Cement Co. Ltd. the building at the site last Friday evening, and a good time was had by all. Lunch was accomplished over a three-hour stretch.

Hockey Rink

This week, the co-operation of businessmen was requested in forming two additional teams Tuesday and Thursday afternoon. The success of the employers from the various branches of the town, and the volunteer help has come from businessmen in the local member of town this week to on.

A rather pleasing sidelight to this volunteer labor, so willingly given, was the serving of a light lunch to workers Tuesday by school girls of the household science class. Mrs. Bell and her cooking during class hours, and then served them to volunteers working with a free hand.

A. Balliet is foreman of construction work. He reports all work is progressing well, and that the building should be completed before frosts set in. The rink is being built on a concrete slab. This work could be completed until before frosts-up, with continued good support.

A very incomplete list of volunteers this week includes: H. Buchanan, W. A. Campbell, G. Dan, J. Wilson, C. D. Williamson, W. Jackson, R. Patrick, G. Brennan, B. Harrington, R. Hunt, V. Winter, D. Land, A. Pryde, S. Chilton, E. Tweedy, C. Cole, Donald, E. Gower. There were many others, enlisted.

Highway Move Causes Changes In Power Project

The province government will definitely insist the proposed new highway to the east along the Lacombe-Ponoka district, and power line poles not along that road in the Lacombe rural electrification area will have to be moved back [illegible] feet.

Social and Personal

AROUND THE TOWN

Mr. and Mrs. ... returned this week ... after spending a few weeks holiday at Calgary and other points south.

Mr. and Mrs. Fred Yochim and family of Edmonton were week end guests with the former's mother Mrs. C. D. LaMarre.

Mr. and Mrs. Ole Bendix of Edmonton were visitors and guests of Mr. and Mrs. J. E. Bendix.

The Catholic ladies were pleased with the attendance at last Sunday's euchre party and feel that the effort were well repaid. Mrs. H. Fehrenbach acted as hostess these preceding lunch were Mrs. J. Haig, Mrs. J. Swenson, Mrs. Pete Balsinger, Mrs. A. Hansen and Mrs. Mrs. Gosselin.

Miss Jeanne Primell was a Calgary visitor over the week end.

Mr. and Mrs. C. E. Todd were Edmonton visitors last Sunday.

Mr. and Mrs. R. C. Abbott and Miss Betty Talbot were visiting relatives at Viking last week end.

Miss Ethel Primell returned to University at Edmonton after spending a month at the home of her parents, Mr. and Mrs. A. H. Primell.

Mr. and Mrs. John Gilmore and family of Edmonton were week end guests with the former's mother Mrs. C. D. LaMarre.

Mr. and Mrs. R. L. Bertram were visitors in town on the week end.

Mrs. Marcella Greenland spent the week end in Calgary.

Mr. and Mrs. F. Archibald of Innisfail were visiting at the home of their sister, Mrs. L. White and Mr. White, and other relatives.

Mrs. H. Bowren was on Red Deer visitor for a few days last week.

Mrs. H. Kerr spent a few days in Calgary last week end with her parents, Mr. and Mrs. S.S. Ferguson.

Mr. Don Primell left this week for Edmonton where he will attend University.

Mr. J. F. Saunders is spending a few weeks at Cactus Lake, Saskatchewan.

Recent visitors at Mr. and Mrs. W. L. Rankin included Mr. Hugh Reid of Tabor, Alberta, Mrs. Lena Taylor and Mr. Jack Shields of Calgary, and Mr. and Mrs. T. Thompson of Vancouver.

To Hold Social Evening

A St. Andrew's United Church congregational social evening and reception for Rev. and Mrs. R. Hamilton will be held on Wednesday, September 29 at 8.15 p.m. at the Church Hall. A program is being arranged and will be followed by a social hour. We would encourage all congregations and adherents would attend to welcome their new minister.

Mr. and Mrs. Herb Watt returned recently from their honeymoon vacation to Hope Westminster and other points.

Mr. and Mrs. Pete Dunne recently returned from a two weeks honeymoon visiting friends in Oregon and Washington, U.S.A., and Victoria and Vancouver, B.C. They returned via the Grand Cariboo Trail.

Mrs. Wm. Hendrikson of Calgary was a week end visitor at the home of her sister, Mrs. Fred Harwell.

Mr. and Mrs. Ed. Cameron and family returned to their home in Edmonton after spending a week with the former's parents, Mr. and Mrs. Geo. Blackfalds.

BLACKFALDS: The annual supper held by the Ladies Aid in the Community Hall on Wednesday evening of last week proved very successful. Tables were neatly decorated with fall flowers and visitors from Innisfail, Red Deer and Lacombe were present. Over one hundred dollars was taken in by the Aid from the supper and also from a program of selections.

Mr. and Mrs. H. McLennan were visitors of Rocky Mountain House over Sunday. George Boyce of Rocky Mountain House was a dinner guest Sunday at the McLennan home.

Mr. F. Eastmure accompanied Kathleen to Toronto last week, where Kathleen will take a course in telegraphy.

Mr. Ted May of Sylvan Lake was a visitor in Blackfalds Wednesday of last week.

Betty Gean of Calgary spent the week end at the home of her parents.

In elections held last Friday members of the students union elected the following officers for the coming year:

Vice president — Barb MacDonald; secretary treasurer Robert Wright; social convener Velma Bell; boys sports convener Jack Brooks, girls sports convener Joan Hall. Three student leaders Tony Beake Vivian and Viola Hamm were also elected as orchestration, as was Jack Simons, boys sports.

The student officers for the term this year were Mary Buck Bruce Rutherford and Lloyd Bowden.

Program with Speaker

A small program was put on last Thursday at which numerous items were given. Miss Abelson gave two Alto features on the piano while Mary the recording of Beethoven's last year's outstanding students to Fred Buck a play "The Fatal Quest" characters class last year by Eileen Buchanan and Mrs. Ross.

The play was a comic tragedy entitled The Fatal Quest, a story in which a princess falls in love with a duke against her parent's wishes. The story ends with everyone falling dead.

Miss Tutin, formerly with the Toronto Conservatory, rendered the violin solo, "Minuet in G" by Beethoven, and Eileen Gulbranson sang "A Tree in the Meadow" and "Little White Lies."

The speeches were all recorded then year on the school's recording machine. As Mr. Patrick put it, "We can listen to ourselves and along about two months from now we can play them back to these people so that they will be reminded of their promises."

Have Short Wednesday

First social affair of the season, a "kick-off" dance is to be held next Wednesday evening. It was decided at an executive meeting Tuesday. This will be held to celebrate the opening of the rugby season when L.H.S. plays Ponoka on the afternoon. Ponoka also ... are being invited to this party too.

The Drill

First fire drill of the term provided a temporary relief to weary students last Monday morning. The school was emptied in a very short time after the first warning bell sounded.

Farmers and Income Tax

GOVERNMENT income tax inspectors, as they have been in other parts of Alberta recently, are now engaged in looking over books of farmers in this district. The new tax has been hard, and some farmers have been presented with bills on past unpaid income taxes amounting anywhere from $1 000 to $10,000 or more.

The point is, what is happening or going to happen to the man who can still not pay, through lack of cash? And how is the income realized a farmer with cattle business on the bank, going to pay a withholding bill on the stock? Many are known to have made loans on the basis just to have enough cash on hand to feed that stock for a long drought and, rarely either. The situation thus envisaged is to warrant the raising of a special meeting of farm and land taxes by the A.F.U.A.

The sense of hatred is not over the justification of business paying income tax; they should do so like everyone else but over the apparent objectives of some of the legislators under which the inspectors work. For example, the farmer must pay 6% has a interest on unpaid taxes, on current taxes and non-taxable charges. There is a further penalty of 25% for not being a citizen. In addition, the inspectors is within his right to ask for information on previous taxes and assessed 10 or 15 years ago, and the farmer is often at a loss to give such information accurately. The meeting deplored such a situation and urged the legality of supporters to check such as far as 1917 if they wished.

As one farmer put it, the government, contrary to all its talk to address, seemed to consider every income distributed until he proves himself honest. All his assets and his income are promptly to be subject to a high interest charge. But there is no penalty for the government employees, who because of errors accepted income tax returns based on records which are now non-existent.

The farmers are honest, poor bookkeepers, and it is a pity they should be subjected to a close examination more suitable of a court case. There is, of course, no question that the farmer shouldn't pay income tax. And in many ways, they have brought the present unsatisfactory situation on themselves by not paying income withholding tax before ten years ago. But is a government for the people" now willing to make a concession? It is a sorry mess and one which won't win the government more friends.

What University Means

UNIVERSITY of Alberta opens its doors this week for a new winter semester these 4,000 students will register and seek the benefits of a higher education.

Ever since the war's end, university enrolment has been on the increase. President R. Bowker's opening given at last fall's convocation provide an interesting contrast. Including summer and winter registrations, 2,700 students enrolled in 1947, as compared with 6,367 for the previous year and 2,377 in 1939-40. This tremendous expansion is due mainly to the government rehabilitation scheme which gives University training to returned ex-servicemen. The program provides a great opportunity for thousands of our veterans.

But the broader advantages to the country as a whole should not be overlooked. This spring, almost 800 graduates were capped at convocation—300 lawyers, doctors, dentists, engineers, pharmacists, nurses, teachers. They are mostly young men and women, free to spread their qualified talents throughout the province and expert surveys. Probably so many or more will graduate this year.

Some bewilderment, of course, bothers university-trained graduates are over-rated individuals with an over-dose of egotism. And there are some examples of rudimentary among new graduates to back up the claim. But they are usually the few who have found it impossible to fit themselves into the hard business world, and the exception should not to nod the multitude. The majority are able to make the difficult adjustment from the classroom to the business world and their attitude, influence is commercial life is considerable.

The University is a wonderful institution. However the way is the professor more kindly known as the "prof." It is his task to lead the student along the path of knowledge. The student may wander through the pleasant groves of the arts or choose some other path, pointing toward a professional career. No matter which the by-path there is one fixed direction—uplifting the mind and leading the way. The student never loses those qualities of high-minded purpose after he leaves the university.

There are facts we on the street see often for get. Its riches are intangible but meaningful and real just the same. When universities in all parts of Canada pour out thousands of new graduates year after year the country prospers and is the better for it. We hope university registration remains on a high level after the ex-servicemen rush spends itself.

Farming Notes

From the Provincial Department of Agriculture

Honey Grades

The quality of honey produced in Alberta varies but little from district to district but also from farm to farm. In order that the consumer may choose the kind of honey preferred, grade standards have been established. These standards are put into effect as of March 1st, 1948 most of the larger beekeepers adhere to them.

W. G. Lilliston, provincial apiarist, advises that honey is classified and covered by colour, as white, golden, amber, etc. dark. Most honey that is light in colour is mild, while dark honey is strong in flavour. Honey can therefore be purchased to suit the taste on the basis of colour.

Each class of honey is further divided in grades No. 1, 2 or 3. No. 1 honey is of best, that is low in moisture content and free from wax, dirt or other foreign material. Lower grade honey may be too high in moisture or be insufficiently strained.

No. 1 white honey is commonly considered the best and commands the top price. Most Alberta honey is white and also generally flavoured. This is characteristic of all honey produced from alfalfa, and the clovers. Alberta's principle honey plants.

Producers can maintain high quality honey by allowing it to ripen well before extracting. Honey is generally well ripened when it is thick, fairly free from capped. Careful straining to remove all wax particles is essential in purchasing a number 1 grade honey.

Weed Flavors in Milk

D. H. McCallum, Alberta's dairy commissioner, suggests precautions against weed flavours in milk and cream and consequent lower grades. During the next two months considerable good pasture for dairy cattle will be available on fenced stubble fields and the danger from tainted milk will be at its worst. To meet these conditions, he suggests three are a few suggestions that will help eliminate bad grades and income on cream shipments during the period.

1. Remove or leave all stray-tops from around threshing machine without before turning your milk cows onto the field.

2. Remove cows from most infested fields four or five hours before milking. The longer the interval the less possibility of tainted milk.

3. Milk each cow into an empty pail and determine by taste or smell if any cows are giving tainted milk such milk can be separated and collected in a different container or fed to livestock.

4. Check cooling of milk. Milk is one of the deviated separators before adding to the shipping can Often only the cream from the nights milking may be tainted, and the can be marketed in an other shipping can

Reflections of the Times

Bombed Out

Even in the sentiment days of the war none of us had any difficulty in completely remembering the expression "bombed-out building," but few can remember any suppression from the words "bombed-out mentally" a term now in general usage.

By "bombed-out mentally" writers do not mean the pitiful cases of nerve shattered civilians who collapsed immediately following any particular air raid or bombing. They refer, however to those who were in a bombing, or perhaps in several, who showed no effects at the time but a few years later developed into a bundle of twisted nerves.

Thousands of these cases, many of them without an inkling that they are casualties, are apparent throughout the London area and in a lesser degree among service personnel now returned to former civilian occupations on this side of the Atlantic.

Unfortunately little can be done for these delayed action victims. Their wounds can only be left to time for a total healing. Hardest part for the victims, it would seem, is the fact that the entire world is still in a far from-solid happy-go-lucky position.

From The Files of The Lacombe Globe

Five Years Ago

Harvesting of a good average crop is in progress. Threshing will be general by the middle of next week.

Sgt. Harry B. Anderson, formerly with the local repair material station staff who is now a Warrant Officer Air Gunner with the R.C.A.F. overseas was awarded the Distinguished Flying Medal, it is announced from Air Force headquarters. The citation read in part, "By his skilful captaincy, daring and great keenness, courage and devotion to duty."

A total of $715 is subscribed by local residents to the "Roll in Clean" fund

Ten Years Ago

Bob Todd, clerk at A.M. Campbell's grocery department for the past two years, is an honored guest at a social evening at Gull Lake, announced by the store staff. Bob leaves this week to take up a position with the South Sid. grocery at Edmonton.

Approximately 115,000 students of school have been shipped from local elevators this year with an estimated 50 000 still on elevator bins. The rush on new grain delivery is now past its peak, and Thursday is the driest in nearly completed.

The long spar at Gull Lake is being ripped down the work following a provincial government order condemning it as "dangerous and unsafe." It was built in 1920 at a cost of nearly $5,000.

Paper Dated March 9, 1895

"Buffalo Lake Wave" Outlines Life in the 90's

Where at come from we don't know But a hand-made copy of the "Buffalo Lake Wave" dated March 9 1895, was found resting comfy on the top desk of The Globe last week.

Maybe one of our customers left it by mistake or maybe it was brought purposely for perusal in any case it is an interesting document and serves to refresh, or enter again the old adage that the good old days were good days indeed.

Apparently there was no printing establishment in the district back in the 90's, and The Wave is penned in very neat hand-writing by an unknown editor.

A provincial election—and there were the usual crop of "wild cat" issues in 1895, if the paper is any criterion. But here are some quotes from The Wave to tell you something

It is now pretty to point to everyone, that is a very short growth of grass in the town of a general election. As to which party will get in, there is as much of the usual difference of opinion, but one can form an idea most from the present appearance of things (political, of course) and these point.)

What we most certainly want is four trade with Great Britain and the United States and that the most certainly, does not from the present government It is simply ridiculous to think of ourselves to hold on. that, it have it that the U.S. Leaders will with in their own. the Liberals of flooding [illegible] with their products.

It is a fact that most of the things that can be grown on this side of the water can be had on the other."

The election evidently passed off, but there were other items of local interest like

On Tuesday last, besides the political meeting, there was a much more interesting event, viz. a dance given by Mr. Bailey, which, if it did not quite hold the attention of some of our elections, went a great way towards it.

Dancing From 8 to 5.

The guests began to arrive shortly after 8 p.m. when dancing was immediately started to the most fascinating music supplied by Messrs. Bracken, Anderson and Quinn and with only a slight intermission was kept up until 5 a.m.

The gentlemen were early there were not more ladies present, but what they lost in numbers they certainly gained in style and beauty. And the best part of the evening was the entertainment of the engagement of Mr. Geo. Elliott to Miss Bailey.

The paper concludes with several short reports, some of which were

"That the snow is much too deep for much but not for dancing that the church is to be finished in the spring that it won't be a bit too soon that there will be three weddings in the district next summer, that Mr. Pat on won't look that he is busy getting out logs for a house good other light stabled on Bassett station as to whether it was accurate with a view to building enough to allow a light of the up the street. MacKenzie Bros. Awarded $100 in Court Case

A verdict was handed down on Tuesday in the non-jury sitting of the county court when MacKenzie Bros. Ltd. were awarded $100 against the defendant Thomas Peel of Bentley.

E. Franklin Harph of Red Deer was the representative for MacKenzie Bros. It appeared that Mr. Peel purchased the machine for the sum of $200 on subscription of an initial payment of $100 and the delivery of same to the farm. The terms of the contract on the chum that the bags had not been delivered.

His defendant produced receipts showing he had delivered and been paid for 50 bushels and a few bags but admitted that the $100 debt had not been deducted from the sum paid by him for the machine.

The court's judgment was that Mr. Peel should make good on the debt.

Frost in Weather Records

Frost-Free Autumn Boon to Late Harvest

Farmers in the district are generally aware of the favorable fall and late autumn which is helping to gather a good grain crop.

Weather records supplied over the week-end through the kindness of the local druggists, Mr. Bowerman and Mr. Lamb, show that the temperature has dipped below freezing only once during the month of September, when frost was registered on the 22nd. Temperatures of 32 degrees or less were recorded on three occasions, but these were taken through the thermometer placed on the ground. On the 21st of August the 22nd and on the 30th of August. Frost has the month a very pleasant one, long that every one will be happy.

Last week's crop reports have given cuts of figures in regard amount of mostly farmers can expect to harvest this fall. Lacombe and even more farmers are starting in a goodness of color and humidity.

Strangely enough, the hottest days of the year were recorded in August. The hottest day was right in this month on August 1, but it was a touch of 88 was recorded on the 15th of the same month. Cutout That was on Sep. tember 16.

The coldest day of the year was 37 also on August 24. This is cold for August, but not unusual. Hottest was on record is a little, the 101 degrees registered back on July 1, 1936. Coldest was 20 August was a scorching 38 on August 1, 1939.

These figures, incidentally are temperatures in the shade; some days are taken from a sweltering heat in the experimental station. Most other days relatively warm, but the temperatures in the months almost average. Mean temperature in July was that was 61.6 degrees, compared with 59.6 for the long-time average. Mean August average was 58.1, almost on the nose with the long-time average of 58.

Rainfall has been slightly above normal. July a relatively dry month brought 1.4 inches of rain this year well above the long-time mark of 2.25 inches. August rainfall was reversed, this year's mean being only 1.82 as against the long-time mark of 2.68 inches.

PROTEST GRADES

Farmers and elevator agents are protesting the grading of wheat which they consider unjustified.

Wednesday. A protest has been made to the Board of Grain Commissioners, together with eight seventh graded samples. The protest is backed that wheat weighing from 62 to 63 pounds per measured and bushel is being graded number two two when in the farmers' opinion, it is number one hard.

PERSONAL FAMILY NOTICES

Annual reunion of the Bercow family was held at the Bercow farm this month. There were about 35 members of the family present from Lacombe, Bentley and Innisfail and letters and telegrams were read from members of the family who could not be present.

No 'Perfect Temperature' But We Can Help

There is no such thing as the perfect temperature for absolute comfort, points out the Consumers Institute of plumbing and heating.

The proper temperature for the maximum amount of comfort varies with the season, the amount of moisture in the air, the extent of air movement and with different individuals.

With moderate humidity and slight air motion, however comfort lines can be set for summer and for winter which will satisfy more than 90% of individuals. A new will find "too hot" while another small number of individuals will feel "too cold." These persons should correct the difference with proper variations in clothing.

Allowing for the types of activities involved, the following temperatures are usually specified for winter conditions:

Schoolrooms	70-73 deg F
Gymnasiums	55-65 deg F
Assembly rooms	65-73 deg F
Dining rooms	65-70 deg F
Kitchens	65 deg F
Hospital wards	68 deg F
Operating rooms	70-80 deg F
Theatres	68-72 deg F
Homes	70-73 deg F

The summer comfort line is based on 78 degrees usually not to exceed F higher than those which apply in winter

THE PURSUIT OF HAPPINESS...

No man can enjoy a true life and true liberty, or pursue a genuine happiness, without first conceding the right of his fellow man to do the same. The extent of our enjoyment of these rights depends entirely on our unselfish willingness to keep our own pursuit of happiness from interfering with that of others. The moment the use of our own liberty restricts that of another . . . we are abusing the ideals our forefathers fought to maintain.

The House of Seagram believes that moderation is the key to the successful pursuit of happiness . . . moderation in our thinking, in our actions, and in our personal habits . . . moderation in all things.

Above the Mark of Reasonable Moderation Belongs

SUPPORT THE RED CROSS
RECREATIONAL CENTRE
EVERYBODY'S BUSINESS
by Don Graham

Would you like to experience one of the happiest most interesting days in your life — tomorrow?

You will if you make it a Thankful Day — a day during which you try to practice certain principles which result in more personal efficiency . . .

• For instance with people — everyone you meet during the day — make a decided effort to be kind and helpful. Try to be as considerate in each one, as you are appreciative of their good qualities.

On the job too, there are many things you can profitably try to develop your concentration, your self-confidence, your efficiency, your ability to visualize improvements that can be made on your behalf or work.

Even spare time recreation will be of more fun and refreshment of mental tone with doubled enthusiasm.

The end of such a day will be so much richer than you will want to continue such practice on the future . . .

• • •

Here's another secret of happier living. Provide a background of peace of mind for yourself and your loved ones through life insurance. It offers dependable protection against emergencies and provides means for conservation. . . .

The final all-sorts of things. But I've had more success with [illegible] than any thing else."

In Lacombe School Division

Rural School Registrations Show Little Change

School registrations in the Lacombe school division are about the same as last year, returns from 38 schools within the division show.

Total enrolment reported from these schools is 897, about 12 less than the approximate 909 reported as being in the same schools last year.

Registrations of the different schools with 1948 and 1947 figures listed for comparison, are:

Large Potato Is Dug Up in West of Bentley

Nels P. Swenson brought in a whopping big potato Monday which he dug up in the garden at his home 4 miles west of Bentley.

The monster has the following six potatoes measuring, when weighed, 4lbs. 4oz. Circumference 13½ inches. Length 7 inches. Diameter 3½ inches. It tips the scales at one even three pounds.

The spud should feed a couple of people a couple of times.

Cattle Vaccination To Be Made Here Against Bangs

Vaccination of cattle against bangs disease is again being offered by the M.D. of Lacombe. Vaccination will be done in November 15 to 30 and all farmers who have cattle to be vaccinated are asked to get in touch with the office by October 31.

Cattle, upon abortion (bangs disease) will be taken up and the farmer paid his market value. Vaccinations every year due to this disease can be left known by farmers of Alberta.

The disease is more serious amongst young cattle, where the farmer and his family are using the milk for human consumption of all the cattle it is possible for the farm to construct isolated pens from bangs infected cattle.

Local School Football Squad Holding Workouts

Lacombe's powerful school ring is squad supreme in central Alberta football circles for the past couple of years, have been holding regular workouts for two weeks.

This year they have two very capable coaches in Jack Allen, the lineman with the Edmonton of Alberta Golden Bears and Allan Avery, another new teacher here this year.

It appears, however, that competition will not be as keen in this sector of the province where Red Deer and Camrose, which provided the most opposition last season, will field junior teams this year according to reports. Red Deer has no field, and Camrose, although agreeing has been delayed because of the polio threat.

Ponoka and Wetaskiwin are rumored to have teams, and the locals are going to try to arrange a game for October 1.

To round out season's play Lacombe is seeking games with Innisfail teams. Arrangements have been made to play at least one game with Innisfail high, and a game with another Innisfail team, possibly a ladies' team here for November 11.

There have been 30 and more boys out at most of the practices. Three of last year's stalwarts Don Haworth, Al Chenoff and Ed Calkins, are back in uniform again. Some of the more promising candidates are Bob Thompson, Pat Brennan and Dixon Goode.

Also at practices here have been Jack Brooks, Colin Sim, Dan Grover, Jack Evans, Marvin Mitchell, Andy Eastwood, Ken Mitchell, Steve Brown, Don Bright, Walt Reeve, Jack Bibb, Jack Mac-Donald, Andy Eastwood, Ken Kasko, Gerald Winter, Lionel Busch, Charlie Taylor.

Definite information on Lacombe's lineup will be forthcoming after a few more practices. Right now it's building practice.

HOME GROWN WHEAT

The 1948 German wheat crop is expected to be about 135,000,000 bushels, grown on about 1,350,000 acres, according to the first official estimate. The comparison with 31,000,000 bushels last year.

THE LACOMBE GLOBE

Serving Districts of Clive, Bentley, Blackfalds, Tees, Alix, Morningside, Mirror, Chigwell, Joffre, Haynes

VOL XLIV – No. 51 LACOMBE, ALBERTA, THURSDAY, SEPTEMBER 30, 1948 Price—5 Cents

Some Good Grain Hauled Here By Local Farmers

As [illegible] the three local elevators some substantial heavy crops are continuing to light, indicating that the fact isn't as much top as the average harvest field.

The big wet spring was expected to be hurtful to the district's coarse field in the Central district west of town is not good. At Bentley to the west [illegible] Lacombe the crop is reported as being very good.

Here at the local elevators, for instance, last August Sherwood Brown reports that Walter Fiedler, Spruce Ridge district, has a beautiful O.A. barley crop. It yielded 70 bushels to the acre and graded 3 C.W. milling.

No. 1 Oats

Pte Wilson, Jim Douglas and Chalk Lasher have combined crops. Also, in the Arbuckle district northwest, also a field that graded the same No. 1 C.Western. It yielded 80 bushels to the acre, and weighed 43 pounds to the bushel. Charlie, in the Arbuckle district, got a yield of 65 bushels to the acre for five acres of Garnet wheat.

Sandy Peats Pioneer Grain Co. agent, also reports that Jos Wiseman, Hilton district, has the unusual crop of spring rye. Little spring rye is grown in this locality, but Joe's went 52 bushels to the acre and graded the top 2 C.W.

Farm Labor Shortage Acute, as Easterners Fail to Satisfy Demand

Although some 40 workers harvesters from Ontario and Quebec have arrived in the province to alleviate the acute farm labor shortage, local agricultural officials and Lloyd Rasmussen reports he has many requests on hand than he can possibly fill.

There are some 30 urgent requests for farm labor right now, and prospects for further calls of them appear very slim. Some 200 harvesters from the eastern provinces who will arrive in the district are here now.

There are reports, however that the situation will be helped somewhat by the arrival of some 1,000 harvesters from the Maritime provinces who are expected to arrive within a week.

Going wages for these harvesters have been set by the Provincial Department of Labour at $5.00 per day for stook work, and $7.00 for threshing. These are minimum wages, and can be increased by agreement between employer and employee, board and room, of course, is offered on top of the cash wages.

The decision government also in this annual task of harvesters from east to help out the western farmed rail fares. The cost is $55.00 and the workers pay $25.00 on their return journey. They will be going back east some time after October 15.

Redcombe Baby Succumbs Suddenly Last Friday Morning

Little Bonnie Theresa Redcombe two months old baby of Mr and Mrs. L. C. Redcombe who reside northwest of Lacombe, died suddenly on Friday morning. The infant hadn't appeared very ill, and the sudden passing was a shock.

Funeral services were held from Brown & Johnson's funeral home on Monday afternoon, Rev. R. P. Stanton conducted the short service, and burial was made at the local cemetery.

Besides his parents, the baby leaves one brother, Gerry, and also his grandparents.

Berlin Airlift Brings Aid to Citizens

To feed and fuel the 2,000,000 Germans city is not as the problem set Britain and the U.S. by the Russian blockade are very aware of the British efficiency as they tackle 60% of the net tonnage landed by the two Western powers in Germany's capital. Top RAF men have been guest Sunderland flying boat by hands after landing on Havel Lake near Berlin, in an experiment in using flying boats on the air lift. Right: German women go aboard an RAF transport on a return trip out.

Air Travel Speeds Cattle Business in Town

A garbest example of this fast living air age of ours came into the store on Tuesday when another member of the Lacombe United States, George in males of Manhattan, Montana landed his small plane in Lacombe, brought three to 1 600 beef cattle, and took off again for home, all in less than 24 hour's later.

The only contracted business the last way George also found was to pay a friendly postal call, and to meet several old friends. Mac Kenzie up for a short flip, and three very pleased but a very pleased students as well.

Mr Reuben landed his small plane from Nevada on a farm in Willie's farm field just on the eastern outskirts of Lacombe Mr Reuben has a ranch at 16 o'clock Tuesday morning, and was in time for dinner here at 2 p.m., after making stops at Lethbridge and Calgary enroute. Both have been and Mr Reuben hopped a few

Reg and Howard Landon and Sherry Thompson made up another group which had four hours in Wednesday. Dr. M. C. Nelson, Bishop Kemmerer, F. G. "Robbie" Robinson and Stan Mutch had a few hours between the three head of six each.

Lacombe have been reported very plentiful in the district, and they are fattening up now Bumpy Rock from the north haven't migrated in yet.

Lacombe Hunters Getting Nice Duck Shoots

It didn't take Lacombe hunters long to get in the limits when the duck shooting season opened last Saturday morning as reports of good sport are coming in from all over the district.

Jim Mabe, Roy Ramsay, Ken McCallum, Jim Lolliman, Vic Lee and Bill Lamont left at 6 a.m. on Saturday morning and didn't do so well. Eric Trodgett and Don Reeve have been out and have bagged a few

Reg and Howard Landon and Sherry Thompson made up another group which had four hours in Wednesday. Dr. M. C. Nelson, Bishop Kemmerer, F. G. "Robbie" Robinson and Stan Mutch had a few hours between the three head of six each.

Ducks have been reported very plentiful in the district, and they are fattening up now Bumpy Rock from the north haven't migrated in yet.

Receives $600 For Five-Acre Flax Crop

Move would you like to make $600 on a small five-acre patch of land?

G. H. M. Jacobsen did it this summer growing flax on his farm at the Northwood Lakeside of town.

Hauling in approximately 600 bushels of Redwing Linseed to a local elevator Tuesday, Mr. Jacobsen received $600 or $5. The yield was around 30 bushels to the acre, and the price was around C.W. the average price of $3.73 per bushel.

Quite a return for five acres, we'd say!

Funeral Service For Mrs. W. Green Conducted on Monday

Funeral rites for Mrs. William Green, 76, were conducted at Brown & Johnson's funeral home in Lacombe on Monday afternoon. She passed away after a long illness last Thursday morning while visiting her son, John, at Red Deer.

Rev. S. J. Waterman of Clive was the officiating clergyman. Pallbearers were the sons and some-in-law members of the family.

Following the service, the body was removed to Red Deer, and interment took place at the Red Deer cemetery.

Only last March, Mr. and Mrs. Green observed their golden wedding anniversary at their home in Lacombe.

They came here from Ontario many years ago, and moved to Alberta from Darlingford. They were married at Red Deer but after the death of a son-in-law moved to Lacombe to assist with their daughter.

She leaves to mourn her passing, five daughters, Mrs. Bert of Lacombe and Joins of Red Deer one daughter Mary (Mrs. F. J.) Dreyer of Beaver Valley, Sask. eight grandchildren, and three great grandchildren.

There is one surviving sister, Mrs. P. Post of Selkirk, Man. and five brothers. Dan, Sam and Jim, all of Brickdale, Man., Will of Winnipeg, and Ed of Selkirk

Back to University

ETHEL FRISKELL

JACK SIMPSON

Ethel Friskell and Jack Simpson are just two of a large number of young Lacombe girls and boys who are attending University this fall. Ethel is taking first-year Pharmacy and Jack first-year Law. Among other locals who have left for Edmonton are Mary Uins, graduate; Bob Markle, medicine; Reg Wilson, agriculture; Shirley Wilson, household economics; Harold Pryce, first year pharmacy; Preston Goode, medicine; Wayne McDougall, pharmacy; Jim Frizzell, chemical engineering; Elizabeth Russell, education; Jack Calkins, education; Enid Jones, education; Isobel Lesher, education.

In addition, four agricultural students who have spent the summer at the Lacombe demonstration experimental station, have returned to Edmonton. They are V. T. Jones, E. C. Lowe, D. S. Murdoch and John Stollen. Don Wiersma has gone to the United States where he is enrolled in medicine. Bob Gilmour is attending Mount Royal College at Calgary, taking a first-year petroleum engineering course before pursuing studies toward this degree in the United States. E. V. Titheridge, third-year agriculture student, has returned to the University of Manitoba.

A Thought For The Week . . .

What you are in the home, your out in the nation.

Approximate $60,000 Objective

M.R.C. Committee to Inaugurate Campaign For Funds October 11-23

A grand campaign for funds, with a minimum objective and [illegible] $60,000, will be launched in the Lacombe district during the period October 11 to October 23.

A three week drive will be a short one but intensified and the campaign is a difficult one. This month was decided on a meeting of general planning committee at the meeting held in the Lacombe Hotel.

Among those attending were Henry Payne Bob Paulson, Wm. Jackson, J.S. Mortimer, R.C. A. R. Petrich, D. McFadden, C. D. Williamson, M. Chisholm and on the line, 10 appointed committee responsible for certain [illegible] Dan Gordon, Archie Gray.

Other brief outlines of the coming campaign were suggested at the meeting, but the details will be filled in when other gentlemen are added this week and [illegible] to be completed.

The campaign will be conducted in the form of money token pledges in the form of post-dated checks. Every person will be asked all the way I am [illegible] cattle.

A goodwill [illegible] of the province, and of course the basis of the drive should be held when the [illegible] for shares which should be adopted, or a [illegible] basis.

It was finally decided that the local [illegible] should be the straight [illegible] basis of the last campaign, [illegible] the exemption [illegible] donation from some [illegible].

Lacombe and district citizens can expect the details of the [illegible] prospect next week and all will be asked to co-operate to the maximum of their ability.

In Town Office

Councillors Tackle Routine Matters At Regular Bi-Monthly Meeting

Routine business was [illegible] at Monday night's regular town council meeting, and no great [illegible] came up for discussion [illegible] a petition protesting the site of the municipal [illegible] was read at the meeting. The petition was signed by all residents who had formerly stated their objections, and constitutes a [illegible] ground.

The question was finally tabled by the first meeting when the full council is present (there [illegible] Wilson and councillors C. Dalziel and A. S. Ker were absent at the meeting).

Annual consideration of [illegible] accounts is being held at the Bellevue Hotel, Calgary on October 14, 15. It was decided to send as many councillors as possible should try to attend. Councillor F. W. Ferson and C. D. Williamson and they would not be able to go [illegible] Councillor Dr. Brooks and R. W. Burrows thought they could make the trip.

SIGNS Here

Communication from North western Utilities Ltd said they [illegible] to build an $8,000 to $10, 000 dwelling for one of the gas company employees. They were asked to buy two lots immediately north of Brown and Johnson funeral home on 52 street for that purpose and council seemed to be in favor of the deal.

Councillor Wehrenn reported a new curb [illegible] will be installed on 47 (Railway) street, now the Gas Co office before the [illegible] survey is laid on the highway. This will aid proper drainage on the street

LOCAL OLDS CLUB WILL MEET ON SUNDAY

First song meet of the Lacombe Olds club will be held Sunday evening at 8:45 p.m. at the [illegible] this week by Mrs. Wilton Sutherland conductor. Place of meeting will be in the small room in the old town office building opposite the fire hall.

It is hoped there will be a good turn out of at least twenty male members. Everybody who [illegible] sing a welcome

Assembly Dance Are "On" For the Coming Winter Season

Assembly club dances will be held again this year in the Central Alberta Pavilion.

The experimental station staff, through its executive committee, met with the local permission of G. E. DeLeg, superintendent, and with representatives from the running winter. The executive committee is headed by Fred Hall, A. T. Fredson, R. W. Knight, J. S. Simpson, W. D. Greenlaw and R. N. Dickson.

Dates for the dances this year will be November 26 December 10 January 28 February 25, February 11 and February 25

RED CROSS ANNUAL MEETING OCTOBER 12

Annual meeting of the Lacombe Branch Canadian Red Cross society, will be held above the Fire Hall on Tuesday, October 12, at 8 p.m. it was announced this week by president Wes Jackson. A number of important matters will be discussed at the meeting and new officers elected.

Lacombe Lads In Track Events At Edmonton Meet

Five Lacombe youths took part in the provincial track and field meet at Edmonton last Saturday, and won the 440-yard relay race.

Those entering the competition were Sandy Campbell, George Edwards, Robert Marcotte, Jim Newman and John Fedun. All won took part in the 75-yard dash, and Sandy Campbell was entered in a one yard at his best.

In the relay, Sandy, George, Robert and John teamed up in the relay race, and won the event.

Wedding Job at Machine Shop Causes Fire For Second Time

For the second time in three months, the Lacombe machine shop was damaged by fire Tuesday afternoon for a sudden blaze at the National Machine Shop on 50th Street, during a welding job.

The fire started when an overzealous welding a crack inside the shop got too [illegible] the gas tank [illegible] on fire. The gas tank [illegible] and a fire in the front end of the [illegible] was started. Damage was [illegible] here the [illegible] when another fire [illegible] the blazing [illegible] and [illegible] damage [illegible] a possible explosion.

Damage [illegible] the chemical hose on the truck and the fire was [illegible] by the time the fire trucks arrived. A warning was given before closed 14 Lacolds for the Machine Shop [illegible] on the same [illegible] job.

Satisfactory Progress On Construction of Memorial Center

Work at the memorial recreation center is [illegible] continues to progress [illegible] and [illegible] [illegible] will be [illegible] [illegible] [illegible]

MOVED TO NEW HOME

Mr. and Mrs. Ray Wilson of Edmonton were week end guests at the home of Mr. and Mrs. Harold Grant. Mr. and Mrs. Sherwood Chapman.

School Hi-Lites

by Robert Wright

Miss is really going to town this year in the Lacombe school. Besides the 12 Grades, there are 2 of kindergarten and music is kept rotated. Also is doing a great deal of work outside classes, and she is well qualified for the job, having spent 2 years at Toronto where she played in the Toronto Symphony Orchestra, under Sir Ernest MacMillan.

Violin and piano lessons are also being given to those interested in the violin section there are twelve beginners and five advanced and encouraging that this group class is made up of four who are either just beginning or have been taught privately. Miss Tuffs began to have some more violin lessons, but she is not anxious to teach any more piano lessons.

Opening in Spring

Mrs. Fred Whitaker of Calgary left for her home Friday after a week end visit with Mrs. R. J. Peck.

Mr. Murray MacKenzie left Sunday for Lethbridge where he plans to join the Notre Dame hockey team Murray was a member of the champion team last year with Lacombe's intermediate Buffaloes.

Mrs. Andrew Anderson left for her home in Saskatoon on Sunday's week end with Mr. and Mrs. C. D. Merkle.

Mr. Jos Grand left on Wednesday of last week for Jervis, where he will spend two weeks visiting Mr. and Mrs. Dave Shaw

Mr. and Mrs. Wm Howe and family left Monday for Vancouver where they will take up residence.

WHAT A BREAK! It's the same Superb Manufacture and Coffee blend in either the Super-Vacuum Tin (Drip or Regular Grind) or the Convenient-Sized Bag (All Purpose Grind).

How About Some Letters?

LETTERS to the Editor have been a subject for editorial comment in these columns before. We have urged more letters from readers on timely subjects of local or world-wide interest, whether they be pro or con or otherwise, or flowers and congratulations. Yet our readers seem to be strangely lacking in the old-fashioned task of composing letters. Why? Is it because they have no ideas to express? Is it because they are lacking in literary ability or merely shy and retiring? Because they are afraid to state their views and see it in print? The answer is hard to fathom. Other papers seem don't seem to have the same trouble.

What prompts these comments was the receipt this week of two letters, both signed anonymously, without the signature of the writer. One bears the rather a top-topper" the other employs "L. C." Now both these letters are good ones, on topics of general interest to the town. But we cannot vote them our policy which calls for the signature of all letters sent to the editor for publication. These communications will not be printed without the writer's name and address. This is a general rule sometimes under the circumstances, from the opinions of this editor there are exceptions. If we see a letter which we know who they are, we then their very worthwhile communication be pub-lished need identify?

While we are on the subject, it would be most encouraging to see more letters coming to The Globe. A few interesting ones arrived last month during the height of the provincial election, showing that it can be done. How about those interest has resulted in the editorial which have raised the ire of many farmers in the district? Surely farmers have a few ideas they would like to express in our letters' coln into open to everyone. What about the memorial recreation centre, the sidewalk programs, the fall wheat labor shortage, any of a host of different subject? Come on, public! Let's have a real open forum!

-:-

Berlin and the U.N.

THE [illegible] of Britain and the United States to place the entire question of the Berlin blockade on the U.N. table is just another piece of irony in the tragic circumstances surrounding the fate of the German capital. Russia has made the position of the Western powers in Berlin most uncomfortable by their refusal to allow ground transportation to pass through their zone from the west, to the east to Berlin. The Western powers have been forced to the air to bring in tons of foodstuffs, coal, and other supplies necessary for the bare existence of persons in three sectors of Berlin. Diplomatic talks on the highest level between Prance, Britain, the United States, and Russia have failed to break the deadlock. Thus the Western powers are turning to place the Berlin crisis on the U.N. agenda.

The most that can be hoped for by this rather feeble counter measure is a re-affirmation of worldwide moral support for the Western powers. But beyond this questionable gain lies the unchanged grip of the Communists, representing our Eastern enemies and causing a host of fear and unity throughout Germany but throughout the world. The Soviet's struggle-hold may be released at any time of course there is no reason to hope for such a miracle as this is written but even if they do, we are on the side of the Israel" can well expect some ulterior motive behind a my sudden softening of Red policy. Russia has already shown she is not ready to bargain other than for her own advantage.

If or when the Berlin blockade is put before the U.N. its importance as a world force is preserve the peace will be exposed as never before. There have been heard many times before involving world problems of lesser importance dealt with by the U.N. but the life is at of the organization may cease altogether before this session is over. Observers are not dodging the possibility of Russia walking out of the conference after the world opinion is marshed against her on the open floor.

And if the Soviet does withdraw from the U.N. or a million armed the United Nations will be powerless to do. Other than [illegible] of Berlin by the Western powers has a veto right in security council deliberations, and only the security council can [illegible] action against an aggressor nation action against any state. We can be sure of a Russian veto on that score. Where movements of a great power are concerned therefore it is clear the U.N. is weak. It was made so by the charter. None of the so-called great powers, America and Britain included, are willing to surrender there sovereignty and be subject to their actions before a supreme world court. Yet the judgement of all nations, is a necessity that had we have if need be) before there can be peace on earth. No party genuinely leading his national gang, should have the power to veto or resist the final decision of the world rulers. Will it take another war and the use of the atom bomb, ten or twenty years hence, before great powers are willing to become citizens subject to world law and world order?

Farming Notes

(From the Provincial Department of Agriculture)

Grain Estimate Up

The estimate harvest of Saskatchewan area a rolly twenty one million eight eighty seventeen to eight ten thousand crop pros ra (crossed with the a light attention which started throughout the 400-45 crop year.

Last year last out-during production of oats and barley are 1945 as compared to and year the the 10 year average are shown below in thousands of bushels:

	1948 Estimate	1947 Actual	10-Year Average
Oat acreage	41	39	40
Oat production	468	370	450
Available Supply	555	409	488
Barley acreage	21	21	21
Barley production	169	141	164
Available Supply	171	170	169

Although potential supplies of oats and barley for 1948-49 are considerably below the abnormally high levels of war years, the available supplies are above that when a comparison is made with the pre-war pro ued.

The 1948 crop is more evenly distributed between Manitoba and Western Canada than was last year's crop. Ontario production is not large at 76,000,000 bushels as compare with the last year's live millions of 61.5 million. It is suggested that this evenly year Ontario will be a interest demand for western feed grains on the part of eastern feeders.

As a result of the improved supply position and the sharp decline in demand, exports from Canada there will likely be considerable quantities of coarse grains available for export during 1948-49.

Nitrogen as a Fertilizer

Canadian consumption of nitrogen fertilizer has increased from some 11,000 tons in 1940 to 27,000 tons in 1947 On a per-acre and crop acreage basis Canada still uses very little nitrogen as compared with some countries. About 90 per cent for soil dressing, mainly for leafy vegetable crops.

With the exception of 60,000 tons of ammonium phosphate, about 40 per cent of which is used in the west the three provinces of Manitoba, Saskatchewan, Alberta consume 70,000 tons.

The demand for 11-48 ammonium phosphate as the practice has increased rap idly and there is still a shortage of this fertilizer in Canada, as well as drill attachments for applying it.

Reflections of the Times

One Reason For Delinquency

Probably the main reason for the present high rate of juvenile delinquency is the attitude of many parents towards their children. Too many mothers and fathers unfortunately are too interested in their own hobbies and pleasures to spend much time with the children in their family. Consequently little joy or young fix have altogether too little guidance and altogether too much time to waste on the streets Rather than spend two or three evenings a week in the company of their friends, mother and father should endeavor to do a movie, play bridge or at around one group with friends Rather than have their children call them narrow minded or stick-in-the mud they allow them to stay out as late as they want, smoke and occasionally even drink at an early age, and in general act as if they were old enough to make up their own minds Model fathers

Is it therefore any wonder that many of these neglected youngsters stray from the straight and narrow path and occasionally are rowdy rude and clumsy they might have of interest in later life? The only wonder is that more parents do not wake up to their responsibilities and begin paying more attention to the needs of their children and less to the needs of themselves Certainly there are enough examples of children ruined by parental neglect for them to deserve and learn from the mistakes of others.

The Lethbridge Herald

From The Files of The Lacombe Globe

Five Years Ago

A public meeting is held in the town hall to discuss rehabilitation of returned men, whenever the war should end. A state of "preparedness" was the subject discussed.

Officers elected at the first meeting of the home and school association are Mrs H. B. Wilson, president, Mrs. E. Turner, vice-president, and Mrs. E. Greene Mrs J Gilmore and Rev L. W G Hosford

Dr F J Stewart has made quite a name for himself in fishing circles, following a trip to one of the B.C. interior fishing resorts he left at 8am returning the Nelson Ores club trout derby landing a 12 lb 9 oz beauty

Ten Years Ago

Annual meeting of C.G.I.T. groups is held, with the following group officers elected Eleanor Trott, president, Eileen Zoelle, vice-president, Gwen Cavanhill, secretary-treasurer Joyce Mitchell department representatives Lenders Iva Lee Mattbrough, Leanne Todd and Betty Stewart

A total of 1 102 entries were judged this week on a rural school exhibition of repository, woodwork, grain and vegetables Central school, under [illegible] Hutton, Principal, Miss Hutchison and five with 32 people Sub-ord by Arbordale 31, and Gleam Rose 18

Lot of students returning this week to the University of Alberta are Vera Sage Isobel MacKenzie, Dorothy Bascom, Mac Mathewson, Charles Mowat, Alvin Trott, Harry Leggett, and Bill Fraser

Fire Losses Third Lowest Within Province

Losses in fire loss during 1948 was the third lowest for Alberta in the entire province according to official figures released last week of Saskatchewan.

Five losses in town last year amounted to only $46.66 the report showed. This fire record was surpassed only by Edson, $25.00 and Brocket, $46.00

Lacombe was also third lowest in its loss per capita, at $1.00 losses to a person Edson, with a population of 1,871, and Brocket, 1,118 each had no losses amounted to save cents a person.

The large fire losses occurred in Lethbridge all but your of course, belong to long the rate down. The substantial a surveyed as a creditable one for Lacombe citizens generally, and also a credit to the local volunteer fire brigade in extinguishing five successfully when they did break out.

Penhold's fire loss in 1947 was $2,315, a heavy per capita rate of $2.10 for the 1,100 population of the town.

Bank Wins To Be Tougher, According to C.F.A.

Bad loans by unsecured cattle and grain areas to farm loss is the report that "in the next few days" much stronger bodied wire will go on the market. The Canadian Federation of Agriculture has sent a call here 25 per cent stronger than the present strength than the various grade.

Farmer and ranchers have been unable to obtain sufficient credit to meet pressing need "As a result of these complaints," says the Alberta Federation of Agriculture, "we have urged, through our national office, that the proper authorities of wire return to prewar standards even if it means a reduction in volume."

Early in the war years the Wartime Prices and Trade Board ordered a lighter bodied wire to be manufactured in order to save on the metal content. The order has been rescinded for some time but as steel remained in short supply the manufacturers did not return to pre-war standards.

"We are now informed that we can look for a much better product," says the C.F.A.

Looking Back...

(From the Files of Town Council Minutes)

40 Years Ago

Mayor H. M. Trimble, Councillors F Vickerson and J P Ross were nominated as Lacombe delegates to attend a convention of Alberta municipalities at Edmonton for the year 1908. Delegates were instructed to invite the convention to meet at Lacombe in 1908.

The secretary was asked to write the deputy attorney-general that the town council has no objection to hearing the town police cases in the town hall, but do object to the hall being used for criminal [illegible] court cases.

30 Years Ago

A debenture for raising $5,000 to purchase a generator for the electric power plant which was submitted to the ratepayers at a vote earlier this month, was passed. Returning officer H. E. Carruthers made known the result With the ratepayers' consent, the by-law was subsequently given third reading and sealed with the town seal.

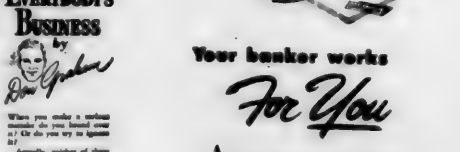
20 Years Ago

Council agreed to the sale to John Gregory of the North Bolton property situated on the Edmonton road. The authorization given him the right to move onto the said property the house in the purchased and the location of moving there

Chief of Police A. MacDonald was appointed inspector of chimneys, under by-law P. E. No. 4.

Everybody's Business

by Don Graham



Your banker works For You

As a depositor or borrower, you value privacy in money matters. Your banker protects that privacy. Your banking transactions are not open to the eye and ears of your competitor, your neighbour, your community.

In other words, the manager of your branch bank and his whole staff are working for you.

Continue this Canadian way with conditions in lands where freedom is denied — where every bank is a political tool, every banker a public official working for the State! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political interests.

School Hi-Lites

by Robert Wright

The term's first dance held in the school auditorium on Friday night, was loudly praised by all present. Although they are to have been ... each off during following the ... game with Ponoka, the spirit of those present were as high as ever. Supported by the ... members of the junior and senior ... Friday.

Approximately fifty students, teachers and others were in attendance to dance and sing to the music of L. H. S. orchestra. Every time ... seemed to ... short ... through the ... but ... dances was part of the evening's fun.

Student Councillors Elect

Elections of student officials are now finished for this year with the following school councillors ... Gordon Crutchfield, ... Ann ... and Ted ... day.

The new slate of officers ... cycle of ... president, Gordon Crutchfield; vice president, Ann ... secretary, Rosemary ... Jean Collins; Sports ... Ted ... Monday afternoon's ... ing to ... and voted ... Friday.

WEDDINGS

WEGNER—RAINER

A very pretty wedding was solemnized at St. Boniface Roman Catholic Church in Calgary, September 20, with Rev. Marshall officiating when Beatrice Alice, youngest daughter of Mr. and Mrs. Roy Rainer of Lacombe, was united in marriage to Robert Adelbert, youngest son of Mr. and Mrs. E. H. Wegner of Bentworth, Alberta.

The bride entered the church on the arm of her father, and looked charming in a sweet heart gown of midnight blue crepe with silver trim and gray accessories. She wore a corsage of gardenias.

Bridesmaid was Miss Patricia Ann Calgary. She wore a gown of gray crepe with green accessories and pink roses on corsage.

Mr. Max Rainer of Bashaw, Alberta was best man.

A reception for 50 guests followed at the Empress hotel. The young couple left later for a honeymoon in the mountains. They will reside in Calgary.

Patients at The Hospital

Among patients at the Lacombe municipal hospital this week are:

Shirley Ellerbeck, Lacombe; Mr. Eugene Van Meenhuyt, Tees; Mr. Ralph Lewis, Blackfalds; Mr. Archie Jacques, Mirror; Mrs. Lloyd Watt, Alix; Mrs. Carl Haunstad, Bentley; Mrs. Ali Hill, Lacombe; Mrs. Aden Campbell, Lacombe.

Miss Elizabeth Meyers, Lacombe, Mrs. Edward Olsen, Clive; Mrs. Ernest Hallberg, Lacombe; Mrs. W. R. Kent, Lacombe; Mrs. W. E. Hunt, Lacombe; Mrs. Wm. Beverley, Bentley; Mrs. C. A. Thorpe, Alix; Mrs. J. L. Beatty, Lacombe.

Mrs. Ken Adams, Lacombe; Mrs. Fred Rumsey, Lacombe; Mrs. H. Silvoch, Bentley; Mr. T. E. Patten, Mirror; Mrs. H. L. Morton and baby, Lacombe; Mrs. E. J. Desatoun and baby, Lacombe; Mrs. J. G. Ward and baby, Lacombe; Mrs. Harry Larsen and baby, Bentley.

VISITOR FROM OTTAWA

J. G. Herbert, assistant, division of animal husbandry with the department of agriculture at Ottawa, was a noted visitor at the local dominion experimental station Tuesday. Mr Herbert spent some time reviewing the new breeding program in Lacombe.

Coming Events

Shower For Mrs. Winslow, Nee Hazel Waud

Mrs. Gordie Shore and Mrs. Mervyn Angus were co-hostesses at a miscellaneous shower held recently at the home of Mrs. Waud as honor of Mrs. Royal Winslow, nee Hazel Waud. Mrs. Winslow before her marriage was a graduate of the Ponoka general hospital and the Royal Alexandra hospital in Edmonton, and nursed at the Lacombe hospital for several years.

Twenty-four ladies attended the shower. The evening being spent in contests after which the gifts were presented in a huge three-tiered wedding cake trimmed in white and small bouquets of ... roses.

Mrs. Winslow ... a gracious speech, thanked her friends for the gifts. A lovely lunch was served by the hostesses.

The M.R.C. Drive

On Monday starts the opening day of a concentrated two-week campaign to collect funds for the memorial recreation centre project. A sum to look for also but on both buildings on the scene, when they cost some $50,000, and a memorial fund which may run upwards of $50,000. That's a considerable sum of money to be collected by voluntary means. It can't take the one-time visitor hand drive, about as much as a financial stunt. That drive was a straight contribution, but it represents an investment also in the form of a health giving recreational centre that, in the minds of a growing town and district, it would be rather hard to date can be taken as being worthless. The campaign ought to be a successful one.

Like as two other points should be kept in mind. The entire memorial centre idea may come as a community enterprise, and it must pay for in a community effort. According to latest figures available, there is $20,000 in the memorial fund. Committee time has the $30,000 purchase price now — and that is raised. Only the contributions, in cash, assessed donated, must be objectives. Volunteer campaigners are going from door to door to try to make it a possible. Will you do your bit by donating all you can?

These Fall Days

It will be the time when the fruits of a growing season's season are harvested. Farmers are in their fields collecting the golden grain which represents hard but a bumpy year of, and money as a reward for the harvest's labors. Town folk are busy digging up potatoes and gathering the remains of the garden produce. Nature has again performed its annual rite. From a small seed planted in bleak loam in spring, a clash of moisture from the skies, a hot sun a few months of this range and a crop of ripened abundance unfolds itself.

Here we have reaped our harvest. The glorious colors of the flowers are fading, and it is time to uproot the plants. Piles of withered flowers and vegetable tops are being heaped in the incinerator. There is something a little sad about this short week you on the eve of Indian summer it seems the destruction of nature more depressing. It may be because the lifeless remains in the garden presage the end of a vigorous growing summer and the encroachment of the cold winter.

Still, many perennial plants remain deep are the hardy annuals. Mr. Chrysanthemums are fast blossoming but these days, bedecked here in crimson, there in reds, or yellows, or purples. There is that fall tang in the air that makes us feel good, and exciting. We are a hardy, energetic people because of the healthful variations in the climate it may be 30 degrees above in July, 40 below in December. But of all seasons autumn challenges most strongly, perhaps, even in fresh beauty and grace. It isn't hard to understand why many say "We fall's the best time of all!"

It's Not a Bad Place

It isn't often we stop to consider the many benefits which come our way naturally. A recent news release from the Government of Alberta proved interesting, therefore, because it pointed out the many "firsts" owned by this province.

To mention a few which were brought out in the circular: water irrigation that is now practised on a water scale in Alberta than in any other province has been a great aid in making the province a leading producer on sugar beets and canning. About half of the Canadian sugar beet crop is now grown in Alberta. Two Alberta canning factories together boast a larger output than any other Canadian canners.

We have been hearing a lot about oil lately. There are unknown quantities of the so-called "black gold" in Alberta, so much still undiscovered and unexplored, perhaps, that resources may exceed the most optimistic hopes of the dry Al berta cash-starved years. Still, of the six thousand men's oil supply in the first six months of this year three wells are being sunk all the time and production is found to increase. An oil-bound Province would be a good Province indeed.

Alberta — Oil Bound It could become that if has been said that the province is virtually the only coal land. But you can export much of it to other provinces Why? Because we are also rich in natural gas. The ready supply is an encouragement for the development of new industries in Alberta.

As agriculturists, Albertans are prominent Alberta farmers have won a number of world championships in international grain shows. In the department of course central Alberta farmers' cattle and the present holder of the "Wheat King" title belongs to a farmer residing just south of Red Deer. As livestock breeders Albertans are among [illegible]

We could go on but sufficient has been said to show how fortunate we in this province are. We are this not boastfully for the thought is simply borne out by fact. As a parting shot, we might add statistics: prove Alberta has more head of cattle per year than any other province in Canada. Just count the blessings!

Farming Notes

From the Provincial Department of Agriculture

Red Thatcher Wheat

Considerable correspondence is reaching the Junction entailed, Dr. C. S. Crocker about the variety of mixed farmers as Red Thatcher, regarding that many claims in regard to the growth, productivity, harvest and quality of the wheat is being circulated to find the facts. This is briefly explained with its characteristics.

In order to test the variety thoroughly, the Dominion Field Seed Branch distributed 1,000 lbs. for three years. Included in the last month of experimentation at numerous points in Canada on the leading rust resistant hybrids and varieties and standard wheats. From reports on these thoroughly trials, the following facts have been learned:

Red Thatcher appears to be satisfactory enough that its physical characteristics are delivered from Marquis and Thatcher it has a smoother, plumper and larger kernel appearance. Red Thatcher matures about two days earlier than Marquis. The plants are about two inches taller and with slightly weaker straw about equal in resistance to other rust, lower smut, lowest smudge, black chaff and rust rot, somewhat less susceptible to leaf rust and loose. In maturity it does not shell out and does lodge and maintain with Marquis. In two of the three years of testing comparable samples of Red Thatcher and other varieties, Red Thatcher had slightly lower baking strength than Marquis and was loaded by Canada Western Red Spring grades strength than Thatcher. As a result of these findings, the decision was that as Red Thatcher was somewhat easier to harvest distinguishable in milling in volume and easterly to Thatcher.

Red Thatcher has not been licensed and therefore cannot be legally sold or used under the terms of Red Thatcher without further under the provisions of the Seeds Act.

Fall Care Of Forage Crops

J. R. Birdwell, supervisor of crop improvement, advises that the maximum benefit from crops and particular attention in the fall. Reports of the damage of hay lands during the last three years and planted last spring, could have been cut to cut-damage will little damage, but nothing but poor is likely to result from such tillage.

New stands of forage crops should never be pastured in the first year. Young plants are not anchored firmly enough to stand that kind of treatment. Even when a stand is well established, as in the second or succeeding years, close pasturing in the fall before frost up may result in winter killing. When established to grass or to the field plants clean up food for winter. Pastoring after frosts up will not affect the winter hardiness of the stand but removal of the top growth may of course result in less cover.

Reflections of the Times

Peace River "Friendship" Train

Many of the touring party will come to the Peace River Country for the first time, out of curiosity, no doubt, but many of those coming this area has made the headliner. Others, who have been here before will note with interest developments that has taken place, there but that will better roads, better here and town homes and industries of a greater improvement. Of course, [illegible] It is a far cry from the homestead days of not so many years ago with only wagon trails for roads, small log dwellings and little land under cultivation. It is encouraging people to the present day ambassador-builders who live here, many of fine homes, modern schools, churches and hospitals and the evidences on all sides of the progressive and a happy and successful people.

This is a big, new country and that carries an appeal to the railway lines and town improvers in a small percentage of the people. Probably the Peace River's fertile soil has been widely published, but the size of the Peace River Country, considering as it does enormous potentialities, does not seem to be reasonably appreciated even in other parts of our own province. It must be seen to be appreciated as to the possibilities here and the needs for future development.

Peace River Gazette

From The Files of The Lacombe Globe

Five Years Ago

Private Howard Webster of the Canadian Army has arrived safely overseas, according to word received here by his parents, Mr and Mrs. Leroy Webster.

Business places in Lacombe, in a petition circulated throughout town, approved the closing of all stores on Wednesday afternoons, early, regardless of whether or not there was a holiday on any other day in the week.

Ducks are very plentiful in the district, but a serious shortage of shells exists. Most sportsmen supplies are being diverted toward the war effort, and there won't be too many duck shoots in these parts this fall.

Ten Years Ago

Mayor E. R. Jones, K.C. will leave Lacombe this month and take up duties as police magistrate at Camrose. G. G. B. Gore Hickman of Red Deer will succeed Mr. Jones here.

Art Cotterill was elected president of the senior young people's group at the organization meeting. Other officers are Miss Dorothy Carter, Miss Jessie Pirnell and Mrs. M. L. Writers. Arrangements for the first dance were left in charge of Lou Douglas.

Temperatures took a decided drop on October opened, late September temperatures staying at 74, 71 and 77, early October maximums falling to [illegible]

Letters To The Editor

Letters to the editor should be brief, legibly written, and must be signed by the author. Name will be withheld on request. The Globe reserves the right to condense or edit letters submitted.

October 5, 1948

Editor,
Lacombe Globe,
Dear Sir:

I have indeed the letters last week, and here's one if you'd print it.

What has happened to our town and district school here? This spring we were going to have a "Show of Shows" Spring Festival and were starting on it and haven't heard about it for several months.

If the school board isn't dead, they're sick, and if they're sick, they're dying, why don't we send them what they are doing in the paper?

A Parent

Lacombe, Alta.
Sept. 30, 1948

Editor,
Lacombe Globe,
Dear Sir:

I am sure that we parents are very much interested in the progress to learn respect for law and democracy can exist unless its citizens show respect for law and order. Democracy can exist unless its citizens show respect for law and order by their legally elected representatives. Can we call them our children and leave.

I do not think it was, however, entirely possible that a wife upon handed for breach of bond by her husband should have their names and crimes published in the local press. It just isn't good psychology.

I would like to hear an expression of opinion from others on this matter.

Yours truly
(Mrs.) Helen G. Sherman

Looking Back...

(From the Files of Town Council Minutes)

40 Years Ago

It was moved that less culverts be purchased by the Province of Alberta where necessary for the construction of roads, and that more timber range removing anywhere in the town.

The secretary was instructed to write the Government of Alberta to request them to have a mounted on policeman stationed here.

30 Years Ago

Proprietors of the different towns will be notified to remove the [illegible] fence in front of [illegible] their shares on the streets on or before October 15 1918. Otherwise, the town will have the posts removed.

The Fall Fair Board meeting, October was authorized to remove any old fences around the plots in the cemetery.

20 Years Ago

Chief of Police is to be instructed to see that provisions of the [illegible] by-law covering building permits are carried out in Lacombe.

It was unanimously agreed that he should list and report all building and alteration work going on at town, so that proper application is made for permits as outlined in the building by law.

Mirror and District News

HERALD Aggressive!

150 members of the Masonic lodge gathered in Mirror from all parts of the province, including Cochrane, Ironside, Calgary, Lacombe, Dalhousie, Three Hills and Stettler last Friday when the Masonic Lodge in Mirror was presented with their charter. W.M.C. Cavanaugh of Edson was present as well as W.J. Hulse of Bow. Brantford Master Mr. Herb at the age of 83, is one of the oldest members in the province.

Mr. and Mrs. Glen Hunsch of Red Deer are visiting Mrs. Edwards's parents, Mr. and Mrs. A. C. Lotz.

Mr. and Mrs. Bob Webster, previously of Calgary, are now located from Innisfail to Mirror.

Added security of the young friends of Miss Violet Whitfield gathered at her home half at a recent shower held in her honor. She is to be married to Lorne Shackleton of Edmonton soon.

Mrs. A. B. McMillan has left for a visit to Vancouver.

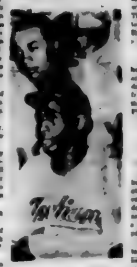
Mrs. Bell has disposed of her cattle and cream, quota and truck and with her mother, Mrs. F. Keogh.

Mrs. A. Ledrey is a patient in the Red Deer hospital.

Mrs. Jim McClelland of Vermilion is a guest at the home of Mrs. L. L. Bay.

Mr. and Mrs. Cecil Cavanaugh at Bowden are spending a few days visiting friends and relatives here.

Mrs. Ben McArmond and family have left for Edson, where they are making their new home.



Of Satch

At 49 the chances, Satchel Paige veteran negro ball hurler, has crashed the majors in a Cleveland uniform. Here is a youngster pitch-ing at a "page" 30 years ago, but a box on colored players in the big leagues kept him from star-dom. He'll ideally see action in the World Series this week end when between the Indians and Boston Braves.

Mountain Grove News

MOUNTAIN GROVE Mrs. H. Bredesh visited with Mrs. Roy Kestel for a day last week.

C. Marshall is recovering many congratulations on becoming a mem-bahr at last with a paper announcing a new arrival.

Mr. and Mrs. John Bee and family were visitors at the home of parents at the home of Mr. and Mrs. Eric Bee.

Mrs. E. Jones, Mrs. J. A. Grove and Allen from Wabb, Miss Phyllis Grove and John Langston from Edmonton were Sunday callers at the home of Mr. and Mrs. C. Blackmore.

Mr. and Mrs. M. Wilson and Mrs. [illegible] Hutchinson and Mrs. Eva Beasley were dinner guests at the home of Mr. and Mrs. V. [illegible]

Mr. and Mrs. J. Hunt were business visitors at the home of Mr. and Mrs. J. Bee.

Mr. and Mrs. S. Chisholm spent Sunday with Mr. and Mrs. Guy [illegible]

Miss V. Hoover spent Sunday with her grandparents, Mr. and Mrs. [illegible]

FOOD AND FUN

The picnic basket is really a favorite with us and there thought should be given to supply foods necessary to round out the day's essential food. Sandwiches There words for the well planned picnic basket are : A fresh fruit or vegetable 1 flavor form of protein food, such as meat, fish, eggs or cheese 3 milk in some form for [illegible] and sweets.

School Patrols Good Check on Careless Motorist

Many schools in Alberta will have safety patrols in operation for the new school term according to officials of the Alberta Motor Association.

During last term, these patrols had an excellent record. In many centres, there was not a motor vehicle accident reported in districts where patrols were in operation.

Motorists have been quick to give the patrols full co-operation.

The patrols, wearing the A.M.A. sash, are on duty in an find small groups of children gone over the intersections near schools safely before going to or from school. They are enthusiastic in their work and realize their responsibilities.

The fall, it is expected that new patrols will be functioning as the movement is supported in the movement and its primary objective of protecting pupils from being injured in motor accidents.

Western Board Music Recital at Red Deer, Oct 13

A western board of music recital is to be given by the award winners of the Red Deer district at the United Church in Red Deer on Wednesday, October 13 at 8.15 p.m.

Young musicians from Bromhead, Red Coulee, Mirror, Innisfail, Bonnilla, Penhold, Red Deer, and Edmonton will be taking part. In addition, honorary, prizes, and medals will be presented to the successful candidates. The recital is open to the public, and a general invitation is extended to all to attend to encourage these and their parents and relatives, teachers and dances of prizes.

Mr. Richard Macdonald, co-ordinator of outboard activities in the department of economic affairs, will act as chairman, and Mr. Elie Durod Dye, minister of agriculture, will present the awards in his capacity as guest speaker for the evening.

Red Deer music teachers are organizing the recital.

"Old at 40, 50, 60?" —Man, You're Crazy

Tees

THIS Mr. and Mrs. A. W. Ardley of Calgary made brief calls on friends last week end, while in the district on business. They recently returned from Ottawa and other points in the East where they holidayed for a few weeks.

Missionary Pictures Coin

En route from Ontario to their home in White Rock, B.C. Mr. and Mrs. A. S. Robertson and daughter Maxine of Hamilton, Ont. called on friends in the district over the week end. Mr. Robertson is a missionary on furlough.

Miss Evelyn Clegg of Grande

Woody Nook

WOODY NOOK Word has been received from Mrs. Perrin of Independence Oregon. She is enjoying a great visit with her daughter and family. She is amazed at all the fruit out there, a great deal of which is never picked.

Mr. and Mrs. E. Harding entertained Mr. and Mrs. J. Amundsen and family to delicious chick on supper Sunday evening.

Mr. and Mrs. W. Bottscher of Penny (Penace River) were recent visitors to Woody Nook over the week end. Mr. and Mrs. Reid and Mrs. Reid are the latest newly married couple of this district several years ago.

Central

CENTRAL Mr. [illegible] and Mrs. [illegible] Central [illegible] Mrs. Wm. [illegible] Mr. and Mrs. Jack Fraser [illegible] Mr. [illegible]

Mr. and Mrs. Jack Fraser were Sunday visitors at Cecil Rudd's.

Mrs. A. Crowell and Beverley visited Mrs. Roy Hand on Friday.

The school children were dismissed from 16 to 21 pupils.

Mr. and Mrs. Bill Logan and family of Three Hills and Mrs. L. R. Logan of Penhold were at the home of Bd Logan's recently.

What this new "Security Plan" will do for him

The Mutual Life of Canada's Security Plan enables you to meet your family's requirements at a very early age, and at a low cost.

Premiums starts at $1.00 a month, increasing annually at $1.00, to end of grading age on $7,000, at age 70. If desired, premiums may be discontinued when the child has the investment and life policy may be continued without further payment. Or, if desired, premiums may be paid to age 65 or 60, when a guaranteed cash value is available. Full information regarding this and other Mutual Life insurance needs, and dividends now paid annually to children, and a Mutual representative to serve you at this home.

"It all started with a little toy steam shovel—or was he a Jew cranker?"

ALIX

ALIX Mrs. C. Thorpe is a patient in the Lacombe hospital.

Mrs. Thorpe was taken ill while out at the home of Mrs. A. C. Fletcher Sunday.

Mrs. Thorpe who fell from a ladder injuring her leg, is recovering rapidly at her home here.

Central

(Compiled by the school students)

CENTRAL Mr. and Mrs. Keith Bland were visitors on Sunday at the P. Dumonts near Gull Lake.

Mr. and Mrs. Walter Gallant were at the Frank Bowman home at Bentley.

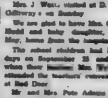
Miss Betty Lyn of Vancouver, B.C., is visiting at H. Flewelling's.

Mrs. J. West visited at D. McCaffrey's on Sunday.

We are glad to have Mrs. Carl Bland and baby daughter, Mrs. Bland has returned from the hospital.

The school children had holiday on September 30 and October 1 when their teachers, Mr. Thorpe, attended the teachers' convention at Red Deer.

Mr. and Mrs. Pete Adams and children, Mr. and Mrs. Ed. Bland and Mrs. Kenneth Bland visited at the E. Dooley home the latter part of the week.



Do you know why the saying nose is red? Why language is spoken first? Most political candidates are.

No, this is not a quiz! It is a way of suggesting that there are countless subjects to which most of us never explore.

Yet there are very satisfying rewards for those who explore beyond a mere knowledge of their own personalities. Apart altogether from the enrichment of the understanding and

Where to start? Perhaps the most useful subjects are those called Reference Books. You might study economics, psychology, history, or whatever else appeals to you and build up a library of books.

Such a program helps make you a more effective worker, a broader developed personality and a more interesting companion.

In any surprise you to learn that people in 64 different countries buy life insurance policies from Canadian companies—a fact which proves that Canadian men and women are the only people who have confidence in those companies and their efficient operation.

Teachers Gather At Red Deer For Convention Meet

Almost 650 teachers representing five urban districts and eight towns in central Alberta attended the annual educational conventions in Red Deer last week, Oct. 4 and 5. For the first time in many years, two days from Tuesday to Monday.

Delegates were present from Olds Lacombe Bentley Red Deer-Lacombe districts attended conventions Acadia, Stettler, Three Hills and were Stettler, Alix, Mayer Penhold, Innisfail, Bentley Red Deer Public, Red Deer Separate, Red Deer Normal. All teachers from the Lacombe district attended Wednesday.

A new experiment with conventions was undertaken this year when the delegates were split into 32 different groups for school round-table discussions.

Chief items on the agenda at the principal's table concerned various phases of education, curriculum, and advanced equipment and visual aids through the use of movie projectors.

Outstanding speakers addressed the delegates were Dr. W. D. Cohoe, superintendent of education at U.B.C.; Dr. W. D. McDougall, professor at the University of Alberta; Dr. A. Moore, principal normal school; Alberta Teachers' Association; and A. B. Hunter, director of curriculum for the provincial government.

Miss Hunter of Stettler also read all her more active teacher par ticipation in the convention, including Another dealt with all facets of the pressure schools for teachers.

Mr. Hunter's address was the two in C. Brooks, Alta. presi dent; S. Walton, Lacombe vice president; and Miss Ruth Kach bride, secretary. Track meet committee remarks of J. Allen Lacombe, Evan Kelly of Mayer and W. Corbett of Bentley, safety membership; Lacombe, E. Kelly of Mayer Lester McInnis of Bentley, H. Hagberg, of Bentley, and press correspondent, E. Bliss, Lacombe.

Masonic Dance At Pavilion is Well Attended

Annual dance of the local Ba sonic Lodge A.F. & A.M. was well attended at the Central Alberta pavilion on Friday, September 30 when the dance was held earlier than usual this year everyone seemed to have a good time.

Tenderfoot from Red Deer were supplied with lunch which served at tables and chairs were placed for that purpose. In receiving line were Dr. and Mrs. W. A. Hersey, Mr. and Mrs. P. W. Pratt, Rev. and Mrs. Alan Cameron.

The interesting was on the occasion of a presentation to Dr. W. A. Hersey, Grand Master of the Masonic Lodge of Alberta. Mr. Jackson, on behalf of the local lodge, presented Dr. Hersey with a silver engraved tray.

Lions Hold Meeting Then Have Working Bee at M.R.C.

There was a large group of enough a ready looking Lions Club members at the regular dinner meeting of the club at the Lacombe Hotel Monday evening.

About thirty of the members turned out at three working bees and immediately following the morning went to the M.R.C. building where they went at until after 10 p.m. preparing them to use hundred bags of cement for the foundations of the arena section of the M.R.C.

President Russ Hollingsworth was in the chair for the meeting and during A report on the annual sports days given by Hector Cormack, city chairman of the event, who stated that quarrels for the games contest had been obtained from Red Deer Clive Rimbey Potter ton and Lacombe. Donors and prizes are now all lined up, and arrangements for the carnival are well advanced.

Other reports were given by Frank Adamson on the Lions' hamrick contest, and by C. D. Williamson, who reported that the district governor would attend a future night meeting of Smallwood Friday night. A resolution to Lacombe Lions to attend was extended to the Innisfail club.

Films were shown by Stewart Thompson chairman of the entertainment committee.

Wolfville

WOLFVILLE Threshing was again hailed due to rain on Tuesday morning. Just a few have all there crop threshed.

Mrs Betty Murray returned to the part of last week to stay at the Pesuda rental hospital after a month's vacation.

Ed Wren, who lives with Mr and Mrs W. S. Ogilvie until last Sunday, is now boarding with Mr and Mrs. Russ Avery.

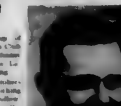
Mrs. O Thompson and Miss I Thompson of Vikings and Miss L Thompson of Calmar were two Sunday guests at the J. A. Archibald home.

Fire Threatens Farm

Whole Mr and Mrs Sam Tomchenuky were at Pesuda last Saturday a fire which was started across the road on a neighbor's piled by some youngsters threatened completely wipe out their farm buildings Fortunately some quick work on the part of Mrs. Tomchenuky, a neighbor saved the day and was able to check the blaze until other help arrived.

Dick Mason, who received a knee injury when his frightened team ran away while threshing, is now able to help at the John Grand farm, in the Pesuda district, and at the J. A and C Archibald farms.

New Lawyer



ROY McGREGOR, BA., LL.B

Entering into practice with his father, J. S. McGregor, K.C. is Roy McGregor, B.A., LL.B., LL.B. is late of the firm of Mc-Ewen Hall, K.C. of Edmonton with 1951 as he has practised since his return from overseas three years ago.

Born in Lacombe, Roy received his elementary education here and attended Upper Canada College for high school work.

After graduating matriculation he entered Arts and Law at the University of Alberta where he took a prominent part in campus politics and graduated with the degree of Bachelor of Arts. He then entered the University of Toronto for extra-curricular activities he graduated as class valedictorian.

Enlisting voluntarily in the R.C.A.F. he rose from the ranks to Flight Lieutenant, and served overseas until the end of the war. He was for a time attached to the occupied France as an escape officer, but his plane was shot down, but made a successful escape to resume his flying duties.

While overseas he married Miss Christena Scott of Harvick, Scotland. Mr and Mrs McGregor have one son Ian Wilson home here on 1st (Harcourt) street. Mrs McGregor and son Peter will take up residence here on the return of Mrs. McGregor.

Mr. and Mrs. McGregor are the parents of six children at present.

Majority of Britain's Food Comes From Canada

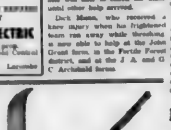
Canada has maintained her position as Britain's principal source of supply for foodstuffs. Of all the foodstuffs imported by Britain during the first six months of this year, 50.2 per cent came from Canada. This figure compares with 53.8 percent in the first half of last year and 51.1 per cent in 1946.

Eighty-two per cent of the wheat and flour imported by Britain in the first half of this year June 1948 was obtained from Canada, in addition to 18 per cent of the cheese, 73 per cent of the bacon, 49 per cent of the eggs and 66 per cent of the canned salmon.

Lack Protection Against Cold Cause Swine Loss

The aggressive swine troubles at the time of year are often attributed to a variety of causes, but A. J. Charnetski, livestock improvement provincial department of agriculture, suggests that the chief cause of sickness in swine during the fall and winter months is lack of protection against the cold damp weather.

He stresses the importance of providing well bedded, draught-free sleeping quarters. Hog barns and sheds with dampness all spaces in earth the floor, doors wide open at both ends, with little or no bedding. These are some of the things that offer an open invitation to sickness among swine. Sickness among fall litters is usually due to these causes, and the need for bedded floors and cool-free air must not, of course, be overlooked.



SYMBOLS OF SAFETY

When a fellow had to resort to gunsmoke days, the old-fashioned rifle was a symbol of safety to provided food, protection, security — and now land. Today, one of the most dependable symbols of safety is your local Treasury Branch.

IT'S A GOOD IDEA TO BE SURE!

A mother may have protected a gold dispenser a hundred years ago but there's a safer way to send money today. Draft, and Money Orders may be secured quickly at Treasury Branches. Inquire at the nearest one today.

Cobbs in Poultry Caused By The New Environment

For the past two or three weeks, letters have been arriving at the office of the provincial poultry commissioner, Edmonton, from poultry raisers throughout the province, asking for information regarding cobbs in poultry. The symptoms are the lesions, especially on the comb, which may be mistaken for an outbreak of fowl pox.

As a rule, pullets have been reared in open range shelters and they are accustomed to an almost unlimited amount of fresh air. In terms of our having housed the pullets we are concerned that they can neither be fattened nor brought to full maturity. The reason that when the pullets are placed in their new barns they do not have access to the fresh air to which they have been accustomed. After a few days of confinement, or maybe when they are crowded on the roosts and are higher than where the air is warmer than on the floor Pertibercosis the symptoms of green food that they had on the range is suddenly cut off. Give them plenty of fresh air a little extra green feed mornings and afternoons and keep mash, whole oats and wheat where before them at all times. If these precautions are taken, little or no trouble will be experienced.

With the turkeys, the situation is usually different. As a rule the growing turkeys from about two months of age are fed on their poultry with no themselves. Very few of our turkey flocks are receiving a balanced diet, and usually the pasture they have is of little if any value after the first month or so. Most losses with turkeys are due to Nutritional Roup or Vitamin A Deficiency.

Garden Slugs On the Increase Here This Year

A number of home gardeners in Lacombe have been battling slugs which have been attacking plants this year. According to reports, these garden slugs have been of more nuisance than usual this year, and have been very hard on many gardens in the district.

There no common method of control recovered from the department of agriculture on slugs.

Dr. Cameron stated As it is the garden gardens this year has resulted in a number of enquiries to the field crops office as to the best way to deal with this pest W. Lindsay, provincial entomologist of the provincial department of agriculture, advises that although some control may still be attained by scattering salt or dehydrated lime on the soil in the early days, this is now apply lime directly on the slugs. While the garden is damp or fresh and green, it can feed on the vines and leaves Later in the fall when the vines begin to taste, they get down into the roots and tubers. They are then harder to control, and there is always the danger of carrying them into the storage cellar where they will continue their attacks on the vegetables Mr Lafave suggests leveling the storage space before putting in roots and vegetables so that moths may then are no place present.

A remedy that has been used successfully for control of slugs in greenhouses is metaldehyde and bran mixture. This can be purchased at most seed stores, has also met with some success in the past. It is now to have a bad attraction for slugs, and the, will go out of their way to feed on it. For use mix with bran in the proportion stated on the container of bran, with small bran and three cut in the garden or on the floor of the root cellar

LEAVE FOR HOCKEY TRY OUT AT MEDICINE HAT

Two students from last year's Lacombe juvenile hockey team have left for Medicine Hat where they will try out for the Medicine Hat Tigers junior A hockey team. They are Don Hay left defenceman, and Bob Robinson centre forward, of Red Deer.

The Queen will be crowned Friday night and given regal pomp and glory Saturday. A parade to be held Saturday afternoon will be the climax event and fun, ang [illegible] Saturday Thursday's opening night will start off with a bang with the parade of chosen dam [illegible] Lacombe.

Annual Meets School Division Locale Next Month

Annual meetings for the five subdivisions within the Lacombe school division will take place early in November it was decided at the regular meeting of the divisional board on Wednesday of last week.

Dates for the annual meetings have been set as follows

Sub-Div 1 at Rimbey school, November 2, sub-division 4 at Woods School on November 3, sub-div 2 at Valley school on November 8, sub-division 3 at Lacombe (the hall) on November 9.

Representatives for trustees for division 1 and 4 will be nominated at the meetings W W Sim and Jack Rogers are the retiring trustees, and it is understood both will stand for office again if they are nominated.

New Schools

Some discussion took place over the proposed building of five new school houses in the division at some time next year Almost $20,000 has been put aside as a fund for building purposes to date It is estimated that schools will cost about $6,000 each.

No information was given as to when the buildings might be erected, or where they locations would be.

A report was given on attendance work done at Sunday Crest school The old barn has been removed and replaced with double doors, there is now a new painted board for the ceiling and walls and the windows of the school have been removed from the north side to the east.

Herman Olsen, the divisional repair man, has been doing the work with assistance from the local board.

Next board meeting will be held on December 1 in the secretary's office.

MODERN PHILOSOPHY NOW LIES ON STREET MIRE

Lacombe's 4th Street gained every businessman this week with the opening of Hargreaves' Radio Service new premises tomorrow and the formal opening of the Lacombe Dry Cleaners in their new building.

In the place of vacant lots and the old Chinese Laundry building on the corner two years ago Lacombe residents can now boast of modern buildings in this section of town with Radio Service exterior. West End Meat Market, Lacombe Dry Cleaners and Hargreaves Radio Service all housed in new quarters

CHINESE FIRE

Large Potato Is Dug Up in Clive Garden

The largest potato of a single [illegible] weighed by these pounds up until Leslie Wentz of Clive, a mammoth specimen in his garden from which [illegible] was saved

The White Rose variety, the huge spud almost broke the scales measuring the full circumference, as the carry lines

It weighs no less than 4½ pounds, is a gargantuan, ill proportioned and ugly looking around That's quite a potato, Mr Wentz said as the Globe reporter and he will be see has the head few days.

Car Accident at Highway Crossing Involves Bentley Man

Two motor vehicles were damaged but no one was hurt in an accident on Tuesday of last week at the dangerous intersection between 50 (Bentley) avenue and 54 street in E. Bentley.

The drivers were R H Wyse Bentley operating a Chevrolet sedan and Mrs. Martin, of Clive.

His wife, the former Esther Maurice Bloomfield, predeceased him in 1931. He leaves one daughter, Daphne Esther of Calgary and one son, Harry Roger, on the farm at Mirror

Also surviving are four sisters Mrs. Jessie Emily and Adele, all of Torquay, Devonshire, Eng., and Mrs Peter Southwell of Suffolk, Eng., and Mrs Ethel Bowles of Russell, Sidney, Prod Peres and Kansas.

Former Old Time Resident Passes Away in Montana

Mrs. Lewis Brethouer time McLaughlan former old time resident of Lacombe district passed away last week at Whitefish, Montana, according to word received by her uncle and aunt. Mr and Mrs Charles Raymond here.

Mrs Brethouer left Lacombe in 1911 having lived here a number of years where her father ran a clothing and grocery business. She remained here for a number of years in Lacombe

Shareholders of the Lacombe Curlers Ltd will gather at the Lacombe curling rink office from the Lacombe Curling Club for the purpose of shares on the club.

It is the curling club's wish to buy these shares at 50 cents on the dollar, in view of depreciation of the rink over the years. If present shareholders no longer reside in this district, they have been asked to attend by proxy.

It is estimated about $6,500 to shares is outstanding. Plans of the club is to have present assistance members purchase the shares of the non-resident holders, if the majority of these presently holding the shares are agreeable to the terms.

Important Curling Meeting Slated For Next Monday Evening

A meeting of importance to curlers and curlers is scheduled for the evening at 8:00 p.m. in the Town Hall.

Shareholders of the Lacombe Curlers Ltd will gather at this meeting to consider an offer from the Lacombe Curling Club for the purchase of shares on the club.

It is the curling club's wish to buy these shares at 50 cents on the dollar, in view of depreciation of the rink over the years. If present shareholders no longer reside in this district, they have been asked to attend by proxy.

It is estimated about $6,500 to shares is outstanding. Plans of the club is to have present assistance members purchase the shares of the non-resident holders, if the majority of these presently holding the shares are agreeable to the terms.

Famous Mirror Horse Breeder, Archie Jacques Dies

An early settler on the Mirror district Archie Jacques passed away in the hospital here Tuesday at the age of 71

Funeral services were held in the Mirror Anglican Church [illegible] after which the body was taken to the Mirror cemetery for interment. Rev. Robertson officiated, and Brown and Johnson of Lacombe had charge of funeral arrangements.

Pallbearers, all old time farmers of the Mirror district, were Lloyd Ellis, Bill Lohmeier Jim Pilcher George Reid, Jim Carney and Roy Taylor

The late Mr Jacques was born in London, England, and came to Canada as a young man settling in south Alberta with a brother in 1888, and coming to Mirror in 1909

He was an outstanding pure bred horse breeder in the early days of the district, and many Suffolk horses from England Many of his animals won prizes at shows in Calgary and Edmonton. His farm was known far and wide as the Suffolk Horse Ranch

He leaves to mourn his passing a brother Charles of Alberta, also of Mirror, adjacent to the late farm.

Grapes Are Harvested in Lacombe Tropics

[illegible] are grapes in it's [illegible]

Not many persons consider Alberta to be an Italian or Mediterranean climate but a couple of residents who packed a crop of grapes last week have their own island.

They are J.M.C. Dunoon and C. C. Paint of the Spring Valley district from miles southwest of Lacombe who packed a good sized basketful of small dark grapes on the front page

The grapes, and of course are dark, variety that stand up well under the rather rough. They give a sour purple fruit and though very good to eat.

Fire Hazard at Church Hall Causes Cancellation of Dances

Dances at the Church Hall have been banned in the future, due to the alleged fire hazard in the building.

The regular Saturday night dance was interrupted when it was found a week ago Saturday by Chief of Police J. Carlyle, on a complaint from the provincial government.

The dance is resumed at the Church Hall, the Edmonton complaint at a meeting, where "safety fire regulations" have been complied in the building. Those are:

1. Two different exits, properly marked 2. safety bolts on the doors 3. availability of fire-fighting metal contents; 4. the prevention of fire hazards.

With these precautions, local authorities can re-apply by a Monday dance, the provincial government is told dances There instructions were conveyed in a letter signed by G. Stanley, Chief Inspector of Theatres.

The letter did not stipulate the same order applies to other public gatherings, but only to dances.

WEDDING ANNIVERSARIES

Mr and Mrs Bill Anderson, well-known Lacombe couple, observed their twelfth wedding anniversary here last Friday. Anniversary cake centred the table, Rose Dickson, and his wife, celebrated their third anniversary last Thursday.

Don't Fence Me In

Stray Horses Play "Peek-a-Boo"

Stray horses are no strangers to these parts these days.

L. E. E. Smith of Lacombe and Harry Veld of Penhold are still looking for a few of their horses which bolted at the Ponoka rodeo Monday evening and scattered throughout the country side

The horses, 60 head in all, were held in temporary corrals out on the Ponoka race track, and it was decided to start a stampede of their own. Led by a few vicious

M.R.C. Campaign Starts Rolling This Week

The memorial recreation centre financial drive with an objective of $50,000 moved into high gear this week, as canvassers prepared to blanket the district, asking for donations.

Details are not available yet, but canvassers have reported good response in their initial calls It is an ambitious project, and if there is any grit still remaining the drive in some cases will be over before canvassers go on the job.

Yesterday 600 house cards were handed to canvassers, each requesting them with the idea of the campaign, and how the money raised would be used.

A two-week drive has been planned, but whether it will be possible to get all returns in by October 29 to still problematic If not the drive campaign will continue on after that date.

Lacombe's proposed memorial recreation hall and ice arena would satisfy the demand for sports facilities and social activities Mr Cameron pointed out that a community service should also encourage healthy recreation like recreation, arts and crafts, craftsmanship, music

Lee Trehaven New President of Home-School Group

Lee Trehaven was elected president of the Lacombe home and school association, at the annual meeting held in the school auditorium Tuesday night.

Other officers elected were Mrs. Ed Wilson, vice-president; Mrs. C. Dalzell 2 W Burrows secretary.

The retiring executive presented its report, and Principal Mr. Hamilton gave an address.

A number of students, under the leadership of Miss E. Tufts, gave several musical renditions. At the close of the meeting, lunch was served.

UNDERGOING OPERATION

Mrs. Jack M. Kinley is in the Lacombe hospital at Calmar where she is undergoing an operation.

Town Council Meeting

"No Parking" Areas To Be Painted Here Soon

Lacombe will become a little more city and a little less town in a sort of hit-or-miss, not parking, across E. W. Burrows reported to Tuesday night's town council meeting that sidewalk curbs in the downtown areas will be painted in the near future, either yellow or white, where parking is prohibited The curbs will be painted from the [illegible] corners running from 15 feet to 30 feet and in [illegible] the words "no parking" will be painted on the curbs in the areas prescribed.

Councillors Burrows also reported that his [illegible] would light be installed on the four corners of the square where the new business men's association, the N. I. [illegible] are now [illegible] Lacombe.

A red police light will be placed atop a pole opposite Adamson Motors for approval by council. Lights [illegible] between the telephone office and local police. If a policeman on foot cannot be reached by phone, the operator can use the light and call the officer by radio.

Extra Help For Garbage

It was reported that cans or two [illegible] residents have overflowing their garbage is not being removed frequently enough Councillors decided to use two cans and a truck on garbage collections hallow for the present at least.

At the same time, it was pointed out that many citizens are removing their own garbage together contrary to the by-law Collectors have been instructed to leave no garbage Garden refuse must be burned and will be handled [illegible]

Two other [illegible] reported good response on their initial calls and canvassers have reported that they are still at work calling the drive in some cases before canvassers go on the job.

Yesterday 600 house cards were handed to canvassers, each requesting them with the idea of the campaign, and how the money raised would be used.

A two-week drive has been planned, but whether it will be possible to get all returns in by October 29 to still problematic If not the drive campaign will continue on after that date.

Lacombe's proposed memorial recreation hall and ice arena would satisfy the demand for sports facilities and social activities Mr Cameron pointed out that a community service should also encourage healthy recreation like recreation, arts and crafts, craftsmanship, music

Alix Man is Seriously Injured in Road Accident

Melvin Anderson, 53 year old farmer of the Alix district, was seriously injured in an accident on the Alix-Nevis section of the Blindman highway Wednesday morning.

He was rushed to the Blindman hospital several hours where his condition has been termed "very serious." No further news from further than high hopes. Investigation and search.

It is understood Mr Anderson was working in the fields when he noticed a team of horses coming up to talk with the man running a conveyorized manicuring machine. As he approached the grader, he was struck by a passing car, and hurled to the ground.

Mr Anderson works on the Alix district, and has been married some south-east of Alix. He is married, but has no children.

Will Hardsurface Highway Over Week End

Hard-surfacing of the new highway through town will be done this coming Saturday and Sunday, weather permitting, it is understood.

The hard topping crew completed paving the eight-mile stretch of highway between Blackfalds and Lacombe and Wednesday and Thursday of the C.P.R. on town last week.

Some days they have been [illegible] as much as a mile a day, but the highway will be ready for the hard surface.

Fire in Lacombe Hatchery Destroys Basement Does Little Damage

Late forenoon tumbled out of the sky over Lacombe on Tuesday morning to announce a fire call to the Lacombe Hatchery The smoulder fire in the basement of the hatchery where Alex Ellis has a work shop

Some smoke and chemicals were brought into play by the fire brigade The blaze apparently started from a short circuit in the wiring but the cause has not been [illegible]

Local Highlights In Brief . . .

Oregon Couple, Former Residents, Visit District

Two well known residents of Lacombe were visitors here last week for five days renewing old acquaintances and noting many changes in the countryside.

They were H. and Mrs. Clinton D. Smith of Union, Oregon, who arrived on a Wednesday of last week and remained until Saturday. They made a visit to Alberta in 1938, and have only made one visit since in 1935.

They visited Mrs. Smith's parents, Mr. and Mrs. Chas. Hall, who reside at College Heights. Mr. Smith also extended the reverends at Clive where his father and brother, Mr. and Mrs. Clint Smith, are interred. His deceased parents were homesteaders at Clive back in 1903.

Bentley District News

BENTLEY—Clifford Horgan and Theresa MacDonald of Red Deer visited over the week end at the Horgan home.

James Donohoe of Edmonton is visiting at the Holmes home.

Lance Beaumont of Edmonton spent the week end at his home here.

The Ladies Aid of the United Church held the last of a series of bingo sales at Witherow's store last week and realized $40. The ladies are very thankful for all those who have so generously donated bingo articles and helped to make these sales a success and added a good deal to their treasury.

Brown Wreckage Dead

Funeral services were held from the United Church, Bentley, on Tuesday, September 28, for Mrs. Charlotte Mae Blatz, who died in the hospital at Portland, Oregon, on the evening of September 18 when Dr. Rev. Dr. Lowell Shoup and Rev. Dr. Clive officiating. Interment was made in the new home.

Mr. and Mrs. M. Witherell have left Thursday on Edmonton where they visited Mr. Witherell's mother who is a patient in an Edmonton hospital.

L. McMillan has gone to Blairmore where he is relieving the manager at the creamery for two weeks.

Mr. and Mrs. Witherell spent the week end at the east coming from Edmonton.

Province Shoulder

Mrs. Sargent Sr. is a patient at the Bentley hospital after having the misfortune to fall and fracture her shoulder.

John Hopkins of Edmonton spent the week end at his home here.

Mr. and Mrs. J. Van Loost and son and Mr. and Mrs. G. Reitzel were Sunday visitors with Mr. and Mrs. O. Wynn at Lacombe.

Eileen Smith, who has been employed at H. S. Witherell's store for the past year, has left to spend some time at her home at Barrie. Mrs. Irene Adams of Bentley has been employed as clerk in the store.

Chigwell

CHIGWELL, Mr. D. Hunter, A. Brotherhood returned home last week after having been visiting.

Mrs. J. Peck, Mrs. R. Wandlen and Mrs. J. Winslow were visitors at Mrs. C. Hanmer's on Wednesday afternoon of last week.

D. Washburn is visiting at the home of Mrs. T. P. Vernon.

Pleasing entertainment was rendered by Chigwell school pupils Tuesday from Bentley.

Miss Gilbert, Gordon and Alice Vernon were visitors at the home of Mr. and Mrs. J. Vernon Sunday.

The Chigwell Ladies held their meeting at the home of Mrs. W. Winslow on Wednesday of last week.

Mr. and Mrs. Arthur Wilson and girls, Mr. and Mrs. Ward Wilson and daughter and Mr. and Mrs. Harley Wilson of Red Deer were visitors at the home of Mr. and Mrs. Gordon Burn.

Velma Hawbrothall, who is attending the University at Edmonton, spent the long week end at home.

In an hour of great need, a helpfulness, steadfastly through the darkness of the night hours deserves and confidence be passing sadness

To those who sorrow we has hope to be a source of strength to whom they can look with confidence in our shelter to guide them skilfully through the fade, happy of a loved one's life In the many details of preparation and service, may our Professional counsel and taste, be depended on to make Beauty and Dignity that civil be a Memorable Tribute

Mirror

MIRROR — Mrs. A. S. Gammon, Mrs. Charles Gammon and Mrs. Herbert visited old friends at Mayer for a few days recently.

Prior to be winging on Oct. 9 to Miss Jean Wheeler was given a shower on October 7 by her many friends in Mirror. The shower was held in the Town Hall and Miss Wheeler was given many beautiful gifts.

Mrs. Dorothy Cooper of Olds visited with Mrs. T. Johnson.

Mr. and Mrs. Vincent has purchased the Central Service Station formerly operated by T. Wetherston and Son, Lacombe.

Callers are visiting Mr. and Mrs. F. Stephenson.

Mrs. C. Sheridan of Clive is visiting her daughter Mrs. Bert Wilson.

Mr. and Mrs. H. Barton and Leslie were Edmonton visitors this week.

Mr. and Mrs. C. Vreeland spent the week end in Calgary.

The Rebekah's held the monthly meeting at the town hall on Wednesday. Plans for holding a bazaar were discussed.

The Barton line held their regular meeting in the town hall on Tuesday.

Mrs. Hutton has been visiting Mrs. Barton last week.

Mrs. Bert Wilson was a recent visitor to Edmonton.

Mrs. S. Tomlinson was a recent visitor to Edmonton.

School Institution

On Friday October 8, the high school pupils of Mirror were entertained one afternoon and evening by the "Freshies" of the year. For the party the "Freshies" dressed as girls and the girls were dressed as boys. After their initiation the party was proceeded through by the business section and ended up with a game of the visitors singing a new hall.

Brian Delaney and Stan Booth are the editors of the Mirror for the week end.

Miss Mitchell and Mrs. M. Sowle spent the long week end at East Coulee. Miss B. Bray is also vacationing in Three Hills.

Homecoming Will Attract Many U.A. Grads

Extensive plans, rapidly maturing, competition, protests an elaborate homecoming week end at the University of Alberta on Friday, Saturday and Sunday, October 15-17. Alumni from all parts of the dominion, as as other years celebrating their silver anniversary, although any and all graduates are cordially invited. Students unite in welcoming Elmer Hinton, and director of homecoming, and Mrs. Hinton, as hostesses, are sparing no effort to make that hotel cannot getting of graduates, the home be, if not better than, the beginning of 1948.

Following the procedent established last year, the Saturday afternoon program will include a colorful parade to Clarke Stadium presented by the celebrated Lions. Opposition for the highly-touted Golden Bears will be either the undefeated Calgary Stampeders or the University of Saskatchewan Huskies, near-Varsity opponents.

Those attending alumni will be informed by a program during the Saturday evening, at which officials including will be extended to all visitors.

Host entertaining of all sorts in the three day program will be a campus varsity show Friday night, October 15, in Con Hall, the formerly-famous Red and White artists of former years as well as present students of U. of A.

True enjoyment comes from activity of the mind and exercise of the body, the two are ever united.

ESSO
KEROSENE and IMPERIAL NAPHTHA
For Lamps and Lanterns.

The following letter from the Head Office of the Company has been sent to Mr. Colin Dalzell:
"It has been our policy from time to time to have our laboratory test Esso Kerosene and Imperial Naphtha. After careful analysis each time we have found that Esso Kerosene and Imperial Naphtha have all the qualities so essential in fuels that are to be used in Coleman lamps, lanterns, irons, stoves, blow torches, and other similar products. We highly recommend them for use in Coleman burners or gasoline appliances."
For complete satisfaction in your kerosene and naphtha appliances always use Esso Kerosene and Imperial Naphtha.

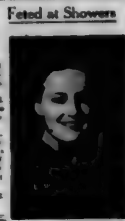
Feted at Showers



HOME SKILLS LUNCHEON

Wednesday noon at noon at a successful dessert Friday afternoon by the Home League at the home of Mrs. Llewelyn Vicks was the occasion of many useful gifts.

Another shower was held at the home of Mrs. Ed Tomalty, Monday night for Vicks.

Her marriage to Mr. Don Bullock of Lacombe takes place in Lacombe on October 23.

Patients at The Hospital

Among patients at the Lacombe municipal hospital this week are:

Sandra Yates, Lacombe, Charles Bone, Alta. Barbara Braithwaite, Lacombe, Mrs. Alphonse DeLeeuw, Joshaw, Mrs. Herbert Olson, Chigwell.

Mrs. Lee Lacombe; Mrs. F. G. Longwell, Lacombe; Mrs. R. J. Williams, Clive; Mrs. H. Erlewein, Blackfalds; Mrs. R. Wedlock and baby Rimbey, Mrs. Eric Overvoorde and baby Lacombe, Mrs. W. H. Hill, Clive.

Wolfville

WOLFVILLE, Mrs. M. Wren spent last week-end at the home of Mr. and Mrs. W. B. Ogilvie.

Mr. and Mrs. J. H. Tilquin and family, from the Dakota district were last Sunday guests of Mr. and Mrs. A. Auckland.

Recent guests and visitors of Mr. and Mrs. P. Thom included Mr. and Mrs. McGee, Miss Christine of the Lincoln district, Mrs. Art Lewis and children and Miss Marion Watson.

Mr. and Mrs. Thom motored to Edmonton last week-end where they were also have attention at hospital for Mr. Thom's eyes.

Mrs. A. Malcolm Passed

The Wolfville community and district club, which was to have entertained at the Thom home Tuesday afternoon, was postponed in order to allow some of their members to attend the funeral of the late Mrs. Albert Malcolm of the Grandmeadow district. The funeral was held on afternoon from the United church in Penhold. Mr. Malcolm had been a resident of the district for many years and was well known and respected by a large circle of friends.

Mrs. Wren and her pupils are preparing for a concert recital to entertain Halloween.

Mr. Wren was a visitor at the J. A. and G. C. Archibald home last Sunday.

We are truly grateful for the great weather we are and have been enjoying.

Social and Personal

AROUND THE TOWN

Mrs. Betty Talbot was a week-end visitor in Edmonton.

Mr. Harold Thompson of Medicine Hat, was a week-end visitor with Mr. Robert Wright.

Dr. and Mrs. F. D. Leake spent last week-end in Edmonton to bid farewell to the latter's aunt, Mrs. Ethel Chaffee who leaves for Scotland after several months' visit.

Olive Brown Feted Before Going to Calgary

A pleasant hour was spent on Friday evening when the band girls' telephone staff gathered at the banquet room of Lacombe Hotel to honor Miss Olive Brown who is leaving for Calgary after six years with the staff in Lacombe.

Olive has accepted a transfer to the Calgary staff of the Alberta government telephones.

During the evening, Miss Brown was presented with a corsage of red carnations by Marilyn Abbatecola and later Miss Jenny Pruzzi, on behalf of the staff, presented Olive with a Coffee-filled compact.

Doug Innes occupied the chair as Miss Brown, to which she ably responded, and wished her success in the "Big City."

Miss Marie Rosson at the piano added much to the evening with her music. Olive is better known to the girls as "Brownie," and every success will go with her to her new job in Calgary.

Mrs. A. M. Pruzzi was on Edmonton visitor during the week-end.

Mr. W. R. Wright and Mr. Albert Wright were week-end visitors to Oakland with their families. Mr. Wright is a patient in the hospital there.

Mrs. Douglas Innes visited her son and daughter-in-law, Mr. and Mrs. D. Innes of Edmonton last week.

Miss Flora Hilbert and Mr. Wilson Hilbert of Olds were Sunday visitors in Lacombe.

Mr. and Mrs. D. C. Rosson of Edmonton, spent the week-end at the home of Dr. and Mrs. G. C. Rosson.

Miss Lorna Mcllwaen, B.H., visited in Calgary over the week-end with her parents Mr. and Mrs. W. J. McIlwaen.

Miss Mary Ellen Armstrong spent last week-end at Calgary visiting friends.

Miss Jean Lee of Calgary was a week-end visitor at the home of her parents Rev. Dr. R. G. and Mrs. Lee.

Mr. and Mrs. W. P. Cranmer of Lacombe, B.C. spent the past two weeks as guests at the home of Mr. and Mrs. S. C. Abbott.

OCTOBER 21, 1948

Sheep Numbers Decrease

FIGURES released by the Dominion bureau of statistics over the week-end showed a doubtful and alarming drop in sheep numbers in the province up to June 1948. In 1947 the total number of sheep in Alberta is estimated at 615,000. This year the estimate had shrunk to 563,000.

This sudden, substantial decline must worry agriculturist's experts who watch such trends closely. Undoubtedly the main contributing factor must be the farmers' belief that it is more profitable to feed cattle and young animals and concentrate largely on cattle and hogs. Returns on slaughtered lamb or wool do not represent the total contribution of sheep to the farmers' economy.

A better understanding seems to be necessary between government and farmers. Control Alberta wool growers' association went on record here last spring as favoring a bigger cash wool bounty on ewelets. Ewelets are notoriously costly hard to track down and difficult to kill. Assembly after assembly have wrote brazen, and reports in these parts tell of many restoring the farm yard to crops of sweet clover and other cash crops.

Such wholesale slaughter of potential wool or lamb on the hoof has grown the problem of sheep numbers from government authorities. We have no doubt prices will tend to straighten themselves out on the open market but still the problem remains a something else again. A worthwhile government bounty now only $3 this would be one answer to encourage their destruction.

Louis St. Laurent

IT is safe natural, with the status of Louis St. Laurent as liberal government leader that Canadians should now begin to understand several of the relatively unknown policies on which he stands in broad outlines of course he will follow and carry out party platforms, but the real leader of that party he is bound to color it with his own personality. What sort of man is Mr. St. Laurent?

Observers and those close to him on parliament hill have dropped casual comments that seem to show the man up like flies in honey of fish. Mr. St. Laurent has cast aside the mantle of an early childhood in Quebec's remote parts of French Canada and has steadily accustomed Canada must actively participate in world affairs In the event of war he is said to believe conscription an opinion that will not prove popular with a majority of his fellow-French Canadians. He likes his personal representation at the empire talks at London suggests a willingness to commit the line nation to the large problems of the world

On the home front, Mr. St. Laurent's personal views are less clear. It is said he believes in labor harmony and the direct approach to employers but he is not known as some seem to suppose as the Mr. Knox when he controversy not. One of Mr. St. Laurent's outstanding assets is his ability to speak English and French with equal facility This advantage will make him an able international representative. Though raised in Quebec there is no evidence to suggest that he will go out of his way to cater to the French minority. Canadians will be watching his career and political fortunes with keen interest and a better estimate of the man will be possible after he has made a few moves in the No. 1 position of Canadian public life.

Chasing After Pleasure

DONALD Cameron of the University of Alberta stated at the recent MRC banquet, "Alcoholism like cancer, is a medical problem." Alcohol public only a limited left of fare." There is a great deal of truth in what he said.

Modern civilization seems to be pleasure-hungry It runs itself into the ground chasing entertainment. What the Cameron was getting at we think rightly was that citizens today seek enjoyment out of life as non-participants. Fifty years ago people made their own fun. They had to After a day's work that meant another day's work in carving out a homestead. The pioneer would rather with their fellow neighbors and people their own music for a rough-and-ready barn dance. Or after a day's work would get their own skills and make plans which were vital and sound ways. Life wasn't so complicated. There was something complete and satisfying about the doing, because they were doing it themselves.

Today the coming of radio has an subduing and stupefying with the heroine in soap programs or shivering and quivering over the killer in a movie she drama The theatre has no hearing on our souls some ultra-cheap sensational "B" pictures Even the [illegible] Bible stories are all glamor Serious that feature of being elevated as we leave the cinema. Why? Because our entertainment has been chosen for us We have no sense of becoming of taking part in it This is not to disparage the educational and other values of radio and movies pictures as Mr Cameron pointed out

It is simply an allusion to a dangerous trend that has too many of us like the dog trying to retch of [illegible] conditions serious attempt at it. The answer" Mr Cameron suggested a greater interest in hobbies like shipcraft handicraft drama, music, and so on. As we noted, there is much in what Mr Cameron says.

Farming Notes

(From the Provincial Department of Agriculture)

World Wheat Crop

Prospects for the world wheat crop in 1948 indicate that the production may be around 6,200 million bushels, more than one-third above the 1935-39 average and seven per cent above the 1947 level. World rye production in 1948, estimated at 1,600 million bushels is seven per cent above the five-year average but is eight per cent smaller than the outturn in 1947.

Encouraging conditions in the usual dollar areas of Europe and Asia will be well over 1948 and 1947 levels and should be reflected in both increases in the shortage of rye among the countries concerned.

To meet export demands for wheat during the crop year it is expected that canada exports may approach the 500 million bushel mark compared to 1947-48. Of the amount it is expected that the four principal exporting countries United States, Canada, Australia and Argentina will be able to supply at least 350 million bushels.

Forage Crops Research

It is a striking fact that most of the cultivated forage crops in Canada are not native species that have been brought under cultivation but have been introductions from other countries mainly Europe and Asia Such important and long-cultivated grasses and legumes as Timothy Orchard grass Brome grass Crested Wheat grass Alfalfa, Red Clover Alsike and White Clover were originally introduced in Europe. Many of these species were subjected to natural selection under our particular climatic conditions for many years before work in the plant breeder yielding new varieties substantially different from the original material.

Because introduced grasses and legumes form the basis of Canada's cultivated forage crops, the division of forage plants Ottawa has searched considerable importance to the maintenance of a number of nursery where between 1,500 and 7,000 new introductions are grown and studied each year. Promising sources on a smaller scale are established at several branch farms and stations.

In general two years must be kept in mind in screening out unfavorable. Freely material that can stand on its own merits and still a useful addition to the present varieties. Canada's diversified soil and climatic conditions is considered favorable, material is studied which is likely to be of value as a cultivated crop, possesses some particular character of value as a hybridization program. Out of this breeding work carried on at many points at several stations in Western Canada, it is hoped to develop new varieties combining the desired characters from both parents.

Reflections of the Times

For A Community Center

[illegible] many citizens must [illegible] community centers, youth work and kindred topics. Many parents, especially have suggested that there is nothing for their children to do for fill up their spare time.

Hence the meeting tomorrow night in the [illegible] days when the home was the center of recreational activities seems to be disappearing The old days when the young boys and girls would think up their own amusements and carry them through in largely a matter of the past And yet when there is a leader with imagination, and a willingness to engage the youngsters will be to enter into the programs with vigor

Today then the need is for organized recreational activities, properly supervised and where these can be carried out. some need not worry about our teen agers, for they are quite capable of organizing into these activities with enthusiasm.

An Editorial Feature

Around the Shop. . . .

Last week, The Globe was boosted to fifth year of publication with This week's edition Number No. 5 in the new era of "Globe" year service That's a long time for the former Western Globe into Lacombe Globe, to serve a community as a province as it comes to Alberta.

. . .

The paper was founded by Gibb Bennett and Alf Waddell back in 1905, when the territory was still part of the Northwest Territories Lacombe became a province in 1905. Mr Lattimore succeeded as editor, and then in 1920 Charles B. Hodges succeeded him. In 1923, Mr Hodges sold has business to the late Barry J. Peel, who succeeded on August 15 this year.

. . .

It is interesting to note that since 1905, The Globe has always been in circulation from [illegible]

. . .

In the printing field, The Globe is pleased to announce the recent arrival of a new and modern printing machine It is a multilith, offset press, another instrument in The Globe's drive to give its customers satisfactory good service

. . .

IT'S A GOOD IDEA TO HAVE SERVICE!!

Mutual Life Insurance Now Over One Billion

Jesse L. Lott, President of The Mutual Life of Canada announced last week that Company has now over a billion dollars of insurance in force. The Mutual Life of Canada was one to have two thousand million dollars of insurance in force.

The strength of the Company is also shown in its annual income, reaching $310,000,000. 70% of business were established which are composed of Dominion of 1000 with an increase in six

Gull Lake

(The Late For Last Week)

GULL LAKE Mrs Austen entertained several play cards at her home on Sunday, October 10, the occasion being her sixth birthday.

A number of ladies recently called on Mrs Gibson home to say farewell to Mrs Stewart Gibson. They presented Mrs Gibson with a parting gift.

Mrs Mac Moore entertained the Sweetheart Club last week. The next meeting will be at the home of Mrs Simon Fuchs.

Rimbey Items

Mr. and Mrs. Jim Ferguson and family moved away from our district last week, to Clive where they are taking over the hotel. The community wishes them success in their new venture.

Mr. and Mrs. Mac Moore entertained the Sweetheart Club last week. The next meeting will be at the home of Mrs Simon Fuchs.

Rimbey Items

Mary, Alberta, 12-year-old son of Mr. and Mrs. Tom Kitchen, met a tragic accident on Saturday evening, October 9, when the gun he was cleaning exploded and shot the clothing on fire in order he ran from the house to the yard.

Fortunately his father gathered up some towels and ended him in getting the fire extinguished. However, the boys arms are badly burned He was rushed to Lacombe hospital for medical attention.

Mr and Mrs Elliotts and their family came to Canada last May from Holland and are living on their farm one and a half miles south of Gull Lake school. They were accompanied by a friend Neel Aasen who had the misfortune to break an arm last week while working at the blacksmith shop in Rimbey

Globe Editorial Page Eighth in a Dominion Contest

The Lacombe Globe placed eighth in a Dominion contest among all Canadian weekly papers with 1,000 to 2,000 circulation, the results show in the newspaper conventions bulletin just received.

The judges considered the editorial page, which is edited by Editor Stanley Jones, Mrs. Jones and Mrs. C. Pay (Mrs. C.) Reporter was first Creston (B.C.) Review second and Elmwood (Man.) Herald third. The Globe was the only Alberta paper to place in the first ten in the competition.

GOOD PSYCHOLOGY

Business are no part of the bad-undertaker to make trouble as does the food Even before a holiday, preparations are made to have business on hand to greet its return. Likewise its birth is a problem without some form of

In Medicine Hat

DON HAY

BOB HOLMES

Terror two short performances with last year's Lacombe basketball team, north Alberta hockey champs, when they lined up with their Medicine Hat namesake this year. Both received one goal last night for Lacombe's [illegible] Edmonton in action at Ponoka, at the home of Mr. and Mrs. Tom Hendry.

Chigwell

CHIGWELL: Miss A. Norris visited at her home for a couple of days last week.

Mrs. C. Jones of Ardley was a visitor at the home of Mr. and Mrs. O. Olsen.

Mrs. W. Dunlop and Wayne of Edmonton are visiting at the home of Mr. and Mrs. Ray Winters.

Mr. and Mrs. Anderson were Edmonton visitors last Friday.

Mr. and Mrs. C. O. Goddard and A. Bone spent last Thursday at Elnora.

BANQUET AT ECKVILLE

Eckville "Save the Soil" group are holding their annual banquet at Eckville hall tonight, sponsored by the Eckville board of trade. Prize winners will be announced. On Nov. 12 the club's annual meeting will take place and new officers elected to the executive.

Mirror

Mr. and Mrs. Ken Anderson and family of Bentley spent the Thanksgiving at the home of Mr. and Mrs. Geo. Perry.

Mr. and Mrs. C. E. Webb and family spent the week end in Calgary.

Miss Jean Thompson and Miss Bonnie Barlow have left for Calgary where they will be employed by Simons Ltd.

Mrs. Freda Webster of Red Deer spent a short visit with her parents, Mr. and Mrs. F. Webb.

Mr. and Mrs. Ernest Lawson of Killam visited their parents, Mr. and Mrs. Jay Lawson.

Mr. and Mrs. John McLeod of Clyde, Alberta are visiting at the residence of Mr. and Mrs. Lloyd's parents, Mr. and Mrs. Elmer McLeod.

Mrs. Hodge of Edmonton is visiting at the home of Mr. and Mrs. Tom Hendry.

Mrs. Ben Simpson has been the guest of her husband in Vancouver by the [illegible]

Captain Chown [illegible] Leduc is on furlough from the C.A.F. Training Command.

R.C.A.F. Hockey team is practising at the old curling rink.

Varsity Alums Attend "Dance Here Saturday

There was a good turn-out of the central Alberta University of Alberta alumni dance held at the pavilion last Saturday night.

The social evening encompassed all with the "home-coming" of students at Edmonton last week and University graduates from Red Deer, Ponoka and other points gathered there to renew acquaintance and enjoy the evening's festivities.

Among graduates attending the dance from Lacombe were Dr. and Mrs. George Heinrich, George DeLong, Dr. M. C. Maloney (University of Manitoba), Mr. and Mrs. Harry Longest, Mr. and Mrs. Don McFadden, Mr. and Mrs. Russ Patrick, Mr. and Mrs. Elden Bliss, Mr. and Mrs. Jack Allen, Miss Jessie Haworth.

Mr. and Mrs. Jack Morrison, Mr. Don Moore, Miss Mary Moore, Mr. and Mrs. Hank Rose, Mr. and Mrs. Lawrence Campbell, Mr. and Mrs. Lawrence Winter, Mr. and Mrs. Dave Stuart (University of Toronto), Mr. and Mrs. Ben Gordon, Mr. and Mrs. Merv Jessiman, Mr. and Mrs. Gordon Sweet, Dr. Ben Martin.

Blackfalds Women Hold October Meeting

The Blackfalds Women's Institute held their October meeting last Thursday at the home of Mrs. M. Lepsoe. There was a good discussion regarding various subjects, and the following documents were made.

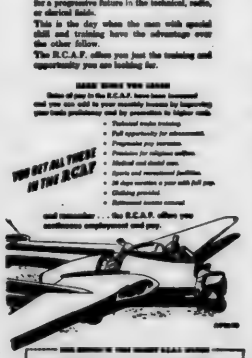
Five dollars was given towards the cost of the ballroom party to both the teaching staff of Blackfalds school is planning. Twenty-five dollars was donated to the Lacombe municipal hospital. Members are also willing to do any sewing the hospital may need.

A white elephant sale and tea at 37 W. 5th st. will be held Saturday October 23, at 3 p.m. Any articles which can be used at this sale will be gratefully accepted by Mrs. [illegible] convener. Next meeting will be held at the home of Mrs. [illegible] on Nov. 4.

When the business meeting was closed, Mrs. H. Capron showed a most interesting display of handwork. All were encouraged to bring their own which can be used in an overseas parcel, to be packed at the meeting.

Everybody's Business

by Don Graham



"You've Gone Aeronuts the Passive" was the title of one of yesteryear And it's true!

The men and women who have accomplished lasting things in science, art, business, education, political and military affairs have all been positive thinkers. They had to be! Otherwise ruts, molehills, chaos and laziness would have snapped them.

A harbor once said one is wanted to open his eyes a drop. But he never got around to it. Four or fathom he'd been in it.

Negative thinking is likewise typical of all the people who are behind their desks, indecisive, lazy, defensive and over-cautious. They act as brakes against the world's progress.

Yes, we need more folks who accentuate the positive. And they themselves are happier, more successful in their work and enjoy better relationships with others!

An important positive force for national progress is the issues of dollars invested by life insurance companies, on behalf of policyholders, in public works and industries which promote higher standards of living for all.

IN OUR TIME

Carnival now here. Don't spoil it by getting excited

West Junior Grain Club in Gilby Meeting

About 20 members and parents of the Medicine Valley grain club met at Gilby hall last Friday night.

A. Allsop, Lacombe field supervisor, gave a talk on preparing grain samples for exhibit, making particular reference to barley since the club is a barley club.

L. Simmons, local judge, was delighted, gave a report on grain judging and the identification of forage seed. He illustrated his talk with a practical judging demonstration.

A social evening wound up the meeting and lunch was served.

Those present showed keen interest during the question period.

Election night [illegible] was a benign recreation and medium of pastures and hay

First Aid Hints for Dislocations and Bruises

DISLOCATIONS:

A dislocation is the displacement of one or more of the bones of a joint. The joints most frequently dislocated are those of the shoulder, elbow, thumb, fingers and lower jaw

SIGNS AND SYMPTOMS

1. Pain of a severe aching character at or near the joint
2. Loss of power in the joint
3. Fixity of the joint. The limb cannot be moved at the joint either by the patient or by the First-Aider
4. Deformity of the limb. The limb assumes an unnatural position, and is non-shapen at the joint
5. Swelling about the joint.

TREATMENT

MUST BE ATTEMPT TO REDUCE A DISLOCATION

1. Steady and support the limb at the position which gives most ease to the patient, using padding where necessary in order to lessen the effects of jolting during transport.
2. Rest the patient on a couch or bed in the position which gives most ease
3. If the pain is severe, expose the injured part and apply a cold compress
4. When cold seems to give comfort, apply a hot compress.

BRUISES:

A blow anywhere on the outside of the body may cause extensive capillary hemorrhage beneath the skin, without breaking it — a "black eye" is an instance. The injury is accompanied by discoloration and swelling.

TREATMENT:

Apply pieces of lint soaked in equal parts of spirit and water, or a cold compress.

An Expert Speaks

Announcing, I think, we are to be given some good weather and seem to be on some sort of a holiday. We have not much to complain about this autumn season and very much enjoy our outdoor life. With apologies to Shakespeare, who never knew a real autumn, and that was an east coast one anyway, I am sure he, too, was the unpredictable, calm specialty of the season, but very much as we have it here was not experienced it.

Into the pot-boiling of late, trying to see Japanese as man and unscathed and intelligent creatures, have been injected a Lombard and ignorant mass of his fanatic followers.

Treacherously speaking, this year as a season for Lone Star quality of mineral is no lack of this element was in the same proportions of other

THURSDAY OCTOBER 28, 1948

Not in Church-or Anywhere

SUNDAY is the day churches want to be crowded. It is the day of celebration in the hearts of Christian people. When the church building will not contain the whole congregation, some-thing is wrong. It is more the exception than the rule when churches containing several hundred worshippers are filled to capacity. A number of these factors may seem unimportant and may be very petty. Small details and matters of no bearing on the gospel message are handled as though they were pulpit lamps, and the pulpit lamps are handled as though they were the gospel message. It is rather difficult to determine what one could be made of these articles in commercial life and puzzled some what more about the attitude of mind that could comprehend that one should be broken.

The answer was found last week when a ... was approached on the subject of co-operation with the flock, and the stolen goods recovered. It was in a soup-can left on refrigerator out of curiosity.

Church authorities naturally wish to know what hold people have of the day. Any genuine solution to worship should be how to refer to the people who engage participation in it, instead of how to mind. But under the circumstances it is difficult for churches to be left with any other impression than that they are ... to the requirements of national functioning. Let us hope the day never dawns when the orderly ... of conditions are involved in a church ... has ceased to be required by most people while to preserve.

School Patrols

THERE'S good news in the Alberta Motor Association announcement that many schools in Alberta will have patrols in operation as a check on children and motorists travelling the highways. The presence of children usually has a softening effect on the hard pedal driver, probably because most of us have our own litter or John back home to care about. That influence is magnified when they are in the capacity of traffic policemen.

Basically the idea of school patrols is to provide assurance of safe crossings at intersections leading from schools across well travelled highways. This assurance is double necessary in the case of children in the lower grades who have a smaller percentage for grasping than watching. At the same time it gives the boys' children good training in old-school behavior. It instils in them the ... of careful driving, and they are more likely ... observe good habits when they themselves get behind the wheel a few years hence.

Much credit is due the A.M.A. such Children Do not seem to enter the spirit of the thing ... and ... cases when some evidence ... of ... is required. A regular uniform ... with the duties of patrol might be a good point for the A.M.A. to consider. More ... adopting the idea, and we're glad to know ... Wetaskiwin and Lacombe establishing one ... may be the salvation of children save the ... of the motorist, but as a deterrent ... speeds it may be some.

Oh, Rats!

IMMIGRANTS to the north of the ordinary brown ... are steadily toward Alberta. The invasion of rats in a grain walk will be open season ... about the ... observers unlimited ... Control preventive measures are taken. Rats are ... in great numbers in eastern Canada ... in Saskatchewan they ... great destruction at Vancouver but so far Alberta has been ... free of the pest and ... wants to keep it that way.

Why? Our newest enemy, as poisonous as the filth ... creeps ... causes the destroyed 10 million dollars worth ... That's an estimate based on the ... of ... and ... destroyed and ... We've got to Canadians $1.00 per year ... a year ... to ... 10 million rats. They are ... as prolific as guinea pigs, breeding all year round and having large litters at frequent intervals. Their food consists of anything digestible ...

Let the farmer be indifferent, under the apprehension that rats are largely a city problem ... it be known that many have a habit of forsaking their urban haunts and penetrating their ... country ward in summer. Once established, they ... remain permanently on farms where a good ... is assured and where the menace of violent ... is ... That ... $10 000 000 ... their ... barrow ... and ... on making pigs ... chickens ... and ... N. ... an effort to ... extermination.

Chief ... man and ... include shooting, ... trapping, using ... poisons ... the ... ... are good ...

But the best ... is ... to ... the ... which have ... before it starts ... to ... the ... of ... ... habits of ... ...

District Wedding Bells

GREEN—MILLER

A very pretty wedding took place on Monday October 25, when Grace Louise, only daughter of Mr. and Mrs. Alex Miller of Lacombe, became the bride of Mr. Samuel Brown of Chicago. The bride's attendant was Miss Dorothy Miller, sister of the bride, and Mr. Jack Green, brother of the groom, was groomsman. The bride's gown was of ivory satin with a sweetheart neck line and long sleeves. She carried a bouquet of roses and carnations. Following the ceremony a reception was held at the home of the bride's parents.

HOWARD—McLEOD

In a quiet ceremony at the home of Mr. and Mrs. F. G. McLeod on Wednesday of last week, their elder daughter, Mary Elizabeth, became the bride of Mr. John Allen Howard son of Mr. and Mrs. Allen Howard of the Mrs. Howard of South Current, Saskatchewan.

The bridegroom, Miss Clive Manson of Vermeulen, the groom's sister wore a grey dressmaker suit with black accessories and a corsage of red roses. The bride's attendant was Miss Jean Howard of Edmonton, brother of the groom. Only near relatives were present.

A reception and dinner followed at the Lacombe Hotel. After a short honeymoon the newlyweds will make their home at Fort St. John, B.C.

ARCHIBALD—ADELEY

The home of Mr. and Mrs. A.W. Adeley of Calgary, formerly of Penn, was the scene of a pretty wedding on Wednesday, October 27, when their daughter Miss Ruth Florence became the bride of Mr. Ralph Archibald, son of Mrs. and Mr. Archibald of Bloom.

The impressive ceremony was performed by Rev. Wm. Bennett of the Crescent Baptist Church, Calgary. The bride was formerly a Lacombe girl.

Given in marriage by her father, the bride looked charming in a floral embossed gown of white satin. Her veil was held in place by a tiara of orange blossoms. She carried a Bible composed of American beauty roses.

Her bridesmaid, Miss Kathleen Reed of Calgary wore a dress of egg shell white moire taffeta, fashioned to match, and carried a bouquet of yellow tea roses. Miss Gwendolyn Archibald, sister of the groom, was flower girl. She wore a floor length dress of white net over taffeta and carried a bouquet of Wheeler Rambler roses.

The register Miss Christina Gordon of Crescent Prairie read "O Perfect Love."

A buffet reception was held at the home of Mr. and Mrs. Adeley immediately following the ceremony at Lacombe. The bride's mother received gowned in blue. She was assisted in a black sheer with lace, black and gold hat, and wore a corsage of pink roses. Pouring tea for the reception were Mrs. W. Loeb and Mrs. Harold Adeley.

The toast to the bride was proposed by Mr. Eric Hutton, to which the groom responded.

During the reception a number of musical selections were rendered by Joy Walker and Helen Phaneuf, piano. Miss Helen Reed and Dave Gardner, violin, accompanied by Mrs. Harold Archibald in the "Serenade," by Moir C. Mackenzie and "A Wedding Prayer" by Mrs. S. A. Pinetree and Mrs. Gardner.

On going away, the bride chose a pretty suede white shoes and dress and blue top coat with corsage of gold ribbons. The newly wedded couple left for their honeymoon trip to Prophetic Bible Institute, Moody Bible, Atlanta. They will attend the conference. On their return, they will make their home at Vere, where the groom has a farm.

Out of town guests were J. Archibald, Bloom; J. Archibald, Wheatland, Manitoba; Mr. and Mrs. Gordon Archibald, Clive Miss C. Henderson, Hilmill; Mrs. Dorothy Miss Helen Pinetree, Red Deer Mr. Dave Gardner, Red Deer Mrs. S. A. Pinetree, Penn.

Rev. E.C. Madsen Observes 75th Birthday

Another old timer of Lacombe is celebrating a birthday here this week.

He is Rev. E. Madsen, who observes his 75th birthday next Monday, November 8. For the pastor of the Five Mercy-fed churches in Lacombe, Mr. Madsen is known as a to a circle of friends

Many plans to enjoy the special day, Sunday, during which the many things he likes doing are crowded into a short time, attending the morning service, the evening service and evening prayer meeting, and such wholesome pleasures as a well-cooked dinner prepared by Mrs. Madsen. Friends wish how the day goes.

Mr. Madsen has been active part of all the activities of the Methodist movement in Alberta and in the church's denominational predecessors. During the fort he has retired from active service Rev. Mr. Madsen continues to be a busy man in the community.

Nebraska

NEBRASKA The pre several got on by the teachers and pupils of Nebraska was a decided success. The pres brought $10.35 and candy and popcorn $5.00

The I.O.D.E.

The present convener of the town as one of the Committee Institute for Blind a night hotel undertaking by the local Lord Lacombe Chapter Imperial Order Daughters of the Empire.

The convener is just another convention of the fine work being done by the I.O.D.E. and other Alberta communities. Founded in 1900, the organization is now the largest women's order in the British Empire. Although fundamentally international in scope the hundreds of local chapters throughout the Empire do not operate local units. It provides maternity assistance, promotes literacy amid the work of hospitals, and at present is cooperating with other Canadian bodies in building up a special national war memorial fund.

Perhaps the most known work of the Lord Lacombe chapter here in Lacombe is the operation of the local library. The library owes much because of the untiring efforts of I.O.D.E. members who give their time to keep the library well stocked with new books at extremely low charges.

The convener for the blind, the convener fund and other worthy causes which demand work and energy have all been undertaken and completed successful out by the I.O.D.E. here. Such organizations provide the life blood of any community. Lacombe is fortunate in having an active and well organized branch.

Keeping Streets Clean

It was good to see town workmen cleaning up away the paper and other rubbish from the gutters of the downtown streets. It was done a few days ago. Here about a few more receptacles on the sidewalks, such as the one in front of the post office. We are sure citizens would co-operate in throwing every refuse in containers, instead of cluttering up the streets.

White Frost

THERE are the days when a white frost rises with the early weather and covers, like a coverlet the surrounding landscape. We spot it completed every outdoor object at dawn and watch its disappearance, whether with breath of frost. The top of the car left out over-night is shaded in fine white, the green and red of the grass, the hedge, the magenta tail tree with offshoots of twigs and branches which peep and sparkle like twists from a fashion shadow. Berry-shrubs, bushes and trees have a handsome garb of white.

Later the sun rises, the frost seems to take on life when sleepy eyes are rubbed and the day begins to brighten. As the sun begins to drawn up for her horizon, white grass begins to sparkle. The town rustle and cast off Christmas light re-Christmas that shall be upon. The public workers are speaking, there is life in the atmosphere.

As the pewter atmosphere the white bare with earrings of water so does the sun and the frost into nature's autumn colors. It is that intermediate period after the first glimpses of daylight but before the rise of a warm sun that the atmosphere takes of white dance and play in the breeze. It is a season too fine of us come to notice. It signifies the last harvest of summer; it presages the first coming of winter. White frost.

Cementing Relationships

We want to dwell our hats. In this short editorial, to the 50 or so farmers who helped prove convert at the community recreation centre here about a week ago. Many of them drove 10 or 12 miles into town, and then gave unselfishly of their time round the community centre. Perhaps more than those farmers realize, their work was greatly appreciated by Lacombe merchants and citizens. It is a day and with to call special attention to it.

Too often the role of the farmer in this community is misunderstood or played down. Some of us forget sometimes that when the farmer shops here he is benefiting the merchant and thereby indirectly everyone else in town. And rather in the life blood of Lacombe if anyone doubts that, let there be two or three crop failures and see if the town would still flourish! Happily we still often, this district doesn't experience crop failures.

The businessmen, in his turn, enters to the farmer his purchases cheek to cash the farmer's needs his lines and clothes. Without the merchant the farmer's existence would be on unhappy one. So it is a two-way relationship in the commercial sense. It should also be a "give-and-take" family relationship in community enterprise and in social life. Often that isn't so. But without hands were completed in that manner of life up residence in the hospital proper, should the home be sold.

Farming Notes

From the Provincial Department of Agriculture

Egg Production High

Alberta poultrymen continue to make record deliveries of eggs to the special products board towards the British contract, Alberta's poultry commissioner, C. W. Peters, reports that for the contract period, January 31 to August 31 shell eggs deliveries were the second highest for any province in Canada. They were exceeded only by the largest exporting province, Ontario.

During the period Alberta delivered the following number of 30 dozen cases of shell eggs:

Export to Brazil	102,000 Cases
For Drying	103,400 Cases
For Pull Storage	70,000 Cases
Total	277,400 Cases

The Bright Ministry of Foods requested a large amount of frozen eggs overlap for the U.K. and Alberta delivered more frozen eggs than any other province in Canada. **1,555,000** pounds were delivered out of a total of 3,334,144 pounds for all of Canada. This is the equivalent of approximately 75,000 cases of eggs.

Swine Management

Pigs now for the arrival of healthy fall and winter litters by giving brood sows the extra care they need at this time.

A. J. Cherewich, livestock supervisor reminds that a shark of early cut, well cured alfalfa, by placed handy near the piggery on floor board racks and other pigs can be fed a forbid much they when green pasture is no longer available. Sows or other pigs can be fed this way by placing the snow comes to furnish the run needs of the new born pigs. A solution of two hulphate spoonfuls over the dirt and manure will help to keep the pigs well groomed animals.

Excellent results have been reported from the feeding of red-bone oil to sows, also ring sheet four weeks before farrowing. It seems to build up the reserves of Vitamin A, especially in the high grain hulpen birth so that they may be able to withstand infection. In this way they are helped to protected against unfavourable conditions that the illness of sows that do not receive this treatment.

To ensure strong healthy litters remember the importance of the hollowed ration, with proteins of animal origin such as oil cake meal, fish meal, meat scraps or protein concentrate. Sows should be fed some distance from the dunghill quarters to compel them to take daily exercise.

Reflections of the Times

Tact

Wendell Phillips was the most polished and graceful orator North American ever produced. He spoke as quietly as if he were talking in his own parlor and almost entirely without gestures, yet all had as good a power over all kinds of audiences as any American of his time has ever enjoyed. Often called before howling mobs, who had come to the lecture room to prevent him from being heard, and who would hoot and shout to drown his voice, he never failed to subdue them in a short time. One characteristic of his power over tact occurred in Boston. The majority of the audiences were hostile. They rolled and coaxed and periodically drowned his voice. Finally quarters were seated in a row just under the platform, in the place where the orchestra usually sits. Before the theatre Phillips made no attempt to address the noisy crowd, but bent over and seemed to be speaking in a low tone to the reporters. In order by the curiosity of the audience was excited, they moved in closer and tried to hear what he was saying to the reporters. Phillips looked at them and said quietly "Go on gentlemen, go on. I do not need your ears. Through them I speak to thirty millions of people."

Not a voice was raised again. The mob had found its master and stayed whipped until he sat down. "Speakers' Library."

From The Files of The Lacombe Globe

Five Years Ago

Dressed up as pirate, Arabs, Indians and similar for hallowe'en mirth, school pupils collected $192 for the British milk fund in personal appeals at homes in town.

Lacombe home and school association at its regular month meeting strongly endorsed the department of education's proposed plans to brothers school classes by by-laws for month of July. Children need the sunshine," the association pointed out and teachers in these hours were afraid students wouldn't concentrate sufficiently in the hotter weather.

Mrs. Roy Rice of the Sparwood district had a narrow escape from serious injury when attacked by an enraged cow

Ten Years Ago

Dora Danner is elected president of the Lacombe school student union body. Other executive members are Mildred McKay, Eleanor Dodt, Jean McDonald and Helen Hollman.

A rainwater team started when a rig owned by Glen Hoppe ran away from behind by a car crashed into J. S. McCormick's auto in front of the Calgary Power Co., breaking the windshield and denting the fender. The occupants, Mrs. McCormick and her daughter Mary were unhurt save for bruises.

The nurses' home adjacent to the new community hospital, is offered for sale to the hospital board. It is the board's intention to have the nurses' home.

Letters To The Editor

The Globe invites letters from its readers. All letters for the edition should be typed, double spaced and accurate for publication. A set of 4 Hallowe'en patterns is available under 100 words. The Globe reserves the right to edit or condense any letter published.

Lacombe, Alta.

Editor, Lacombe Globe.

Dear Sir:

May I make more use space in your valuable paper, by asking a few questions of the Town Fathers at Council.

Mr. Mr. Councillors, that little muddy hole just beyond the post office, opposite just because you say so. Personally, I have taken my time to find out what the proper name is and say on this subject. I have a number of lots of complaints lodged in front of's put over a hundred signatures on it, that say "Let's have Re-Lake." I ask you in all fairness, Mr. Councillors are you going to ignore the wishes of the people who put you in office? Have they not an honest man's "Re-Lake" condition.

Why don't you come out in the open and hold a meeting and get the voice of the people and go by it? This is a big thing and concerns many rural people as well as town people. If you would like to ask a question many have put to me. What does the town spend the money on which it gets for them into? Price of work is here 2000 dollars. Is not spent on the streets, we are not sure that that even a good job.

We have most damage done by autos on many graves. When we were there, the hill grave of weeds at the edge of the grave path were up to my waist. It had not been cut all summer.

I take this opportunity to thank the Parishes for her co-operation to all you who told me the way to get number you were kindly with my letter and write yourself.

I would like to know what our ministers in town think of such a Re-Lake Don't forget for one minute, Mr. Councillors we live in a and that we have a nice little democratic here if we help to keep it that way. Let us as one and all live up to that standard. Thank you.

Yours truly,
Mrs. H. E. Bowker

Lacombe, Alberta

Hi Editor,
Lacombe Globe.

Hi Editor:

We, the youth and teenage community would like to thank those who so ably shared our only Hallowe'en party entertainment during the week.

It is any wonder the boys and girls always tend to go out of town for entertainment? Is it any wonder that boxes are spoil on

Catch Basins
Are Cleaned Out
Here Last Week
An important and rather back-breaking job was complete in several town residents have had much easier all the catch basins were cleaned.
Over the summer months large amounts of dirt and grime collect in the basins, and if these are not cleaned periodically there is danger of plugging the drain pipes.
A difficult, yet necessary task was therefore finished on many of such basins before the heavy freezing temperatures set in.

Bentley District News

(Too Late for Last Week)

BENTLEY Mr and Mrs. C. Bergold and family spent the week end visiting friends in Lacombe district.

Miss Frances Shaw of Didsbury is visiting at the home of her uncle and aunt, Mr. and Mrs. R. M. Dickson and other relatives in the district.

Home 2000 Per Head

On Saturday the C.G.I.Y. Girls congregated for the Canadian Regional Institute at the Bible Hall. They were very successful and raised $162.00 for Good work girls!

Miss Ingrid Burchhalter, who has been with us on her (Ingrid's) sister "The Valley Gatward," for the last few months, left on Monday to attend the Canadian Lutheran College at Camrose. Her sister from Valla Halla District motored her that week to her at the South home.

Mr and Mrs F. Bergold and son Ferris and Mr and Mrs Harold Pote-on and son, Garry spent the last week end at Buck Lake.

Mrs. Mac" Kennedy who has operated "Mac Style Shop" for the last 14 months sold out and returned to her home in Penhold last Saturday. It is understood, as yet who is going to take over the business.

Mrs R. McNeil and Mrs L. Cabbick attended the Women's Institute Creek Ladies Aid last Wednesday at the home of Mrs McNeil.

Mr Whitworth, teacher Gerald of Edgerton is visiting at the Bentley Hospital.

Births at the Bentley Hospital

Everybody's Business

by Don Graham

Have you made any new friends lately.

Of course we always want to keep our tried and true friends, but to make new ones is to discover an unknown secret of a friendship, or an interesting life. Like travel, new friends and new personalities help lift us out of our ruts, so, instead of wishing for more friends to visit into our town, it is a good plan to seek them and entice one them.

Who would you find there? Right in your own district — perhaps in your neighborhood, church, club or place of work. Already you have a budding acquaintance with some people who may prove to be included in your circle of friends.

Choose from all types — not just those whose occupations and interests are similar to yours. Favour those who are mentally stimulating.

Of course, to make new friends means that we must usually make the first move. But most people appreciate initiative — so make well pay dividends in happier, more successful living.

Like a good friend, the modern life insurance agent is always ready to offer helpful advice when needed. And as a result of his services, millions of Canadians enjoy peace of mind through ever-growing life insurance

Spruceville

SPRUCEVILLE Mr and Mrs W Maughan spent several days last week in Edmonton.

Mr and Mrs W Proudfoot, Mr and Mrs Y Hankinson and Mr and Mrs D A Hankinson motored to Camrose on Tuesday night of last week.

Bob Lyngstad, who has been employed at the tannery branch, Vermilion, has been transferred to Tofield.

Big U.F.W.A. Meeting

The L.U.W.A. meeting, held at the home of Mrs. D. Boden, Jones well attended and proved to be a good meeting. Plain but liberal supper and dance to be held in Spruceville Hall on Friday, November 5 from 8 to 1 p.m. most completed. Delegates appointed to attend the U.F.A. convention at Calgary at the Palliser Hotel, November 30 to December 3 inclusive. Mrs. Wood, Mrs. Alfred Hamstead were week-end visitors at the home of Mrs. D Boden.

Mr and Mrs. S. A. Calkins were Tuesday visitors in Calgary where Mr. Calkins attended the John Deere retailers' conventions.

UEFB MOBILIZES TO GIVE BRITAIN STRENGTH . . . IN COLD WAR TO WIN THE PEACE

REASONS FOR UEFB

By consolidating buying and pre-organization, including delivery of distribution, substantial savings can be effected. The seasoned officers of many are be channelled into an effective sought means of relief, without a loss of individuality or to persons, groups or organizations.

HOME AID FOR DOLLAR

For example, the cost of placing a ready packaged 10 lb. parcel in the hands of a recipient in Britain, exclusive of content purchase price, is approximately $2 90 at present, whereas through UEFB connections the comparable cost would be 54¢ to 70c. This economy does not include the very substantial saving which bulk purchasing offers.

The gallant people of Britain are suffering under hardships . . . are are determined to win the cold war. They are the only nations in Europe fighting well heads and stood to vanquish the sinister shed between the Old World.

Their health is being weakened, their children deprived, by the pressures to which they have imposed [illegible] on nerves. They stand in danger of being defeated by intellectual balance.

Why? Because Britain imports four-fifths her food—three before the war, yet exports more than half as much again as in 1939.

Says the British Ministry of Food:

". . . we are losing on marginal nutritional standards, and those of us who are not careful are already suffering adverse effects on physique and health . . . Everything you can send us is wanted and urgently needed."

If the British people go under, YOU and all of us, will feel the effects. We need a strong Britain as help fight the cold war. Give generously to UEFB—TODAY.

GIVE BRITAIN STRENGTH!

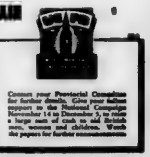
Send your cash donation to your Provincial headquarters.

UEFB offers the best means of making your aid to Britain effective now.

UEFB is a voluntary organization set up to collect, forward and distribute aid to the undernourished people of Britain. UEFB purchases supplies in bulk. The British Government supplies free transportation. The UEFB British Advisory Council assures that your dollars will buy the food needed for those who need it the most.

Although UEFB cannot at present handle used clothing, arrangements are being made to do so early next year.

UNITED EMERGENCY FUND FOR BRITAIN



Contact your Provincial Committee for further details. Give liberal support to the National Campaign November 1st to December 7, to raise a large sum of cash to aid British men, women and children. Watch the papers for further announcements.

Mrs. Jos Taylor and baby, Chapwell; Mrs. Henry Wedlenfin and baby Mirror; Mrs. L. Wells, Lacombe; Mr. Howard Kinley Bentley.

District Wedding Bells

A very pretty wedding was solemnized in the Bentley United church on Wednesday, Nov ember 3, when united, daughter of Mr. and Mrs. Pepels of Innisfail became the bride of Albert, youngest son of Mr. and Mrs. G. H. Wilkins of Bentley. Rev. C. C. Armstrong officiated at the ceremony.

Given in marriage by his father, the bride chose a long gown of blue taffeta styled with a sweetheart neckline and short puff sleeves. The finger-tip veil was held in place by a wreath of orange blossoms. She carried a bouquet of red roses.

Mrs. Roger Fox, sister of the groom, was matron-of-honor. She chose for the ceremony a blue peau de soie and matching chapel veil, and carried a bouquet of yellow roses.

Roger Fox acted as best man. Jack and George Wilkins, brothers of the groom, were ushers.

Following the ceremony, a reception for the immediate families of the bride and groom was held at the home of Mr. and Mrs. Geo. Wilkins Jr. Later in the evening the happy couple gave a dance in the community hall. Mr. Ernest Peterson presented them with a purse of money on behalf of their friends in the district.

Chigwell

CHIGWELL: Mrs. Norrie visited at the home of Mrs. D. Henry of Clive last week.

Re-Establish Liner Service

Brisbane direct passenger service has been re-established between Glasgow and Montreal just four years after the maiden liner "Athenia" was torpedoed on the early days of the war. Its successor, the Athenia's sister ship, Empress of Bruce Captain R. C. Young of the Lacombe presents greetings to Montreal Alderman W. R. Bullock from the Lord Provost [illegible] [illegible] in the Scottish city of Montreal which the Lacombe carries in her hangar, together with the arms of the City of Glasgow

Men . . . and Women Too

40 Are Enrolled In Night Classes at Lacombe School

Forty men and women attend the night shop classes at the Lacombe school each week, according to Howard Sharp, the instructor. Two classes are held each week, one on Monday evening and the other Tuesday evening, from 7.30 p.m. to 9.30 p.m. Classes are limited to 20 students to provide adequate working space for all those taking part.

Work in the night classes is conducted under supervision and the students mostly wood work, with a few of those attending being leather work. Most of the students work two nights a week, one on Monday evening and the other Tuesday evening.

Others do a large number of smaller pieces of work during the winter.

Centre of work is left to the individual student building his own tables, etc., are proving most popular right now.

Morningside

(Too Late For Last Week)

MORNINGSIDE—S. J. Lonsdale of Portola and helpers laid the foundation for the Community hall here. It is now ready for the moving of the building.

Mrs. W. H. Sheppard, who was a patient in the University hospital in Edmonton, has returned home and is doing well. Miss Phyllis Sheppard has also been on the sick list recently.

Miss Bessie Mellon and Mr. Masterson to run a crochet hook through her finger and is recovered nicely.

Haileybro was very quiet this year. A few spooks were sighted and some children on the usual trick-or-treat hunt covered Morningside and a few surrounding places. A few tricks were played, but there was no real damage. There was also a kind word for Tom and Jack Sandford replacing a little building for Mr. Bastian.

Mrs. Wm. Riddoch, Shirley and Roy spent the week end in Edmonton where they attended the wedding of her sister, Miss Lila Parks, on Saturday evening.

Mrs. T. Logan attended the wedding of her sister, Miss Lila Parks, on Saturday evening.

Mrs. T. Logan attended the wedding of her cousin, Miss Dorothy Lane, at St. Joseph Cathedral in Edmonton.

Wm. Riddoch has sold his farm north of Morningside and has moved to a sale town. They expect to move to B C in the near future.

Eva MacKinnon is visiting this week with her sister Mrs G W Reed and Mr Reed at Bentley

Unusual Crop Year

As the icy fingers of winter threaten to settle over the countryside, it is well to look back over the crop year it is one of the more unusual variety.

A late spring marked the opening of the 1948 seeding season, and flooding and moisture conditions left the fields in deplorable condition for some time. Seeding was not general until late May at least three weeks later than in 1947. Due to the late start reduction in intended acreage of wheat, oats and barley occurred, and then before the process of seeding began, there were reports of a below-average crop.

These prospects were enhanced by a further serious factor in the weather, which saw flood conditions replaced by drought throughout a dry June. Welcome rains did not arrive generally until mid-July. These adversities seemed to indicate a substantial drop in acreage yields.

The gradual improvement in the crop picture from then on is best illustrated by the rapid rehabilitation of cultivation in their estimates at the end of July Sool's Crain Co. made an unofficial estimate that the wheat crop might be 338 million bushels on August 10. it was increased to 329 million on August 17 a Dominion estimate was 340 million on August 24, 342 million and finally an estimate on October 10, after threshing, of 327 million.

It was a remarkable recovery due to the unexpectedly heavy rainfall from July 12 onwards, and to an ideal harvest autumn which gave late grains a full opportunity to ripen before the frosts arrived. The 1948 crop story puts a little reverse in the characteristics of the fatalist who reassures that things always have a way of evening themselves out A poor spring A good fall. Could be!

Truman Fooled Everybody

THERE are a lot of red faces in the States today. They belong mainly to newsmen who flatly predicted a Dewey victory in last week's presidential elections, and to the popular pollsters, who likewise went out on the limb. But what couldn't happen did, and President Truman will remain in the White House for another four years. The "experts" are still scratching their heads and trying to figure that one out.

The vote was a surprise actually, for all forecasts favourite a Republican majority were based on pretty solid ground. Observers interpreted the result of the ninth amount Truman civil rights bill as drawing votes away from him. They drew a lot of lurid fanfare for Henry Wallace but not Truman quite than Dewey. They didn't discount the supposed feeling in the air that "it was time for a change." And a rather dilatory and listless campaign staged by the democratic party Likewise Truman's restrained unfavorable with a confident almost triumphant Republican program. These contributing factors all added up to a new President Dewey.

It didn't work out that way. Maybe there was overconfidence on the one side. Maybe Truman's magnificent two campaign across the breadth of the nation persuaded the people he was their man. Anyway, it happened. Truman's victory was a surprise to almost everybody but Truman.

The unfortunate wing of the Republican party may have scared off some supporters. In these days, people are war-conscious, and they may feel votes accept a democratic administration. At least the world is certain of an active American role in international affairs, and for that reason they are happy about the election accepting probably Russia Canadians are generally pleased with the result that Truman, and past relationships have proven he likes them. Congratulations, Mr. Truman

Farming Notes

From the Provincial Department of Agriculture

Selecting Breed Sows

A. J. Charlesville, livestock supervisor, says that there is a tendency among some hog producers to dispose of their young sows that have farrowed only one litter, and to keep them with gilts up to 7 months of age. He advises that these young sows should be retained unless they have proved themselves poor mothers. They are just as good as sows that have farrowed a litter, and in addition will be expected to raise a good average litter. After the first litter they are just coming into full production. If they are the right type, they can be expected to produce larger and larger litters with the most farrowing. They should be returned to the breeding herd for the next two or three years.

In selecting young sows, pick out those which have proved good producers, good growers, and good strong, healthy litters that will reach market weight by 7 to 7½ months of age and yield a high percentage of A grade carcasses. Other desirable points are that they should have good length, deep sides, medium length head, and should be trim in the joint and neck. They should have strong constitutions, as evidenced through the floor of the chest, not through the top of the shoulders. They should have good strong full bones and fine shoulders.

Reflections of the Times

Nova Scotia's Apple Crop

Annapolis Valley fruit growers will do better with their new apple crop than appeared likely two weeks ago. The Dominion Government has come through with a promise of assistance that will tide them over the season and partly compensate for the loss of the embargo. It will be an off year in the apple industry.

Orchards with a clear production of good apples will yield reasonable returns at $2.50 per barrel for fresh fruit, and a floor price of $2.00 barrel for fresh fruit, and a floor price of $2.00 for fruit to be processed is fairly in hopeful The latter is 25 cents better than last year's price.

An important part of the new agreement by the Government is the undertaking to relieve the industry of around $2,000,000 worth of surplus processed apples left from last year and still in stock at Valley points. These must be taken over and presented by the Government through canneys not to be commercially handled but charitable institutions for the use of their patients and inmates.

It is an ingenious and unique way of disposing of surplus stock, outdoor harmful sales as they ordinarily do. The Government has protected itself will be helped quite substantially in the matter of food supplies by the gift At the same time, the growers' selling market will be preserved and their immediate problem neatly solved.

On the whole the plan is agreement, though short in some respects of what the growers would have desired, is fair and will prove substantial relief It is not over-generous but the Annapolis Valley apple industry will at least be able to stay on its feet, with a few chances to work up some new business on its own account.

Wolfville (N.S.) Acadian

Five Years Ago

Victory bond drive runs over the top in Lacombe, as a last-minute rush raises investments by local and district residents to $250,000 well over the objective of $200,000.

Sgt. G. R. Stephenson and Sgt. J. J. Bone, both administrative R.C.O.'s with the R.C.A.F. training centres at Calgary, visited officers and cadets of the local squadron at their regular parade Tuesday night.

A billy goat created more than a mild panic at Bolton school, chasing the lunch hour the schoolboys, and causing students to fly to safety on trees and a nearby barn

Ten Years Ago

Bob Lewis was re-elected president of the Lacombe hockey club at the annual meeting, with Dick Scholton vice-president and E. L. Pepper-Martin secretary-treasurer

Claude Bowe has sold his blacksmith business here to A. Ailey of Provost, and has now moved to Trail, B. C.

Bob Warren, local school principal, was elected president of the North Alberta Teachers' Association at a large teachers' convention here

Letters To The Editor . . . .

Lacombe, Alberta
Nov. 5, 1948

The Editor,
Lacombe Globe

Dear Sir,

Lacombe has just passable chance of having frequent trains to have visitors and the citizens of the district visit Lacombe.

It has been noised about it was the first September we endured the Dominion Exhibition, but half, but surely he did not get outlined receiving instructions from local citizens. Everyone is apparently trying to be a "fellow" for the young people. It seems very foolish that the church hall with two exits should be crowded at a festival, while another crowded public building, in many respects unsuitable, with only one exit, remains open although it has only one twenty-seven men.

The only way found then for a local well-attended dances is to purchase a through some special drawing attraction. Surely the recorded data on at the recent Lions' Carnival prove that there is no lack of dance-loving people in this district. Were there won't all the dances well attended?

The answer seems to be that the younger people have grown accustomed to great elaborate floor entertainment that it is becoming almost habituated to be like less expensive sort of even dances.

The solution to the lack of recreation in Lacombe obviously is the Memorial Recreation Centre, but what is to be done until it is ready for use?

Yours sincerely,
ALF BRIGHT

Looking Back...

(From The Files of Town Council Minutes)

40 Years Ago

Here sidewalk building was planned by the council at their regular monthly meeting. It was decided to construct a sidewalk from the Victoria Hotel to the corner from Lewis's store to the sidewalk on the opposite side of Barnett crossing.

30 Years Ago

A special meeting of the council was called to consider the rental charge of the curling rink to the curling club for the season 1918-19. The rental was finally set at $150.

20 Years Ago

Special policemen were hired for hallown'en night, namely Alfred Hunter and Walter Barker. No vandalism was reported.

Councillor C. B. Todd was appointed deputy mayor for the three months ending January, 1929 and he sat in the chair due to the unavoidable absence of Mayor G. T. Jackson.

ATTENDING ROYAL

Several employees from the local dominion stores attended the ones are going to Toronto to attend the Toronto Royal exhibition. Ed Lidbetter and Harry Churchill, in charge of the exhibit, and Howard Prudden, supervisor of animal husbandry experts to leave Friday

I WANT TO KNOW
Am I too old to buy life insurance?
The middle-aged man who asked the question feared that at 55 ago the cost of life insurance would be prohibitive ... has seen wrong. Today, low-cost life insurance is available to men and women of all ages and incomes.
Furthermore, many people realize the importance of life insurance only when through age or other disability they are no longer able to secure it. A life insurance programme should be started as early in life as possible.
Consult your Mutual Life of Canada man today.

Hundred at Party in the Alix District

ALIX Between eighty and ninety people sat down to a most bountiful harvest supper at Blackwing school on Friday, October 29 and after the feast was done Gloria Hanson and her pupils

The school was beautifully decorated for the occasion and the long tables loaded most inviting with home cooking. Jack Cleverley with his able assistants were there in evidence and the long tables loaded most inviting to be undoubtedly. There were a delicious pumpkin pie to be

After supper everyone was a fancy costume parade for the children, a variety of Hallowe'en games and an auction sale of a plaque cake for the benefit of the Red Cross.

The evening's entertainment was thoroughly appreciated by all present and much credit is due both teacher and pupils for the smooth presentation of the affair.

Mr and Mrs. Herron Cameron are Calgary visitors this week.

Miss Ann Stevens visited at Calmbell and Forestburg last week with friends and relatives here.

Bob Woodrow attending the University of Alberta at Edmonton spent the week end with the Olds school of agriculture spend last week end in Lacombe with their parents Mr and Mrs. J. I. Woodrow.

Mr and Mrs. Rav Mottet and family of Edmonton spend last week end in Lacombe

Coming Events

The Evening Auxiliary of St. Andrew's United Church will hold a tea, sale of home baked and fancy work in the Church hall on Saturday Nov 20, from 2-5 p.m.

Gold chrysanthemums banked the candlelight altar to which the bride was escorted by her brother H. I. G. (Ian) Begg, who gave her in marriage.

Her classic gown of ivory bridal satin was styled with a yoke and full-length sleeves of how the full skirt extending to form a short train. Beaded lace edged her bretelon net veil which had been worn by her paternal grandmother and she carried a colonial bouquet of sweetheart roses and white carnations.

Miss Ruth Rose, attended her maid of honor was styled much as Jean C. Lee, matron of the groom, and Miss Marjorie Bailie were the bridesmaids. Identically styled frocks of ivory moire taffeta were worn by the attendants, whose coats of matching moire were accented with trim of gold ribbon, the latter color being repeated in their colonial bouquets of chrysanthemums.

A. S. White of Saskatoon was groomsman, and ushers were ushered by Rev W. E. Roberts. Rev J. W. Wey of Carbon, Rev C. S. Ball and Rev H. E. A. Pauls of Strettor

Miss Dulcie Bishop presided at the organ throughout the ceremony.

Bishop's Court, the home of the bride's parents, was the scene of a reception following the marriage when the bride's mother received in receiving in the bride's mother and the mother of the groom. For her daughter's wedding Mrs Begg chose a royal blue afternoon frock, worn with black accessories and corsage of pink carnations, while Mrs Lee, mother of the groom, was attired in a sweet-tooth frock in teal blue tone completed with black accessories and corsage of pink carnations.

Yen Archdeacon R Axon was second the toast to the bride in which the groom responded.

The bride and groom left later for Nelson, B.C. where they will spend their honeymoon prior to taking up residence in Calgary

Blindman

BLINDMAN Rest wishes are extended to Grandma Heitmann who celebrated her 87th birthday on Sunday Visitors included Mr. Wesley and Gladys from Blackfalds and Mr and Mrs. Emil Setter from Wanham.

Mrs. Chester Miller is spent the week end in Edmonton.

The Helping Hand met at the home of Mrs W Stephenson on Wednesday The draw donated by Mrs Setter was won by Mrs Ernst Buhl A delicious lunch was served by Mrs Percy and Mrs. Marvin Miller The December meeting will be at the home of Mrs Martin Heitmark Members are to answer roll call with a gift saved for a "surprise draw"

Mrs Melvin Amundson returned home from the hospital on Tuesday of last week

H. C. Yost, Rimbey spent the week end at H Bar's

O. Eggen, C. Marco and G. Hanson left for a hunt and stay trip to the west country

Mr and Mrs C Bee visited at Rimbey on Sunday.

The Johnson boys returned from a hunting trip to Bentley with a moose.

Mrs I Gotterbleh visited Mrs Amundson Tuesday evening.

Fire Assembly Dance Next Friday Night, Ticket Sales Good

Fire assembly dance of the new year will be held on Friday night of next week, December 3rd.

Representatives of various members in charge report good sales on tickets, and indications are that the dance of the season will be well patronized again this month.

Those who plan to attend and who have not yet obtained their tickets are urged to do so in order to avoid the usual last minute rush.

All dances will be at the new hall.

Patients at The Hospital

Patients at the Lacombe Hospital during the past week include:

WEDDINGS

LEE - BEGG

The bride's father officiated at a mid-afternoon ceremony in the Pro-cathedral church of the Redeemer at Calgary on October 30 at which Elizabeth Mary daughter of Rt. Rev. H. G. Begg Bishop of Calgary and Mrs. Begg, became the bride of Austin Lionel Lee son of Rev Dr E. L. Lee and Mrs. Lee of Lacombe

Bishop Begg was assisted at the ceremony by Rev Dr Lee, Very Rev G. S. Snell, Dean of Calgary, Rev Canon E. H. Maddocks, and Ven. Archdeacon Axon, who acted as the Bishop's chaplain.

School Hi-Lites

By Robert Wright

Students' Union general activities got under way this week with the first party of the season. Wednesday night's Hard Time Dance, featuring Kenny Kerr's Orchestra, proved a most successful affair. Approximately 200 persons supplied their own attire which was provided by the L.N.S. committee.

Skiing Report Goods

The long dreaded day has come and gone. Homework reports were presented to students last Wednesday the idea being that Thursday would give them a chance to recuperate after the shock. There were the first reports of the new school term.

Games Past Us

Tomorrow will be a big day at the school During the afternoon the town's first try is to be prepared and in the evening the Senior Hawkins Dance

A New Travel Ration Period
Began
November 16th
AS ANNOUNCED BY THE MINISTER OF FINANCE
THE REGULATIONS GOVERNING THE USE OF U.S. DOLLARS FOR TRAVEL CONTINUE IN FORCE.
As in the past, it will be necessary for Canadians to obtain a permit from their bank if they wish to take out of Canada more than $10 U.S. or more than $25 in U.S. and Canadian currency combined.
Reports show that the saving of U.S. dollars made possible by travel rationing can be expected to amount to between $40 and $50 million during the period November 16th, 1947 to November 15th, 1948. This substantial sum was thus made available for the purchase of many essential supplies and commodities during this time.
The regulations governing the amount of U.S. dollars available for different travel purposes are outlined below:—
Pleasure Travel
The maximum amount of U.S. dollars which any Canadian resident may obtain for pleasure travel purposes during the twelve months beginning November 16th, 1948, is $130. In the case of children of whatever age, the maximum is $100. There is no restriction on the number of trips as long as the annual allotment is not exceeded. Any U.S. dollars obtained for one trip and not used on that trip must be brought back to Canada and exchanged for Canadian dollars at the traveller's bank immediately on his return. No credit for funds thus turned back can be allowed against the annual ration for subsequent trips.
Business Travel
Application for U.S. dollars for business travel must include a certification by the employer that the travel is in his business interests. Reasonable amounts of U.S. dollars may be obtained for this purpose.
Border Travel
A Canadian resident may take out of Canada without a permit up to $25 in currency, of which not more than $10 is in U.S. currency. For this purpose, he may purchase up to $10 U.S. in any calendar month. This is in addition to the annual travel ration.
Further information available at any bank or from

A Dry Fall

It is surprising, with such a beautiful fall, to run across the odd farmer worrying about the weather. We've thought all the glorious warmth and sunshine has been ideal for working the land. Most farmers agree that they are some who believe there can be too much ideal dry, too. They're complaining about lack of rain and dry days of the land.

Now a government announcement backs up these chaps. An official bulletin recently stated that moisture supplies throughout the west are dangerously inadequate for the next year's crop. Should we start worrying already? Time enough, it is said to be prepared and aware of the possibilities, but if a cure for everything is to be made. As the Peace River Gazette says. Such forecasts cannot be too accurate, but many farmers will start into the picture. Before next June enough rain may have a heavy fall of snow which will soak into the ground, or we may have adequate spring rain after seeding is finished."

That looks like the sensible outlook to us. Our agricultural leaders are honored enough by the weather during the growing season, without having to bank insurance premiums in the face during the fall and winter. Fortunately most farmers have the right idea. Their business is too full of hard knocks to allow the release of worry that won't help to make any grow hair on the head of the grizzled veteran who has learned to take the

Canada Savings Bonds

THE third in the series of Canada's savings bond season is now in the selling stage, and many Canadians are taking advantage of the generous features of the investment. The public has had experience with bond issues before, and needs little to like them. Although the urgency of war-time needs in Victory Bonds is lacking, the peace-time appeal is still a very high one, character and more many by the security value.

It gives the citizens of the nation an opportunity to place their money in safe keeping and at the same time does an attractive rate of interest. It relieves the national treasury and collectively conserves inflation by taking money out of immediate circulation.

There is, of course, no pressure on the public to buy bonds. The investment is there for Canadians who recognize their value and have the wherewithal to buy. The bonds are sold at a handy denomination, but no more than $1,000 will be sold to any single individual. It may be wise to make comparisons of rates with other years, but it is altogether probable that there will be a good response to the present offering.

Dilemma in China

THE modest successes and quick advances which have been made by Communist forces in China during the past months have a lot of people wondering on the ends of the Pacific. After twelve years of bitter warfare with Japan, it is less but the Chinese decided to quarrel among themselves the intermittent a bloody and useless civil war. The ensuing three years have seen many violent internecine battles. Chinese have fought Chinese. Hundreds of thousands have been killed. And the fighting has settled nothing.

While remaining neutral, the United States and allied nations are keeping a close watch on the battleground, concerned at each advance of Communists in the Orient. Just how far Russia is aiding their brethren is difficult to appraise. No Red troops have been reported on the front, but there is no doubt they are supplying armaments in considerable volume.

The United States, of course, is countering Soviet strategy by bolster Nationalist forces with war materiel, but have the situation in a vastly different and peculiar one. The government supported by America has been charged with corruption. Tyrannical war-lords rule, and even

So far America has given the Chiang Kai-

and the full world's aim the struggle the United States have contributed large quantities of arms to the Nationalist cause only to see much of it fall into the hands of the Communists or diverted greedily and unscrupulously into private hands.

It remains for President Truman and the American government to decide whether this gamble is worth while and will continue to be swallowed up or whether an all out effort will be made to defeat Communist Chinese forces numerically and finally. Before interference on the scale is attempted however a thorough house-cleaning within China's Nationalist government would be a prerequisite. And there, the problem currently

Farming Notes

From the Provincial Department of Agriculture

Sheep Have A Place on Farm

There is nothing unprofitable about sheep grade sheep that are properly cared for. The early spring lambs themselves, and if of Hampshire dominant supplemental strain, South Downs, Suffolk, Canadian production only 15 to 18 per cent the time that a standard ewe, yet for the manufacture of woollen products. The great part of the wool requirements has to be imported.

Canadians annually consume 150 pounds of wool per head and must import 100 pounds per head a year to supply their requirements. Many countries in the world not even over 100 pounds of wool and because per capita each year, whole Canadians and Britons pounds. It is thus evident that the sheep industry in Canada could be expanded many times before it could be necessary to look for an export market for the products of the industry. Consumer list probably is not of good quality.

There are many thousands of acres on farms and ranches in every part of the country that are primarily suitable for sheep production. The forage produced in these areas is largely wasted if sheep are not available to provide it into useful products. The role of sheep in a well-balanced program of proper land utilization is obvious.

Winter Feed

The large carriage of hay stacks throughout the country indicates that many farmers are preparing themselves against the hazard that can result from a long winter period, but A. M. Wilson, dairy forage commissioner, suggests that those hay stacks may not be enough. Weed and early drying may not be required to supplement the hay that is stored. Straw or chaff or pulp provided by a parade of the Lacombe Horse Show and the Lacombe Exhibition. The parade was begun by Marcus Pitt and those participating marched to the Legion hall, where awards were had by Marcus Pitt and Ray Jack for the best of the float by Frank Dermott and Mrs. Geo. Burt. While the last prize was being awarded, the others were tapped and at the conclusion were all invited to partake of the hay is fed to the early winter season and the straw in the hay tender and in early spring.

Reflections of the Times

How Many Albertans Know?

Within the next two weeks the Students' Council will take a step that has been contemplated but never taken by any previous Council.

It will appoint a public relations committee. The purpose of the committee will be to acquaint the people of Alberta more fully with the activities of their University.

How many people in the province know that students at this University operate a successful airport known as the Edmonton Flying Club, that we have a mixed chorus the largest of its kind in the Dominion, a symphony orchestra, a dramatic drama group, our own newspaper, a yearbook which is a LIBRARY a year prospect. Those look inside of THE

How many Albertans know that we have one of the best radio laboratories in the world?

Do they know that our radio lab last year completed a terrific research project on the testing of airport runways in the Arctic for the aeronautical department of transport? Do they know that research done by the radio physics laboratory has given them millions of dollars in improving the roads about which there is always so much discussion?

President Robert Newton in his research days developed a new and valuable barley. Newton (from "Newton" and "Alberta").

How many Albertans know

For too many years, the rest of the province has been content to [illegible] and study current affairs only through the eyes of the Mixed Chorus and Drama Society and pro-

After all, the people of Alberta pay about half of the budget. But [illegible]

If Alberta is going to know itself as a province and on what kind of people they are going to depend.

School Hi-Lites
Audie Harrison won the general average on page, a new student of Lacombe high school this year. He won a hand some storybook just a bit between the first and second terms.

Miss Dorothy Bailey visited with the big dance being held on the evening of the 20th. The dance, which was held in the Red Deer Athletic arena, is to help to give the girls a chance to have a little fun and the hope a chance to forget about the upcoming Depression. Everyone enjoyed the big dance which followed a delicious supper from the ladies assigned to the job by the day after attending to bills and The only remains all descendants.

Miss Edwina Lawson who has spent the past two years at her home here, returned to Reeder last week to be employed at the Bank.

Harry Grant left for Toronto, Ont., where he will attend the Royal Winter Fair.

Mrs. Ed. Hyde returned to Reeder last week with the committee in charge of the assembly dances and is now arranging to hold the dance.

Arthur Campbell who has been a patient in the Lacombe hospital returned home on Tuesday.

News From Lakeside-Canyon

LAKESIDE CANYON Mr. and Mrs. Fred Campbell left on Sunday for their home in Chesterfield, after spending a few days with Mr. and Mrs. [illegible] Strickland.

Mrs. Bessie [illegible] to Castor to visit her sister there.

Mr. and Mrs. Strickland were entertained on the Canyon Ranch to dinner on Monday.

Bert Emerson has returned home after spending some time with his grandfather in West Lorne.

Most Wednesday evening, Nov. 24, a meeting of the parents and A. F. U. will be held in the Lakeside hall. Guest speaker for the evening will be Mr. Glen Wright, manager of the Blackfoot Valley Co-op. All members are requested to keep this date in mind. This meeting should be of vital interest to all farmers, and everyone is cordially invited to attend.

Mr. and Mrs. Lee Bailey enjoyed a visit with the Trenchard family of Lacombe on Sunday.

Mrs. Maurice Dunbar returned on Sunday to her home in Stanley after spending a week at the [illegible] home.

Sprucedale

SPRUCEVALE Mr. and Mrs. Jos. Bouchard of Blackfalds were Sunday guests of Mr. and Mrs. Chas. Bouvrette.

Congratulations to Mr. and Mrs. Ted Deadder who celebrated their fifth wedding anniversary on last Friday evening. A few friends gathered at their home for the happy occasion. Those present were Mr. and Mrs. Henderson, Mr. and Mrs. Pierce Hy and Mrs. Pinch Jones and Mr. and Mrs. W. Jones. Other guests were Mr. and Mrs. Gal, and Miss Gordon from north of Edmonton.

Miss Norma Gottschalk celebrated her 16th birthday last week. Among the guests present were Mr. and Mrs. Gottschalk, Mrs. Parent, her grandmother, Mrs. J. Bedard, her aunt, Mr. Dumas and Miss Ground.

Home Mrs. W. Theobald

Mrs. W. Theobald of Lacombe was hostess Friday to a large group of friends at Mrs. W. Theobald's home and to honour her guest of honour spent the afternoon in knitting baby clothes. Afternoon tea and contests were enjoyed and a delightful tea was served. Mrs. Jacques Lamoureux on behalf of the U.F.W.A. presented Mrs. Theobald with a gift, and Mrs. Theobald in a few words thanked all present for their kindness. Mrs. Theobald is a few weeks thanked by all present friends and empire for she's a member of the U.F.W.A. Mrs. Theobald will be greatly missed by her many friends here as she left on Tuesday for Lacombe where their home and on that area to have been held on Nov. 25. Mrs. Theobald was presented with a linoleum carpet on re-leave from the district by the U.F.W.A.

The annual meeting and banquet of the Sprucedale U.F.W.A. was held on Thursday, Dec. 2 instead of Nov. 25 as first planned. The U.F.A. convention in Calgary, from Nov. 29 to Dec. 3 made the change necessary.

The U.F.A. at a recent meeting at the home of Mr. and Mrs. Frank Ens, appointed Walter Barnes as delegate to attend the annual convention in Calgary.

Lincoln-West Branch

A large crowd enjoyed the wedding dance of Mr. and Mrs. Vernon Johnson which was held on Friday night. Congratulations to the newlyweds.

Mr. and Mrs. A. A. Bentley spent the week end in Edmonton.

Mr. and Mrs. Jim Bengtson and family spent Sunday with Mr. and Mrs. Allen Dunn.

Congratulations to Mr. and Mrs. R. Ilgunn on the birth of a baby boy.

Mr. and Mrs. E. C. Crosbie entertained Mr. and Mrs. Buckley and family from Deer Butte on Sunday.

Jerome Burton entertained Mr. and Mrs. Brenda on his month birthday.

Mr. and Mrs. H. Kamlah are moving to Lacombe shortly.

We are sorry that Bennie Hunt has been on the hospital.

Sunday School was resumed party at Lonsdale hall November 14. Proceeds for charitable work.

Mr. and Mrs. Ray Barton entertained Mr. and Mrs. H. R. Whitestone, Mr. and Mrs. C. G. Mutchmore Sunday.

Mr. and Mrs. Wm. Shales returned to their home in Bricville on Saturday to receive congratulations from their family on their 50th wedding anniversary.

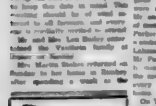
Mr. and Mrs. H. Kamlah have been entertaining their sister and brother-in-law from Lac recently.

Mr. Stout has been visiting in Edmonton.

Mr. and Mrs. Burt Bradley and Gordon Bradley motored to Edmonton Sunday.

Sympathy of the district is extended to Mr. and Mrs. Tim Sheehy.

Mr. and Mrs. Ole Hanchy attended the funeral of a relative at Kenworthy last week.



Filling Prescriptions is the most important work we do.

There can be no deviation from the formula once written. That is why our stock of essential drugs is complete, and Pharmacists are well qualified and have had many years experience.

At The Council Meeting

School Division Plans New $12,000 Office

Lacombe school trustees voted to purchase two lots on the corner opposite Ferguson Bros. for the building of new offices which will cost $12,000 at the regular meeting of the town council Monday night. Secretary A Brodie was present to elaborate on plans. The offices to be built will be 40 ft. with a full-size basement. This building would be augmented by a warehouse alongside where school supplies would be stored. Council gave its hasty approval to the [illegible] these lots provided the division installs water and sewage at its own expense and provided the transaction is satisfactory to town solicitor D. R. [illegible] Council also gave its hasty approval to sell [illegible] of property committee] who was at [illegible]

Council interviewed several other [illegible] who attended the meeting. Bert Newman complained to council about the [illegible] and [illegible] of Sept. 7 on which overlaps and blocks part [illegible] premises. The Ort Council.

Council agreed this sum could be placed on the property as long as it didn't encroach on the [illegible] boundary.

Frank Harris is now prepared to get his business [illegible] operation. He had been charged [illegible] and a misdemeanor on a business building he sold even though he hadn't operated it for [illegible] months this summer. Council explained it was the responsibility of the act covering the point, and that if he occupied a building for more than 30 days he was still [illegible] the full year's tax.

Mr and Mrs. Dave Harrison made a personal visit concerning a hospital bill. A misunderstanding [illegible] between these parties and secretary C. B. Hyndman. Harry Smith failed to qualify for special municipal hospital rates. Council agreed to settle the account at about $60.00.

Blue Street Signs

With new street markings for the main highway, council is considering similar signs for the [illegible] farm in town as well. The provincial government, it has been learned, will [illegible] to the "30 m.p.h." signs on the main highway within the town limits.

The [illegible] is having 14 stop signs for streets, complete with red reflectors. Three of these signs are purchasing three] no parking here" signs.

Tender of $73.00 from L. H. Grist for the purchase of a town typewriter and filing cabinet was accepted at the meeting.

Tax Arrears

Further [illegible] centered around the several businesses in town who have failed to pay their business tax. More drastic measures are forthcoming, and a council will be forced to take action on the new future.

A "get tough" policy was also adopted for a half dozen residents in town who are building without permits. They will be [illegible] by the police, and are liable to fine.

Next meeting of the council will be held December 13. It was decided to dispense with the meeting for the winter months, and will convene [illegible] on the second Monday only during December, January and February.

Mayor T. Wilkes reported he still hadn't received a tip to [illegible] monies to discuss the Church Hall "closed to drivers" question with provincial authorities. The mayor said he would try to go this week end.

Ski Members Rebuilding Cabin North of Lacombe

Lacombe ski club members are rebuilding their cabin at the Windsor's hill, about six miles north of town.

All the lumber is being torn all the walls, and will be used to rebuild the cabin on the same solid foundation. A number of riders worked on the job Sunday.

All members are looking forward to another active skiing season.

A Thought For The Week

It is by sincerity and art that man climbs in every company; but trite jokes and [illegible] laughter [illegible] to a bullion.

Clive Oats Club Honored Guests at Banquet

A unique feature that of the Clive junior oats club was a banquet held in honour of the [illegible] trophy [illegible] in [illegible] in movement will be [illegible] by a hand of [illegible] boys [illegible] members of the club are guests at a special banquet.

The event will take place in the small hall, starting at 6:30 p.m. A program has been arranged and a representative of the Al [illegible]

It be present [illegible] ... personal property of the club.

This is the first time in Al [illegible] club has [illegible] ... [illegible] ... [illegible] ...

Patients at The Hospital

Patients at the Lacombe municipal hospital this week include:

Mr. Martin, Lacombe; Mrs. Jack Dyck, Clive; Mrs. Jack Gruner, Lacombe; Mrs. Mary McLennan, Clive; Mr. Walter Hamm, Lacombe; Mr. Clyde Fennell Anderson and Mrs. Anderson, Clive; Mr. George Porter and the Baby of Aspen Beach; Mrs. Gordon of Clive; all medical and surgical cases.

The bride looked charming in floor length gown of lilac sheer nylon over satin underskirt with a gold pendant and her shoulder-length veil was held in place with a wreath of orange blossoms. She carried a bouquet of red roses.

The bridesmaid Miss Dorine Turner, sister of the bride.

The groom was attended by his brother Mr Walter Turner of Lacombe.

During the ceremony a dance number was played. The bride's table was centered with a three-tier wedding cake. The toast to the bride was proposed by Rev Reed who to which the groom responded and Dale's responsible relatives were present including Miss Rose Porter of Edmonton and Miss Porter and Walter Porter of Calgary. For the occasion, the bride's mother wore a blue wool afternoon dress and wore a corsage of carnations. The groom's mother wore in the United States was unable to attend.

The happy couple left for a honeymoon in Calgary and upon their return will make their home at Aspen Beach.

District Wedding Bells

FERRIE — GALLAWAY

A quiet but pretty wedding was solemnized at the home of the bride's uncle and aunt Mr and Mr. Dan Randall on Saturday November 20 when Ruth Mary eldest daughter of Mr and Mrs Harold E Dunbar of Clive became the bride of Robert Andrew son of Mrs. George Porter and the late Mr of Aspen Beach. Rev Gordon of Clive officiated at the ceremony.

The bride looked charming in floor length gown of lilac sheer nylon over satin underskirt with a gold pendant and her shoulder-length veil was held in place with a wreath of orange blossoms. She carried a bouquet of red roses.

The bridesmaid Miss Dorine Turner, sister of the bride.

The groom was attended by his brother Mr Walter Porter of Lacombe.

During the ceremony a dance number was played. The bride's table was centered with a three-tier wedding cake. The toast to the bride was proposed by Rev Reed who to which the groom responded and Dale's responsible relatives were present including Miss Rose Porter of Edmonton and Miss Porter and Walter Porter of Calgary. For the occasion, the bride's mother wore a blue wool afternoon dress and wore a corsage of carnations. The groom's mother wore in the United States was unable to attend.

The happy couple left for a honeymoon in Calgary and upon their return will make their home at Aspen Beach

-o-

MR. ERIC GALLAWAY

An interesting wedding took place on November 16 at St. Andrew's United Church, Lacombe, when Mrs Mildred Mary daughter of Mrs Mildred Mary daughter of Mr. Eric Gallaway son of Mr. and Mrs Wilson Gallaway of Lacombe, and the late Mr. Jackson of Edmonton, were united in marriage.

The Rev. Hobin Armstrong of Lacombe was master-of-honor and Mr. Charles L. West of Edmonton best man. For the bride's wedding she chose a navy blue suit with accessories in Lavender. They spent their honeymoon in Edmonton.

-o-

ENGAGEMENTS CALLING

Mr. and Mrs. Ingo of Mrs Dorlene Calling of Lacombe and Mr. Hodgkinson, also of Lacombe was announced at a tea given on Saturday at the home of the bride's parents, Mr. and Mrs. Lauri Calling, on Sunday afternoon were united in marriage at the home of the bride's parents, Mr. and Mrs. Wm. McNaughton.

Rev. H. P. Hinton performed the ceremony. Bridesmaid was Mrs. Joyce Burton. Mrs. Hinton sang during the lighting of the candles.

A big reception for about 60 invited friends followed at the organ recreational centre of the bride's parents, and Mr. and Mrs. George Richards. Mr. and Mrs. Cliff McNaughton of Edmonton were united in marriage.

Radio Showtime Plug

Radio Showtime week has apparently lost its charm for L.S.A. Very few letters were made by the same days that the event was in progress, and a general lack of interest was very much apparent The drama-a Friday night broadcast from Edmonton, due to the fact, that most of the events try students had gone home, and other members were involved in classes at Alberta.

Debaters Prepare Retired

One of the former features of the high school which has faded out from the scene but we hope will be restored. This is a parental high school paper At a meeting late Saturday, about fifteen students agreed to organize a club which will be in charge of production. The paper will probably be issued bi-monthly, and will be mimeographed at the school.

Big Shooting Job

The bones or guts of the Rugby team a good turn by assisting their members, which were in need of repair after the recent rugby season. Mr J Allen-Smith, physical director on behalf of himself and the boys in the Bantam and the girls for their assistance.

-o-

C.G.I.T. MEETING

More C.G.I.T. girls and leaders from Lacombe, along with some 150 others from central Alberta, attended a big C.G.I.T. rally at Red Deer on Friday, Saturday and Sunday. Miss Lillian Tait, provincial secretary of the C.G.I.T. was guest speaker.

Coming Events

The Lacombe Social Workers will hold a tea, sale of home baking and fancy work, in the Legion rooms, on Saturday December 17, from 2.30 to 5 p.m.

-o-

The UFWA members of Spring Valley will hold a chicken pie supper and dance in the hall, Lacombe on Friday, November 26 commencing at 8.00 p.m. Admission 75c, children 35c. adlby

-o-

-o-

Old time dance, sponsored by the Lacombe Junior U F A. will be held in Lacombe Hall Friday, December 3. Music by Bob Pearson's Everybody welcome adlby

School Hi-Lites

by Robert Wright

A highly successful Lit was presented last Friday afternoon to members of the high school student body. The program opened with a song song by Miss E Tufts followed by a reading supported solo by Eileen Barker.

Scholarship Award

Three presentations were made to the front by Miss Tufts. Lorraine Bailey Collet, winner of the Lacombe Scholarship for Grade 9 marks in grade nine, the second by Barbara McDonald to Eileen Cooper who was the other scholarship on the recent Chartered Queen Competition, and the third by Ali Collins to Barbara McDonald on behalf of the students council in recognition of her victory in the contest.

Forums Play

A play put on by the intermediate school dramatics class of Miss Tufts entitled "The Princess and the Woodcutter" followed this, and was greatly enjoyed. Don Bright and Leonard Reade then presented act a recent dark love dialogue, followed by some members of the high school dramatics class in a humorous play entitled "The Truth About Mother" which brought many laughs. The program was brought to a close with a number of Christmas Carols by a string quartette.

Basketball Practices

Basketball practices this week have been held in the evenings. Practices are held on Tuesday and Thursday evenings from 7.30 to 9.30 p.m. and from 3.00 p.m. to 5.00 p.m. on Saturday afternoons.

DONAVAN - HUG

A very pretty wedding was solemnized in the Baptist church on November 17 when Miss Helen Hug daughter of Mr and Mrs J. Hug of Lacombe became the bride of James Clifton Donavan, son of Mr and Mrs J Donavan of Bluffton Rev Father Rooney performed the ceremony.

The bride given in marriage by her father chose a floor length gown of white brocaded satin and a floor length veil held in place by a wreath. She carried a bouquet of white carnations and red roses.

Attendant to the bride was Helen Cassell of Crossfield, who wore a floor length gown of blue sheer crepe and a shaped veil She carried a bouquet of pink carnations.

Joe Hug brother of the bride, supported the groom. Miss Donavan was the usher and Mrs Dick played the wedding march.

A reception was held later at the home of the bride The reception room was decorated in blue and white, and the wedding table was centred by a three tiered wedding cake Almost all relatives and friends were present.

For going away, the bride wore a brown suit with white accessories. After the honeymoon the couple will make their home at Bluffton.

Crime On Increase

LAST WEEK — last meeting — appointment on the Lacombe Chamber of Criminal Activity. But for its sins of omission — and commission — it is an equally unbelievable record. Twice within three days last week thieves entered downtown business premises and escaped with considerable amounts of money. Neither criminal is in custody with the usual quiet fits of a small community. The total take between the two robberies, as nearly as they are now related, was in the neighborhood of $300.

The two robberies were dissimilar. At the Lacombe Food Market the looters entered the building, through a back entrance some time during the night. At Avery's Bakery the culprits, or more than one, entered the front office while the premises were at the back. This entrance was not made in the dead of night, but during the noon hour dinner. It is too bad the people were not detained for further questioning after they deemed everything clear.

These thefts should be sufficient warning to all. They suggest that the criminal is not the amateur with the end of prosperous war years. They are the modern but dangerous individuals who would commit murder to robbery rudeness and lawlessness that earn a decent, respectable living. It is likely that will continue on the increase as quite of a general sickening on the part of police authorities.

Later the criminals can help combat the trend here, on whatever minor scale it might operate. That is to be the case there must be more surgery by locked at night before returning. They can be on the look out for newcomers passing worthless checks and any method of fraud that has caught several town merchants napping lately. They can immediately contact police here, and co-operate fully by supplying all possible details. Let's curb crime and continue to make Lacombe a good place to live.

The Power of Suggestion

PITY the poor man who lacks the will power to resist modern-day sales chatter. He'd be simply bogged down under a mere-ville of installment payments, a dry cellarful of fruit canning Gargo machines, pre-fabs, and a big bathroom cabinet stuffed with medicine bottles in the handy family size.

With present high level production, an early end to war-time shortages is in sight, at least in many commodities. Surprises in the home front during the war may have created hardship, but they had the one virtue of keeping the average would-be customer from constant and incessant sales pressure. It looks like the old promotional sales chants are back with us again. Particularly is this true in the United States where there has also been a trend to the more sensational. The quavering excited voice of the radio announcer can be heard daily expounding his product. The new vogue of the commercial would be torrential overemphasis and screaming.

Most of us are gradually hardening our resistance to new sales tactics. It's just the thing we would worry about the unfortunate fellow who has a hard time saying no. If he feels overweight, accost all the supervisors dressed into his size 38 sarcastic drink Cure Cola, smoke Old Chum cull for Pretty Women and stop, look and listen. He'll be "Slim and Lovely in a — " And what will the wife say?

Whither Education?

LAST week was Canadian Education Week, and [illegible] noticed the occasion by taking time out for an honest, candid look at education as it stands today in this great Dominion of ours. Many of the leaders who formulated a day-by-day program for the week that was devoted to enthusiastic discussion of the needs of Canada's schools. Whether or not residents here gave any thought to education is problematical but they should have. Schooling for our growing girls and boys is vital to the community and nation. It ought to command as much attention as a new Wave of an outfit with interest the progress of our own Johnny but how many appraise the school more often as a whole?

It seems to us that the program of instruction [illegible] needs a thorough overhaul. Basic training there is a tendency to concentrate too much on the means of making a living and too little on the so-called cultural graces of living. Preparing the student for happiness ahead in all right in theory, but not in fact. Happy where personal assurance we cannot. The most important thing in the student's education concerns the knowledge that is a thorough knowledge of his trade. Many graduates finish their formal technical school schooling with the [illegible] and remember's tools but they don't appear because they can't spell and speak grammatically correct English.

Farming Notes

Letter the Provincial Department of Agriculture

Laguna Seed Crops

J. S. Hodnett, supervisor of crop improvement suggests that this as a good time of year for farmers to take stock of their operations and plan ways brought to their cropping plans for 1949. By making plans now, most difficulties can be ironed out before they are put into practice. Many growers of laguna seeds will find a difficult to decide just what kind of plans should be.

Alfalfa seed production is not a problem except in a of seasonally unfavorable weather when it will not seed and there is little likelihood of ever profitable.

Alsike clover seed production has increased by leaps and bounds in recent years and this year the price has dropped sharply. This will tend to eliminate the producer of mixed and otherwise undesirable seed but there is likely to be a continuing market for good quality clean seed of an [illegible] strain.

Timothy, brome and grass are bobbing up in hardy and and there is a chance of a good change from alsike to timothy. Timothy does not forget that alsike is a more acid tolerant and that the ripest market for timothy is found in mixed stock.

Sweet clover through high yields and unusually attractive prices, is proving unreliable returns to growers this year. Before recommending sweet clover to seed growers should realize that the very low prices of many other crops and should not forget that they may not be quickly changed back. Once sweet clover is grown, it will volunteer in future years and the seed will appear in a very undesirable impurity in [illegible] seed crops south.

Planning A Healthy Lamb Crop

The health of a new born animal depends largely on the feed and care it receives before birth. Pre-natal nutrition is important because the after years are lived will help prevent the repetition of loss of new born lambs reported by many sheep breeders last spring.

A. J. Charteris, livestock supervisor, says that unless ewes have a fair amount of exercise they should [illegible] Control from water [illegible] To prevent scalding, and soft and flabby lambs, provide adequate exercise for the ewes during the time they are bred. If about with an adequate supply of [illegible] green leafy alfalfa a feed is greatly relished. Such ewes lambs will be much stronger and healthier than those from ewes having the opposite effect, circular "Care of Ewes During Time" contains several hints on sheep management that will prove of value throughout the winter months. This circular can be obtained from district agriculturists or Alberta department of agriculture.

Reflections of the Times

Code of Conduct Discussed

For a few days recently two governors of the UDL board themselves the center of a "tempest in a teapot" [illegible] a storm that has been brewing the past in the act of patronizing on a closing business a few dozen stags with a young professional entertainer as a "drawing card" for the evening.

The pattern, without the capitals, was surely two elements and many [illegible] of the [illegible] The scene was probably duplicated a thousand times across Canada that evening without an iota of [illegible] being aroused in the majority either that we protested.

However on second, more members of the meeting profession were aroused, the average Canadian threw his hands in the air and muttered that university things going on [illegible] and all was good clean fun with no intention of being offensive.

Unfortunately, there seems to be two codes of rules for conduct—one for ourselves and another for those engaged in some of the professions. Those two sets of rules in past years of a similar scale have worked hardships on young members in [illegible] students of the university, where some of the more rags of being normal has been cause for [illegible] and trouble.

Obviously, if some of the critics of the two professors had stopped to consider some of their actions in public the whole incident would have died of over without any adverse statements or action.

—Reminder Star

From The Files of The Lacombe Globe

Five Years Ago

Mr and Mrs Frank Smith receive the congratulations of their friends on the occasion of the Five distort on the occasion of their diamond wedding anniversary Mr and Mrs R. Cox, Gull Lake, are feted this week for a similar anniversary.

The Henkel Brot of the Wolfville district suffer heavy loss in a farm fire which destroys a pump house and large barn.

Sam Beamish is elected president of the new Young People's group, at a rally. Miss Mary Ryan is vice president, and Alberta Cousin secretary-treasurer.

Local badminton tournament is held at the Elkwater hall. Winners of the main events are Allen Carter and Miss M. Grant, and Jack McCauley and Miss E Bergie.

An amateur contest is held at Clive Community Hall, to mark the anniversary of the hall's opening.

In Radio Address

H. J. West, Experimental Station, Discusses Poultry Houses

The following is a condensed [illegible] of a radio talk on poultry housing given on the Farm and Home Hour broadcast of CBC Edmonton on Monday, November 8 last week by H. J. West of the Lacombe Experimental Station, Lacombe.

In supplementing the construction of a laying house the importance of [illegible] should not be overlooked. Good [illegible] and ventilation are fundamentals. Some of the laying houses built in the [illegible] are not as warm as they should be, having birds to be kept. It is usual to allow 2½ sq. feet of floor space per bird for light breeds and 4 sq. feet of floor space per bird for heavy breeds. Having decided on the floor space required, depth of the house is the next consideration. This means that are usually of more than in depth [illegible]

[illegible] come to ventilate and to keep warm. Where a house is built deeper than 20 feet, windows are usually installed on the north side close to the floor to provide more light. Cupboard height of ceiling is about 6'6".

The [illegible] poultry house with [illegible] and [illegible] is usually suitable though where eggs are available they provide a cheap source of [illegible] and a warm, substantial building. The rate selected for the laying house should be high enough to afford good drainage. A southern exposure is a distinct advantage. Any other factors making for greater efficiency and convenience should be considered, such as proximity to a good water supply.

Where straw scenerio for housing larger flocks is a necessity and where [illegible] is at a premium the double-deck poultry house has much to offer. The chief disadvantage as such a building has to do with [illegible] required in serving for the birds.

Straw and houses are only temporary expedients and are not recommended. Concrete floors are desirable from the angle of [illegible] and [illegible] cost over some Lumber floors though not satisfactory are not of durable. Dirt and clay floors are not satisfactory because of the dampness and [illegible]

Looking Back . . .

40 Years Ago

The secretary treasurer was requested to write Professor Robertson, Ottawa, to learn when Lacombe and give a lecture on [illegible] engineering as a date [illegible] by him. The Board of Trade was to be notified of such meeting.

30 Years Ago

Returning officer R. E. Carruthers reported that the 1918 votes, absentees had returned W. A. Buchanan 1,000, A. McGregor D. Calder and Dr. W. T. Ryman as councillors.

20 Years Ago

Messrs Baxter and Plumbe from the Calgary Power Co. Interviewed council regarding the sale of the Power Plant. The general contract was read by the Mayor, outlining the terms and conditions of sale.

Council carefully deliberated, and after a lengthy discussion Councillor C. E. Chapman the power company's offer [illegible] was accepted by the Town at Lacombe Mayor G. T. Jackson, councillor A. Gilmour and the solicitor were appointed as delegates to draft the agreement with the Calgary Power Co.

Everybody's Business

by Don Graham

Wherever you undertake — give it everything you've got!

Your job or working conditions may not be to your liking. If that is the case, change. But everything you find time to work and try have much happier you feel.

Suppose some organization drop in for a visit, then interrupting your enjoyment of a book or radio program, if you cause their interruption your guest, certainly will not enjoy themselves. And you will be bored and restless. But if you decide that visitors are welcome, you will be an attentive and entertaining as you can — and they will go away a good time and, to a surprising degree, so will you.

Whether you apply this principle to conversation, games, hobbies, or constructive activities, the result will cause them repay you for the extra effort you make.

And putting your heart into everything you do will make your whole life happier and more successful!

The modern life announcer upon pure everything he's got into his job — helping people build a secure financial future. His enthusiasm is genuine because it is based on his personal convictions that life insurance means a real service.

THE PAINT THAT STOPS FIRE!
ALBI-"R"
MEANS MORE PROTECTION FOR THE HOME OWNER
ALBI-"R", now in stock at the Imperial, is a white paint which may be left white or used as an undercoat
GIVES POSITIVE PROTECTION
When a surface treated with ALBI-"R" is exposed to flame, the ALBI-"R" coating puts up to form a heavy protective insulating coat which keeps the surface from burning. This characteristic organic cellular mat prevents flash fires, greatly retards flamespread and prevents the penetration of heat to the treated surface.

Rev. Marsden Automobile Is Slightly Damaged Last Saturday

The car belonging to Rev. H. P. Marsden of Lacombe was damaged last Saturday while parked on 50 Clements's avenue office window being struck by the west-bound train at 11.

The car was driven by Lloyd Crawford of Red Deer. He apparently applied his brakes to slow down on entering the town and with the light snow and slippery road conditions the car skidded on the wrong side the Mr. Marsden's car.

No one was injured.

Innisfail

NOVELTY — Mr. and Mrs. John Bankhead were hosting supper guests of Mr. and Mrs. Jessie King.

The Misses Lydia Lobel and Lisa Hotzenthal were Thursday night guests of Lydia Hotz.

You dental attends the quarterly to the Douglas family in town recent homecoming.

Mr. and Mrs. Lee Smith spent Sunday afternoon with Mr. and Mrs. J. McLeod in the Lacombe district.

Mr. and Mrs. Carl Hotzel were recent guests of the Charles Lobel family before leaving for a visit to the States, Vancouver and Victoria.

Miss Helen Henderson spent the week-end at her home here.

Mr. and Mrs. W. Henderson and Dora returned from the Vancouver after visiting Mrs. Henderson's sister, Mrs. C. B. Lancaster.

News From Blackfalds District

BLACKFALDS — Mrs. P. McLennan was a visitor of Mr. and Mrs. Cap Evans of Calgary over the week-end.

Mr. and Mrs. M. McLennan and Mrs. B. Green were visitors in Calgary over the week-end.

School Pupils Entertain

On Wednesday afternoon the children of Miss Cuthbert's senior (primary) class entertained mothers and friends with a short review of the work accomplished by them in the present term. A display has been served by Miss Cuthbert, assisted by pupils from the intermediate room.

Many visitors of the family attended the funeral of Mrs. Albert Lemon, wife of Lorimer Adams, whose parents are well known here. The beginning of the term unfortunately is attributed to them at their recent visit.

Miss Kathleen Mills was called to Clinton last week, owing to the serious illness of her mother.

A school circus is to be held in the community hall Friday evening at 8 p.m.

Spruceville

SPRUCEVILLE — Mr. and Mrs. Dougal Cranmer and sons of Lacombe were week-end guests of Mr. and Mrs. Boyd Cranmer.

Mr. and Mrs. Lee Jennings spent the week-end in Edmonton visiting their daughter, Miss Lillian Jennings, who attended the sports.

Mr. and Mrs. Carl Dreitz and family of Alsike and Mr. and Mrs. Jack Quast of Ardrossan, Sask., visited last week with Mr. and Mrs. Depoil.

Quite a number from Spruceville attended the party Friday evening at the home of Mr. and Mrs. J. K. Lawrence.

Long congratulations to Mr. and Mrs. Wm. Ross Thelen, who celebrated their silver wedding anniversary last week.

Mr. Mr. Cranmer and Evans, and Bob Hamel were week-end guests at the Urquhart home in Red Deer.

The annual meeting of the Spruceville Jr. U.F.A. will be held Friday December 3, in Spruceville Hall.

Meadowbrook

MEADOWBROOK — Bill Baker spent a few days in Edmonton last week.

Lee Mercer was helping with the farm chores on the R. C. Kelsey farm last week.

Ray Long has two cows at work again sawing lumber on his farm.

Mrs. Fern Rush of the Bear district, Miss Ellen Olsen and Master Marvin and Miss Jean Morrow were over night guests at the Ray Kelsey home last Saturday.

Don't forget the big dance in the school next Friday evening, November 26. Proceeds for Xmas treats. Everyone welcome.

Chapwell

CHAPWELL — Charlie Jones, Bill Olsen, George Graham, Dan Graham and Bill Kesserman left on a hunting trip last week.

Mrs. Durrel had her daughter Miss Donald of Red Deer, visiting her last week.

A party was held at the home of Mrs. A. Hosmer on Wednesday of last week. Almost thirty were present and a good time enjoyed.

T. H. Lorber left on a trip to Eastern Canada and the States on Monday.

W. Pennington spent last week end at the home of Mrs Schiner.

Mrs. Hanson, Pete, and Clif were Saturday visitors at the home of Mr. O. Olsen. Clarence

Calgary Highlanders To Hold Reunion in Calgary, Nov. 27

Plans have been completed for the annual Battalion reunion of the Calgary Highlanders Association in Calgary on Saturday, November 27. This event, commemorating the third anniversary of the return of the overseas battalion will be held in the Recreation hall of the Mewata Armories at 7 p.m. and all veterans and associates, together with friends of the Battalion are extended to attend.

The President of the Association George Jones and his committee, have arranged a "smoker" dinner and program beginning at the conclusion of the business of the celebrated occasion and a large attendance is expected.

Those wishing to attend are urged to write for tickets now by writing direct to Calgary Highlanders Association, Box 604, Calgary, Alberta.

Woody Nook

WOODY NOOK — Mr. and Mrs. J. Pritts from Beverly are the guests of their sister and brother-in-law Mr. and Mrs. J. Brouwer for a few days.

R. Nienhuis, H. J. ten Hove and several other men attended an instruction meeting last week in Nederland.

Miss Jennie Van Der Veen of Lethbridge was a visitor at the ten Hove home over the week end prior to taking up her position at the home of Mrs. S. Hoogeveen.

C. Wiersbitzki, attending the Olds agricultural school, was home with his parents for the week end.

Mirror

MIRROR — The following members of the C.G.I.T. held for their annual valley which is being held in Red Deer this week end: Mary Joyce McLeod Rhoda Pratt, Claire Perry Irene Gray, Betty Gray, Pat Sampson, Florence Kammerzell Louise Kammerzell, Rose Durrant, Barbara Jarvis, Fern Lees, Shirley Baker and Winnifred Church.

Mrs. Walter Thompson is visiting her daughter Jean in Calgary.

The home and school association held their monthly meeting in the town hall on Tuesday of this week. It was reported that the health film planned for the evening was unable to be shown, as the machine had broken down. The members of the association have decided to purchase a set of encyclopedias to be used as the school.

Mr. and Mrs. Chas. Lee have received word that Bertram Charles Lemal (Harold) has been promoted to Habitat to Theresa Barbara Sampson, of Medina, on November 13, at St. Mary's Cathedral at 10 o'clock noon.

Mrs. J. G. Russell and Peter were Red Deer visitors last week.

The Catholic women's hospital is having a party in the town hall on Friday night. Many good prizes were won.

The W. A. of the Anglican church held a sale of work and tea in the institute building on Saturday.

Eckpac

ECLIPSE — Mr. and Mrs. Fleck of Lacombe were guests at the home of their son-in-law and daughter, Mr. and Mrs. George Bennett.

A card party was held Friday, November 19 at the home of Mr. and Mrs. George Bennett. There were six tables in play. Mrs. R. Dodd and Mr. Fleck had high score while consolation prizes went to Herb Rahlin and Mrs. Gordon Sharp.

Jeanne Rahlin returned home Sunday from the Lacombe hospital where he underwent an operation for appendicitis.

The Eclipse U.F.W.A. held their last meeting on Wednesday of last week at the home of Mrs. Archibald, with nine present.

Miss Jeanne Bennett was visiting at the home of her parents, Mr. and Mrs. M. J. Bennett, of Spring Valley last week.

Miss Alice Duffy, entertained some friends last Sunday, the occasion being her birthday.

LIGHT INSTALLED

The highway traffic blinker light has now been installed on the busy crossing intersecting the new main highway and the No. 12 highway leading east. The light flashes a steady yellow (red on east) and should be a warning to all motorists to slow down.

Bicycle Thefts On Increase Here; More Caution Urged

Lacombe has been reported to local police during the past week.

A 15-inch wire wheeler bicycle is reported stolen from the rear of the Lacombe Hotel on Saturday night, following a similar theft from the same place a month previously.

Police report many are the unattended bicycles being left loosely around town by careless owners each night to tempt would-be thieves.

The University of Toronto Blues romped to their second consecutive victory over the McGill Redmen this time by a score of 20-6. As was the case the last time these two teams met Varsity could do little wrong and McGill could do nothing right. The Redmen were unable to cope with the Blues' passing attack. Jimmy Trimble says that didn't go for a touchdown. Yes - McGill can. Crawford and Orban are making double sure that the Toronto ball carrier is stopped.

Gull Lake

(The late for last week)

GULL LAKE Mr. and Mrs. T. S. Cox and Mr. and Mrs. Glen Cox spent three days of Cox's deer hunting.

Mr. and Mrs. Joe Pollock and girls, returned home last week from a visit to Edmonton, Vancouver, Nanaimo, Victoria and Seattle. They travelled as far east as Banff.

Rev. Mr. Loughlin has been a busy Ed-motion visitor owing to the illness of his mother. Last word received said she was some better.

Power Line Projected

All the poles on the east side of the Blackfalds rural electrification [illegible] have been [illegible] and the line should now be Calmella and Moore's gym work is now setting up poles in the west end, which should be pretty well wound up this week. The power is getting closer.

Uncle Mc Loughlin entertained her little friends at her 5th birthday recently.

Mr and Mrs Matt Moore returned last week from Mrs. J. L. Haig in Calgary for two days last week.

Mr. and Mrs Geo Cabelka spent Thursday to Saturday visiting Gordon Forbes at Didsbury. They also spent one day at Innisfail.

Mrs. Les Beddome and Mr. and Mrs. Don Edwards of Penhold have been recent visitors in the district.

Community Hall Project at Rimbey Receives Good Support

Ambitious plans are in the mill in Rimbey and district, aimed to build a community hall in the thriving central town to supply the last touch when it was announced at the convention that nearly $7,000 has been subscribed so far in the financial campaign.

A good portion of this total came from the proceeds of a $5,000 donation by the Rimbey Community Club, which has $2,000 in bonds at $5,000, and further promised donations of $2,500 from the Rimbey Agricultural Board.

Rimbey's community-owned hall project seems to be receiving the same wholehearted support as Lacombe's in getting one of the Fawbey citizens are to be congratulated on their enterprise

T. B. Seal Sale Objective Here is $11,500

Dr. E. R. Wyeks medical health officer for the Red Deer health unit, which includes Lacombe, is a part, announced last week endorsing the Christmas Seal campaign in Red Deer and central Alberta.

He said, "Tuberculosis heals have conquered and destroyed a large part of Alberta's fight against tuberculosis, still a serious problem, but we have discovered how this year's campaign will be conducted.

The seal sale objective in central Alberta this year is $11,500. Funds are used for community chest X-ray surveys, vocational training and rehabilitation of T. B. patients and for other preventive services.

Chairman of the Rimbey T. B. seal sale committee for central Alberta is Herb Kerr of Red Deer who will accept contributions

Forbes

PERSHING Harry Proudfoot and Pete Kwok motored to Bentley on Wednesday. Mr. Proudfoot will look after the cattle while Ellen is owned back.

The Victory rule last Tuesday was well attended and lunch was served by the Forbes ladies' auxiliary.

Mr. Vesper has sold his farm to Mr. Brotherton and Mr. Bentley of Willesden Green, Alberta. Mr. Bentley has been operating a store built by sold when he bought the farm.

Mrs. Baggott entertained the Bentley ladies' auxiliary to the Forbes Eastern Star last Saturday evening.

The Forbes ball board sponsored a remembrance dance last Thursday. The hall was nicely decorated and a good crowd attended.

Mr and Mrs Dunc McGeachy gave a large wedding dance at the Forbes hall on Saturday night. The basement of the hall is finished and supper was served down stairs.

A BRIGHT QUESTION

Dorothy Thompson lectured in Toronto the other night. Negus Money or no Financial Post.

Wrist band: was vanity suppose. Of by her self control or dig the [illegible] period in her address. She had at some length discussed Communism and Socialism, and then it was merely a symptom of a much bigger and graver clash between Communism and Christianity. One of the first questions handed up was: What d. . . . to think of the British situation?

Special Service to Mark Opening of Parish Hall

A special re-dedication service to commemorate the opening of St. Cyprian's Anglican Parish Hall will be held next Tuesday December 7, at 8:00 p.m. The Bishop of Calgary will be present for the occasion.

The opening comes after several months of work during which time the church was moved from its old site on 51 street to 50 avenue. The new hall is a handsome single-storey building, about 36 by 60 feet. At the back is a kitchen where there are facilities for holding social evenings.

Many visitors from other Anglican churches throughout Alberta are expected to attend.

LEMIEUX PARTY BIG SUCCESS

There was a good time had by all attending the legion party and social evening held Friday at the I. O. O. F. hall. W. G. Chapman was in charge of the evening's program.

Song and dancing helped provide entertainment. Games and contests were also played.

ST. ANDREW'S UNITED CHURCH

Rev. H. P. Maurice, Minister

District Wedding Bells

BOLD-LINDBERGH

A quiet wedding was solemnized at the United Church Lacombe on Friday, Nov. 26 at which time Pearlie Elizabeth Thompson, only daughter of Mrs. H. Sorensen and the late Mr. Thompson of Lacombe, Alberta, became the bride of Arthur Eugene Bold third son of Mrs. F. G. Bold and the late Mr. Bold of Blues, Alberta.

Mrs. Lindbergh Lindbergh of Chipwell, mother of groom, was bridesmaid while Mr. Calvin Thompson, brother of the bride attended the groom. The bride was given in marriage by her brother Mr. Gerald Thompson after which the ceremony was performed by Rev. R. P. Hamilton officiated at the double ring ceremony.

The bride looked charming in a floor length gown of white satin and carried a bouquet of pink carnations.

After the wedding lunch was served at the home of Mr. and Mrs. L. M. Trace where Mrs. Trace and Mrs. H. D. Goddard were the group acted as co-hostesses to thirty two relatives and friends of the happy couple. A beautiful three tiered cake adorned the centre of the table.

Out of town guests attended the bride's mother Mrs. Hartwig of Innisfail and the groom's mother Mrs. Bessie of Blues.

After a honeymoon spent in Edmonton the young couple left for points south where they will spend a short honeymoon. On their return they will make their home in Blues.

HARLAN-BEEK

A very pretty wedding was solemnized in Rowley church on Friday Nov 12 when Thelma Hope eldest daughter of Mr and Mrs Oliver Bank of Rumsey, became the bride of Vernon Harlan, eldest son of Mr and Mrs H. Kamloh of Lacombe Rev Parr officiated at the ceremony.

Entering the church on the arm of her father the bride looked charming in a floor length gown of white velvet and lace. Her floor length veil was held in place by a lace shaped coronet and she carried a bouquet of red roses and from the ugly presidency was a gold locket gift of the groom.

Fern Rand, sister of the bride, was bridesmaid in a floor length model of pale pink chiffon she wore a shaped veil held in place on a wreath of pink flowers. She bouquet was of Kalgoria roses and ferns.

Mrs. Lawrence Deal, sister of the groom, was matron-of-honor. She wore a floor length gown of pale yellow sheer with shaped veil and carried a bouquet of pink carnations and fern.

Gordon Kamloh brother of the groom, was best man and Ronald Jr. brother of the bride was the groom's other attendant.

Dame Deal, niece of the groom, as flower girl looked pretty in white taffeta complemented by a coronet of flowers. Julie in a floor length model of white velvet and lace.

Jan Milburn and Elmer Gold led were ushers.

Miss Irene Wright of Rimbey played the wedding music and during the signing of the register sang "O Walk Beside Me."

The bride's mother wore a gold gabardine dress with a corsage of red roses. The groom's mother wore a rose wool dress with a corsage of yellow roses.

Following the ceremony a reception was held in the Rec Presbyterian hotel. Rowley Rimbey guests were served Rev Parr proposed the toast to the bride to which the groom responded. Out of town guests included, Mrs. M Shaw of Innisfail Mrs. Walter Deagel, Mr. and Mrs. L. Miller all of Calgary Mr and Mrs E Pugh of Strathmore Mr and Mrs. R. Riggins and family of Lee, and Mr R. Burwood of Rimbey.

Following a short honeymoon in Calgary the happy couple are now residing on the groom's farm in the Lincoln district.

McNAUGHTON-CALDER

A quiet but very pretty wedding was solemnized at the home of Mr and Mrs Lorne Calder on Saturday Nov 27, when Rose Marguerite daughter of Mrs. Margaret Calder became the bride of Lorne Douglas McNaughton of Calgary, son of Mr and Mrs. A. E. Knight and Mr Charles Knight of Red Deer.

After the happy couple left on their honeymoon trip to Vancouver they will reside in Calgary.

The bride looked charming in a floor length gown of white satin and carried a bouquet of red roses and white carnations.

Miss Ruth Calder sister of the bride was bridesmaid in a floor length gown of pink satin and carried a bouquet of red roses and white carnations.

Mr. Knight was best man and Mr. Charles Knight brother of the groom was groomsman.

Out of town guests were Mr and Mrs. Cliff McNaughton of Edmonton, Mr and Mrs. Jim McNaughton of Penhold, Mr and Mrs. A. E. Knight and Mr Charles Knight of Red Deer.

After the happy couple left on their honeymoon trip to Vancouver they will reside in Calgary.

Mrs. Knight looked charming in a floor length gown of white satin and carried a bouquet of red roses and white carnations.

Miss Ruth Calder sister of the bride was bridesmaid in a floor length gown of pink satin and carried a bouquet of red roses and white carnations.

Mr. Knight was best man and Mr. Charles Knight brother of the groom was groomsman.

Britain Sets Example

SIR Stafford Cripps, Britain's chief economic czar, has set the pace for the world in the matter of economy. While the rest of the world is talking about economy, Britain is practising it. Without any fanfare of trumpets, Britain has cut down drastically on imports from the dollar area. Britain has cut down drastically on imports from the dollar area. But the results haven't been rewarded with that power the people have come to expect of the government. Britain has just established a budget surplus of £100,000,000 as a result of the people's unified effort to help themselves and each other.

With respect to the British people, the measures are not unreasonable, and the people are not unreasonable. The measures are necessary. The people are willing to do their part. The people are willing to do their part. The people are willing to do their part

OPENING OF THE VEST

A widespread interest is being shown in the opening vest of Mount Allison University, Sackville, N.B., on Thursday evening, December 2nd. The home attraction will be the first intercollegiate hockey game of the season. Mount Allison will be playing host to the Maritime Intercollegiate Athletic Association, and will be represented by teams from the University of New Brunswick, St. Dunstan's, Acadia and Mount Allison.

as putting path in the dams to build up the surface are based on an extensive living examination of the trail. The home attraction will be the first intercollegiate hockey game of the season. Mount Allison will be playing host to the Maritime Intercollegiate Athletic Association, and will be represented by teams from the University of New Brunswick, St. Dunstan's, Acadia and Mount Allison.

An Announcement on Rural Electrification

The farmers north and west of Lacombe in the area between the C.P.R. Cal. Ed. line and Gull Lake are invited to attend a meeting in Arbordale school, Tuesday evening, 8:00 p.m. December 7 for the purpose of discussing the organization of a Rural Electrification Association and election of interim board.

Mr. John Henderson, president of the association south and west of Lacombe and Norman Brooks secretary treasurer of the same association will conduct the meeting to follow in organizing, and they are capable of giving much valuable information and to answer the many questions that arise

MOVED TO LACOMBE

Mr. [illegible] Manager of [illegible] has moved to Lacombe from [illegible] and is now living in the [illegible] Mr. and Mrs. [illegible] Lacombe.

POLICE COURT NEWS

Claude Bachelu was sentenced by magistrate J. Smith at Red Deer on Lacombe police court warrant charging he threw cinders in just for each of two charges of theft. The sentences will run concurrently.

The accused was apprehended Monday by Constable B. McLarty. The charges involved the theft of a watch from a man at Blind River and a more recent theft of a wallet from a party at College Heights.

Cattle Sale Is Postponed To February 17

The purebred sale of cattle which was to be held in Lacombe on December 8 has been postponed until one of the centres in Alberta cattle breeders association.

No date for the sale has been set. Thursday, February 17, and farmers districts of outlying districts are asked to make arrangements now. Closing date for entries is January 15.

Officers will be by-elected at the regular annual meeting to be held each year to [illegible] end of May or early June. There are usually a few vacancies and at the same time through the last is predominately bulls.

Reasons for the postponement included an insufficient number of entries and a shortage of boarding cars. In addition, it was found that a considerable amount of repair work on the barns was necessary for a winter sale.

The Age of Machinery

THE days of long, tedious, painful toil are on the wane. In many localities work by machinery has replaced the labor of human hands. Even in the home labor-saving devices are becoming more and more numerous. Take washing for instance. Not many years ago washing was a day of drudgery. Now, in many homes, washing is done by machinery. Instead of rubbing the clothes on a washboard, they are put into a machine, which does the washing and rinsing. Then they are put through a wringer, which squeezes the water out of them. Then they are hung on the line to dry. Such a simple operation as washing clothes has been made easier by the use of machinery. Other household chores have been made easier by the use of machinery. Such things as vacuum cleaners, electric irons, electric refrigerators, electric stoves, electric washing machines, and many other electrical appliances have been invented to make the housewife's work easier. Many of these labor-saving devices are now within the reach of the average family. Many more will be available in the near future. Machinery is the age we live in. Machinery has made it possible for us to live in comfort and ease. Machinery has made it possible for us to have more leisure time. Machinery has made it possible for us to have more time to spend with our families. Machinery has made it possible for us to have more time to spend in recreation. Machinery has made it possible for us to have more time to spend in study. Machinery has made it possible for us to have more time to spend in worship. Machinery has made it possible for us to have more time to spend in service. Machinery has made it possible for us to have more time to spend in love. Machinery has made it possible for us to have more time to spend in life. Machinery has made it possible for us to have more time to spend in living. Machinery has made it possible for us to have more time to spend in enjoying life. Machinery has made it possible for us to have more time to spend in enjoying life to the fullest. Machinery has made it possible for us to have more time to spend in enjoying life to the fullest and best. Machinery has made it possible for us to have more time to spend in enjoying life to the fullest and best and most. Machinery has made it possible for us to have more time to spend in enjoying life to the fullest and best and most and last. Machinery has made it possible for us to have more time to spend in enjoying life to the fullest and best and most and last and longest. SHARE

with the people of Britain the things which YOU have in abundance.

They are fighting—on short rations—a cold war against the spectre which haunts the world today. Help them NOW and YOUR help to give them strength.

You can help them through the Emergency Fund for Britain — an all-Canadian organization formed for year-round operation.

YOUR donation will be used to buy food in Canada. Food will be shipped in bulk, FREIGHT FREE, packaged in England, and distributed there, under supervision of UEFB's British Advisory Council, to those most in need. This will SAVE EXPENSE, and make YOUR dollar go further.

Send your cash contribution NOW to the local or provincial headquarters of United Emergency Fund for Britain. Plan to make your REGULAR donations in 1949.

GIVE BRITAIN STRENGTH!

Send your cash donations to your Local or Provincial Headquarters. It is deductible from taxable income.

UNITED EMERGENCY FUND FOR BRITAIN

Support the National Campaign, to raise a large amount of cash in and British sterling securities and children.

Central Alberta Audience Welcome Third Concert Series

A good number of Lacombe citizens were among those who enjoyed the third in the series of concert artists in Red Deer last Friday night.

Heard artists were Gerda de Kwa, noted violinist and Sherah Dwyer, pianist.

As reported, the couple were raised with many delicious selections throughout the first half of the program. Numbers from Handel and Bach and Brahms were given with both accuracy and facility.

During the second half of the program the audience of the evening with a varied selection of lesser known contemporary numbers. At the conclusion Mr. Swan thanked Red Deer presented a bouquet of flowers.

Locals

ROWLATT Mr. and Mrs. Jim Wheeler were Sunday dinner guests of Mr. and Mrs. Howard Smith.

The needlework met at the home of Mrs. Ben Long, with a good attendance. Names were drawn for our needlecraft friends for the New Year. Business of the next meeting at the home of Mrs. C. B. Ehnis on January 5. Present were Mrs. Lord, Mrs. L. Smith, Mrs. W. Henderson.

Mr. and Mrs. C. Lalonde and Mrs. A. Lalonde and Cautine were Sunday visitors with Mr. and Mrs. Brisbet.

Mr. and Mrs. Ben Halstead were Sunday guests of Mr. and Mrs. King of Bentley.

Mr. and Mrs. Larry Gardner (nee Eileen Lord of Edmonton were weekend guests of Mr. and Mrs. C. B. Ehnis. Mr. and Mrs. Bill Eaton and family were Sunday visitors at the Ehnis home.

A card party was held at the home of Mr. and Mrs. Lawrence Shaw on Thursday evening. First prize winners were Mrs. Ben Halstead and Howard Miller; consolation going to Pastor Bill Long and L. Shaw.

Mr. and Mrs. H. Smith were Sunday evening guests of Mr. and Mrs. Bill Ehnis.

Miss Margaret Saunders and Harlan Kinley were Sunday supper guests of Mr. and Mrs. Ben Wheeler.

Miss Powell spent Sunday at home.

Blackfalds

BLACKFALDS Mrs. Mary Logan and daughter Ben visited in Edmonton over the week and as guests of Mrs. Ben Long.

Mrs. Vern Reynolds of Clive spent the week and with her sister, Mrs. Hartman Capern.

Mr. H. McLennan and daughter Jessie and Marion attended a badminton tag in Innisfail on Mrs. MacKenzie of the Lacombe Hospital on Friday afternoon.

Mr. and Mrs. N. E. McLennan attended the wedding of Miss Linda MacKenzie at McDougall Church, Edmonton on Wednesday.

The ladies and Christmas mail is almost over and we hope that it be well attended. Thirty five dollars was raised for the Aid fund.

Mr. and Mrs. Vance Cook are some host and hostess to a dozen couples at their home on Thursday evening.

Sir Herbert Stapp

Sir Knox Brocksbank is now on board at Antwerp, Belgium, arrived from Holland last spring, and has been working in the Antwerp since then.

From Show on Theatre at 9:00 p.m. Friday

Santa Claus Will Make Public Appearance Here On December 24

Santa Claus is coming to town . . . on Friday, December 24. Word received this week by residents of the town from the north verified the pending arrival of Santa Claus in Lacombe on Friday, December 24 at 3:30 p.m. Answering urgent calls from the Recreation Board, Club and Lacombe Theatre management, the benefactor of Christmas gentlemen agreed to appear on the stage of the Lacombe Theatre following the show which will be starting at 2 p.m.

The tentative program calls for the opening of theatre doors for a free show at 2:00 p.m. A long along County main feature and two cartoons will be filmed, and at 3:30 on the dot, Santa Claus will appear on the stage.

Following his arrival, Santa and his entourage of youngsters will go out into the street where he will dig down into his sack and pass out candies, nuts and treats to the youngsters.

In order to help Santa at this busy time of the year, Lacombe merchants and local organizations will supply the candies and treats for youngsters.

Jack Purvis is in charge of the Lacombe Theatre and H. G. Stevens is in charge of the theatre, and is handling the films and theatre free of charge. Ed Cloese C. Haworth is also on the Lions committee and is in charge of overseeing Santa in the theatre stage.

Farming Notes

(From the Provincial Department of Agriculture)

Honey Production Increases

Hon. Dr. Lloyd A. Ure, minister of agriculture, speaking on the development of beekeeping in the province, that a steady increase in Alberta's honey crop since 1923 culminated in the all-time record total of 6,000,000 pounds produced in 1947. Prospects are bright for the beekeeping industry, he said, due to the production of honey in the province exceeding the domestic consumption by a wide margin.

Beekeepers, at a conference with representatives of the provincial department of agriculture, discussed problems of interest to the industry, including the production of liquorice root, specialists in beekeeping are now to be found in most parts of the province. The grey wooded soils are particularly well adapted to the production of liquorice and on the abundant pastures they provide high yields of honey are produced.

The Minister emphasized that beekeepers were of the themselves to support full responsibility for the industry in which they are making a livelihood. No government can help the prosperity of the industry in which the rights of one interfere with those of another. He assured, however, that the Alberta government will continue to promote the welfare of beekeeping in the province in every way possible consistent with the principle of individual rights and free enterprise.

Heavy Duty Oils

With reference to the use of heavy duty oils for engine lubrication, E. B. Martin, automotive and agricultural engineer engineer, certain precautions. Care is required particularly by those who have been using the ordinary type of oil and then decide to change over to a detergent or heavy duty oil. A detergent is a cleanser and these detergent oils have the ability to clean out the carbon formed during operation of the engine. The detergent contained in the oil loosens up the free carbon in the compression rather than allowing it to accumulate in the cylinders and crankcase. A detergent oil is not necessarily thicker or heavier by weight than the ordinary oil. In cold use is in engines that are working under heavy loads or under long periods of operation at fairly high operating low pressures.

To prevent damage to the engine following the change from ordinary to heavy duty oil, several oil changes are required. When the change is first used it will loosen and dissolve the carbon that has been accumulated in the engine during the use of ordinary oil. If after the first change the engine is run too long before drawing the oil will become so thick with this dissolved carbon that the lubrication system may be blocked and serious damage caused. To avoid this danger the following procedure outlined by Mr. Martin should be followed:

1. Fill the crankcase with heavy duty oil.
2. Operate 15 minutes, then drain
3. Refill with fresh oil and operate for two hours and drain.
4. Refill with fresh oil and operate for ten hours and drain.

Reflections of the Times

Backbone of Democracy

Parliament and electors of Commonwealth countries in the American house recently brought to the attention of Parliamentarians throughout the world the importance of maintaining democracy. The House of Commons of Canada, the United Kingdom, Australia, New Zealand, and other countries represented in the British Commonwealth of Nations, are all democracies. Democracy is the form of government which is most suitable to the needs of the people. Democracy is the form of government which is most suitable to the needs of the people. From The Files of The Lacombe Globe

Five Years Ago

Mrs. J. H. Schuler of Clive catches a live bee briefly within the confines of her home, as warm winter weather prevails.

Eleven lucky residents win chickens & ducks at the Lacombe Lions rink school opens in the Nanton hall, when Secretary Arnold Bradford, Bill Ramsay & Ken Prescott go to the British child War Victims Fund.

Rev. Bob Parker, formerly of Lacombe, has left to keep the village in a foremost position in district. He played the leading role in the 3 act stage presentation of "An Artman's Gift."

Ten Years Ago

Eighteen rinks were formed for curling play in a winter Carnival. C.O. Irish has whitened the ice, and with a few days cold weather games will start this week end.

Formation of an association to present a united front against the Social Credit party in this constituency at the next provincial election was made at a meeting of electors in the Church Hall this week.

The years are bound to bring changes . . .

Do you know what your insurance needs will be in 1953? Marriage, a birth or death in the family might change it, present perhaps completely. So, plan ahead, but make your plans flexible.

A Crown Life convertible Policy gives you that flexibility. At the end of five years, you have the privilege of converting your original policy into any one of five different plans at a new rate which is guaranteed in your original policy. There are no lump sum arrears of premiums to pay.

Get in touch with a Crown Life representative. He will be glad to explain how a Crown Life convertible Policy can be used to give you the flexible protection you require.

Farm Census Questionnaire Is Received Here

Most farmers in the district have now received their personal questionnaires from the Dominion government at Ottawa.

This census is sent out by the agricultural division of the Dominion bureau of statistics in co-operation with the provincial department of agriculture and is connected with a census of live stock, poultry, farm labor, and acreage.

Answers to the questionnaire provide data for an estimate of the agricultural wealth of Canada as at December 1, 1948. Farmers must have. The Globe has been told, some time and could be filled in in a few minutes.

The statistics collected through this survey are used extensively by officials at Ottawa throughout the year. Because of the survey, it was pointed out in a news release from Ottawa, depends on a large number of farmers giving immediate response to the documents.

The survey which has an extensive tie with taxation, is of major importance in determining the Dominion food situation, the prosperity of the province, it is believed, throughout the year and the figures as a basis for estimating the cost of payment of agricultural loans by the Canadian Farmers' Creditors Act.

Individual farm returns are held in the strictest of confidence, are only seen by workers in the Dominion and Provincial agricultural statistical offices.

RICH REWARD. Just by investing an Maxwell House you get the world's favorite brand of coffee . . . blended only by experts from specially selected Latin - American coffees—the best the world produces!

C.P.R. Department Officials

After 42 years with the Canadian Pacific railways at Swift Current, Sask., Frank Ashcroft, Dist. Mgr. of express agents for the prairie region, is succeeded by A. J. Mahon, another long-time railroad personnel promotion. Mr. Mahon has 38 years of experience with the passenger department of the railway.

Will Be 36-Bed Hospital
Hospital Addition Will Officially Open in January

Official opening of the new hospital wing, contemplated around early December has been deferred to about January 15. The postponement was made necessary by a slow-down in building temporarily through a temporary shortage of essential materials through the delay in the air conditioning the offices of the new maternity wing. The addition, which will be of modern design, contains a stone finished exterior and provides adequate evidence of what the final product will look like. The wing will give much-needed space to the hospital, meeting its one from the present 20 beds to 36 beds. Main beds left to complete the construction job include a little painting, laying floors with linoleum and installing plasterboard partitions.

Most of the rooms have been painted and present a pleasant atmosphere of soft pastel shades. Hospital matron Marjorie Gordon explained color has more to do with curing patients than most people think. For that reason the colors have been chosen with special care, keeping convalescents of the sick in mind.

The furniture has been chosen and purchased although it has not yet been put in the rooms itself of it in a bleach washing day. Finish, the other half in operation.

One of the newest additions of the wing is the new maternity wing sound proof, and apart from the other sections of the hospital. All maternity cases are presently being handled through the regular operating room, because of the lack of space.

There are many other features such as the conveniences enclosed and they will be more fully dealt with in a special edition of The Globe to appear after the New Year.

Hospital staff and local and district residents will be able to visit the completed building on the day of the official opening, in order to see improvements first-hand. Dr. W. W. Cross, minister of health, and other government officials will probably be present for the inaugural ceremonies.

Forshee

FORSHEE — Mr. and Mrs. Cunningham had a meeting of the Forshee ratepayers Thursday evening. They plan on getting the Forshee rink in shape. A. R. Pearson attended the annual meeting in Lacombe last Thursday and Friday.

Irvine Burgess and Roy Rogers were home from Olds for the week-end.

Mrs. Cunningham visited her sister, Mrs. A. B. Hansford last week.

Mr. and Mrs. Cunningham visited with Mr. and Mrs. John Whitworth last week. On Wednesday they were Mr. Whitworth and a few hours in Lacombe and spent a quiet visit.

Mr. and Mrs. E. Gibson and Mr. and Mrs. G. Graham were Sunday guests at the Whitworth home.

Morningside

Mrs. W. J. Pickett had the misfortune to get her knee in a gate and accident at Lacombe on while crushing a bin containing one from church. Dick Pickett was driving the car. Other passengers in the car escaped with slight bruises.

Mrs. Mac Rennon has accepted position at the Lacombe hospital.

We are glad to see Mrs. E. C. Archer around again after being confined at the Lacombe hospital.

Mountain Grove

MOUNTAIN GROVE — Mr. and Mrs. H. Olafson and family were Sunday dinner guests at the home of Mr. and Mrs. Reverend Dumas.

Recent visitors of Edmonton visited Mr. and Mrs. A. B. Gibson last week.

Mrs. L. Sampson's sister and two friends were week end visitors at the Sampson home.

Master John Darroch visited with his grandparents, Mr. and Mrs. Jas. Barrett, on Saturday evening.

The Mountain Grove Christian concert will be held at the school on Wednesday evening, December 22.

Now you are assured of an ample Supply of DOMESTIC HEATING OILS and DIESEL FUELS at the New Price!

Here's two-fold good news for home-owners, farmers and ranchers in Alberta and Saskatchewan! Imperial Oil is happy to confirm that:—

1 Ample supplies of heating oils and diesel fuels are now available at new, lower prices, and Imperial Oil can guarantee your supply.

2 Your oil burner and space heater dealers also are ready to provide you with new equipment and installations.

Now, for the first time in several years, you can install oil burning cooking stoves, space heaters, hot water heaters, stock trough heaters, chicken brooders and other oil burning equipment. Today's increased production and reduced prices have been made possible by the rapid development in Alberta of Leduc and Woodbend and the promising outlook for the new Redwater field. The present and future output of these new fields assures prairie consumers of adequate domestic crude oil supplies to meet all needs.

GROWING UP

A growing feeling of independence and strength and control is one of the normal and healthful results of adolescence.

Lakeside-Canyon

LAKESIDE CANYON

The Christmas concert at the Canyon school will be held on the evening of Wednesday, December 22.

Congratulations are extended to Mr. and Mrs. Donald Langevin (nee Muriel Lafleur) on the birth of a baby boy recently in Wednesday.

Mr. and Mrs. Fred Ramsay and Mrs. Lyon Malmo were guests at the home of Mr. and Mrs. Gordon Cull on Sunday.

Mrs. Jamieson, who has been staying at Gordon's ranch with her son, left for Red Deer on Tuesday, where she will visit with friends for a few days before returning to her home in Brisbane.

Mr. and Mrs. Donald Langevin are the proud parents of a seven pound nine-ounce baby boy, George Edward, born in the Lacombe hospital on Saturday, December 11.

The Red Seal and dance held in the Canyon school last Thursday evening was quite a success, a full affair, with a sum of $46.10 cleared for the Christmas fund. Mrs. Baker has left to visit her son in Kamsack for a short time.

Friends of Mrs. Hicks will be sorry to hear that she is a patient in the Red Deer hospital.

The regular monthly meeting of the Lakeside Rural Workers was held at the home of Mrs. Gordon Cull on Thursday, after-noon, December 9. New officers are elected: Mrs. A. Fleming, vice president; Mrs. Jim Duncan, secretary; Mr. E. P. Wood-row, director; Mrs. R. Brown; Mrs. Baker, Mrs. Hicks and Mrs. J. Henderson, Reporter for the Lakeside Ladies' Aid for 1949 will be Mrs. Clarence Bauer.

Please Note

Many of our customers will be planning on having their clothes freshly cleaned before Christmas. We cannot guarantee delivery of clothes before Christmas Day if these clothes are brought in for cleaning AFTER MONDAY DECEMBER 20

Santa Claus Will Visit Here Friday Afternoon

Christmas morning may be Santa's traditional day for arrival, but he still makes a special visit to Lacombe tomorrow afternoon. It just never can be taken as any setback, children from all parts of Lacombe and outlying districts will mark the downtown streets when the celebrated red-and-white costumed gentleman arrives from the north. Police normally find it necessary to detour traffic from the crowded thoroughfares, and tomorrow will probably be no exception. Particularly when his visit will be timed at 3:30 p.m., just after a special holidays theatre program has been completed.

The show featuring a cowboy thriller and a couple of cartoons is due to start at 1:30 p.m., and all children are asked to be in their seats well before that time. The movie will start promptly.

There'll be more than an hour's action on the screen then the lights will go on and Santa Claus will appear in person on the stage.

It is expected he make his way to a crowded aisle and onto the street, followed by an eager audience of youngsters. There, conditions would be quite chaotic and if Mr. Nicholas can look over his well-wishers and find out who's been bad and who's been good.

Local home members will aid in the distribution of sweets, and if G. Stevenson is donating the film and use of the theatre free of charge.

Division to Meet With Composite School Members

An important meeting between members of the Lacombe school division board and members of the Red Deer composite school board will be held soon after the New Year, it was decided at a local school division meeting Monday.

The meeting will be held to discuss and survey all aspects of the relationship between Lacombe board and the composite school set-up at Red Deer.

The board met on two days, to survey this month's busy agenda.

A three-man committee consisting of S. V. McCullough, P. Call and A. Brode was appointed to prepare rough estimates for next year's budget. All figures will be presented to the full board at next month's meeting for approval.

Thomas A. Cremmie Passes Away in Rimbey Hospital

Thomas Alexander Cremmie, retired farmer of the Rimbey district, died just before midnight Tuesday at the age of 64. He had been ill for about three months, and passed away in the Rimbey hospital.

Funeral services will be held from Rimbey United Church this afternoon at 2:30, with the Rev. H. J. Pure in charge. Brown & Johnson funeral service have full charge of arrangements, and the body will be forwarded after the New Year to Hendrum, Man. for burial.

The deceased was born in Nova Scotia, and came to the Rimbey district 34 years ago. He had a very large farm in the area, and was always a hard worker.

His wife predeceased him in March of this year. He leaves one daughter, Mrs. J. Masson of Rimbey, and one son, Clifford of Rimbey. There are two grandchildren. One brother, Robert resides at Crout Falls, Mont.

Bentley Curling Rink Officially Opened Saturday

Bentley's new curling rink was officially opened with a local bonspiel which got underway on last Saturday morning. Play was slid not completed Wednesday afternoon.

The new curling rink, which houses four sheets of ice, is one of the best four as central Alberta, according to Bentley curlers. It was started in mid-July, and completed earlier this month.

Under the capable eye of caretaker Johnnie McKee, ice was in perfect shape for the Saturday morning opening. The new curling club has 36 rinks in all, 20 of which are made up by members in the town, and district, and one in the ladies.

Government Grant For Hospital Wing May Be $50,000

Government grant to the local hospital board, on completion of the new addition, will be close to $50,000 than the $40 000 origin announced by the board.

The welcome news was learned following a survey of the hospital and new wing Sunday by John McGip of Edmonton, provincial government representative on the survey committee. It was his view that the grant will be around $50,000.

The grant, shared on a 33-33 basis by the dominion and provincial governments, is based on the additional number of beds provided by the new wing, over and above those presently in use.

Mr McGip, in his estimate, credited the new wing with approximately 27 bed patients, a greater number than the conservative estimate made early in the board. The total of the grant, of course, is subject to approval by both governments.

Legion Meeting, Smoker to Be Held Thursday, January 6

Re-enrolment are reminded of the Canadian Legion meeting being held on the first Thursday in January, in conjunction with a smoker.

Although the p a regular meeting night, it takes on special significance with the election and installation of new officers for the coming year.

Meeting will start in the I.O.O.F hall on January 6 at 8:00 p.m.

Breaks Leg, Mrs. W. G. Sage Confined to Hospital

Little accidents during the past week have marred the Christmas boundary for several of the residents.

Mrs. Bill Sage had the misfortune to fall down stairs at her home Monday morning. She received two painful bruises in the lower part of her left leg, and is in the Lacombe hospital.

Mrs. Alex Gilmour fell, cracked her shoulder in a fall last week while visiting at the home of Mr. and Mrs. Carl Sweet. She is able to get around all right, although the arm is still tender.

Ben Brown sustained a minor injury last week and when he turned on his ankle and sprained it. X-rays taken at the hospital Sunday showed there was no broken bones, and Ben is walking around okay now.

A Thought For The Week

Without a goal, we can't run.

Season's Greetings

Central School Students Will Take Classes Here

The opening of the new wing of the rural school unit and the largest unit of school area brought to the forefront at a meeting of ratepayers from Unit 11 at the school divisional offices last Thursday. It was a well attended meeting with 30 or more ratepayers present and going during the two-hour discussion. The most important matter taken up was the question of transporting the students to Lacombe to attend classes. Advertising a type of modern school controversial subject.

The divisional board learned during the Lacombe scheme a bid for the next year and a half, but there was opposition to the buses from some of the ratepayers.

High School Buses

The ratepayers attended the meeting, elected members among them, to present to the Mr. and Mrs. A. Haakl Mr. and Mrs. J. Hamilton Mrs. L. Dooley, Mrs. Roy Hand, R. E. Shaw, Glen Fotheringham, F. F. Dooley, H. Grant, Ed Logan, Miss Pulet, James Duncan, Morris Adams.

W. W. Werner, G. R. Arnott, Otto W. N. Fewtrell, F. F. Tyers, J. W. Abernathie, T. C. Pringle, S. J. Holmes, W. Jardine, Jack Todd, Jack Watt.

Construction Not Popular

While the board favored arranging for a bus to bring the 25 school-less children to Lacombe for instruction, some of the ratepayers appeared opposed to spare building over from Tuesday to Friday. Others felt that carrying on as before, some thought a new rural school should be built.

On a final vote on the motion to close in favor of the Lacombe scheme, four voted for and against.

Discussion then turned to costs and it was pointed out by the board that it would cost at least $1,000 a year to bring the children from Turville Provincials to Lacombe by bus. Other costs have to be obtained from Turville officials, who have not yet made a statement.

Further board members may be elected to the unit at a meeting to be held early in January. Some 30 odd ratepayers at the meeting.

Before April 1, 1950, Unit 11 will have a new rural school building, predecessor but in 1917 the present one was erected.

Surveying the new Unit, Secretary Al Westling of Clive, a new daughter, Mr. W. Truitt as of Lib Anglee Mrs. A. W. Wm. Clive, Mrs. H. Varon, Los Angeles, Calif. seven grandchildren, four great grandchildren. There are also surviving two sons Walter Bradford of Lake Eckhorn and Albert and Wilbur Rendezvous of Kingsburg Saskatchewan, Mrs. C. E. Erickson Powder Calif.

Committee Appointed To Investigate Bus Facilities Into Town

Chairman Percy Call, Burnt Hillsmen and secretary Al Brodie were appointed a committee of three to look into the bus situation, at an evening meeting of the board.

The board agreed to obtain a tentative bus and the services of Mrs. Hamilton to transport the 27 students from Unit 11 school district to Lacombe.

Effort will be made to have the bus in operation by the first week in January or later opening lessons on Monday, January 3. The committee will also decide the route to be followed by the bus, subject to the approval of the entire board.

Mrs. A. Westling Laid to Rest At Clive Monday

A large number paid their last respects to Mrs. Annie Westling, late Mrs. Anne Westlin, of the Lutheran Church at Clive on Monday after noon. She died in Lacombe hospital Thursday at the age of 69.

Officiating at the funeral was Rev. Vikman of Edmonton, an old friend of the family. Pallbearers were Messrs. Robert Wilkie, C. Knight, Kenneth Bell, Vernon and Fred Westlin. Burial followed in the Clive cemetery, with Brown and Johnson funeral service in charge of arrangements.

Born April 1, 1880, at Dalarna Sweden, Mrs. Westling emigrated to the United States with her parents at the age of 11.

The late Mr. Westling came to Canada in 1901, and moved settled on a farm in the Westling district north of Clive. She has resided on the same farm, 4½ miles from Clive, since then. She was active until well a year ago, then gradually failed in health.

Her husband John Erick Westling, predeceased her in 1947. There were no children.

Surviving are two sons, Oscar Westling of Westlake of Clive, one daughter, Mrs. W. Truitt of Los Angeles Mrs. A. W. Wm. Clive, Mrs. H. Varon, Los Angeles, Calif. seven grandchildren, four great grandchildren. There are also surviving two sons Walter Bradford of Lake Eckhorn and Albert and Wilbur Rendezvous of Kingsburg Saskatchewan, Mrs. C. E. Erickson Powder, Calif.

56 Years of Wedded Bliss

Mr. and Mrs. R. Hutchison Observe Wedding Anniversary Quietly

Fifty-six years of wedded bliss were observed on Tuesday of last week by Mr. and Mrs. Robert Hutchison, old timers of the Lacombe district.

Mr. and Mrs. Hutchison were live with their son Bob about five miles northeast of town, and treated the occasion quietly. No have another son, John, of the Edmonton district.

The old couple were married at Glasgow Scotland way back on December 14 1892. It was 1907 that they pushed stakes and came to the exciting new land, Canada.

They pioneered in Laurel first off, and Robert was still a member working for the original quarter the first year. Later on when it was sold and the sale was taken The following year, he purchased the farm property where he and Mrs. Hutchison still live.

He is also extended from the many friends throughout central Alberta.

BUILDING PROGRESSES

Construction work on Lacombe's new $98,000 provincial building is continuing despite the recent cold weather. A large crew of men are engaged on the job.

Municipality Makes Recommendation

Mirror Areas May Join Hospital Unit

That area north and northwest of Mirror may become part of the Lacombe municipal hospital district. A meeting of the M.D of Lacombe at the municipal office on the ninth recommended inclusion of those areas in a move which was unanimously passed.

The resolution read: The council requests the minister of health to authorize the inclusion of the following lands within the area of the Lacombe municipal hospital district No. 50:

"All of sections 3, 4, 5, 6, 7, 8, 9, 17, 18, and the south half of section 20, all in township 41, range 21, west of the 4th meridian and sections 1, 2, 3, 10, 11, 12, 13, 14, 15, and 19 to 24 (inclusive) in township 41, range 22, west of the 4th meridian."

Councillor Jim Docherty brought the matter up for discussion. It was evident, from the heat sources obtainable that the majority of residents in those areas favor the municipality's motion no further vote will be necessary.

The districts as outlined will automatically become part of the Lacombe municipal unit, the ratepayers will pay taxes at the current rate, and they will be eligible for the special $1 00 per day hospital charge under the terms of the act.

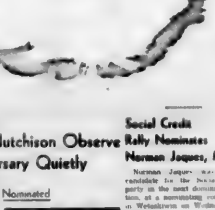
Social Credit Rally Nominates Norman Jaques, M.P.

Norman Jaques was nominated candidate for the Social Credit party at the next dominion election, at a nominating convention in Wetaskiwin on Wednesday of last week.

Several nominations have been made as other constituents on a provincial basis, but Jaques was the first of a general election.

Jaques assured the meeting that he would continue to work as he has done in the past if elected.

Jaques remained the next two others who were nominated, William Chase of Lacombe and W. McGregor of Wetaskiwin. Mr. Chase withdrew on the Asheville district about two miles northwest of town.



Nominated

NORMAN JAQUES, M.P.

Member of this Wetaskiwin constituency in the dominion parliament since 1935. Norman Jaques was renominated by the Social Credit party at a nominating convention in Wetaskiwin on Wednesday of last week. Mr. Jaques is home in on the Mirror district

Power Turned on Tuesday Evening in Electrification Area

A number of farms on the Lacombe rural electrification system were energized Tuesday evening when power was turned on.

Power was turned on Tuesday evening as over a dozen homes on work advanced on the electrification scheme. Transformers are being installed as rapidly as possible and Calgary Power officials expressed the hope that close to fifty homes will have electricity by the end of the year.

The matter of obtaining contractor bus service was left to the divisional board. Reeve Chappell and Neil Fewtrell said stated they willingness to bring the bus into town and the service every morning if it would help.

Bus service, however, is more informal discussion after the meeting officially closed.

Mirror School Concert Signalizes Approach Xmas in Village

(From our own Correspondent)

MIRROR Everyone is getting prepared for Christmas in the village.

Last night the school presented their Christmas concert in the Grand Theatre. The audience very much enjoyed the performance and the members and pupils deserve to be congratulated.

School holidays begin today, December 23 and end on January 4. The school board have also allowed two extra days' holidays so that those teachers who have further to travel will be able to be home for Christmas as well as the New Year.

Pros and Cons of Consolidation Aired

Central School Students Will Take Classes Here

The opening of the new wing of the rural school unit and the largest unit of school area brought to the forefront at a meeting of ratepayers from Unit 11 at the school divisional offices last Thursday. It was a well attended meeting with 30 or more ratepayers present and going during the two-hour discussion. Christmas 1948

CHRISTMAS 1948 will be here as we go to press. Soon it will be over and the days and weeks and months will follow, each one bringing its own joys and sorrows. But this Christmas we always will be remembered as the first Christmas we celebrated after the end of the war. There is an air of good-will and happiness about it that is felt in the hearts of all people, and which is the real message which Christ brought to us. Glory be to God in the high and on earth peace, good-will toward men.

In many homes, the absence of some member of the family will bring with us a sense of loneliness, but there will be happiness that the Christmas we always wished for has come to pass. The birth of the Prince of Peace has been born this day in the city of David a Saviour, which is Christ the Lord.

So let us with happiness in our hearts and faith in the future that we wish you, one and all, a very Merry Christmas.

A New Deal for the Fair

EARLY as at month, the future of the 1949 Lacombe Fair was discussed at the annual meeting of the Lacombe Agricultural society.

During the past ten years, even the most optimistic supporters of Lacombe Fairs would not have called past events huge successes, in later years, they have become little more than sports days, and have had very poor attendance at this late short fall season, and breaks on the weather.

Any fair which might be held next year will be existing under conditions far different to those which the president of the Lacombe Fair throughout the country has to be re-established.

It would be a good city though, to allow the affairs of Lacombe to collapse and disappear completely. One must admit that it is difficult for the agricultural society to start from nothing and try to build established annual events as are held each summer in Red Deer and Ponoka Stampede. The Lacombe Fair of 1949 and future years can offer something no other fair in the country can offer. Local competitive local exhibits and local support.

The paper feels that the town and the farmers are capable of carrying on the enterprise, to which has a lot of work would entail, and which exhibits can be shown. A fair can only make up and in proper manner a fair which can offer something that can be offered by no other place.

Nice Work, the Farmers

FORMATION of yet another rural electrification association in the area north and west of Lacombe is made proof of the advancement of this district as the latest rural farming district in western Canada.

Electricity, so long considered a necessity in cities and towns is becoming more and more well to each rural district. Citizens living on farms and towns however are having to work for it more than the brethern in larger communities. The large number of consumers within a comparatively small area make it a more attractive proposition from the viewpoint of economy.

It is to the credit of the farmers of this district that they are willing to get out and work for the betterment power for which they yearn. It is a fact of work, it is a big investment, and there are not many farmers with financial backing to undertake such electrification projects against heavy odds.

Farmers in the Lacombe rural electrification association to the east of town, most of whom have only lately come hot up to the new electrical era, which we are well satisfied that the work and the money has been well spent. They are enjoying the many benefits and conveniences.

We, as town folk, owe much to the farmers in this district who are advancing with the times, and who are willing to give freely of their time and money to bring a better way of life to rural homes.

Farming Notes

(From the Provincial Department of Agriculture)

Those Work Goes On Forever

If Lethargy supervisor of crop production, suggests that those who feel that the work of the various Boards could be dispensed with in summer and to take with consideration the responsibilities involved. Written in this way, the statement sets on the heels and for the farm. Agricultural meetings such as conventions and conferences usually offer farmers an opportunity to discuss latest and common problems, and this with their outputs of action before most of the men have begun to think of fall seeding, many of the problems talked about at those meetings are about solved. Many farmers who have the suggestions received during the summer would be now farm as the latter. Well acquainted with the land and the local conditions as has the supervisor would appreciate a suggestion from a plan that is not applicable.

The survey board has a well-balanced membership, and the labour Council member is one member and it agriculture and other groups are closely represented with in their recommendations at times on crop appraisal of good farming practices and treaties of rural living.

Settlement and within the work of Alberta's agricultural services boards continues to be a major factor. Settlement could be planned, as lands and have brought up-to-date and registered, while allocated to settlement can be had, and many other items that the busy supervisor and his farm boards find difficult to investigate during the growing season.

Seed Opportunities

Registered seed that is excellent and could not be obtained from elevator agents. Farmers not registered as membership registration can buy as such as carloads of brome grass by passing orders them in districts where large quantities of seed are needed can buy in carlots to advantage. Individual wants however that anyone buying the seed in bulk should make sure that it is obtained by registered standards. The fact that it is grown from registered seed is not a guarantee of its purity.

J. L. Birdsall, supervisor of crop improvement suggests that this is the year for every farmer who has not already provided himself with good, pure seed to replace his supply. Much grown from registered seed is very plentiful this year. We are not just suggesting a few bushels for a seed plot. says Mr. Birdsall. "The quality seed is available at prices that make it pays business to attempt to treat dirty or impure seed. We just buy all we need and make a fresh start."

World Wheat Agreement?

The return of the conservative government to power in the United States has revived interest in a world wheat agreement. The president stands on which the government would conclude a guaranteed minimum price for wheat over a number of years, but also among the United States and farmers over the proposed international storage of wheat which might be held for emergency.

The total estimate of the 1948 world wheat production as pointed out is 200,000,000 bushels as compared with 3 Billion bushels in 1947. Most wheat countries is producing more than pre-war average of seven billion bushels.

From The Files of The Lacombe Globe

Five Years Ago

Last We Forget—Lacombe members report that 126 Christmas parcels have been sent to members of the armed forces overseas. All these parcels got away before Saturday's deadline, Canada said the post.

Large crowd attends the Christmas school concert this week. Teacher in charge, the students assisted by Mrs. Rex Turner, Miss Mabel Dowling, Mrs. A. Cuttle, Miss Wilda Hines and Miss Georgina Brownell.

Lloyd Simpson received a badly mangled hand and arm of an accident in a threshing operation on the Jack MacKenzie farm near Lacombe.

Ten Years Ago

Mr. and Mrs. J. L. Purcell Barnes celebrated their silver wedding anniversary at a large dinner party.

Lacombe fair grounds company limited meets to discuss the erection of two new barns at the fair grounds. Each barn will be large enough to house 100 head of horses, and total cost is expected to approach $4,000.

Lacombe Athletics clawed their way to several runs in the central Alta ice hockey league by trimming Red Deer 6-3 and Camrose 5-4. Starting "L" Lacombe are Les Tweedie, Len Roberts, Ken Christie, Hal Haverstock, Stewart Chapman, Jim Miles and George Sirenki.

Margarine Will Affect Cattle Industry Here

Announcement from Ottawa this week that the manufacture and sale of margarine in Canada is legal has caused speculation here on the effect on the dairy industry.

No concrete figures are available for Lacombe or the central Alberta area, but Alberta's minister of agriculture, Hon. Dr. C. Lee Stanford Tuesday said farmers and dairymen in the whole province will undoubtedly produce 30 million pounds of butter. They export less by 10 million. But at 40c per pound, a value of $12,000,000.

Manufacture and sale of margarine in Canada are still prohibited, but Stanford said he expected the ban would be removed before the coming session.

It is expected to sell at approximately 30 to 35 cents a pound, compared to the present price of butter at around 70c a pound.

The Ottawa announcement ruling margarine may be carried to a higher court, is the final settlement of the margarine question.

No League Formed

Alix Intermediate Hockey Team Will Enjoy Active Season

Although there is no hockey league in town this year Alix intermediates in the central Alberta hockey loop will not be idle, finding plenty of games of the pairing variety this season.

Ormenteau, Trochu, Stettler, Mirror and Lacombe are among the main rivals on the card for the Alix intermediates.

Alix last week played two games and topped them both by identical 5-3 scores. Mirror defeated them on the opener last Thursday and Forestburg came through with a Sunday game win. Alix hosts a return of the Mirror team at the Alix arena tonight. Tomorrow Alix goes to Lacombe to play the Lacombe Rockets at 2.30 p.m. The next day, Tuesday, Alix will journey to Stettler for an exhibition tilt and on December 30 Stettler will be host at Alix for a return match.

Because these games are so far away from our home ice [illegible] enthusiastic [illegible] support from the fans. Come on fans, let's [illegible] and cheer them on.

Line-up for the Alix squad is: Dave Wilson in goal; Darrold Patrick, Don McKinnon, Jo Pulkabrtec, Harmon Shultz, Dave Blackmore, Bill Hillman, Ray Jonasmus, Reg Saddens, Ralph Hoover, Walt Dawn, Don Dunn.

Britain Will Buy Less Bacon, Eggs From Denmark
Fixed contracts for Britain to buy the following year have been received from the 1948 crop. Hon. James G. Gardiner, minister of agriculture, announced this month.
The Canadian contract is to be supplied during 1949 with 165 million pounds compared to 198 million pounds in 1948. The price remains 19 cents per pound. Britain has agreed to buy 31 million pounds of cheese at 25 cents a pound for the 1949 contract. The contract for 1948 was 32 million pounds. This is the equivalent of 56 million dozen eggs compared to 74 million in 1948. Prices are slightly lower than current levels. While representations were made at the conference, no definite decision was reached on possible effects on the Canadian egg industry. It was understood that these would be dealt with by the Canadian experts to other countries.

Third in Series
Rules of Curling Are Outlined For Many New Local Curlers

(Continued from Page 1)

11 All stones must be delivered to stage beyond the tee-line, or they will be removed from the rink.

12 A stone which has passed the back line shall be removed from the rink.

13 Every stone within or resting upon the outer ring shall be counted, and every stone not so counted shall be removed.

14 No stone or side of a stone shall be changed after a match has begun unless with the consent of the opposing skip. Should a stone be broken during the game, the last thrown stone shall be replaced in the same position as before the accident, and the game shall then continue as before.

15 Should a player, after delivering his stone, be in doubt as to whether it has passed the back line, he is entitled to replay the stone if it is stopped before it reaches the hog score at the end of the rink to which it is being delivered.

16 No measuring of shots allowable previous to the termination of the end. Disputed shots to be determined by the skips of those games, and a stone shall not be considered over a line unless it is entirely clear of and entirely clothed in.

17 No stone or side of a stone shall be changed after a match has begun unless with the consent of the opposing skip.

Lakeside Couple Honored Saturday On 25th Anniversary

Mr. and Mrs. H. C. Peterson of the Lakeside district entertained many guests of honor Saturday night when members of the district gathered at Lakeside Hall to congratulate them on their twenty-fifth wedding anniversary.

Married in Red Deer on December 21, 1923, the popular couple have lived in the Lakeside district since that time.

Mr. Ole Peterson, on behalf of their friends, presented the honored couple with a chest of silverware and a purse of gold coins. A set of dishes was also presented to Mrs. Peterson on behalf of the Ladies' Aid. Mr. and Mrs. Peterson were also Miss Shirley Heath, Rose in the presentations, a social evening followed which lasted into the early hours.

Mr. and Mrs. Peterson have lived many of the Lakeside district for a number of years and have been active in the district. They have children, Peter, Jean, Lorna and Pat, all of whom are in Lacombe.

New Year Review

Farming Notes

From the Provincial Department of Agriculture

Chemical Weed Control

A change worthy of attention, resulting from recommendations of the recent Western Weed Committee meeting, is the fact that now the use of 2,4-D is permissible on the more highly damage-prone weeds.

Formerly, weeds classed as noxious were considered undesirable in susceptibility and regardless of the prevailing conditions, they are to be controlled. Now, however, the new regulations permit discretion in the treatment of certain weeds. Some of these are the Dandelion, many of the mustard species, and the Cornflower, which is a very common weed, difficult to control with a crop. Under the new regulations it is permissible to treat these weeds with 2,4-D and the other materials to the weed control.

Cream Quality

Milk cans of the Dairy Branch, Alberta Department of Agriculture, distributed through quality control associations on winter pool-haul milk, are now being used for cream. Cans are marked with name of the association concerned.

Each can carries the statement that milk and cream contained therein is to be graded and is the property of the grader. This is protection to patrons against cans being used for other purposes, and in the event of cans being stolen or misplaced, they can be returned to the owner.

Cans are painted with red colour. Those used for cream are marked "Cream" in white letters, while those used for milk are marked "Milk". Cans are numbered consecutively, and the number of each can is recorded in the grader's book. This is to assist in identification of cans in case of loss.

Cans are supplied with lock covers. These cover and seal the can, and thus protect the cream from dirt, flies, etc. Cans are also supplied with a wire bail for carrying purposes.

Cans are to be used for cream only. Milk should not be put in them, as this would cause the cream to become tainted with milk flavour.

Dairymen's Convention

Plans are already under way for the 1949 Convention of the Alberta Dairymen's Association to be held February 28th, 1st and 2nd, in the Palliser Hotel, Calgary. Topics for discussion will include [illegible] planning, how to control mastitis, grading of cream, [illegible] and other problems.

D. H. McCallum, secretary of the Association, reports that speakers will again include top rank[illegible] authorities in the dairying industry and those addressing the convention can be assured of [illegible] receiving a gathering. He [illegible] of the Ontario Veterinary College will discuss Contagious Milk Borne Diseases and Control and Prevention of Mastitis and Dairy Disease Dr. C. E. [illegible] Veterinarian, Bacteriologist, Department of Agriculture, Ottawa, will speak on Infectious Sterilization. Dye Residue and Protective Raw Milk, and the Bacteriological Interpretation. Invitations have been extended to the National Dairy Council of Canada, and R. G. Taggart and W. C. Cumming, Dominion Department of Agriculture. J. M. Duncan, President of Canadian Breeders' Institute of the Dairy Farmers of Canada.

On the evening of February 28th and 2nd, the Alberta Dairymen's Association will address the gathering. The pay element of dressing will be discussed. Banks, the [illegible] meeting and arrangements are being made to broadcast the discussion.

Letters to Editor...

Editor,
The Lacombe Globe
Dear Sir:

There has been a great deal of discussion regarding the closing of the Bank hall to dances and other entertainments and the objections in town were a bigger, and, and of open the floor was used for dancing on the bank.

Just to keep the books straight the Bank has no objection to the use of the floor, to students having this [illegible] dances.

But there is objection and rightly so, to [illegible] dancing, late midnight and frequent [illegible] on the properties adjacent to the Bank. These things do not seem to be part up with.

ARTHUR ARMITAGE

Looking Back...

(From back issues of newspaper)

40 Years Ago

T. Lloyd King is appointed returning officer for the by-election to fill the vacancy caused by the resignation of ex-mayor Dr. J. H. Brown.

The resignation of Dr. E. M. Shorey as medical health officer for the town is accepted. It is moved by councillor W. Hinds and, seconded by councillor L. B. Browne that Dr. E. F. Hawe be appointed as his successor.

District Wedding Bells

HENRY—PETERSON
HENRY DUTFY

The home of Mr. and Mrs. Ben Peterson at Clive was the scene of a very pretty double wedding on Tuesday December 28, at 2 p.m. when their daughter Miss Ida Marie and Marvin Henry were united in marriage by Rev. Dutfy. Miss Peterson and George Clifford Henry.

Rev. S. J. Waterman officiated. Given in marriage by their father the bride wore a floor length gown of white satin with fitted bodice and sweetheart neckline outlined with pearls and sequins. Her finger tip veil was held in place with a crown of pearls and sequins and she carried a bouquet of white carnations.

Bertha Mary's dress was in pale blue nylon taffeta floor length with sweetheart neckline outlined with pearl and sequins. Her finger tip veil was held in place with a crown of blue flowers, with sequins to match. She carried white carnations with pink and white streamers which matched her dress.

Bertha Mary's dress was in pale blue nylon taffeta floor length with sweetheart neckline outlined with pearl and sequins. Her finger tip veil was held in place with a crown of blue flowers, with sequins to match. She carried white carnations with pink and white streamers which matched her dress.

The bridesmaid was Miss Ida Henry sister of Edmonton and she wore a grey street length dress with matching accessories and a corsage of pink rose buds.

Mr. L. Elliott of Olds was groomsman. The wedding music was played by Miss Betty Bostock including the wedding of the ring ceremony Mr. and Mrs. Edwards sang, "I Love You Truly" and "Because" during the signing of the register.

Mr. and Mrs. Edwards also sang

Horse Sale

NEWS that the Lacombe Farmers Horse Sale will be held on March 31, 32 and 34 is all the thoughts of the opening spring and to many horse breeders of this district. Those who have ever fully tolerated the annual horse sale throughout the past ten years have been pleased to note that the market for range horses ..... and the demand for horses ..... is easy. The great is here for such animals and many have passed through the ring in past years only to bring almost triumphantly here going.

The launch a stronger to them interested at obtaining good prices for their animals. To them, to have them up and the eastern buyers will not and buy it a only through having a large number of animals of the good horses and that the east ern buyers continue to appear, especially at the central Alberta pavilion. It is the quality of the horses entered and the quantity ..... which attracts all the happy buyers to Lacombe.

A year to the year should be sufficient time to make sure that your horses are well fitted for the sale and/or entering them. It will pay personal dividends to the owner although the larger prize obtained and it will maintain the reputation of the Lacombe horse sale as one of the finest annual sales in Canada.

Health Clinic

THERE are few people in the district who receive the extremely valuable work accomplished daily by the workers of the Red Deer ..... the health centre.

The extensive inspection of milk supplied to towns and village residents, the illustrated health talks given to school children, the conscientious given free of charge to the children to ward off and protect them against communicable diseases, the supervision as regards of the canning inspectors, these are only a few of the duties of the doctors, nurses and inspectors of the health units.

Possibly the most widely publicized phase of the work are the baby welfare clinics held regularly in towns and villages within the district ..... Red Deer ..... mainly as supervised as the constant ..... have made of public eating places ..... efficiency.

The health of the residents of the district is being safeguarded day in and day out by these nurses, inspectors and doctors. They seldom get any glamorous but the general good health of ..... district ..... a ..... to this ..... efficiency.

Child Welfare in Alberta

THE report of the Royal Commission on child welfare continues to attract a matter which covered widespread publicity during the past ..... Discussing many controversial issues in connection with child welfare ...

One of the most important recommendations of the commission was that of broadening and re-constituting the personnel of the child welfare bureau to include citizens from outside the civil service.

The recommendation is one which will be heartily agreed to by the majority of the residents of this province. There remains little doubt that the child welfare bureau in the past has been embarked behind a veil of secrecy. This was best demonstrated by the ..... representatives when they sought co-operation of the province's government in surveying welfare in the province. They were not only refused such co-operation but letters were sent to the ..... government to towns, villages and rural ..... instructing those bodies not to divulge child welfare information to ..... representatives.

The royal commissioners reaction to the letter ..... removed up in their report in which they state the use of such a letter ..... carried to the ..... unknown would thereby a complete cover-up of the operations of the Child welfare department by the premier of children and the citizens of this province and it is not approved by this commission."

Reconstruction of the child welfare body ..... a matter for the legislature to take up, and it is expected that action will be taken on the commission's report.

The entire child welfare question in this province and its attendant unhappy publicity is a ..... proof that excessive secrecy in government ..... departments and bureaus leads, in the end, only to misunderstandings, complaints and accusations

Farming Notes

From the Provincial Department of Agriculture

Forage Crops

J. H. Bardall, supervisor of crop improvement, Alberta department of agriculture suggests that forage seed growers who are thinking of reducing their forage seed crop acreage or planning to discontinue growing it should wait and see if foreign crops entirely fit permits not that good use can still be made of grasses and legumes for pasture and hay and that forage are beneficial and profitable. They still maintain the fibre and fertility of the soil, and at the same time yield returns as a livestock feed.

In recent years, many farmers with no previous experience in the production of seeds undertook short, cool production. Prices were good, and it was natural that they should want to encourage production as rapidly as possible. Other farms, as a result, ... the seed ..... Because these were able to get ..... produced ..... Alberta ..... Experience ..... has taught ..... public.

For some of these growers, returns this year proved disappointing, particularly with respect to alsike clover. The ..... not be a ..... to grow part-time or support ..... and ..... years ..... and all the ..... below the ..... of production. Growers with clean, ... fields ..... the ..... to meet ..... and ..... requirements ..... seed.

Many growers ..... connection ..... production ..... for the ..... Other ..... and ..... and ..... and clover seed a satisfactory source of income. The point is that growers and beginners ..... to ..... to the discontinuance ..... No Alberta farmer ..... Bardall, ... afford to ..... himself ..... forage crops for hay and pasture.

Electric Motors

E. S. Morton, extension agricultural engineer, Alberta department of agriculture, says that ..... should be ..... to ..... electric motors ..... the farm, and home appliances are ..... equipped with the proper ..... and type of motor ..... permanently ..... to the ..... Many ..... farm ..... have ..... the problem of replacing a gasoline engine with the proper size and type of electric motor.

Mr. Morton says that the first thing to do is to check the manufacturer's recommendations with regard to power. Also ..... farmer ..... horsepower ..... manufacturer ..... recommend ..... attachments ..... and a gasoline engine of the ..... size ..... Then ..... the ..... power ..... for a ..... engine ..... Mr. Morton ..... the ..... motor ..... the ..... engine ..... the ..... motor ..... the ..... motor ..... the ..... motor

Canada's banks have 7,000,000 bosses

Your bank account is one of seven million. You keep it in the bank of your choice. A bank exists by the confidence of its depositors. You're the boss.

YOU R banks operate under charters granted by Parliament, which every ten years reviews and revises them.

Above all, the depositor in the controlling factor—the safety of depositors' funds is a bank's first concern. As a depositor exercising your free choice—yours is the power which keeps the bank alert to your needs.

And it works out. Impartial authorities have called Canada's banking system one of the soundest and most efficient in the world.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a State official! State monopoly of banking, proposed by socialists here, would open your banking transactions to political intrusion.

SPONSORED BY YOUR BANK

Alive or Dead ?

LACOMBE has the unhappy distinction of being one of the few towns of its size in the province without proper sign identification on the highway approaches. A motorist is always favourably impressed with a neatly-kept town as he drives through it, a primary or large letter. You don't have to be Pollock Donald, a little statistical data to emphasize the headlines such as the population of Lacombe is 1,000 or a final boost. The Heart of the Gold Mining Country. The whole point is to lure both around an auto-way and any traveller is automatically attracted by the community effort small though it may be.

Contrast Pocahontas' road approaches to Lacombe. Two weather beaten signs are still standing on the old highway here. There a number on the new main highway linking Calgary and Edmonton. No sign is in evidence at the town limits on the west and to the east there's only a sign that speaks down to the ditch.

There is good news, however, in the recent resolution adopted by a board of trade committee at a recent meeting. The committee suggests that the board of trade sponsor the erection of signs at the town limits from all four directions and that the organization sponsor a contest asking for ideas and original types of signs. Unfortunately the two-decision must be held in abeyance until the town council also concurs.

It is hoped there will be little time lost in getting a sign on the job. The contest could be a good idea to stimulate a short and definite deadline date is set. Some genuine and novel suggestions might be forthcoming. But these things have a way of dragging on, and speed is not exceedingly a necessity. That sign in the ditch at the north end of town is a disgrace. The old gilded letters were obsolete and now dead. It's not good advertising for Lacombe. Please remove the limits the town is awake

M. R. C. Prospects

THIS week, the Lacombe memorial recreation committee is renewing its drive for funds to build the new community hall and ice arena. Something on the neighborhood of $25,000 has to be raised in this immediate campaign to ensure the continuance of insisting on the memorial centre after construction work is well advanced but more money than the $24,000 thus far raised is necessary to maintain the present building program. This is the time when the last local and district residents can expect a call soon. Donate generously

Comedy Takes a Back Seat

HOOVER ratings that chiefly the popularity of radio entertainers may be an object lesson with the Gallup poll's gross mismeasurement of President Truman's re-election, but they point nevertheless to a rapid decline of radio comedians in public favor. Here's popular men, the polls show, are the undeniably likeable qualities of the give-away quiz programs.

How much truth there is in the figures is hard to judge but it is admitted that comedians have been furious of harder to please a critical audience. Rumor has it that Fred Allen will retire this year. The perennial favorite Edgar Bergen and his cohort Charlie McCarthy are taking a long rest so that Bergen can re-assess public taste. People are tired of the same old jokes' Bergen is reported to have stated, and he is said to have turned down a two million dollar contract in order to work on a new routine

The give-away" programs appeal to the vanity of public opinion for a number of reasons. Firstly people like to wrestle with questions in the privacy of their homes before they hear the answer over the radio. If they answer one or five correctly it gives them a sense of smug satisfaction. Secondly many shows put their contestants in a role resembling that of a mama pig and he eaters were to be fed. They like to hear the contestants talking a young girl who wants to get married wants to go to the theatre or to have dinner about the same age for the first time. What's going to happen and what will be said? There are always volunteers willing to stand up in front of the radio because there is always a host prize but now even free trip to Honolulu for a month's free thousand or cash all entertain. The chance of getting wealth on such a grand scale is worth taking a goal for half an hour. The public and some is breathless as the last question for the grand prize is read if someone the answer though the contents now is distributing set at home and it is nearly as disappointed as the contest if the question is missed. Maybe it's that ability to share and join in the quiz show that pleases the radio public which can only listen to the humor on type of program

Comedians complain that radio is wearing them and because shows compete for public favor the best of wealth instead of talent. However, the lukewarm audience is the final arbiter. Then is the day of the quiz show and until it loses appeal, comedians can only wait and tidy up their own acts

Farming Notes

(From the Provincial Department of Agriculture)

Crop Varieties For Alberta

The Alberta varietal nutrition committee met last month to consider suitable crop varieties for 1949, and their recommendations as revealed here will be ready for distribution through the end of January.

Reporting on the results of the meetings J. S. Brodrick, supervisor of crop improvement, says that of crop interest will be the dismissal of the committee's long liked Red Bobs from the list of recommended varieties and its recommend Sunbonnet as Barpe 2 and 4. The extinction of the board of grain commissioners to grade Red Bobs after August 31, 1948 and a direct bearing on these discussions.

The only change in our variety list, Mr. Legacy which was formerly recommended as at last Barpe 1 is dropped entirely. Farmers had almost entirely changed to either early ripening, particularly Apex and Lemon

Among the barleys a new variety Compana appears for the first time. It is an introduction from the United States was licensed for sale in Canada for the first time in 1948 and replaces Vantal as Barpe 1. The two-rowed late maturing variety Susanna was dropped from the list and variety Olli was dropped from the list of varieties recommended for irrigated areas and the strong disease variety Titan, developed by the University of Alberta is no longer recommended for Barpe 4.

Quality Milk

The production of high quality milk begins with the milking process and when healthy cows are the first requisite says B P Dimon, supervisor of dairy herd improvement. The cow that is to be milked should be wiped clean with a damp cloth just before milking begins. Dust and flying dirt should be done after milking not before. Avoid moving hay or anything else that will stir up dust in the stable just before milking. Be sure that all utensils which are used in milking are clean, well rinsed and sterilized with steam.

The milk should be removed from the stable immediately after being drawn in order to avoid tainting from stable odours. Milk should be cooled in the cans as rapidly as possible to below 60 degrees Fahrenheit and kept in a clean airy room free from odours. If the milk is to be separated this should be done as soon as possible after being drawn and the cream cooled to 60 degrees Fahrenheit before being added to that already held. Frequent deliveries will then ensure a top quality product.

Reflection of the Times

Children and Discipline

There are three stages in the life of the child First the infant stage second the child stage, and third, the juvenile stage.

The infant is merely an instinctive animal as babies at all other animals and it feels everything with its mouth.

The tot is a little animal that has learned to see and hear things and train them with its hands He is sometimes called a toddler by those who are fascinated

The juvenile is a barbarian who hunts in packs. He is full of lawless enterprises and rituals and outdoor adventures He has a tribal activity and moves around in gangs At Halloween he will deface windows with chalk or soap and even turn water closets. At all times he will shoot at cutters on telephone or electric light poles.

How even a mother who is prejudiced in his favor, well knows that in those three phases of childhood, the idea of discipline never enters the mind of the child

But the word "discipline" has gone out of fashion in our schools It is seldom mentioned and then only in a whisper The big words are now "self-discipline" and "self-expression". Children are expected to develop self-discipline through the medium of self expression.

This is a fine ideal but like many other ideals, it does not jibe with reality For self discipline cannot be developed without the presence of outside discipline

Mr. and Mrs. A. Long and family of model Milking Machine guests at the Baker home.

It's rather late for New Year's Greetings but we do hope your year set in here's to each and every one health and happiness for 1949

PUTTING ON THE BRAKE

When most of us pass 60 years, nature in her wisdom, to put on the brake. At that age you probably have a pain in your left shoulder, or one years ahead but you'll be wiser to act your age.

Silver Anniversary This Month For Sandridge Club

Twenty-five years of active service was commemorated in members of the Sandridge Club at a dinner meeting of the ladies at Mrs. Hargie Beebe west in Blackfalds on Wednesday of last week.

It was planned to that 25 years ago in January the club was organized at Mrs. Beebe's, the same place where the anniversary was observed last week. The meeting was pre-arranged.

It took the form of a belated Christmas party complete with gifts and a Santa Claus. Present were members and friends. Mrs. Claus Fawcett of Blackfalds was co-hostess.

Plans were being made to hold a 25 years' celebration at the Sandridge community hall on January 20 at 8:00 p.m.

All members, ex-club members and their husbands and families are invited to help celebrate the event. Ladies are asked to bring cups, saucers and a spoon for each of the party. Only lunch will be served.

Mrs. Beebe is club president. They are Mrs. Maggie Beebe the club's first vice-president and Mrs. Ethel Beebe secretary-treasurer and Mr. Wm. Beebe is a member of the 1st program committee.

The club's first president, Mrs. Dora King, died a few months ago in Oregon, U.S.A.

Morningside

Town Financial Statement

TO the average layman 3 months of statements are unreasonably dull reading spreading pages of statistics which are further rendered obscure by complicated financial terms. A series of reports to them even a casual perusal of the statements. Unfortunately the hours of leisure enjoyed by the editors of no local fault can be found to this duty to study the financial statement of the town.

A general outline then discussed reports of the various committees will be provided. Part of the time at annual town meetings has was done last year so that in 1947 Yet many as was spent on school matters and hospital requirements. Both the school and hospital boards, unless in addition of funds had year and both were confident that the town was faced with a 12% mill increase for these purposes, they set the town open enough. The fact remains that the town was only eight mills from 40 to 50.

In spite of higher school and hospital requirements the town budget is possible to limit 1948-49 over 1947 by more than 12% mill. This was the big project for 1948 as the town's most urgent program for continued civic improvements. Particularly interesting is the knowledge that the job was paid out of current revenue without the need of a debenture issue for the first time in three years. The program of a "pay as you cash" then build up credit established plan was undertaken by a former town manager and he is plaudible. This is sound thrifty and commendable administration during 1949 will receive an other year of progress for our growing community.

The Stronger Right

"MIGHT is still right in the realistic world." Thus says the Toronto Bulletin in a recent editorial and in this age of mass hysteria and mass strong weapons of war, force often seems to every the most logical solution. Bulletin points to two theories of war to prove its statement that in Palestine where the Stern gang has resorted to arson, murder and violence in an attempt of the country and to Indonesia where the Dutch have deployed violence successfully against even U.N. protests.

But a might always right? Brad ringleter, in history report that the reason why over the long run history has shown quite the opposite. Take the success of Hitler. He ruthlessly squandered opportunities to win the peace a million times. But many he deployed might successfully there. Then he revolted a world war, and every-run the last resistance in the early 60's, most observers would have been tempted to quote Hitler as a brilliant example of the "might is right" school. Subsequent events and the unashamed will of the people prove that violence in it is with all wonder to conquer of the world Canon Alexander the Great. They enjoyed brief moments of power through methods of violence but their reign was short-lived in nature

Time has shown that moral force rather than brute force is the real and lasting right. God the Maker and consistent overseer of our strange world would not have it other-wise, else real values and the more enduring qualities of life would be non existent

Oil Means Wealth

ALBERTA is fast earning a reputation as an oil centre of world wide importance, not only in Canada, but in the United States Britain and other farflung areas.

The province is planning an oil republican, but two standards in the province are oil-conscious Albertans read about a new well being blown in, about oil men landing on hot so many things, odds and oddities, but outside of the bare factual knowledge it means little to them because the province's benefits are not yet appreciable acting to their own pocketbooks.

This month, for example it was announced that provincial government revenues from royalties and oil rentals for 1948 amounted to about 11 million dollars, three times the total estimated. It is estimated for next year, but if season follows the ordinary taxpayer he still has a whopping income tax, and will have to be content to pay exhilarating prices and smoke each meal.

Before long good news will filter mail to taxpayers.

The average individual When revenue exceeds to some eight millions the sum set aforesaid in the budget one of two things is certain to happen. Provincial taxes like the gasoline tax will be decreased lessening the load directly on the ratepayer or provincial revenues from the taxpayer can remain on the same level and the revenues can support more governmental services on the form of better roads increased grants to rooms public for local improvements etc

These cost may be slow in coming, but if all developments continue at their present pace Alberta will become a rather better province to live in

Farming Notes

(From the Provincial Department of Agriculture)

Export Prospects For Canadian Eggs

Where does the people's authority go from here? The department of agriculture's statement that the new egg control board in the United States will about halve the rate of production between 31 until and months and that there is no assurance of any support for 1950 by Britain. Canadian authors and experts throughout suppliers of eggs are both distressing and bewildered. Is the government giving Canada's best to best for other markets Other than Great Britain, the United States is the largest and nearest market capable of absorbing substantial quantities of high quality eggs But the United States market is highly competitive and difficulties may arise to avoid over indigenous a need in the interests of to get a start of eggs on their farmland.

Other potential outlets are scattered right over South and Central America Hawaii the West Indies Puerto Islands, Alaska, Bermuda and the Far northern With quality and packaging the best overwhelming possibilities are found in Canada's Grade A eggs have the highest uniform quality available in each any where

Spring Wheat Seed

Production of seed of recommended varieties of spring wheat eligible for registration and certification compulsory for the 1949 crop. Seed of Thatcher Lerds based on crop inspection estimates are placed at 8.7 million bushels

This product of seed is outlined almost entirely by the presence of Manitoba, Saskatchewan and Alberta, and does not include any of the high quality short seed resistant varieties of Thatcher Regent Redman Saunders and Selkirk now in the varieties. Canada Utility wheats are not eligible and will adopted to specific areas

Farmers should take advantage of the excellent opportunity to purchase quantities of this special pure seed for use next spring of the varieties best adapted to their local conditions

Cost of Electric Motors

With reference to cost of electric motors on the farm, E. R. Martin engineer says that the efficiency of operation is affected by the load, overloading, and a motor is operated at a lower load a motor direct more than normal current and the E.H.P. is consumed. If the load is not using. The cheapest kind of product to buy is the motor always have the highest efficiency Some is poor motor under protection and overload protective devices should be used in addition to fusing

The overall efficiency of a motor and the electricity more electric motors are operated by too much information them by too little the Martin advises that electric motors should be very little of the cost of information and by economists that using instruments as given with the motor be followed at all times

Have briefly are some other factors which, if not supplied, will cause the motor to operate at very motor exposure friction wear on the bearings due to the belt being too tight, overvoltage or undervoltage, improper load having the motor rating in line with the driven pulley, excessive end, and dampness.

Reflection of the Times

Name Calling With Caution

A woman who on having placed some words by a New York policeman for spending coffee from a dumbwaiter was compelled by magistrate to him. The remarks one of the offensive words of a policeman's character. The words used for striking a police officer, such as the offender under 1 was all right to call an on a policeman. The name was a term of objection to be hung — name-calling is banned in the office of the police force. Police are human and left the court.

There is the [illegible] — a man who met a stranger and asked: Suppose you're the president of a company what would happen?" He'd be sent to the guardhouse replied the stranger. "Suppose you're the private didn't say but just thought it what would happen?" Nothing would happen. Then, said the private as he walked away, "I'll leave it at that."

Br-r-r It's Been Cold—Better Now

Lacombe and district residents breathed a sigh of relief Wednesday with a moderation in the weather after two weeks subjected to one of the coldest weeks on record.

Official dominion experimental station statistics have shown that the mercury failed to rise above zero for seven successive days starting on Tuesday of last week.

Most of the town's householders were well before zero signs showed on the 21st and 22nd to a low mark of 45 below Sunday morning.

Then was then another cold day at Lacombe in two winters, and the second coldest on the 24th.

It came back to a 45 below zero reading on February 1 1947, and to 34 below on January 29 1945.

To make the cold snap just a little more galling, some townsmen may recall the corresponding week just one year ago when snow was melting and water was dripping from the roof tops.

On January 25, 1948, the high was 40 above followed on turn by 42, 36, 32, 30, 38. They proved quite a thrilling contrast to the wicked 1949 lows 38, 36, 30 45, 45, 38.

Oh, well Maybe we'll have a better spring.

Congregational Meet Of United Church Well Attended

Over sixty members attended the annual congregational meeting of St. Andrew's United Church on Monday evening.

All retiring members of the board, S. Edmonds, D. May, T. Wilkes, F. P. Marion, Sandy Hay, C. E. Todd were re-elected.

Reports were received from Rev. R. P. Marion, Sandy Hay on the trail managers, Marilyn Bingo on the junior girls group, superintendent Harvey Allen on Sunday School, Mrs. C. L. May on women's association, Mrs. Hay, Mrs. C. Danner on the women's missionary society, Alice Bingham on the young people's union, Les Mallam on the young adult group, Mrs. C. E. Todd on the senior choir, Mrs. Phil Johnson on the primary department, Fay Moor Edmonds for the board of stewards.

Mens' auditorio report will be published in next week's Globe

Funeral on Friday For Gustav Duquenne; Sunday Dies at Home

A funeral service was conducted from Brown & Johnson's chapel Friday afternoon for Gustav Duquenne.

Pallbearers were H. Homan, F. Kinder, Jos. Duquenne, Leonard Pearson, Max Moore and R. W. Hale.

Surviving are a sister, Mrs. Isabel Delisle of Courtay, Alberta, and one brother, Charles of Pincher Creek, Alberta.

Lacombe Man's Wear To Change Hands On February 1

Lacombe Men's Wear, taken over at the first of the year by Lawrence Todd, changed hands again the week The new owner, Jack Mah Hing of Red Deer takes over on February 1.

With the change in ownership, Dameron Cameron who operated his tailoring business from the rear of the store, has to vacate, effective February 1 Jack Cameron plans to remain in business in Lacombe, and is endeavoring to find a site on which he can conduct his business.

A Thought

For The Week

Don't worry about small things: a lush may work the rush. A word may create the trouble.

Burns Left Leg When Clothing Catches Fire

Norman Swainson suffered a badly fractured left leg when his clothing caught fire from the open fire in the living room of his home on the left leg and hand last Sunday morning at an unknown hour. Mrs. Swainson was away from the house at the time.

Burns was being given immediate attention by Dr. Lamont when the Lacombe fire department arrived on the scene but the fire was out before they got there.

His clothing suffered little damage, but his left leg was badly burned.

Mr. Swainson was taken to the hospital where he is reported to be resting comfortably.

District Farmers Winning Awards in Big Barley Contest

Following close on the heels of Lacombe district's record that Jean P. Ingram of Bentley had won the national barley award for 1948 with a yield of 70.4 bushels that two other district farmers were successful in winning cash prizes for their barley exhibits.

They are Don B. Carlyle of the Aspelund district about ten miles west of Blackfalds, and J. R. Ryley of Bentley.

Mr. Carlyle place, last fall at Alberta in the seed growers competition, according to the local improvement district news release has been first for producing the best 200 bushel sample from the Alberta entries were five bushels per acre.

Mr. Dahlstrom was in second place right behind Ingram on the provincial barley contest in this region. Last year it will be remembered, Mr. Dahlstrom placed first for the entire area in the competition and fourth for the provincial records $250.00 award money

Last week, The Globe announced Ingram's success in placing first in the region and third for Alberta.

Winner of the Alberta championship this year was Fred Radford of Bowden. The contest is sponsored annually by the Calgary malting and brewing industry of Canada.

"That local farmers did so well is another boost for the good farming reputation of central Alberta.

Varsity Skier in Lacombe With Team! Next Sunday Afternoon

"Shik" Holmstead, noted skier with the University of Alberta, will be in Lacombe this coming Sunday as scheduled to give a Sunday demonstration and ski instruction in skiing

He is bringing with him members from the ski team from "U" who will be enroute to Banff, and they will stop off and give a demonstration at the ski hill about ten miles north of town.

Ski club officials are hoping for a good day, and they'd like a good turnout.

A New School?

Once again election within the Lacombe school district will be asked to make a decision regarding a new composite high school in the town. The school board put the matter before the ratepayers at the last general meeting and unanimous was the feeling for it. It was felt that a vote was not necessary to give the board an idea of what to do about with the proposed $250,000 by-law. Yesterday, the debenture figure proved to be less and the board is now asking for an authorization to borrow an additional $51,000.

It is unfortunate the request was not made to the school board but summer village trustees at the annual meeting presented to it over the $250,000 figure. If the board had immediately referred to the ratepayers for permission to borrow an additional $50,000 or $60,000 and approved a new referendum of the school would have to be held on the matter. The board thinks that to let six months elapse in the hope that a letter and two members might be submitted within the deadline is foolish. Even if the gamble had paid off it is open to question, for now the new school can not possibly be ready for occupation by the opening of a new term next fall. Another valuable year is lost in the town's cramped school quarters while school students continue to seek instruction.

It is better to wait an eye to the future and target past mistakes, however. A new school is essential to the well-being of our growing town and city and to the welfare of the town. It will provide eight modern classrooms with special facilities, including a school library. It will alleviate present congestion, clear the way for better instruction, and allow an expansion of the present school curriculum.

These reasons are sufficient to justify an additional expenditure for a new school in these days of high cost.

Steady Wheat Customer

FARMERS have shown no doubt renewed, with special interest, the announcement from Ottawa in the last week that the Canada-to-Britain wheat price for 1949-50 will remain at $2.40 a bushel basis.

The installment of hundreds of farms families in the countryside is affected by the decision. For the past three years now, the dominion government has been supplying the Old Country with wheat at a figure far below prevailing world prices. While Canada was selling wheat to Britain at $1.55 up to last year the open market price was $2.00 and over. Many argued that Canada should not have made special allowance to Britain at the expense of the farmer. Their reasoning was that the need should be shared equally by all Canadians. There is a general working group. Most farmers were willing to accept the burden, however, partly out of a feeling of humanity toward a struggling brother nation, and partly out of a measure of security provided by the assured market.

It is this security closely in which farmers are often prone to easing importance today. At $2.40 per bushel still under the prevailing $2.55 world price a discrepancy arises which the United Kingdom is expected to justify by settlement of old balances in 1950, or by a further extension of the contract.

With the supply of wheat rapidly overtaking world demand, and with a return in sight of sharp trade competition, still resultant price cuts a serious market for Canadian farmers in the 50's might prove to be the more attractive alternative.

Farming Notes

(From the Provincial Department of Agriculture)

Alberta's Creamery Butter

In a recent press of Alberta's dairy industry in 1948, D. H. McCallum, dairy correspondent of the Canadian Press, reported that the total value of dairy products during the year amounted to $58,000,000 on all lines received and on services was 1947 at $46,500,000.

Mr. McCallum said that although in 1948 most production in Alberta showed a slight decrease as a result of unfavourable spring weather and other factors, the production of creamery butter main tained during the year showed an increase of 1.8% over 1947 or 24,400,000 lbs. Alberta was the only southern province to show an increase. Ontario had 20,000,000 lbs. over 19,000,000 lbs. and Saskatchewan 19,000,000 lbs. over 18,000,000 lbs. Manitoba showed a reduction.

The quality of Alberta dairy products and particularly the creamery butter has been a source of pride for many years. During the past year, 98.4% of our butter qualified for first grade according to Dominion standards established to support The is the highest quality on record and the dairy producers and butter makers who are largely responsible for this achievement deserve the heartiest congratulations.

Reflection of the Times

The F. U. A.

It has always been a wonder to us why the farmers, representing Alberta's primary industry could not band themselves together in a strong union that they to attain the same interests they will see for themselves is but a reflection of the economic conditions of the day. It is the interests of all in order that the whole

The new organization is to be known as the Farmers Union of Alberta and the Dominion United Farmers of Alberta [illegible] during its lifetime and [illegible] Al ners. In the new union it is certain that the basis will be derived from the various other farm groups which have played in part [illegible] each has contributed to the [illegible] farmers cause. But in a new [illegible] with agriculture [illegible] as a prominent part it is hoped that by the new organization [illegible] to be representative of the industry. There is only room for one organization and the latest move of Alberta farmers in forming one body is going to go a long way toward putting the farming industry in the province [illegible] most position that it deserves. Mrs. A.E. Atkinson of St. Albert visited her brother and family Mr. and Mrs. W. S. Wright on Sunday.

Local Delegates See Amalgamation F.U.A. at Convention

A new Farmers Union of Alberta was born at Calgary this week-end as the amalgamation of the two major farm bodies in the province the Alberta Farmers Union and the United Farmers of Alberta.
Many delegates from this area attended the joint convention last week, and it is expected that more meetings will be held in the district within the next few weeks to acquaint the farmers with the proposed changes.
First of these was an F.U.A. meeting in Lacombe Hall last night.
As well as taking the big step in amalgamation, many resolutions were passed at the convention. Among these were resolutions to be brought to rates question, early grain quotas, road grants to restrict sales, public power, pipelines and oil royalties.

Chignecto

Carried over From Last Week
CAMPBELL Sheriff Scully spent last week at the home of Mr. and Mrs. D. Bodon.
We are sorry to hear Mrs. J. Peach is ill in bed with her Mr. and Mrs. J. Wade of Parsons visited there Thursday, and Mr. Wade will call and help her either for a few days.
Mr. J. Wiseman was a visitor at the home of Mrs. Climo on Wednesday of last week.
The Climo brothers held their meeting at the home of Mrs. Sherwood Taylor Wednesday night.
Mr. and Mrs. J. Vowers were supper guests at the home of Mrs. I. Swindle on Wednesday of last week.
If Climo left for Prince George last week.
Russell Goddard went to Camrose on a fishing trip last week.
Glenlyn Goddard is working at the Lacombe hospital.
Cosmo Conklin spent the week end with Russ Hazel.

Willing Workers Summarize Active Year During 1940

Report of the Lacombe Willing Workers' organization for the 1940 presents an active year of community service. Many parcels were sent to needy persons, and donations made to various organizations.

There were 13 meetings held during the year, with a total attendance of 180 members, not having present. The minute was read through by the secretary, Mrs. Lacombe, and the rule of Christmas cards.

Donations of 27 parcels were received from three farms, and these were made into dresses and garments.

Fifty five dollars was sent to the Solarium, $5.00 to the war chest of the United Church, $5.00 for expenses, $10.00 to the school fund, $10.00 to the Overseas Children's Fund, and $5.00 to the Save Items Thompson to help him in his work.

Membership was completed as follows: Honorary members, 2; active members, 20; associate members, 2; total paying members, 24; honorary members, 2; total members, 26.

The arch committee reported visits made to the hospital and Solarium, and the sending of cards on the occasion of the anniversaries, feast of flowers and Flowers were home.

Eleven parcels were packed and sent overseas, 10 to England and one to Holland for the overseas boxes were sent to the Solarium in some Scandinavian countries. Also sent to the Solarium were two boxes of used clothing.

Officers were elected for the coming year as follows: Honorary president, Mrs. Lacombe; president, Mrs. Lacombe; vice-president, Mrs. Lacombe; secretary-treasurer, Mrs. Lacombe; assistant secretary-treasurer, Mrs. Lacombe; arch committee, Mrs. Lacombe, Mrs. Lacombe, Mrs. Lacombe

Bounty on Coyotes Needed

THE provincial game council appears to be on the right track in its proposal to restore a $5.00 bounty for each coyote killed within the boundaries of Alberta. The county ratepayers are a great deal more conscious of the damage inflicted thereby a dog pack than some farmers on the district or not conscious of the fact that a lone coyote can do considerable damage in a single night. Multiplied by ten or more, the damage can run into a considerable sum in the course of a year. Coyotes are a menace to the livestock industry and should be exterminated by every possible means.

The bounty is rather a considerable one, but if $25.00 or more was paid out in bounties over the province it would be money well spent. It would operate for itself. A good proportion of the bounty would be forthcoming in the fur pelts, where the mere raiders don't go in for much, but to farmers in the mixed farming regions, where animals roam the fields, the coyote menace is both serious and expensive. Anything that can be done to exterminate these beasts is worth entering, and a payment of a bounty on coyotes would be a good start.

There's Always the Weather

WE DON'T know how the natives of Lacombe district feel about the sugar bowl, cold storage and ice-bound ones and ones again, but because it has not been a topic of conversation recently what good power and influence it wields on our every day lives.

Take the last few weeks alone, for example. In Calgarian, temperatures dipped to their coldest level in 60 years. 12 above zero and the result was 60 degrees of cold. Many of the water and heat producers to say nothing of the discomforts of Calgarians's non-heating natures, who build homes about as substantially as strips of ornamental wallpaper in Vancouver, proved power not has been seriously disrupted by heavy storms which stopped lines under their weight. Here at home we have temperatures have not been out seven others. Persons are prone to stay a little closer to the home fires and business suffers accordingly.

We could go on to the B.C. floods, the depredations of grain crops on the continent etc., but those are just a few thoughts that come to mind. Man's research and consequent inventions are supposed to master the vagaries of weather, but do they? No matter weather or not topic for the day every day!

A Check on Russia

CONTAINMENT of Russia is the dominant aim of all freedom loving nations of the world today. That aim is complete, and only the method of achieving it differs. Some favor appeasement others a firm policy backed by force to insure hope for freedom and peace than the previous conference of Secretary Marshall and Molotov in Moscow, presidential speech in his inaugural address and various proposals calculated to arrest Russian expansion not only in the economic fields but even a long period of time as well.

Let us review these: establishment of a West ern European union contained in the U.N. sanctioned participation in the European Recovery Program; extension of foreign economic aid (already in progress); to name but a few.

The first of these measures will substantially unite Russia to hesitate concerning any plans she might have of conquering Europe by force. Its effect is immediate. A marching red army against the free peoples of western Europe would arouse America as no one thing (German hatred to recognize terms, because Nazi aggression).

The other three points in Truman's program might be considered long-range programs. United Nations some day will be a force to reckon with but of little use in settling differences now.

By far the most interesting proposals are the other two. E.R.P. is simply a gift to western European countries of several billion dollars in terms of goods, machinery and capital so that these nations can recover their pre-war production level, and restore healthy world trade. The objective might be considered short-term but its salutary effects will probably be delayed for two or three years.

Makes American scientific and industrial knowledge available to raise the living standard of the world is a concept easy to say but hard to visualize. It would require American aid on a much broader extension than E.R.P. and it is likely the States would "break" before the backward nations like China would "make." It is a noble-worthy proposal that might have surprising results but we'll strong along with the first three as concrete and definite answers to Kremlin

Farming Notes

(From the Provincial Department of Agriculture)

Fertilizer For 1949

Canada used 612,000 tons of nutrients in 1948 and it is estimated that 1949 requirements will be about the same. On the basis, supplies of nutrients in 1949 will be sufficient to meet requirements.

Nitrogen is still scarce and is the limiting factor in obtaining production. It is still estimated international allocations in U.K.F.C. in World-region and Canada's allocation for 1949 is 51,000 tons of N. This is the same as for 1948. The Canadian Fertilizer Association has not been notified whether or not they can get such nitrogen as ammonium nitrate, urea or ammonium sulphate under the international arrangement. Imports of nitrogen solutions from the United States have been reduced and this source is likely to decrease for shipments of ammonium which already is not too plentiful.

It is expected that all phosphorite will be supplied from the United States and supplies should be adequate, but no letter or telegram from distributors. Potash will be supplied from the United States and France and supplies should meet requirements. The Province of Alberta has normally ammonium phosphate. 11-48 and the demand from these grain states for ammonium phosphate is not likely to be a shortage of this material.

In spite of the fact that crop areas are substantially larger than ever before, the increase in production will not be in the same proportion as the increase in acreage. Reasons for this are that many of the new acres are not as productive as the old acres and it is difficult to obtain all the fertilizer needed. Therefore, nothing that organized agriculture should be prepared to take care of.

Indians at Sale Lost

Study by scientists of the dominion department of agriculture shows that coldness is not cut by agriculture short. They found, too, that the cold of the winter is not limited to the months of December 31.

Reflection of the Times

Mutually-Owned Phones

Use of the present day telephone to which we have grown accustomed but which is a strong recommendation for small communities enough, is the mutually-owned telephone line. It will be recalled that at the county electors the provision to purchase telephone lines owned by the Alberta Government Telephones should the rural people of the province so desire. Under the terms of the agreement, the telephone lines would be taken over by rural lines, acting as small, mutually owned companies all over the province.

[illegible] agreement [illegible] and operation [illegible] lines, providing only good service. Admittedly some of the lines are poorly constructed, expensive to operate which will have to be made to meet increasingly frequent breakdowns. But they doubtless have reserves on hand, and are equal to the new demands that may come up as equipment and labor are more available.

The directors of the mutually-owned rural lines have looked after their business well, and at most always to remember that they can not entirely new ventures entered into with caution and doubt. But twenty years of experience has carried a beyond the experimental stage, and have continued for ample people at very reasonable cost, a boundary no one would be surprised to see colleges under government administration.

Sometimes Hits Far Us All

Discussing the Fine Arts Of the Game of Curling

(Ed. note: In case enjoying the fine art as a curling, it is said to pass on a few of the finer points of the game. This came from somewhere.)

The game curling is very simple. Two sheets of ice are marked off and placed at the either hollow can't get at it. If he succeeds in knocking through you guard and getting your stone in the house, and place his own there. The ship who gets the most stones on at the head wins the end and makes the opposing ship take a Skins is not ship end-ball. The shooter is a real offense but the good ship will accept whistle it ends usually then proceed to build up another head. Whoever makes the most touchdowns on the season and gets away with what he can. Referees are unnecessary, the average ship or third man can add fine and fill in gaps and make 13 without any fouls.

Local Element Anyway

The land is a lovely parcel who throws the best pair of rocks somebody has to throw in to get the game started, so they put on the land. He must think he has study since that he is even allowed to appear on the ice with other quite distinguished gentlemen. All curlers have served apprenticeship as lands and most of us have served time as skips. We must see that all ice is cleaned before the game and that the others in regardless during the game. First and foremost he must never talk back. It really takes a weaker shoulder to get any satisfaction in it but it is blamed if the game is lost anyway.

Around a Little Stone

The second is but one degree removed from the land. He must do 50 per cent of the sweeping, keep the third man nostalgic, do the scorecards the land a nostalgic by trying again to put a rock where the skips can't and the land didn't. If he nails through the house with a rock he is the severest anyway and what can you expect? He is the only member of the rink who is allowed to shout the land holds ship and must constantly remind a beneath the skips captain to do so.

Third Is Boss

The Third is, of course, the brains of the rink. He should be a skip but he magnanimously allows the other man to have the honors. Assuming an air of supremacy over all lands and assuring them that he can do the skip and throws a dirty look at both for missing it. He passes on the land's opposition to the skip.

Another with a lot of unmentionable descriptions known to might be designated the skip, he wears adenitis it in a quiet smile that bothers us, with an air of satisfaction. Also chief instructor of a third man is to be told where to put his brushes and sometimes where he doesn't want them. He makes the stone and if he makes it, to the third he tosses his weary way into figured it out.

Skip's Duties

The skip is a great life to the gentleman sportsman who relegates his honours and sacrifices his valuable time between three others with the benefit of his skill and eagle eyes. He doesn't sweep and is by no means lights the heels the brooms and has troops who do it for him. He is supposed and sometimes good judgment is rushing and if he has.

He runs out orders with an air of authority that sometimes gets it lucky through to him, a shot. It's because the skip picked up a broom and did the ship's work. Then he is supposed to be the brains.

If he wins he's slapped a bunch of mediocre players to try to repeat if he loses, the mediocre players are a bunch of trumps. Either way he's criticized. He gets much in a pun in the spiel, he leads off his subordinates and he's the boss generally.

And still every-body says they have fun. . . .

Town Ladies' Aid Dedicate Memorial To the Late E. R. Fry

A distinction of county dedicated to the memory of the late E. R. Fry of Town is planned for the Salvation Army at Red Deer by members of the Town ladies' aid following the annual meeting of the organization at the house of Mrs. S. Capiner on Wednesday of last week.

The late Mr. Fry, esteemed Town district resident and former postmaster was a devout supporter of the Salvation Army during his life time.

Election of officers returned those executive: Mrs. R. Lavson, president, Mrs. F. Holmes vice-president Mrs. G. Conrad secretary treasurer Mrs. D. Sopel was appointed news reporter for the regular bi-monthly meetings.

A short summary of the year's activities was brought followed by a discussion of the regular and responsibilities such as visiting the sick, and by-laws, and by-laws and work for the coming season.

It was decided more grant and knotting yarn be obtained.

Kind wishes were extended to Mrs. H. Smith, an honorary member of 66, who is not enjoying the best of health at present.

At close of the meeting a dainty lunch was served by the hostess. Next regular meeting will be held at the home of Mrs. D. Melfort on Wednesday Feb. 9.

NEW PARENTS

Mr and Mrs. Bill Mall of Calgary, wish to announce young home from the Lacombe district, are proud parents following the birth of their first daughter in a Calgary hospital last week.

News From Spruceville

SPRUCEVILLE A get together and social evening will be held in the hall on Feb 4 a pot-luck supper at midnight to the community concert is the last will take place following the supper. There are requested to be present. All are welcome.

Mr and Mrs. F Bailey and Mr and Mrs. C Arrowsmith gave a very enjoyable party to their friends and neighbors at the hall on Thursday evening. All those were present enjoyed themselves and whether they had to be home before the hands of the clock reached the midnight hour. The supper was well prepared and everyone had a good time.

Mrs. J Proudfoot was hostess to a party of friends and relatives at her home on Saturday evening, in honor of Mr. Proudfoot's 70th birthday. The evening was spent playing cards. High prize was won by Mrs. Young and Mr. Boden. Invited were Mr. and Mrs. Boden, Mrs. Young, Mr. and Mrs. C. Morrison, Mr. and Mrs. Lund and G. E. Young.

Happy Birthday

Mrs. J Proudfoot was hostess to a party of friends and relatives at her home on Saturday evening, in honor of Mr. Proudfoot's 70th birthday. The evening was spent playing cards. High prize was won by Mrs. Young and Mr. Boden. Invited were Mr. and Mrs. Boden, Mrs. Young, Mr. and Mrs. C. Morrison, Mr. and Mrs. Lund and G. E. Young.

Mr. and Mrs. John Dobson of Mr. Bridges, Ont., are visitors at the H. Dingwall home.

Mr. and Mrs. D. Henderson and Mrs. J. Alexander were Calgary visitors on Tuesday.

Mrs. Bradley of Edmonton is a guest of Mr. Henderson.

The Rev. Mr. Lewis of Lacombe conducted services in the United church on Sunday.

Mr. and Mrs. Morris Burton and Jeffrey Johnson were dinner guests of Mr. and Mrs. Percy Rees on Sunday.

Miss Margaret Hall attended the movie "Blondie" in Bentley on Saturday.

Mr. and Mrs. W. Parchman, Mr. L. Young and Howard were visitors in Calgary on Tuesday.

Sunny Crest

SUNNY CREST The annual was shortened to hour of the business meeting of Mr and Mrs. Berkland's school was on Tuesday was using, and the district extends its sincere sympathy to them. Mr. Woods and Adams

Mr and Mrs. Vic Rainsbury were Sunday dinner guests of Mr and Mrs. Lee Rainsbury.

Congratulations to Mr. and Mrs. Orville Saunders on the birth of a baby boy on January 28.

Mr and Mrs. M. E. Morris and family were Sunday dinner guests of Mr and Mrs. Ken Adam.

Sympathy of the district is extended to Mr and Mrs. Ralph Penn in the loss of their eldest son.

Mr and Mrs. Ray Saunders and Reggie were Sunday dinner guests with the former's parents.

Kenny Murray is a week end guest with his aunt and cousins, Mrs. E Rose Janet and Donna.

M. E. Morris visited in Calgary last week with his daughter, who is a patient in the central Alberta sanatorium.

A Message to MUNICIPAL DISTRICTS

The Alberta Motor Association believes that the Municipal Districts are doing good work in extending the benefits of good roads to the rural population.

The accommodation is vital to farmers and rural residents, to assure easy marketing of products, to bring down the cost of their own supplies, as well as to give them the everyday conveniences of assured communication.

With Provincial Government assistance, it is to be hoped that the good work will be continued and accumulated in 1949. A word to your M.L.A. would do no harm.

Miss Jean Fawcett Is Honored Here at Various Social Functions

The home of Mrs. Jos. Douglas was the scene of a surprise handkerchief shower last Wednesday for Miss Jean Fawcett, prior to entering the school of nursing of the University. After some interesting games conducted by Mrs. Thomas little Miss Joyce Prowding presented Jean with a somewhere hidden and hung with bunches. Jean's promise to handkerchief the ladies after which delicious buffet was served by the hostess.

Others entertaining Jean were Mr. and Mrs. J. S. King Sr. and Mrs. Burns Prowding and Mr. and Mrs. Clyde Prowding. By request Jean penned an amusing account of Miss Fawcett's visit. Friday

Mr. Chas. Hunt (Ross Wood) and Mrs. Hunt (Mrs. Ross Wood) in the Lacombe Dramatic Society's production of "Ten Nights in a Barroom" which will be presented in the Lacombe Theatre on Friday and Saturday evenings, February 11 and 12.

Hockey League Operating to Well Drawn Good Support

Small fans hockey league operating west of Lacombe has been drawing good crowds and providing exciting hockey.

Bentley Hockey Brothers edged Sylvan Lake team 4 to 3 Thursday and to date Bluffton and Sylvan are leading their respective groups by good positions, Bentley is third right now and Bentley is trying the other position. Sylvan Lake seems to be a bottom ace.

Royal Bank Figures At All-Time High, Statement Shows

New high records on the basis of Canadian banking are revealed in the annual business statement of The Royal Bank of Canada for the year ending October 31, 1948. Total assets show an increase of $139,000,000 over the end of 1947 to $2,223,457,000. This is an all-time high.

Deposits have risen by $130 million dollars mark for the first time and now amount to $2,000,000,000. This also is a new high. Loans have risen by $91,000,000 to $1,000,000,000 for the year. In the course of the fiscal year the bank opened a number of new branches, including a monthly average of one a month. $60,000,000 in total deposits are now held in these branches. Current loans to farmers and stockmen, provide are moderately higher than in the previous year.

Chief Justice Sloan

Shareholders have maintained their annual dividend at a former pace of the amount of $10 a requires them to have received $6,000,000, and that, if given action by a half fourier, it will commence the payment of the remaining 50% Further more annual rights which are still four quarter garage themselves and this bank to be less subject to changes in the future than banks of smaller scale. They seldom exhibit the panicstrikes frequently seen in the United States and they do not get hysterical because of a small drop or increase in the worth of time to time.

Douglas, of course, is not the only person to have had his name mentioned in connection with the customary engravers on the bank's notes. Other well-known Canadians whose names appear on the notes include Sir Edward Beatty, chairman operating committee of the board; Lords and Lieutenant-Governors of the provinces in the countries in which the bank has offices.

Directors of the bank are not required to own the shares they hold.

Good Stockmen See Advantages of Self Feeders For Livestock

The following radio talk was given over radio station CHE by George Dalgety, agricultural representative for Lacombe and eastward district, Lacombe.

Self feeders are outstanding as an economically important unit in livestock production on central Alberta farms.

They have proven themselves and are here to stay because they have helped many farmers increase their profits. Self feeding is the method of feeding livestock whereby grain is constantly kept before them in a self feeder. Self feeding is commonly associated with cattle, but every farmer in central Alberta who sometimes commercial feeds a few chickens or pigs should have a self feeder.

The economizing of money is accomplished by self feeding. While a hand feeding can a man down to a number of animals, self feeding allows the throw feedings per day self feeding services only once and gives the pigs the right to eat what they want. The self feeders and make sure that the animals are getting a balanced ration.

Self feeding also saves the feeder from the monotonous job of feeding the animals every day. Self feeding is a time saving method of feeding. Self feeding is a labor saving method of feeding. Self feeding is a profit making method of feeding.

The self feeder eliminates the feeder from the livestock health. Feed in self feeders is always fresh so that animals get a considerable variety in their rations. Self feeding is a method of feeding that does not require much skill when the animals are fed.

Self feeding is a method of feeding that does not require much skill when the animals are fed.

Self feeding is a method of feeding that does not require much skill when the animals are fed.

F.U.A. Report Is Read Out at Lakeside Meeting

A disappointing turnout with
about 30 farmers attended a
meeting of the newly-formed
F U A at Lakeside hall on
Wednesday of last week

Reports of the Calgary con
vention of the A F U and U F A
which amalgamated into the
F U A were given by two local
officials Elmer Lender and
Mr Hall

The report was followed by a
question and answer period, in
which several important points
were brought out

Strike or direct action on
the part of farmers who are dis
satisfied, is no longer possible in
regard to the constitution of the
new direction union can be
changed only by a convention of
all F U A members must be
held, and a two-thirds majority
must be obtained

The Calgary convention also
went up the idea of a national
farmers' regime Instead, the
farmers' Union of Alberta has
established itself with the Alberta
Federation of Agriculture

Provincial Barley Competition Winners

Seven Alberta farmers won top awards for producing the highest grade barley in their province in 1948. The pictures are of the provincial winners in the third Annual National Barley Contest. The contest is sponsored by the brewing and malting industries of Canada and is conducted through the Barley Improvement Institute Winnipeg, under the direction of Prof. J J Harrison In 1948 there were two competitions in the contest, one for Barley competition registered with the Institute and the other 1,207 bushels, the other a competition for Seed Growers' entry requiring an entry of 600 bushels

Top picture, left to right, are the

Mrs. Eve Trudgett and Mrs. Thomas Heath were guest hostess on at a tea held by the Eastern Star at the home of Mrs. Heath on honor of Mrs. Dorothy Gray who left recently to live in Edmonton. Mrs. Gray was presented with a corsage by the hostesses.

Weddings
FLETCHER—HENDERSON
A pretty wedding was solemnized at St. Andrew's United church at 2:30 p.m. on February 7, when Miss Alice Hendrickson, eldest daughter of Mr. and Mrs. W. E. Henderson became the bride of Mr. Ken Fletcher, son of Mr. and Mrs. C. Fletcher of Cloverdale, B. C.

The bride was given in marriage by her father.

Miss Hendrickson attended the wedding music was supplied by Mrs. Wilma Sutherland. The wedding song "Because" was played during the signing of the register.

The bride chose a lovely bridal gown made for the occasion and wore a corsage of yellow roses. Her only jewellery was a gold pen, a gift from her grandmother.

Her sister Helen, was bridesmaid, and wore a gray gabardine suit with a corsage of red roses. The bride's mother was attired in a black crepe dress, accented with a corsage of yellow roses. The groom's mother chose a gray suit and she also wore a yellow corsage.

A reception, not for twenty, rather followed the ceremony in the Lacombe Hotel banquet room. The bride's table was centered with a three tiered wedding cake which was flanked with white tapers and candles. Rev. Marston proposed the toast to the bride to which the groom suitably responded. A telegram from Van couver was read by the best man, Mr. Bruce Woodrow of Lacombe.

Many friends and relatives from out of town and eleven guests from Lacombe attended.

The happy couple left for a short honeymoon at Calgary and will make their home at Olds where the groom is employed.

A Message to
ALL M.L.A.'s
During the past few years, the money voted for the maintenance and construction of highways by the Provincial Government has been equal to, or slightly in excess of, the total revenue derived from motor vehicles.
THE RESULT:- Improved highways, improved transportation, and economic, educational and social benefits to all.
Your constituents will approve your support of a 1 cent rate for 1949, to extend these benefits to many not already adequately served.
Good roads will mean progress for Alberta.
ALBERTA MOTOR Association

Hospital Contract Rates
The hospital board of the Lacombe municipal hospital district has set the following contract rates for 1949:
Non-taxpayers resident within the hospital district can take out a contract with the hospital board for the sum of $8.00 for single persons, and $15.00 for married persons.
Contracts will be accepted from non-residents of the hospital district for the sum of $12.50 for single persons, and $17.50 for married persons.
Dependents need take out no contract to receive municipal hospital rates. "Dependents" being defined as:
"an unmarried son or daughter resident with the taxpayer within the hospital district, irrespective of age and also includes the father and mother of the taxpayer providing they are resident on the property paying the hospital tax. This definition to apply to both urban and rural ratepayers of the hospital district."
All Contracts must be applied for by February 28, 1949

THURSDAY FEBRUARY 10, 1949

To Save a Life . . .

LAST fall, The Globe named an editorial enquiry into the bottlenecks of medical care in Alberta. At the same time local editorial personnel A. E. Pratt was sent as visitor with Edmonton officials to examine points of special interest. The editorial content soon after the three Year was viewed with a good deal of enthusiasm from many quarters.

Some purpose of the periods is to provide assistance of safe coverage at minimum costs for medical, hospital, nursing and home services. The Globe pointed out before they also took children the months of careful driving. It has been some good habits. It touches from good citizenship.

The student themselves enthusiastic all-round the idea. According to reports, in many people, unfortunately, of the job of government that was to be chosen from a list to give all an equal chance.

Sgt. James Blair, one of the B. C. M. P. representatives from Edmonton, made a few pungent comments during visit here. Friends can do duty in all kinds of weather he said, rain, snow or shine. That speaks for the people government and finance to be the job right in does have the sanitary effect of showing down the ugliness material, and it does protect the health of the citizen, particularly the smaller ones, from possible fatal road accidents. If the patrol saves one life it will have repaid itself many times over.

Caring For Our Incurables

WALKING quietly behind the scenes for some months is an organization known as the Canadian Association of Incurables. Its aim is to protect the interests of persons in its community who are unable, or refused or otherwise incapacitated and unable to work for a living.

The latest concern which this organization seeks group is urging the Canadian government to adopt at a later monthly pension for all incurables which will take them out of the poorhouse. The plan merits consideration, although there are obvious dangers to be avoided. It merits a lot of government hand-out to those capable of employment. There is too much thinking today built upon the false premise that the government owes us a living. Let George do it is being gradually supervised by an equally pernicious slogan, Let the government do it."

But in the welfare of the incurable today is prepared as it ever used to be. The public has demonstrated and sound order has ensured, that a computerized pension are cared for a task which at present is the responsibility of the parents friends. Transferring the duty to the dominion government would have the further drawback of making checks on worthy cases difficult.

But it would standardize the rates paid to incurables across the dominion, according to the advocates. And it would relieve the burden on local administrations, which must persons believe to be overloaded now.

The Canadian Association of Incurables is pressing for a proper pension of at least one sixty-five dollars or more. These objectives is naturally set high as with any bargaining letter and they would be doubt be willing to accept much less. The matter now rests with the powers that be at Ottawa.

Farming Notes

From the Provincial Department of Agriculture

Use of Flue Fibre Waste

For some years experimental work has been carried on at the extension department of agriculture. Perhaps has Flue-cured Bright tobacco. The experimental aim of such tests was to find if Mr. Flue-Cure, who is at charge of the work, thinks that the by-product of flue can be adapted to some farm uses as paper stock, to some paper manufacturers are prepared to buy the waste at as little for insulation and poultry, and as feed for farming purposes.

The paper mixes as made from the rolled tissue like and how and these don't behave under the opposite conditions. Some mixtures have been submitted at the Flue to preparing both structure and the used general purpose of experimental board resembling commercial appearance. The special quality of the stem, using board made from by-product has been tested by by relatively high when compared with other insulating board of present on the market and used by the building trade.

Samples of hard pressed board produced have not been used in using commercial to mixtures prepared to be applied to the building trade. Preliminary tests made in the use of wet process mixtures have been satisfactory. A light insulating type board have shown much promise.

As a result of the experimental work which has been produced from the stems which remain the woody core of the leaf stems together with some of the fibre. Both the stem and the midrib back have been more commercially for this purpose. The above tests to produce readily and have been obtained on a number of cases by the use of hydrated lime in combination the flue cured.

It adequate information has been provided and the fibre is shall using flue-cured tobacco stems as a commercial method of removing the other by-product is prepared of hydrated lime for each 100 square feet of flue space on top of the present time. The cost this with one or less cubics of fresh lime deposit the process in 6 or 8 weeks whatever necessary.

It is very important that all lime be carried at least twice a week. The lime should be thoroughly brought and mixed out of the tobacco should be replaced with new from a drier part of the flue. Treatment Many of the flue-cured tobacco stems are split, cutting to the bark level and is likely to cause a fire when it comes in the lime.

Lime Treatment of Floors

During the [illegible] are likely when the temperatures changes, especially [illegible] difficulty is experienced in manufacturing dry lime in many poultry houses. C. W. Trevor, Alberta's poultry representative, advises that experiments which have been obtained on a number of cases by the use of hydrated lime in combination the floor of the poultry.

It adequate information has been provided and the fibre is shall using flue-cured tobacco stems as a commercial method of removing the other by-product is prepared of hydrated lime for each 100 square feet of flue space on top of the present time. The cost this with one or less cubics of fresh lime deposit the process in 6 or 8 weeks whatever necessary.

It is very important that all lime be carried at least twice a week. The lime should be thoroughly brought and mixed out of the tobacco should be replaced with new from a drier part of the flue. Treatment Many of the flue-cured tobacco stems are split, cutting to the bark level and is likely to cause a fire when it comes in the lime.

Mc Major Fire Losses in Lacombe During Year 1948

There were 11 fires in Lacombe during the year 1948 with an estimated loss of $6,000. This was brought out at the annual meeting of the town fire brigade in the hall last night.

Fire chief Howard Lambert presided at the meeting, with 17 members present. Secretary-treasurer Al Brede reported that the financial statement of the brigade was satisfactory.

Plans were launched for a social-ing game and banquet and dance for members of the brigade from Penhold and Lacombe. The event will be held this month, if no satisfactory arrangements can be completed.

Colin Dalziel, Herb Powell and Jack Bunge are on the nominating committee.

Lakeside-Canyon

(The Late For Last Week)

LAKESIDE-CANYON On a meeting of Parity Local was held in Lakeside Hall. The report of the past convention were received with much interest and Parity Local was offered by voted in favor of the Farmers Union of Alberta.

The local has by now during the year 1949 was set at 41.50 per member and it was decided to keep the membership fee for two years. That is, a woman is entitled to vote or stand elected by paying the official $2.50 membership fee of the F. U. A. and the Parity Local. The next meeting will be held March 7.

EVERYBODY'S BUSINESS
by Don Graham

"How am I going to earn enough?"

Again and again people ask me this question. So here is the one fundamental thing that will perhaps prove the most helpful:

Develop outside interests — especially with other people.

Invariably those who retire from business live too much within themselves. And that is the root cause of their trouble.

The less care lies in solving issues with people under all conditions — especially in group activities. It matters little what these activities may be: golf, curling, conferences, church work, service clubs — anything that puts the individual outside himself.

In this way he becomes absorbed in what he is doing while with other people. Issues he has to meet and solve with them — and he forgets himself. His dryness vanishes.

• • •

If you have financial security for the future, you will find more satisfaction. Life assumes other the easiest, surest way to achieve this security for yourself and your dependents.

Lincoln-West Branch

(The Late For Last Week)

The Lincoln community circle held its meeting Feb. 2 with Mrs. Ed Jensen. The next meeting will be at the home of Mrs. Geo Hyndman.

Mr. and Mrs. Roy Burton entertained at a most enjoyable card party this ladies of 500 were played. High scores went to Mrs. A. Hyndman, and Mrs. Ed Hamilton, consolations to Mrs. C. G. Mercer and Mrs. Ed Jensen.

Mr. and Mrs. Austin Hunt were supper guests Friday evening with Mr. and Mrs. Richard Green.

Tom Hendrickson is staying for a while with Mr. and Mrs. Ray Shannon.

There will be a card party Friday evening, February 11 at the home of Mr. and Mrs. Don Wilson. Everyone welcome.

Mr. and Mrs. R. White entertained Mrs. Hendrickson and Mr. and Mrs. C. Hendrickson on Tuesday.

Lacombe Roundup

The ladies of the Lacombe community circle have completed an outfit of clothing suitable for a 7 year child, consisting of two coat ensembles, three dresses, short two slips, 3 pair of panties, two vests, bonnet, three pair of panties, one pair of stockings, four pairs of socks, one pair of pair mittens. This will be on display the last three days of each week at Bauwens' Department Store.

Wolfville

WOLFVILLE Hens' hockey club met undefeated to, and crowned the ten which two tilts at the Elks hall, Tuesday, and Saturday afternoon. Proceeds go toward the next rosin fund. The lowdown spattering the ice for crushed to one and all to the only and arduous removed.

The dance of the Gentle Ben last Friday evening was well patronized. Another one will be held in two weeks time.

Mr. and Mrs. G. C. Archibald and family Miss Wren and B. Ogilvie were visitors at the Roy Hubbard home, Innisfail district, last Sunday evening.

Mr. and Mrs. J. A. Archibald entertained Mr. and Mrs. G. C. Archibald, Member and Norman Mr. and Mrs. J. H. Phipps of Blackfoot and Mr. and Mrs. [illegible] of Pekisko, last Sunday.

Miss Wren was a supper guest of Mr. and Mrs. Ross Avery last Monday.

Mr. and Mrs. Burt Anderson are leaving a sale this month prior to leaving for the southern part of the province. Sale date will be announced later.

To Mrs. L. Hudson and family of the Hand Hill district, we extend our deepest sympathy in their bereavement. Mr. Hudson passed away suddenly last Saturday morning at the Pekisko ranch aged hospital.

Mr. and Mrs. Ogilvie, Johnnie George and Fred of Cygnet Springs and R. J. Ogilvie and Hubert were last Sunday guests of Mr. and Mrs. A. Hvands.

Our rounds, which were blanketed the first part of last week, were plowed open by the Red Deer Conductory and Shelton Conductory outfits. Many thanks for it.

R. G. Sensation and J. A. J. C. held attended the C.C.F. Provincial Constituency Association Convention in Wetaskiwin last Saturday.

W. Dood is a patient at hospital Mrs. Dood, who has been a patient in the hospital for some time, is now staying with her daughter, Mrs. Fred Most of Bentley.

Two Sports Tuesday Night

Lacombe-Red Deer Hockey Team Cops First Playoff Game

Lacombe and Red Deer's rep hotted hockey team took the two part of the Bentley Imperials 10-5 on a fast and clean game played at Bentley Tuesday evening. A large crowd journeyed to see the game, the first round of the provincial intermediate B playoffs.

The second game of the home-and-home series, total goals to count, will be played at Red Deer Saturday night.

The boys left the ice at the end of the first period with a 3-1 advantage on the score sheet after an initial period of rather easy but fast hockey. The combined Lacombe Red Deer aggregation netted two tallies in the same with assists with four members credited a single. Red Deer's only counter of the game at the end of the period.

The final penalized drubbing Bentley to the boys fought hard to come from behind but the combined squad outscored Bentley 6-2 in the second, to clinch off the ice with a total score of 10-5 in favor.

Pack with two goals and two assists led the scoring honors for the winners. Leslie pushed on three goals, and other counters went to Tillotson and Lord. MacKinnon and Ainsworth got Bentley's two counters. Referee with Stanley Pimbert and Thorpe as each governing umpire.

Starting line-up: Lacombe: Ball Boyle, Bidder, Thomas, Tillotson, Horne, Pitzsimmons, Pack, Lord, Leslie and Gowler.

Lacombe-Red Deer: Goal-tenders, Wyly, Mackenzie-Emery, Rook, Lord, Miles, Lawyer, Park, Thomp on, Shaver and Tillotson.

Lacombe penalties: Wyly, Mackenzie-Emery, Rook, Lord, Miles, Lawyer, Park, Thomp on, Shaver and Tillotson.

Bentley penalties: Ainsworth, Bidder, Thomas, Tillotson, Horne, Pitzsimmons, Pack, Lord, Leslie and Gowler.

Referee: Stanley Pimbert and Thorpe as each governing umpire

Hospital Contract Rates

The hospital board of the Lacombe municipal hospital district has set the following contract rates for 1949:

Non-taxpayers residents within the hospital district can take out a contract with the hospital board for the sum of $18.00 for single persons, and $12.00 for married persons.

Contracts will be accepted from non-residents of the hospital district for the sum of $15.00 for single persons, and $10.00 for married couples.

Dependents need take out no contract to receive municipal hospital rates. "dependents" being defined as:

"Any person residing permanently with the taxpayer within the hospital district, irrespective of age and also to include the father and mother of the taxpayer providing they are resident on the property paying the hospital fee. This shall also apply to both urban and rural ratepayers of the hospital district."

All Contracts must be applied for by February 28, 1949

A.1949, Sunday,

The safe, modern way to EFFECTIVE WEED CONTROL

Any preparation of 2,4-D will help control stinkweed and mustard, but Shell Weedkill gives safe, effective control at a lower cost per acre. The reasons are that Shell has combined the safer approved amine type 2,4-D with a special wetting agent to give more penetration even under unfavorable conditions. Shell Weedkill is now obtainable in larger pots one gallon cans, as well as five gallon cans and drums. See your Cockshutt dealer about this year's spraying requirements, right away!

Season An' Some

O... [illegible] ...ning rest you can ... [illegible] ...omers when before Christmas, and since then it's also from the village and ... [illegible] ...regularly on the new ... [illegible] ...sheets. All this extra volunteer ... [illegible] ...rebuilding a floor about an inches thick. Curling is enjoying a tremendous amount of healthy ... [illegible] ...and it is then advantage to enroll a ... [illegible] ...and a big transport there two rounds down ... [illegible] ...boats from the village and outside ... [illegible] ...to Lacombe. Curlers have ... [illegible] ...ed a number of ... [illegible] ...after-lunch dinner ... [illegible] ...Ladies and boys in other events at a goodly ... [illegible]

Everywhere on the district it seems to be the same. Those in the outlying areas have enough ... [illegible] ...have not as comfortable a time here. Hardly a week passes that some fellow rural ... [illegible] ...isn't somehow curling in their regular curling ... [illegible] ...People are talking curling, ... [illegible] ...ing and curling.

... [illegible] ...curling rituals laid up by Lacombe's ... [illegible] ...ers this week. If one ... [illegible] ...bad here, most were ready to admit, ... [illegible] ...were involved, had in ... [illegible] ...all and in the ... [illegible] ...Curling is one of those ... [illegible] ...where ... [illegible] ...are not artificially protected, ... [illegible] ...where there is home for outspoken conversation during play time to give the other fellow a pat on the back occasionally. Those in the hockey crowd, too, could be vast bad feelings fostered, there's the will to win and if your bad luck continues then bemoan luck to the centre in his further travels.

Maybe it's the atmosphere of friendship which is nothing, saving such a popular sport. Whatever it is ... [illegible] ...can't help it ... [illegible] and local curlers would do well to look around for ... [illegible] ...Expand the present four sheet ... [illegible] ...of the local rink. Make-shift ice on the nearby skating rink at bootgood town isn't good enough. There has been a talk of an additional ... [illegible] ...new rink. With bigger memberships definite action rather than idle conversation is an order.

Tourists Like Canada

HELLO neighbor! We Canadians sounded that greeting to thousands of Americans last year and the greeting sometimes paid off in terms of cash, according to estimates compiled by the ... [illegible] ...bureau of statistics.

The last that American tourists chasing 1948 spent 1,000 million dollars in Canada. 30 millions more than in 1947 speaks well for dominion hospitality in the years of the post-war boom and of-a-billion prosper. That's a considerable sum in Canada's wealth with a favorable balance of trade with the United States and there are signs that Canadian and provincial governments are awakening to the real importance of tourists that's said

Alberta is high on the list, with its famous Waterton, Banff and Jasper national parks visited annually by thousands and the province and the traveller Last year more posters and publicity ... [illegible] ...our boundaries which ... [illegible] ...your brother. With encouraging results, provincial ... [illegible] ...announced its intention this year ... [illegible] ...natural beauty is not enough. The location of the tourist must be considered and accommodations at all popular resorts must be adequate during the summer's rush. Provision must be made for more tourists cabins and hotels. There must be courtesy from the cooperative service must be the key-note. Meals must be ... [illegible] ...and ... [illegible] ...and there should be no attempt to charge hold up prices and the government would look to roads. Our highways are a disgrace. Wherever ... [illegible] ...and ... [illegible] ...the States have a strange aversion to driving their sugar-streamlined autos over bumpy roads ... [illegible] ...on ... [illegible] ...Let's not fall down on those other points, now that a good start has been made.

Farming Notes

(From the Provincial Department of Agriculture)

Farming With a Plan

Long-term profit is often set up as the goal to work for. But this isn't enough.

Your family has goals too; you can't separate family living from your farm business. Planning for your family, education for your children, a pleasant home atmosphere, these to a large extent come first and then you can get those things by planning for them. They may be just as important to you as high income in terms of cash assets. With good planning you can enhance family goals and have a good business in both. Decide what your goals are as a farm family, and set as objectives. You may have to compromise on some points. But make sure that you recognize all of your objectives and allow for them.

You can't do very much planning yourself; you must what you have to work with. Sound plans are built around the resources you have if you command owned, hired or borrowed. Use them to their best advantage to round planning.

Death To Hoppers

Large scale grasshopper out on prospect, ... [illegible] ...the Provincial Department of Agriculture. Also in favour of the province are already ... [illegible] ...and possible methods of attack and to plan their campaigns well in advance of outbreak.

If Lacombe ... supervision of crop protection, ... [illegible] ...and needful farm practices designed for successful grasshopper control should be ... [illegible] ...considered and carried out. Attention to the grasshopper infested areas in order to avoid heavy crop losses. Five essential features in a ... [illegible] ...of grasshopper should be kept in mind.

1. Shallow cultivate those that I noticed all infest ... [illegible] ...of stubble fields early often they are ... [illegible] ...not up each pole. One-half inches, dirt-loosen ... [illegible] ...cultivators are better for this purpose than ... [illegible] ...implements.
2. Burn ... [illegible] ...standing grass or stubble land ... [illegible] ...it has had the treatment. If stubble land has had no cultivation it should be left for summer-fallow
3. Cultivate the ... [illegible] ...of gassed strips, ... [illegible] ...and land ... [illegible] ...of treatment when working the summer-fallow ... [illegible] ...and trap will ... [illegible] ...remove the hoppers for poisoning, and ... [illegible] ...poisoning ... [illegible] ...to near by crops.
4. Control grasshopper infestations in and along ... [illegible] ...roads and ... [illegible] ...by spraying of hot ... [illegible] ...and chemicals. Where these precautions are not observed, fields may become infested from such areas.

All these features noted ... observed if the campaign is to be successful, and the whole-hearted co-operation of everyone concerned will be required.

It's strictly between
You and Your Bank
How much you borrow, how much you save ... how much you put in, how much you take out ... that's your business. Your right to keep your private affairs private is a cherished principle of Canadian banking.

NEXT time you are in your bank, notice how many people keep their cheques face down . . . just like you . . . while they make out their deposit slips. Notice how they close their passbooks before handing them in—and get them back closed too.

Canadian bank service is recognized by everyone as confidential. Every employee, when he came into the service of your bank, took a solemn declaration of secrecy. Your relationship with your bank is the most vitally confidential business relationship you have.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a public official working for the State! State monopoly of banking, proposed by socialists here, would open your banking transactions to political intrusion.

SPONSORED BY YOUR BANK

Town, School Annual Meeting

CONGRATULATIONS

To the ratepayers and the Lacombe Hospital District on the completion of the new Hospital Wing.

We wish to express our appreciation for the co-operation of the Hospital Board and the contractors, and we are proud to have been associated with the project.

MARTLAND & ABERDEEN

ARCHITECTS

108 Agency Building Edmonton

Local Matron

MISS HAZEL GESSNER, R.N.

Competent matron of the hospital, who directs the operation of the nursing staff, and coordinates all general planning. At the hospital is another important duty falling on the matron's shoulders. She has charge of the purchasing of furniture and fixtures for the new wing.

Large Nursing Staff Performs Essential Duties

Lacombe's large nursing staff, under the efficient authorship of Miss Marjorie Gordon, has been augmented with additional members, in preparation for the hospital wing opening.

Presently nursing in white at the hospital are Miss Mildred Stewart, in charge of x-ray; Miss Jack Hewett, in charge of laboratory work; Miss Catherwood Green, in charge of the operating room.

Miss Arlene Glenn, who will be placed in charge of the old wing when the larger unit opens; Miss Florence Kennedy, who will supervise the new wing; Miss Helen Barton, Miss Betty Bell, Miss Margaret Ault, Miss Loreta McInnes, Mrs. Art Greene.

Newcomers to the nursing staff here are Miss Lois Moore and Miss J. Van Gasbeek, both of whom commenced duties on November 1.

Patients are almost unanimous in praising the work of these "Bonnie Corvalis." It is significant that those who have been hospitalized in hospital invariably have a good word for the quiet efficiency of Lacombe's nurses.

The matron asserts at least two more nurses will be needed to round out the staff.

3RD FLOORING

All halls and corridors in the basement of the hospital consist of a red dye cement. The color is dyed right into the foundation mix, and thus never has to be repeated. It has the further advantage of not being susceptible to scraping, and it will not wear off through constant use.

NEW PAINT ON EXTERIOR

The Lacombe municipal hospital will have a much different look from the exterior besides its new wing Glenmorg in a new white coat of paint, the entire building exudes a look of cleanliness.

Many board members had wished to continue the buff color on the exterior but a shortage of this color of paint made it necessary to switch to the cleaner-looking, but more quickly deteriorating, white paint.

Facilities Greatly Expanded

Basement Has New Kitchen, Laundry, Living Quarters

The basement presents a vast improvement over that of the old hospital. The larger kitchen used on the new wing, it will be a boon to planning and preparing meals.

But the most important is the cooler room, where a larger load of meat being installed to provide the best necessary for the bigger building. A large, frozen compartment of piping goes with the new boiler.

The kitchen in the basement has been moved to a new quarter and the room will be used as future as a central supply room. The nurses' dining room will also be a storage room for linen room will remain in its present location.

The new ward's basement portion has a wide variety of purposes, one of the most noticeable being the consolidation it gives to nurses' and ward quarters.

Five double rooms have been laid aside for ward aides, complete with cleaning room for linen boxes, and bathroom. Most of the nurses are accommodated in the 30-bed nurses' home, but with the increased staff movement, some nurses will live in to augment the hostel which have

First Hospital Board Formed 12 Years Ago

Board members of the original Lacombe and district community hospital board can be well proud of the building which they now start up trouble room ago. Only one member of the original board of 1937 is now an official of the present hospital. He is W Avery, now chairman of the hospital board, who teaches years ago was one of the two town councillors representing the town of Lacombe on the board.

Others members of the first hospital board were O W Hempstead, former owner of the municipal district of Clover, who was chairman of the first board; W Parker and Albert Hall, councillors of the old M. D. of Clover, and the late Percy Owen, former town councillor.

We congratulate the Lacombe District on the opening of their new hospital wing. We are proud of the fact that the new wing is equipped with that

Famous Sleep Combination . . .

SIMMONS BEAUTYREST MATTRESS & BOX SPRING

No other bedding equipment can give the feeling of such luxurious relaxation as this combination of the famous Beautyrest Mattress and Box Spring. All features of quality and beauty are incorporated in their construction — individually pocketed coils — pre-built border — beautiful damask covering. Come and see them for yourself, on display now

The opening of the new hospital wing

is another milestone in the history of hospitalization in this district.

We Doff Our Hats

to the hospital board and the residents of the Lacombe Municipal Hospital Area. They made this addition possible.

LACOMBE

Local Residents Incorporated General Hospital

First Hospital Built In This District In Year 1907

The history of hospitalization in Lacombe and surrounding territory has been one of continuous progress and expansion.

From 1892 until 1907, hospital care was confined to private homes, hotels and even Lacombe church, in inconvenient surroundings. It is understood a patient was refused one, if sitting or in pain.

The year 1907 marked the beginning of a new era for this locality when medical lines, for it was in this year that the Lacombe General hospital was established.

The enthusiasm and pride evinced in the incorporation of this district's first hospital is gleaned by report describing the incorporation in the statute books of the province of Alberta.

Among public-spirited citizens who are identified with the building of this hospital are Henry M. Trimble (then magistrate) W Herman Merryam, Andrew Urquhart, Everett K. Sanford, William F Fuller John McKinley William Berry, William J Simpson, M.D., and Edward H Sharpe, M.D.

These men, in addition to subscribing their names to the articles of incorporation, gave of their time and means to finance the building of the general hospital.

The name of Mrs. William Berry must be singled out for special praise. Her untiring efforts in the cause of furnishing equipment for the newly-constructed institution is long remembered and appreciated by residents of this community.

The hospital faces the Laughlin apartment block on 51 street) filled its role adequately for the limited population of 1907 but around the early 1920's, it was obvious that the limited facilities could not handle the increased patient load.

Councillors of the M.D. of Clover and the Town of Lacombe took the forward step in March, 1927, and plans for a proposed new community hospital were laid before the joint boards at Agard.

In December of the same year the present hospital building had been erected, and the 30-bed, $50,000 construction was formally opening of an official ceremony on December 10.

Through the past ten years, it became gradually evident that even this modern building would be taxed the hospital demands of a growing people.

During the ten years, the hospital operated at almost full capacity and in the immediate post-war period overcrowding was commonplace Often, it was found necessary to place beds in the corridors to accommodate the overflow.

Last fall, the present hospital board tackled the problem. Their answer the only answer possible was a new hospital addition. On December 17, 1947, contracts for a modern $113,000 hospital wing went before the members. It carried 477 to 107 against.

Now the handsome addition envisaged by the board has become a reality. Members of the hospital board at the time of the construction by were Bill Avery) chairman, Joe Bain, Ted Skinner, Bill Chesser and Ben Cameron W B. Johnson of Clive has since joined the board, to make a six man committee.

During the past 20 years the names of matrons in charge of the hospital are Miss Dawson, Mrs. E. Osborne Miss Margaret McInroy Miss Lorna Chisholm, Miss Marjorie Gordon Miss Gordon is the present efficient very popular matron.

Board Member

B. S. CAMERON

Widespoon Lacombe citizen who has served on the Lacombe hospital board for the past ten years. Mr. Cameron has had wide experience on matters of public interest. He is a former member of the local town council.

Right, over a score was a contributing patients of the first baby born in the local hospital. The record so made possible Messrs. Mr. and Mrs. Cameron and Cameron Bradley

Dr. H. J. Richardson First Doctor

Early Day Medical Care Here Haphazard Affair

Before the turn of the century little was done to provide hospitalization to Lacombe and district residents.

It was impossible to organize an extensive hospitalization system in fact due to the shortage of doctors in this new, still largely unsettled, country.

Midwifery was common practice not only up to 1900 but many years after. Cases requiring surgical attention were sent to Calgary or to Edmonton, where Roman Catholic sisters maintained a hospital for the care of the resident and rural sick.

The population all through Central Alberta was sparsely populated, and doctors were frequently called upon to travel long distances by team. Horses were usually pre-selected more than 50 miles a day and trails were often torturous. streams bridgeless.

In these days of modern automobile transportation, when distances that used to take a day can now be traversed on an hour, we may well offer a stirring and heartfelt tribute to medical men of the 80's and early 1900's.

Their lives were devoted to the cause of relief from pain and suffering among their fellow men. They inevitably attained that inspiring goal, as pioneers in their calling.

Among the local doctors who settled in these parts, we may mention Dr H. J. Richardson, who practiced in Lacombe from 1904 to 1920 Dr R. H. Sharpe 1906 Dr W. J. Simpson, 1906 Dr William T Symes, 1908 Dr. P Dean Larke 1912 Dr Edith G Hamilton, 1920.

Dr Larke is the only member of the medical staff who is still in practice at Lacombe.

The world needs more open minds and less open mouths

Hospital Here Boasts Modern X-Ray Equipment

The large power of equipment of which the hospital staff is extremely proud is the modern X-ray machine. This new machine was installed about three years ago and it provides valuable service which few other hospitals of comparable size can boast.

The X-ray is used exclusively for diagnostic X-ray work, and is not thought for therapeutic purposes.

In charge of X-ray technician is Miss Mildred Mellott

LARGE NURSERY

The new nursery will be a big surprise and a great delight to all visitors next Wednesday. Its area has been enlarged three times, and it has window space that will accommodate any number of doting in-laws (allowed?). The size of the nursery makes allowances for 20 bassinets, if necessary compared to a maximum of 10 before.

Stork Derby

SCORE TO DATE

Girls outdistance the boys eight to four, in the stork race during the first baby born in the Lacombe municipal hospital each year.

Cold figures of the race are that for the first five years from 1938, when Cameron Stadon started to present a silver mug to the first baby, all of them were girls.

Earliest baby to be born in the new wing was little David Grant Hayhurst, born March 4, 1944. David came into the world just seven minutes after midnight, which underscored most of the "firsts" in large cities.

Here is the list of the first babies born in the hospital since 1938:

1938 - Joyce Marguerite Wentzell, daughter of Mr and Mrs Gordon Weatherall of Tees, on January 3

1939 - Shirley Anne Ditzler, daughter of Mr and Mrs L. Ditzler of Joffre, on January 2

1940 - Baby Clanfield, daughter of Mr and Mrs H. D. Clanfield of Pinnacle, January 3

1941 - Mildred Binns Paul, daughter of Mr and Mrs Milton Paul of Lacombe, on January 2

1942 - Frances Agte Hall, daughter of Mr. and M. Thomas Hall of Spring Valley, January 3

1943 - David Grant Hayhurst, son of Mr and Mrs. Grant Hayhurst of Pinnacle, January 1

1944 - Richard John Tymstra, son of Mr and Mrs Ben Tymstra of Clive, January 2

1945 - Baby Wiggins, daughter of Mr and Mrs George Wiggins of Pinnacle, January 2

1946 - Martha Lorraine McDonald, daughter of Mr. and Mrs. Fyvie McDonald of Mirror, January 4

1947 - William Raymond Duffy, son of Mr. and Mrs. P. L. Duffy of Joffre, January 3

1948 - John Darwin Davidson, son of Mr and Mrs Sam David son of Lacombe, January 1

1949 - Elaine Alice McCubbin, daughter of Mr and Mrs William McKibbin of the Melrose district, January 3.

Includes New Nursery

Maternity Wing In Addition Is Modern Complete Unit

One of the most improvements [illegible] than in the new hospital plan, made possible with the new wing, is the complete maternity section located on the southeast end of the hospital.

The labor room delivery room, nursery, formula room, etc., have all been located at the one quarter a much better arrangement compared with the former cramped facilities which allowed only the one operating room for maternal and surgical cases.

The nursery is a spacious room [illegible]

Completing the maternity unit are smaller wards for darkness and for sterilizing supplies and instruments.

It is a completely modern section and one of which hospital authorities and those on staff may well be proud.

Non-Professional Staff Important Cog in Machine

There are unsung members in any efficient organization those behind the scenes who are never heard from, but who perform essential tasks nevertheless.

Such are the members of the non-professional staff, seldom seen, but producing their small cogs to the whole machine just the same.

In the kitchen are head cook Ivy Fletcher assisted by Mrs Pat Ellery and Betty Kerr. Laundry room employees include Audrey Stack, E. Rowland, Ethel Morrow, and Mrs. Christina O'Brien, the head.

Cleaning helpers are Marie Duffy, Doreen Hegberg and Irene Churchill. Among the ward aides are Lucy Albrecht, Jean Brian, Jeanette Johnston, Jessie Macdermma and Beulah Kerr.

Male help among all this feminine pulchritude are engineers Lemuel Gray and Bill MacNab. They are responsible for the boiler room keeping the grounds tidy in summer, and innumerable other jobs for men.

More non-professional staff members, too, are a requisite when the new addition opens. The matron, Miss Gordon, states they are a necessity to the efficient operation of any hospital.

Blending Colors Afford Pleasant Atmosphere

The accent will be on soothing shades and color contrasts when Lacombe's new 26-bed municipal addition opens.

The floors along hall corridors are being laid with marmoleum, a heavy linoleum specially made and designed for its strength and durability. It is in a light several shade with gold and brown flecks.

The wall's edge will be trimmed in black. A new innovation at the hospital is the laying of the marmoleum on the corners instead of having straight base boards, the marmoleum will be curved against the wall making for cleanliness and convenience.

Offsetting these tones will be the soothing green of the corridor walls.

Patients wards will be painted in a variety of different pastel shades, some in pale blues, others in greens, pinks, rose etc.

Large quantities of the furnishings [illegible]

Hospital Board Officials

TED BISSONS

BILL NELSON

New Handsome Reception Room Will Greet Visitors

[illegible]

Hospital Board Officials

JOE ROSS

BILL AVERY

Bill Avery is chairman of the hospital board, and has wide experience on hospital matters. He was elected to the first board of the town Lacombe community hospital back in 1937, and his experience in [illegible] hospital matters since then has been most valuable in board deliberations. Joe Ross represents ratepayers west of Lacombe on the board. He homesteads farmed in the Lacombe district, about 12 miles northwest of town. Joe has always been active in community affairs and takes a keen interest in hospital affairs.

ROOM FOR EIGHT NURSES

In the past, nurses on night duty have had to cram "their" [illegible] in a corner or on the [illegible] that was handy. A [illegible] rooms has been laid aside for night nurses at the new wing, and [illegible] who [illegible] will have some where to go.

[illegible] are furnished in an attractive apple green. The [illegible] are [illegible] to contrast in a pleasing [illegible] will be different in each room, some of them being in [illegible] tone that effuse a lively cheerful atmosphere good for patients and what aids them.

In spite of the great diversity of colors they have been picked [illegible] special care with an emphasis on blending. All in all, the color scheme is one that pleases the eye on important detail in helping the sick been to health.

Congratulations

to all those responsible on the opening of the Hospital Wing.

This fine erection is an object lesson in what can be accomplished by co-operation.

Linen Shower For Loren Henderson, Bride - Elect

A linen shower was held at home of Miss Loren Henderson, at the home of Mrs. A. Bunnell on Wednesday of last week.

The evening was spent playing games and gramophone records, and was enjoyed immensely by the fourteen guests. A delight ful lunch was served by the hostess Miss Alice Bunnell and assistants Mrs. Doug McKellar and Miss Ilen Buckley.

The bashful bride-elect the gifts in the bride-elect on a gaily decorated wheelbarrow. For which Loren thanked everyone.

---

20 VOLCAR DOMINOES

Tom Smith and company Jim McRae, Jack McKinley and Percy Chapman are taking part in the Volcan curling bonspiel this week. They are underway Monday and up to yesterday morning the boys had won two games and lost one. Don't forget to bring home some silverware folks!

Milton

MILTON Frank Ferguson of Bruvile is visiting for a time with Mr. and Mrs. A. Green and family.

The school children held their Valentine party on Feb 15, and had an enjoyable afternoon. Larry Tait and Jan Jaffray won the prizes for the best boxes. Bobby Heaning had the misfortune to break his foot while playing at school last week.

Mr. and Mrs. Gustafson were presented with a pair of woolen blankets from the district prior to their leaving for Edmonton, as also presented with a sum of money. Mrs. Lou Gustafson (Donaldson) was a popular girl around here.

Mr. and Mrs. Jens Nimrod are busily visited a delightful visit Tuesday at Sunnie.

Mr. and Mrs. Quast and Helen are spending a few days at Red Deer.

The dance at Milton on February 18 was well attended with guest time for all.

Mr. and Mrs. Lee and family spent Sunday with Mr. and Mrs. Nystrom and Agnes.

Our results are badly in need of the snow plow. Thirteen people came on the east road from Milton and have quite a time getting through the drifts. Many do not attend school owing to road conditions.

Pete Bradford and Bell Jack are in control of the latter's home rink week end.

School Mi-Line

by Robert Wright

The second intermediate party of the school term was held in the auditorium on Wednesday of last week. A fairly large number of students attended and enjoyed themselves very much. Special features were quiet and humorous games.

Another Operetta

Once again an operetta is planned for the school, this year's Joan of the Navy Lee. It will be cast from the high school music and dramatics classes. According to present plans, the presentation will be planned before the Easter holidays.

To Print Supplement

Plans are now being made for the printing of the annual High School supplement to the Globe with a change being made this year instead of the paper being under the charge of the executive of the students union, the paper will manage the printing.

Hospital Contract Rates
The hospital board of the Lacombe municipal hospital district has set the following contract rates for 1949:
Non-taxpayers residing within the hospital district can take out a contract with the hospital board for the sum of $5.00 for single persons, and $11.00 for married persons.
Contracts will be accepted from non-residents of the hospital district for the sum of $15.00 for single persons, and $17.00 for married persons.
Dependents need take out no contract to receive municipal hospital rates. "dependents" being defined as:
An unmarried son or daughter resident with the taxpayer within the hospital district irrespective of age and also including the father and mother of the taxpayer providing they are resident on the property paying the hospital tax. This consideration to apply to both urban and rural ratepayers of the hospital district.
All Contracts must be applied for by February 28, 1949

Blackfalds W. I. Meets February 10 At Mrs. W. Shumels

The Blackfalds W. I. was held on Thursday Feb 11 at the home of Mrs. Walter Billingsley and was attended by 16 members and three visitors. Two of the visitors joined the W. I.

The ladies received a letter of thanks from an English W. I. for our Christmas food parcel.

The meeting decided to join the W. I. Labor's at Red Deer and Mrs. Beston offered to purchase a donation of a book to the Labor's. The layette material, a.g., dectrinaire for sewing.

Mrs. Malmstrom from Red Deer delighted the audience with three recitations. We hope she'll visit us soon again. It was Mrs. McEwan's lucky day as she won the first prize in both the attendance and programme booklet contest as well as the draw. The next meeting will be held at the home of Mrs. Brewer and the roll-call answers are to be Mrs. Pryde and Mrs. Gwen Mr. P. L. Mathieu offered the draw prize. All the ladies please note that the next meeting will be the ... Thursday of the month instead of the second.

Fifteen Tables in Play at Card Party Held Friday Evening

Fifteen tables were in play at the card party held in the I.O.O.F. Hall Friday night by the ladies auxiliary of the Canadian Legion. Prizes for the party were donated by a number of local business ...

In play during the evening over court whist and five hundred. Court whist winners were ladies first, Mrs. C. Calkins gents first, Paul Carriere; ladies consolation Mrs. A. Jensen; gents consolation, L. H. Hand.

In five hundred the winners were ladies' first, Mrs. Jack Thomson; men's first, Fred Dickerson; ladies consolation, Mrs. Elden Jones; gents consolation, Reg Cartwright.

Lunch was served by the ladies following the card games.

MORNING BLUES vanish when you start your day with a cup of Maxwell House Coffee. Goods through the house. It gives you the rich flavor and satisfying body of carefully chosen Latin-American coffees.

AUTOMOTIVE PRICES Have Held the Line

The Policy:

Realising the important place the Automobile holds in our community and that it is an essential and economic need in our everyday life we, the Automobile Dealers in Lacombe have felt that you our customers will be vitally interested in the Stand the Automotive Industry has taken in holding the line of rising prices.

Our factories could easily have allowed new car prices to rise to the point of top resistance for the past three years. This would have done away with Dealers' lists and cars would have been on show room floors. You could have had your choice of model and color – but it would have cost you a lot of hard earned Dollars to have had these privileges.

Canadian Car Manufacturers thought you would rather have it differently – waiting a while but getting full value for your money – so they kept the prices down.

Canadian Built Cars have been available since the war at actually lower prices than in 1938 when commodities are compared and in larger quantities than any year since 1929.

The Statistics:

In a statistical survey last October these facts were brought to the attention of the Automotive Association.

1. The low priced Canadian Built cars have increased in price since 1938 as follows:
   Exclusive of taxes 69 per cent.
   Inclusive of taxes 81 per cent.
   During the same period U. S. built cars increased 98 per cent.

2. During the same period:

National Income Increased	180 per cent.
Personal Income Increased	153 per cent.
Salaries and Wages	148.9 per cent.
Butter Increase	112.4 per cent.
Sirloin of Beef	157.7 per cent.
Fresh Pork	121.1 per cent.
Bacon	101.9 per cent.

3. This table shows the number of certain important items required to buy an Automobile in 1938 and the number of the same items required in 1948.

	1938	1948
Steers (same average Both periods)	20	8.3
Hogs (Same weight)	23.7	40.8
Lambs	238.4	121.9
Wheat (bushels)	941	600

THURSDAY FEBRUARY 24, 1949

An Election is Better

THERE are several ways of interpreting the defeat in a referendum of all existing members on the town council. Lacombe school board elected Lacombe's council that way, and they may be run next at the council's disappearance.

It may be that all Lacombe's members are satisfied with all decisions which have been taken by the respective boards this year. Improvements were made, the council would have it believe. That leaves the dispassionate conclusion that citizens of the town have no interest in their affairs. So we are left with the old hackneyed chestnut of voters' apathy again.

That could not be the correct answer to estimate the splendid work of all three boards, and of all the members on it. They have served well and long without public thanks. It is a rather thankless job, both remunerative and usually hedge of abuse and criticism instead of bouquets and flowers are the only reward.

But any public body needs a shot in the arm once in a while. Sherlock Ishes is about the only time we think can be added. Even if only 20% of an undriven voters list bothers to cast a ballot, an election is still a good thing. It stirs up dormant interests and causes interest that can be put to the good of a new community. That's why we would like to have seen many nominations this year. Even if there is any danger of a bloodless race on a candidate being beaten at an election he has entered, by accepting to run his name to the community and that in itself is worth while.

It may be Lacombe residents were entirely satisfied with those elected representatives, and did not want to change one member. Councillors and board members can only take it to mean that if election by acclamation prevail year after year it would seem doubtful the town Let's not have that happen.

Food- In February

UNIVERSITY students are well known for their capacity for consuming food. Hockey games such as goalies swallowing flag-pole climbing and football pool blowing are direct descendants of campus brain storms.

It is not surprising therefore to hear about two freshies eating that month who wanted to prove to the present and permanent of the world at large that getting was possible in Alberta at any time of the year. Rules drop in order and served with golf balls the pair braved the elements at Edmonton - mens golf course for a short round.

Reports have it they wound one of gloves to warm their hands. The only change they made from the same mens summer game was to use black golf balls and keep over night. They made the first green on 64 strokes. From there on nonsense the heat a hasty retreat to the nine month hole.

Help For Municipalities

THE Speech from the Throne read at the present parliament and next periods future legislation which will apparently help provincial governments who are presently struggling to balance out and make figures on their annual budgets. This course has denied many times before the designation of our readers this humble opinion, source of revenue while expenditures continues to go sky high. Any efforts on the part of the provincial government to alleviate the situation are welcomed. The same speech mentioned debates still have to be passed, but there is every hope that will become law before this session is over.

The provincial government would assume the entire cost of construction and maintenance of provincial highways passing through towns and villages. Other special grants be contemplated in lieu of municipal taxation on certain buildings owned by the government and situated in towns, of exclusively used for commercial purposes, revenue making qualities of all old age pensions contributions and assumption of schools as outlined by the royal commissioners on taxation.

Referring those recommendations specifically to Lacombe the first would be a welcome grant of legislation since the town would be relieved of a 25% share of cost of upkeep of the new high way here the second would give grants on at least a part cost of the government buildings in Lacombe which comprise about $80,000 on assessment value the third would be a natural saving to the town which now contributes to the old age pensions the last relating to increased grants for education, is most interesting of all.

Earlier this month, Lacombe school board chairman J. N. McCuaig K.C. deplored the inappropriate contribution the provincial government was making toward educational cost. It is a burden which has fallen thus far almost wholly onto the municipal treasury, and it is on some which should not be borne by towns in name by the present proportions. If increased grants for schools is forthcoming it is not known. We hope they come in sizeable quantity.

Other legislation in this session ought to hold particular interest for all municipal residents.

Farming Notes

(From the Provincial Department of Agriculture)

Fencing Can

Their recommendations could be supervised at the time were done per hundred, cost of a fence to be constructed. A letter sent a case at farming how would go to township in moving the house office in 1917. Page Sherwood that do not pay in cash market enough.

If the weather is cold at the time of moving, Mr. Charlton recommends the use of a coal-pointed box not or tub containing, but rather bottle to provide heat. Hot water bags are here a very good deal with a candle also passed on the receptacle provided and others in the way for burning when moving in a wagon.

Careful stage both if the boats of cars-been right, to speed at 15 to 20 miles per hour. Speed with each and each time we stop the motor, the way new Three . . . to prevent, and teeth should be tested . . . nothing of the points with a pair of pliers . . . ordinary pliers Care should be taken that any . . . cogs are here a very are of and that the teeth is not unscrewed. Teeth cut down to new level often tend to continue new machine.

At the end of three days the fencing plan should be installed with reinforced iron to prevent stresses . . . this a very small expense . . . required . . . down with reinforced with the three-barbed wire . . . and save the best of that amount in each post. The cogs should be . . . with the intervals until there or four doors have been given. With such a distribution of the material and the labour . . . the fence will help to keep cattle . . . of night, concentrate on four or all will help . . . fencing . . . contribute to . . . the cost-free cut . . . may be solved with . . . reinforced with barbed wire . . . the little pain, and the multiple advancement of the herds of a penis.

Discussing Boy's Disease

IF IT is Canadian Association of the Alberta Insurance Association regards a very successful gathering of the annual convention at Calgary Registration totalled 420 on interests from all over the province gathered to learn of the latest in . . . the investments and to . . . on major problems affecting the industry.

In his address at Banff's . . . Premier . . . Hon. J. F. W. Jedney, Federal Minister of Labour pointed out that the economic loss from Hong's disease in the Dominion of annual cases would . . . totalled at $10,000,000 annually, often demanded . . . with premature invalidity, and the loss of endless . . . from abortion etc., babies . . . preventable. But it . . . to . . . the . . . and . . . to . . . materials . . . known.

Dr. Jedney . . . introduced the best and bold . . . to meet . . . and heal the . . . factors if there is a . . . number of . . . cases . . . of . . . Canada. Being . . . disease . . . and . . . affirmed that . . . the . . . tion plan . . . whether . . . or . . . to . . . between . . . and . . . final . . . of the disease. He said that the . . . success of this plan depends largely upon the . . . operation . . . of . . . people . . . and . . . and . . . thorough . . . sanitation . . . in . . . making . . . additions to the . . . and the . . . of . . . and . . . to . . . which . . . adults . . . in the plan. Protection afforded . . . this plan . . . approximately $1.00 . . . or . . . recommended . . . week.

Reflection of the Times

It's The People That Count

It a time that our provincial . . . which operates . . . the most . . . valuable . . . in . . . Canada, should remark that the . . . people of Alberta . . . which . . . the women of the province . . . a greater . . . neighbors . . . the . . . number of children than on the . . . of . . . interest . . . and . . . statistics.

In the last census, the government of Alberta does not be on the hands of the men . . . who . . . clothed with a little brief authority . . . and . . . autocratically, but it . . . in the hands of the people . . . who . . . lived here a long time, and who . . . the young growing generation . . . and . . . the growing . . . of . . . industry.

If the government . . . to . . . a cold war with women . . . who . . . noted . . . be . . . there . . . within . . . work and . . . are doing what the Royal . . . commission . . . states they have a . . . right . . . to do, there . . . is . . . failing . . . far short . . . of . . . the . . . responsibilities . . . as . . . instruments . . . of . . . human . . . resources.

We want to say more about our government than that it is the . . . repository . . . of . . . all . . . dancing . . . revenue . . . issued . . . partly . . . in . . . oil . . . and . . . wheat, and chiefly . . . on . . . the . . . tastes . . . of . . . the . . . little . . . people . . . who . . . know . . . how . . . to . . . co-operate . . . with . . . each . . . other.

Everybody's Business

by Don Gardiner

Are you a self-saver?

Many employers have told me that the workmen who are . . . possessors of those . . . who show . . . ambition . . . Like . . . anything . . . else . . . you . . . can . . . "draw . . . even . . . house . . . the . . . self-starting . . . type . . . achieves . . . greatest . . . success.

Take Fred, for . . . example. When he finished . . . a . . . job, he . . . doesn't . . . wait . . . for . . . someone . . . to . . . tell . . . him . . . what . . . to . . . do . . . next. He . . . sees . . . and . . . does . . . for . . . himself . . . the . . . next . . . assignment. Or, if . . . he . . . already . . . knows . . . his . . . next . . . job, he . . . plunges . . . right . . . in . . . on . . . the . . . next . . . job.

Here shows his . . . initiative . . . by . . . developing . . . improved . . . working . . . methods, . . . short . . . cuts . . . and . . . new . . . ideas . . . for . . . increasing . . . business.

Bank . . . are . . . going . . . places. And . . . when . . . we . . . open . . . accounts . . . for . . . people . . . like . . . Fred, . . . we . . . feel . . . confident . . . of . . . success . . . for . . . the . . . man . . . who . . . wants . . . to . . . get . . . ahead.

But . . . of . . . course . . . there . . . is . . . no . . . limit . . . to . . . the . . . number . . . of . . . ways . . . in . . . which . . . we . . . can . . . demonstrate . . . interest . . . Almost . . . every . . . thing . . . we . . . do, . . . even . . . in . . . small . . . ways, . . . challenges . . . our . . . resourcefulness.

Look for the challenges in your job . . . do your best to meet them . . . and you'll follow in the footsteps of the men who've made their mark.

Thousands of families enjoy interest peace of mind . . . Dec. . . . because . . . bank . . . executives . . . are . . . personal . . . friends . . . of . . . the . . . advantages . . . of . . . owning . . . life . . . insurance.

Hospital Contract Rates

The hospital board of the Lacombe municipal hospital district has set the following contract rates for 1949:

Non-taxpayers resident within the hospital district are rated on a contract with the hospital board for the sum of $6.00 for single persons and $11.00 for married persons.

Contracts may be accepted from non-residents of the hospital district for the sum of $12.00 for single persons, and $17.00 for married persons.

Dependents need not be mentioned in contracts except unmarried hospital nurses "dependents" being defined as:

an unmarried son or daughter residing with the taxpayer within the hospital district, under the age of 21 years, or who attends the father and mother of the taxpayer permitting they are resident on the hospital district. They also undertake to apply to both owners and users and ratepayers of the hospital district."

All Contracts must be applied for by February 28, 1949

Mrs. P. Montreal returned home from Edmonton after undergoing treatment in the Edmonton hospital.

Mrs. Dorothy Parker of Edmonton is spending the week end with friends here.

The L.A. met at the home of Mrs. McDonald last Thursday. Mr. and Mrs. Sharp be on hand to help them celebrate their 20th wedding anniversary. There were 60 present, and the hall was rough were presented with behalf of them present, with ghost of sentiment. Mr. Will made the presentation.

Mr. and Mrs. Sharp left last Thursday at 11 o'clock for Edmonton where they will be spending a few days visiting friends and relatives.

Mr. and Mrs. E. Sharp of Lacombe spent the week end at the Wedding home with Mr. and Mrs. W. Sharp.

The children of the primary and intermediate school report that the chicken fund is now around $50.00.

There was a successful sale The sale pulled in $4.00 and the average sale $21.00 $30.00 was collected from the tea and sale students were very grateful for the support they received from new parents and friends.

Mr. and Mrs. Albert Peterson spent a week at the home of Mr. and Mrs. R. M. Wilkinson in Penn Yan, during the absence of their daughter at Bordeaux and both are now home safely.

The semi-annual election of officers for the Clive students union was held on February 10 with the following results. Pres. Joan Wilkinson; vice pres. Mary Lou Wren; Betty Duffy; secretary Nettie Johnson; treasurer Ronald Wren; social convener Peter Johnson; Red Cross representative Norman Hesbeth.

By appointment of the general synod of next Sunday Feb. 27 will be observed as Christian Education Sunday in the United Church of Canada. Church service in the United Church of Clive will be 11 a.m. next Sunday. The service subject will be "The Things We Believe." A service will be held in the United Church on next Wednesday, March 2 at 8 p.m.

Next Friday evening at the Baptist Church Dr. Pedersen of Lacombe will present two Bible films one on Palestine and a subsection on Near-by Rivers are to cordially invited.

The W.C.T.U. meeting will be held at the home of Mrs. Cecil Hesbeth on Thursday, Feb. 24.

James Sebastian New Field Supervisor of Lacombe Municipality

A meeting of the M.D. of Lacombe elected a new field supervisor last Thursday to replace A. E. Allen, who resigned at the first of the year.

He is James Sebastian of Wetaskiwin, who has been appointed field supervisor of the M.D. of Grande Prairie for the past two years.

He plans on bringing his wife and two children to Lacombe as soon as he is suitably located.

Jack Groves, 69, Passes at Calgary On February 12

Funeral services were held at Calgary last Thursday afternoon for Jack Groves, 69, who passed away at the Colonial Holme Hospital on February 12.

The deceased will be remembered by many Lacombe residents as Duncan Cameron's hostler shop. He lived a quiet sheltered life who was married and leaves the immediate members: a son Jack Groves in Calgary.

Gull Lake

GULL LAKE The Ukrainian Women's Club met at the home of Mrs. Mawhinney on Friday afternoon. It was to be held the previous week but had to be postponed on account of the blizzard.

The community is glad to hear that Mrs. P. Pratte is back from Edmonton where she underwent a hospital. She was unable to reach home until the week ending. Mrs. Pratte had complications after having a tonsil removed.

Mrs. G. Labrecke has gone to Penticton, B.C. to stay with her parents. Mr. and Mrs. Thos. Hesketh who have been visiting at the home of Mrs. Labrecke returned to Chauvan Prairie recently. Mrs. Hesketh's mother, Mrs. Labrecke, will keep a watch over the house while they are away.

At Annual Meeting and Banquet Here

Mrs. B. S. Cameron Remains Head Lord Lascelles Chapter, I.O.D.E.

Mrs. W. S. Cameron was re-elected regent of Lord Lascelles Chapter, I.O.D.E. when that organization held its annual meeting and banquet in Lacombe Hotel on Monday evening of last week.

First and second vice-regents are Mrs. J. Perry and Mrs. L. Sanderson, both of Lacombe. Secretary-treasurer is Mrs. G. Wayne, re-elected for the 11th consecutive year. Mrs. F. Assmann, re-elected to Mrs. F. G. Stewart as standard bearer. Mrs. D. McFadden and Mrs. J. Bell-Irving were re-elected to the executive.

Mrs. Stewart presented the treasurer's report which showed a balance on hand of $1,181.31, but the C.N.I. Relief Unit of the I.O.D.E. received $100.00 post-war services in kind, and parcels sent over-seas to Britain and other countries totalled about three $100.00 cartons. Also another $200.00 carton was sent to Greece.

To Lacombe Unit, Mrs. Stewart reported cash donations of $100.00 to the Lacombe Red Cross Unit, and $100.00 to the Lacombe Hospital Board. Mrs. H. M. Tolmie's scholarship offered by the chapter was awarded to Miss Jean Hamilton.

Mrs. Stewart's statement showed 7,760 articles sent to a consolidation depot in Toronto. There were 262 in a hamper, and at a cost of $264.57 for freight, etc. Mrs. Stewart reported that 10,000 articles were sent to Britain in a year, and a quarter of that number by ocean to the public hospitals.

Mrs. Stewart reported that there are 208 bridges and more than 100 flat railway cars on Canadian National Railways between Edmonton and Vancouver via the Quebec Bridge route. Mr. Lowndes, which has the longest span of any cantilever bridge in the world 1,800 feet. Mr. Lowndes is the brother of Mrs. Stewart and Mr. Lowndes at Montreal has charge of the bridge.

Mrs. Stewart reported that the Lacombe Unit had sent a quarter of a ton of clothing to Europe.

Mrs. Stewart reported that there are 208 bridges and more than 100 flat railway cars on Canadian National Railways between Edmonton and Vancouver via the Quebec Bridge route. Mr. Lowndes, which has the longest span of any cantilever bridge in the world 1,800 feet. Mr. Lowndes is the brother of Mrs. Stewart and Mr. Lowndes at Montreal has charge of the bridge.

Word has been received from Mr. and Mrs. Jim Pelcher of their safe arrival at Diamond Kansas after having detained by severe storms along the route.

Mr. John Ebert is visiting her daughter Mrs. Bob Gilmour and family in Edmonton.

The George Lloyd children were given an enforced holiday last week due to blocked roads after the terrible storm of a week ago.

Government Health Service Outlined at Lions

Dr. John McKibbin outlined various health services supplied by the government, as guest speaker at the regular lions club meeting at the Lacombe hotel Monday night. Among the lions present were Dr. V. B. and various others, he said.

A number number of members were also attended our banquet to the retired Alberta relativity concert being held the same night. Past lion president Wm. Pollock accepted the offer in place of president Russ Patrick.

Only other important business conducted, besides the usual reports, was the suggestion that an item should furnish a copy to the new Lacombe municipal hospital wing. The secretary was left his look into the merits and to-morrow of the proposal, and re port to the next meeting.

Dr. McKibbin named some 16 services provided by the government which check disease and maintain a general health standard of health in our country today.

The most important two, he said, were cancer and tuberculosis clinics which are constantly at work. The latter Dr McKibbin designated as one of the most dangerous, deadly diseases of all.

Many persons have T B. then a generally support, he stated. Mobile clinics have discovered hundreds and old neighbors with out of every 1,000 examined and two of these one in six developed.

Other services include vene disease clinics, mental hygiene, maternity protection, cancer detection, pre-natal blood service, rural nursing service, health units, and mental guidance and hygiene clinics.

More Electricity For Rural Areas

Energize 60 Farms in Clive, Blackfalds Districts

Thirty one farms on the Clive area and about 30 on the Blackfalds district were energized for electricity last week. A goodly group of farmers on above districts of this province's rural electrification were busy working on both sections for months. The power hook-up of 31 farms in the Clive section completes the energization of about 110 farms on the Lacombe-Clive section of the Lacombe rural electrification association since its inception in [illegible] in Top A and some in Top I. Supervising by Lorne Parish the [illegible] Those are from [illegible] Blackfalds area.

[illegible] Clive from miles around the completed pathway for the [illegible] and made it look like a circus or carnival. Seven hundred free rides of hours were given away as a result in the farmhouse manned.

Some of the large prizes included $3,000 for a Massey-Harris combine, $2,500 for a Massey-Harris Model 44 tractor and $1,625 for an other tractor. D Shelton, a buyer from British Columbia, purchased a Keyhole; purchased for $600.

Some excellent prizes were paid for cattle. High prize was $400 for an Ayrshire bought by Dave Bedon of Lacombe. E Pickle of Calgary purchased a Holstein for $300, and lots more animals brought $200 or more. The average price all livestock was over $200.

There were buyers from Olds, Markerville, Red Deer, and many other parts of Alberta.

Record Sale at Norris Shaw's Last Monday

[illegible] Lacombe-Clive Complete

It is on the Clive area that the last of the rural electrifiers has been run to energize farms. Power for some 50 farms on the Lacombe-Clive section was turned on before Christmas, and since then another energized has steadily increased.

The early completion of the work was aided by considerable power co-operation in hole digging, pole setting, and some of the groundwork. Mr. Parish reports similar help from Blackfalds association farmers.

When electricity is first turned on, it is reported that the farmers are usually joyful at being able to turn a switch and get light. The advantages are manifold, including such improvements as clean light for barns, power pumps, and electrical appliances for the farm home.

Cost of Over $700

The cost of rural electrification to each farmer is just over $700. His monthly bill is a $2.50 basic service charge per month, plus two cents per kilowatt hour.

Some there have been no residents who have used as much as $100, it is impossible to judge the monthly consumption of electricity.

Seeing hand a power outlet of these men that would allow for 1,000 to 1,500 watts consumption per hour. The farmer, under the electrification scheme, can use up to 3,000 watts per hour now on the standard form.

It is estimated that between 90% and 95% of all farmers in a rural electrification area have been signed up before contracts be drawn the more rational farmers will gradually fall in line, now that the power is going to most [illegible]

Two New Businesses In Lacombe Enlarge Down Town Section

An auto parts shop and service agency and a small cash and carry factory are the two latest additions to the downtown business section.

Thompson's Auto Supply of Red Deer has purchased Bill Sapp's former taxi building on 50 street, and will erect a building period at the town office last week for improvements valued at $500.

The cash and door factory is being constructed north of Ross & Swan hardware on 49 street, at an estimated cost of $6,000. Proprietor is George W Dobson of Camrose in the meantime, garage is being constructed at the back for temporary use.

Local Art Club Is Organized at Meeting Thursday

The Lacombe Art Club [illegible] after being [illegible] Thursday, with Mrs. J. R. Lawrence as its first president following a meeting of the Lacombe school attended by about 15 persons. Membership fees were signified their intention of becoming club members. This is about double the number who were present for the future of the organization.

A most interesting exhibit of pictures from the Banff school of fine arts was on display, and some beautiful color films were shown during the evening.

Professor H G Glyde, head of the art department at the University of Alberta, addressed the meeting on the possibilities of community art, while R Percy of the department of extension explained the services offered in this line.

Lacombe now becomes the tenth community to attend at Al Banff school under the sponsorship of the department of extension.

Mrs. Gwyths Evans, who also spoke to the group briefly, will be in charge of the local club.

Clubbers will be held every Wednesday at the Lacombe high school from 4.00 to 6.00 p.m. Those interested may get in touch with Mrs. J. R. Lawrence president.

Red Fraser Rink Takes First Event

Three-Day Farmers 'Spiel' Winds Up Last Thursday

Red Fraser and his curlers from Joffre defeated Ken Henderson's quartette from the Central area 12-10 in a three-day bonspiel which came to a close on the ice sheet at the Lacombe brewery curling rink Thursday. It was an excellently-played finals, and the score was in the lead right to the last rock with the score tied at 10-10 going home and Henderson's last rock was a miss. Fraser's rock and the shot rock on his last throw to tie two and take the match and first award. It was a perfect climax to a week spent in which 32 farmers curlers took part. The three-day event found three final games played before a capacity house Thursday.

On one side of the Fraser-Henderson match, Roy Sturgeon and Glen Whitney were battling it out on the No. 1 ice here with Sturgeon getting in the front after a slow start in the game going 15-9 in the second event.

On No. 4 lane another big game was being played when Ed Hoffman's rink took part. The three-day event found three final games played before a capacity house Thursday.

Interesting Debate Features Meeting At Bentley School

(from our own correspondent)

A good crowd was in attendance at the Bentley school on Thursday evening at the regular meeting of the home and school association.

Following the business meeting a panel debate took place on the subject for debate being "Resolved that the man responsibility of disciplinary training lies with the school."

The negative team consisted of two teachers, Miss M McKinnon and L. Metcalf and a student Miss Muriel Gierer. The positive team consisted of two parents, Mrs. H Bugert and T. Hughes and a student Garth Hopkins. W C Corbett acted as chairman.

This debate created a rousing open discussion amongst the parents and pupils present and enjoyed by everyone It is hoped to have more of these types of meetings in the future.

Mr. and Mrs. John Bradley Are Honored Tuesday

Observe Golden Wedding Anniversary

Mr and Mrs. John A Bradley, great cold couple of the Lincoln district, were the recipients of hearty congratulations on the event of fiftieth Tuesday on the occasion of their 50th wedding anniversary.

John, 74, and his wife, 71, are both in very good health, and they took an active part in preparations for entertaining friends and evening.

Tuesday afternoon was "open house" at the Bradley farm home about 10 miles northwest of town, and were called to pay their respects. In the evening, more than 200 were present at Lincoln Hall where a turn-base program had been arranged followed by dancing.

Mr and Mrs. Bradley homesteaded here back in 1906 and except for a few brief years in Western Canada, have resided in the district since that time.

John has taken an active part in community life, being former school trustee and chairman on the local board of trustees, and on the old M D of Crown, and past head of the Spruceville-Lincoln U. F. A.

Several references of his volunteer work were given by each old-time friends as Bob Gibson of Bentley and G T Jackson of Lacombe, who was master of ceremonies at the evening program.

Mrs. Bradley jokingly declared that for all her husband's faults over a 50-year period, 'I'd still marry the same man.

The program was very well run off and included a mock wedding highland fling by Elk and John Hamer, violin selection by J N B McDonald was given by Mrs Robert Kinley, humorous by guests 1, 2, 3 in the Lincoln school, recitation by Mrs. Frank Sutton duet by Mrs. Nat Sim and W. Caine, sung by Murray Gottschalk accompanied by Eileen and John Hunter, and sung by Herbert Woods Marshall Hunter, Mr. M. D. committee, spoke briefly.

Presentation of gifts on behalf of friends was made by Jon Rose. The gifts included a beautiful comforter blankets, and a set of silverware.

The old couple have four sons Morley and Bert of the Lincoln district, Clayton of Edmonton and Gord at home, and four daughters, Mrs. B. A Sawyer of Joffre, Mrs. Archie Hood of Stafford, Mrs Bob White of the Bentley Creek district, and Mrs CG Macrae of Lacombe.

All of the family were home for the occasion except Mrs. Sawyer, who is presently in Kentucky on business.

Can it Be Spring? Robins Spotted Here On Tuesday Morning

Two robins of the year were reported seen by Elmer Mercer on Tuesday morning.

Elmer sighted the strange feathered twosome from the west of town on the W H Wright farm. It is unusual for a few in the Lacombe district this early in the season.

I think it means an early spring Price believed. The robins are usually reported as here begun.

School Board Requisition Up About $13,000

Broken down into assessments, the R.D. of Lacombe's share of the school board budget for the town's share would be $43,000 [illegible] $33,140 to last year's

Reason for the increase in over requisitions during the past couple of years, school requisitions proved to be too low for the increased costs. This year's board got done and found that the past passed $271,000 school to cost which would not be left until 1950.)

Executive of Board Of Trade Meets in Hotel Wednesday

Until of reflector signs for the highway entrances leading into Lacombe will be investigated by the executive committee appointed by Howard Pander The was decided at a meeting of the executive of the board of trade held Wednesday noon at the Lacombe hotel banquet room.

Speaker at the meeting was G E Henry, manager of the Central Alberta Dairy Pool, which is opening the Red Deer creamery next week. Mr Henry CKRD this appeal Mr Henry stated the actual broadcasting would start by May 15, possibly as soon as May 1." The station will operate on a temporary channel of 1290 kilocycles.

Annual Meeting Soon

Annual meeting of the board of trade will be held on the Church Hall probably late the month. President Howard Pander who occupied the chair at the meeting, will investigate the dates open at the Hall. Remaining committee was elected, with J. T. Jackson as chairman, C. E. Todd and D. McDonald as members.

New Members Join Alix Grain Club at Enthusiastic Meeting

The revitalized Alix Grain Club renewed itself Tuesday at an enthusiastic meeting attended by about 30 at the U.F.A. Hall on Pryder A number of new members as well as town-agers were on hand.

Promising feature of the club was undertaken by the night new members. That evening.

They were Ernest Brown, Eddie Kostiwecuk, Geoffrey and Gerald Parley, George and Walter Hopkins Kenneth and Wilfred Johnson, all of Alix.

They join the following original members: Ron Bowles and Jack Seagall of Tees Jim Bengal, Dave Cormack and James McLaren of Alix, Doug and Bill Moe, Ted and Herb Bennett of Mirror.

The club members decided to change their organization from a mixed club to a barley club, and Olli was chosen as a new secretary.

Next meeting will be on April 15, when further details concerning seed plots, etc., will be given

$271,000 School Has Town Assent

Ratepayers of the Lacombe [illegible] gave their vote of go-ahead sign to the school board's plans to build a $271,000 school in Lacombe on town as soon as possible.

Taxpayers had until last Friday to cast their vote on the proposed debenture by law and the referendum [illegible] the [illegible] ratepayers voted to approach the public utilities board [illegible]

Before on the customs parade sign of the most colorful parties of the season was held Saturday night at the Lacombe Hotel when [illegible] Lodge which [illegible] Queen." Second place went to the Lacombe Lodge which featured the Bible Characters of Rebekah.

Fancy skating by Mr Miller of Bashaw and his students from Penhold and Bashaw were enjoyed by the crowd. Prizes were awarded to the fall program.

On the lucky ticket draw, Ed Wilson was presented with a prize and Mrs. Stubbs the parish.

The committee in charge of all those who helped make the carnival such a success are to be congratulated on a fine job well done

Water Main Break Disrupts Supply to Consumers in West Area

Water service was disrupted for a short while on Sunday in the west end of town, following a water main break.

The break occurred on the corner of 39 avenue and 50 street and caused much inconvenience, and even hardship to several residents. In the meantime water was supplied through a fireplug a hydrant at a slightly reduced pressure.

Considering Our School System

It is one of the points that is hard to fathom in the thoughts of a good many of our citizens that when we stand against school tax increases and centralization forward votes and moves are made to increase the efficiency of the school system. We have proved that a good number of the rural districts have been willing to pay a little more money for the sake of efficiency in a local manner in the hands of those who are more intimately acquainted with the local problems and understanding that enables the teacher to appreciate her pupils' shortcomings and to do something a little shirking, too, at the points of those shortcomings. In this sense she is also the local representative of the school board. A number of local people out and find the pet horse of one of these members is badly enough to have his own pony and doesn't have to walk to school.

These and many more things will be lost if centralization is brought into play by the powers that the provincial government seems to visualize it on the future. Are you a better man, woman or child for the fact that you are centralized as a good thing, and why do they want to bring it in here? Emergency, it is a result of poverty, poor roads, poor education and better facilities. The small school is an unsolicited service well contributed to by the rural part of the community. Outlying points and weather settlements must count on rural schools for those growing needs, and they can be handled there in such an institution to supply those needs. It is no more thinly populated areas than rural Alberta that centralization will become a steady money pit, pushing up as its urge the one-room school.

Some farmers not nearly all are thinking these attempts to bring in centralization. They compare centralization to some ugly world to be abhorred. They picture a large school that is low big and expensive to run. In the country they see the teacher as the one sent with new pupils each. They invent all sorts of reasons why centralization is not going to work. Instead of looking forward to the running of a bus all year round Johnny has to go to the corner of the main highway by the time 8 the bus isn't there, he has to stand and wait, maybe catching cold the away from home all day, and then not see his parents at the end of the day is entirely dependent on the bus schedule. There are other arguments, too, undoubtedly able and more suitable, but these should help water compared to the one decisive advantage claimed by the rural-location scheme better education.

A larger school is a better school, and a better school gives better rural subsidies. The parents of members, and they are able to give specialized instruction in their line. A fitter and more varied curriculum can be offered because it caters to more students. Teaching is carried out under better conditions with a modern school building that provides air-conditioning, good lights, excellent equipment and library. How do the country students tend to farm villages. They meet other school children besides their own small group, and become more used to mixing with children from town point, self-confidence, and all the other character building qualities which the small rural school can only hope to give in small measure. Are these not the points we should consider when discussing centralization or education

Your Name, Please

Should ordinary newspaper unanimously in the minds of our readers as to why The Globe — insisted in having all articles signed when they are submitted for publication. Even our faithful country correspondents should after three years here to keep on the office each week although we come to recognize the handwriting and know it's from their Transactions across the country are conducted by mail.

It is when unsigned letters arrive at the desk stating that we need no spend the week end in Calgary that we are annoyed. We don't mind we doubt the truth and good intentions of the writer who has been thoroughly checked up on by a news item and we want to print ALL such news items. But suppose the subject of that news necessitates one to drive to Calgary and to find out that he wasn't at Calgary at all, and where did we get such information? If we can't refer to some source we look pretty silly. "Why we don't rightly know" is the unanswering reply. It came through the mail — no odd sounding. Does that carry any weight?

The only answer to a signature for all articles demand. With the policy we are getting more an former ground. The author's name can't need for publication of course but only for voluntary. Similarly with letters to the editor we demand a signature but a note to please may be used at discretion if deemed. We are sure the majority of readers can understand and respect our position.

Farming Notes

From the Provincial Department of Agriculture

Milk Flow of Cows at Farrowing

To cure the largest number of pigs in the litter take care of the cows at farrowing time. One of the most common faults, says A. J. Charbonneau, livestock supervisor, is that too much feed is given to the sow immediately before and after farrowing. Feed sparingly after farrowing. The heavy feed from before litter's milk flow at a time when the pigs have pigs are too small to use all the milk.

Mr. Charbonneau recommends that the sow be brought to farrowing quarters not more than seven days before farrowing. Feed should be made more attractive by the addition of lightly fried meal, or of wheat bran, or of shorts. It should also be reduced gradually so that three or four days before farrowing the ration is practically one-half of the normal feed. At the time of farrowing, only lukewarm water containing very little chaff or bran should be given to the sow. She should be kept on this diet for 36 hours and the feed then gradually increased until the sow is back on full feed in a week or ten days.

Mr. Charbonneau recommends that the sow be brought to farrowing quarters not more than seven days before farrowing. Feed should be made more attractive by the addition of lightly fried meal, or of wheat bran, or of shorts. It should also be reduced gradually so that three or four days before farrowing the ration is practically one-half of the normal feed. At the time of farrowing, only lukewarm water containing very little chaff or bran should be given to the sow. She should be kept on this diet for 36 hours and the feed then gradually increased until the sow is back on full feed in a week or ten days.

Reflection of the Times

Oil Brings Two Years of Change

Two years ago on February 15, Imperial Oil brought into production their No. 1 well and started on one of progress on that community which was hitherto undeveloped.

As we remember the season, it was distinctly dull, nothing exciting to talk about, just waiting for something to happen. Probably, to the man who were doing the work and knew by what they were catching and seeing, there was nothing unusual at the long gas-oil when nothing seemed to be happening, but to those who were among others on the spot, it began to appear something like a false alarm. As we had a notion that it was just a wasted out year. Imperial did log and put No 10 in trouble and No. 22 up in no manner. However, the work went on and the drilling crew went to work waiting for not only because of an interesting appearance but also because of the fact that, even then, small talk of the importance of the event could be gathered on the spot. Around 4 p.m. the well began to show production and the first drops of oil trickled into the cellar and then ribbon dumpgeared some fast time.

It is distinctly interesting to review the changes which have taken place even in the brief period of time since. The town of Leduc seems certain to have at least doubled in population. Calmar has progressed from a hamlet to a village. Devon, then a blank space on the boards of the map, is now a thriving community, which is understood, is soon to be incorporated into a town. Edmonton has enjoyed a boom which has made Leduc's growth seem small. Now even the farmers who were fortunate enough to own mineral rights on or around the fields reaped sudden wealth, as in a crude way, their dreams have been dreamed about, and Alberta appears well on the way to becoming the oil and gas empire of Western Canada and probably a much larger area

Leduc Representative

From The Files of The Lacombe Globe

Five Years Ago

Pte. Ben Taylor of the Wolfville district returns to Calgary on a hospital from this week. He was injured in November 1942, while on duty in Holland with a Canadian unit.

C.B. LeBlanc, former assistant commissioner with the R.C.M.P. is special speaker on Good Neighbor Policy at a regular meeting of the Lacombe and district board of trade

Ten Years Ago

Problems of transporting an estimated 600 tons of hay from the Lacombe district to Edmonton in June for the visit of Their Majesties, the King and Queen is discussed at a local meeting of the Board of Trade.

The Boer, popular one-act play enacted by members of the Crow dramatic club receives rave reviews at Edmonton, when it is chosen to represent Lacombe at the dominion drama festival in Ontario next month. Robert Hunt as Mr. Hicks Harrison and Clare Morton make up the cast Directed by Y.G. Dafoe.

A double silver wedding anniversary is celebrated in the Sparrowvale district, when 50 sit down to a dinner at honouring Mr. and Mrs. O.S. Young and Mr. and Mrs. Walter Barnes

WOODY NOOK Miss Rona Pickett is a happy guest of the Y.N. Saunders home. Thursday evening.

The Misses Mona and Donna Pickett spent last week end in Edmonton.

Mr. and Mrs. T. Benning visited Mr. and Mrs. D. Peck Thursday evening.

Mr. Ed Donovan accompanied by his parents home last Tuesday after a visit with them for a week during which Mr. Donovan's father underwent an operation. She has since gone to her home in Rhodes.

Thursday evening Mr. and Mrs. Benning visited with Mr. and Mrs. D. Peck and Peter evening they visited with Mr. and Mrs. L. Johnson and Mr. and Mrs. Earl Chamberlain and family.

Mr. J. Jenkins entertained Mr. and Mrs. J. Jenkins of Joffre, and Mrs. F. Jenkins of Penhold and Mr. and Mrs. H. Bennett to a delightful roast dinner on Sunday.

Tuna Fusss Day

We are sorry to report that someone made a deliberate act of mischief on Mrs. Phyllis Jenkins pure-bred setter spaniel bitch. She was able to save it, but it was a close call.

Lew Saunders and his brothers David and Margaret Saunders, Steve and Martin Kosby drove to Edmonton last Friday evening to attend the basketball game between Edmonton and Calgary.

Thank goodness the influenza epidemic has passed the stage of the peak. There is a large number of people who attended the late lamentable Mr. Pickett and a few years ago.

Mrs. Bruce Merry-Hing and Miss Hazel Saunders, and Herbert Saunders spent Sunday afternoon visiting Miss Barbara and Sheldon and Jasper Peck.

Mr. and Mrs. J. L. Haig visited with Mr. and Mrs. Pete Watt at Bylaton cake on Sunday.

Mr. and Mrs. T. Benning spent Sunday evening with Mr. and Mrs. Lyle Johnson at Gull Lake.

Jim Hunt arrived home from the mill on Sunday and Fred Saunders is expected Monday.

Mr. and Mrs. Fred Pickett had dinner with Mr. and Mrs. Wes Pete Sunday and spent the afternoon.

NEW SCHOOL TRUSTEE

W. E. Sellmer succeeds Ray Hutton as trustee of the Oxford school district, following annual election of officers. Other board trustees are E. B. Garvin, chairman, and M. S. Weatherill

Letters To The Editor . . .

The Editor,
Lacombe Globe
Dear Sir,

On behalf of the boys of the Lacombe Legion Curling, I would like to take this opportunity of expressing our sincere appreciation to the citizens and merchants of Lacombe who have so generously given of their time and energies to our behalf in our bonspiel last week to enjoyed.

Without the support of the local citizens and the co-operation of the merchants we could not have carried on the way we have.

The staff of the Bentley Hotel, and their wives assisted us greatly in the kitchen at all times on Monday evening on the occasion of the banquet.

A special citation must be given to the ladies who catered the banquet on Monday evening when Dr. W. Dyde received his complimentary membership. Their efforts were very much appreciated.

Mrs. Lacombe Legion Ladies' Auxiliary, Mrs. Dan Reynolds, Mrs. Wendle Dugs. The thanks of the curlers was so much appreciated.

The Bentley girls basketball team visited Lacombe on Tuesday evening.

Mrs. L. Mellalieu

Lacombe Garden Club Notes

by H. T. Allen

Last week, your reporter was drawn to the recommended bulletin "Insecticides and Fungicides" issued by the Alberta Department of Agriculture. Many of the most popular but dangerous insecticides are forbidden.

There are only five varieties of corn that are recommended in the Lacombe area. Banting, Dorset, Golden Gem, Seneca Chief and Golden Cross Bantam. The first three mentioned are the earliest and of these Dorset is considered the best. Golden Bantam though not as early as Banting is the best for the market and table.

Of the two types of tomatoes, bush and staking, the bush type is recommended for early maturity as they are generally earlier and more productive. For staking and pruning tomatoes Brown Beauty, Forthest North, Early Chatham, L2703, and Bolton.

The earliest of these are Forthest North, Yellow Plum, North and Bolshin and although Bolshin is very small it is a good producer of very delicious and attractive fruit. Brown Beauty and fruits they produce Beauty is the largest yielding and largest fruited of the group. Other varieties may be too late to ripen more than just a few fruits on the vines

ANNOUNCEMENT

Mr. Bill Burns, former partner with Mr. Don Mc... has left the garage and the business will be conducted in the future by Mr. Moore as sole proprietor.

The same fine cars, the same fine service and the same big attendance of knowledgeable staff continue to be the mainstay of our garage business.

ALUMINUM

A thousand of the world's cost is aluminum. It is found in nearly all rocks, in vegetables and clay, in meat and water — practically everywhere.

Long ago the Romans knew it as a salt. They called it "alumen" and used it as a medicine or for dyeing cloth.

Until the middle 1880's, the metal aluminum was never used more costly than gold. Napoleon III had his own personal tableware made of it.

Modern science found a way to make it cheaper. Today aluminum is generally one half useful and lasting articles made of aluminum.

In Canada we have some of the high-grade aluminum ore called "bauxite". Canadians bring it in by shipment from British Guiana — a voyage of 2000 miles.

Northwestern Canada has the world's largest aluminum smelter. Alcan built it there, at Arvida. This site was chosen because it is close to both a port for ocean ships bringing bauxite and an abundant source of hydro-electric power.

Until Alcan began to smelt this vaster power, it was unused. Smelting aluminum requires huge supplies of power. The electricity required to produce one ton of aluminum would light your home for fifteen years.

More than 15,000 people operate this Canadian industry. They earn more than forty-five million dollars a year. These earnings flow across Canada.

Alcan (Aluminum Company of Canada, Ltd.) makes aluminum ingots. More than 1000 industries across Canada use Alcan aluminum. Alcan aluminum lets light, strong, non-rusting articles for your use. The variety grows daily.

In addition to supplying these forms, Alcan sells about 85% of its ingots to other countries. This aluminum is now Canada's ninth largest export, a source of much needed money from abroad.

Because Alcan has customers in each abroad, it is able to make aluminum in such large quantities that, in ingot form, it can be purchased more cheaply in Canada than anywhere else in the world.

Last Assembly Dance Will Be Staged at Pavilion March 17

South and East assembly halls is the present writing seems to be held on Thursday, March 17, according to the announcements of last Friday's dance.

The ladies don't pronounce the date that's St. Patrick's day, and the organizers evidently don't as change of the assembly date was still held the 17th of March, the anniversary of St. Patrick. The pavilion will be the scene of the dance and judging from the Thursday's turn, Red Deer will appear to be filled to overflow the floor.

The dance will Friday was on a Thursday, and therefore was a disappointment to those who had planned to attend on that night.

Hubert Castrue and G. C. Arch took over the [illegible] business.

James Archibald visited with Geraldine Tait last Monday.

There will be no dance at the Orange Hall on Friday of this week, due to the ice covered [illegible] at Ponoka on Friday evening.

Village of Alix To See Increase In Taxes in '49

A tax increase for the Village of Alix during 1949 appears likely following the annual meeting of ratepayers in the county's northern town on Monday of last week.

Mayor D. Lansberry reported that there was an operating deficit of $1,264.62 in 1948. He said there is no doubt the village will be taxed more to be able to operate and only by doing so can it afford to provide [illegible] necessary [illegible] for maintenance during 1949.

Only a handful of ratepayers attended the meeting. Councillors F. A. Graham and S. Holworth were present, as well as the mayor and secretary, W. D. Hunter.

Most of the business at the meeting took the form of suggestions.

It was pointed out, though, by [illegible] present that the [illegible] and letters from [illegible] be the responsibility of the ratepayers. If the [illegible] are not kept [illegible] the village has to do the cleaning, then the cost should be charged to the [illegible] Mrs. J. Hudson.

It was strongly recommended that a [illegible] be held in front of the skating rink as soon as possible in the spring. This [illegible] proposed that a [illegible] over all plans to improve the village [illegible] as soon as funds [illegible]

It was suggested that the village [illegible] to obtain a ball [illegible] for [illegible] in addition [illegible] and [illegible] of public works including street cleaning and [illegible] of [illegible] equipment.

Dr. and Mrs. G. C. Haworth spent the week end in Edmonton.

Mrs. E. Cook is visiting this week with her parents, Mr. and Mrs. J. L. Chapple.

School Mi-Lites

by Robert Wright

Does that boy a block down the street always seem to come over his door at five after nine, now that everything down the block is open every morning at a quarter to? When the school bell rings, do you hear a voice saying, "Don't be running for school" Well, with the best intentions in the world, the truth is that is no way there is a method in their tardiness that is known to psychologists. It is called by Mr Pattrick, and the surprising thing is that the cure is so simple.

Among so many to read out the bad news All those who have been late once or twice a week for the past two months were requested to come to school for one hour after school. And Mr Hiles ate late together also that night.

Opposite This Spring

Joan of the Honey Lee. We are sorry to say that it will be presented by the music and dramatics classes in the early spring. A most progressive step forward. Most of the characters are now learned and serious work on lines will soon begin.

Part of the scenery the beautiful of the Alps has been built in the shop and is now on the stage. Imagine the fact that the scenery was made in five pieces, the moving of it upstairs proved a number of difficulties.

Two of the students stubbornly refused to go through any of the four movement duties, that they might be taken upstairs, but finally the call of the flesh pots has been cleared over some gas was installed, was remembered, and after a great deal of difficulty the entire brownie was re assembled at stage.

Snowdon Come

Fifty high school senators, graduating last November, who have lost work, and have been distributed. Kept in the touch every given, and gold, they are now providing additional cash to C. H. S.

To Voters in Division 4

Municipal District of Lacombe.

If re-elected at the forthcoming election, I promise all ratepayers that I will do my level best to implement the follow ing:

1. Efficient and economical management of municipal affairs throughout the division and the municipality as a whole.

2. Fair and equitable allotment of public works money throughout the division and the municipality as a whole.

Catholics Give Variety Concert In I.O.O.F. Hall

The Alice Society of St. Stephen's Catholic Church, held a very enjoyable concert here in the I.O.O.F. Hall on Sunday evening, Feb 27.

The children sang negro spirituals and presented a one act play, "The House of Horrors". Those taking part were Ethel Randall, Marcella Ivan our fine, John Sheehan, Margaret Sheehan, Michael Angel and Leonard Lang.

Miss B Tufts gave several violin solos accompanied at the piano by Mrs John Van den Zee who also gave several piano selections. George Sexton was very good with the piano accordian. Frank Brunet our first line gave recitations on the guitar Bernard Brunet and Gudrun Bai.

To complete the evening a delicious lunch was served.

SCRAPBOOK
Female Pride that once within the home reigns supreme. Our home and the kind we're doing as well a part of social independence as judging that kind of method I'm a Big Sissy There is a certain distinction in being independent enough not to accept all the advances of the gentler sex and about each change as setting, appetites crouched down in genuine speech and late hours. There is no better basis for respect, even very. That of independence If a young person is independent about making his own remembered choice of other matters than the social Pinch Pie—the last one will be distinct enough to say "Thank you," to some friend If a selfsend Children should be trained to have a will of their own in their personal choices but not to others to be child-like in other matters besides
If the home is made a place of comfort and a home basis is established of mutual confidence and respect for a young person to be independent outside the home

Road Ban Necessary

THE action announced recently by the council of the municipal district of Lacombe regarding restricting road use on municipal roads when conditions warrant The committee reminded all ratepayers of the fact that restrictions would be placed on all roads when necessary, without any exception.

Admittedly, this will create inconvenience to the ratepayers who, when the crisis arrives, will be required to haul their loads over longer distances, but after considerations, reflect upon the unpalatable

While the figures are available, it is a recognized fact that thousands of dollars damage is sufficient summer's rain on gravel roads in the area, hauled tonnage and heavier volume of traffic. Once the frost is gone from the ground, and the spring thaw and consequent run off begin, gravel beds are thawed out, and the moisture is absorbed by such travel.

Not only does the road bed itself suffer but the road is often made next to impassable for horse-drawn even other conditions have existed.

In order to keep the roads in good, and save the hauling, the council has decided to restrictions for the road bans, and to have the enforced when necessary. In this way we have the co-operation and even appreciation of every thinking person in the municipality

More Wheat in 1949?

WHEN farmers in the district go about their business of seeding crops this spring, there are indications at the world market that suggested substantial increases in wheat acreages throughout Alberta In fact, the situation is so pronounced in this area, and some grains be broadcast here would still return big gamble as compared to the risk involved in most other grain producers But in deciding what percentage of each grain he should sow on his total acreage, the farmer should keep every other situation due to the good grain returns received for 1948-49 A fine wheat grow of 31 35 is being predicted by the Canadian wheat board, and some farmers may be inclined to favor more wheat in preference to barley, oats, or flax

It is gratifying however that barley and oats acreages would not almost the same as last year, as on this district of the percentage of typical which would very well discourage because of the heavy cleaning of the grain bed most farmers would experience would not on a corresponding increase as wheat. Flax has never been a popular grain in this district, but there is no doubt by the short growing season

Wheat acreages decreased in Alberta by nearly three million in 1948, and a similar three million acre seems of without every needed square last year The decrease was not unexpected, however, as it represented be a resumption of a wheat growing acreage equal to the record acreages of 1946 which had almost too eight years.

Old Creaton Record Budget

ALBERTA is growing up, with record expenditures of 65 millions for 1949-50 is forecast in the budget presented by Premier Manning last week Increased expenditures of some kind or other are possible this year chiefly because of new tax and source of revenue, but if we are to have some new found money to spend, the government is making plans to spend it, not on unnecessary luxuries, but on better paid security and to good advantage Wherever the money goes to ease the financial burden of a number of people from unequal circumstances, we are for it

More money will be channelled into the relief and welfare branches, eligibility increased to be raise old age pensions $27 00 per month to $40. Aged persons on normal incomes such as those are receiving $40 a month will receive a supplement of the future of how much, and how far As the premier said, "no unnecessary thousands of all government but more and extended aid and aid pub for services are indicative of a current trend towards with more and more responsibility" While it is well to extend social needs wherever possible it is not only by high taxes paid but by ladies service responsibilities and administration

We subscribe not to the principle of being able to draw on a steady and reliable source of income from aid but years to come. Be benefits both to-day and in the future will be rewarded If gratifying to see in this year's budget, increased grants having as its objective the development of natural resources Also attached some of needs for grants to municipal districts in lieu of taxes on certain government buildings There are other progressive trends in the budget but more room to be reserved and but they all add up to an unfavorable trend generally the only our natural oil resources The budget itself was brought down at a deficit of $1,000,000 but the fact that revenues will be quickly transposed this a surplus when what Bienniumsocial revenues add to the 1949 income pool

Farming Notes

From the Provincial Department of Agriculture

Home Equipment Ready To Go

Spring of a part of the year when the farm is ready for the home equipment and cleaning and repairing many items required in the home kitchen Ingram Street The farmer who has put gone to the land to seed, has the satisfaction of knowing that his home equipment is in good shape and ready for the spring work Next in line for support attention of economic representation committees, members will be those other than the farmer on the job. Government have the field to hold work

In attending some conference all dirt, grease, and dirt should be thoroughly washed away, using warm water if time is short a little brush from the office be recommended. Worn bags should be discarded. Bags that are only moderately worn can be used for such purposes as cleaning cloths and others with fewer holes may be used for such purposes as dusters and cleaning cloths

It takes a little time to do these things but it is time well spent. Clean, neat bags are more attractive and easier to handle. Worn bags are a source of annoyance to the housewife and a waste of money.

Observations are frequently noted that during the summer it is too much work on conditions. However, it is surprising how much can be done in a short time if a little effort is made and that much neglected as to the conditions of the equipment they stored after the season's work is finished. Today we are talking about repairing and cleaning with respect to the actual equipment, but the principle is the same.

Machines wear out, then, from a dull to earth. All bolts and screws should be tightened to the manufacturers specifications. Worn parts should be replaced. Bearings should also be adjusted. Moving parts should be oiled and greased.

Checking Water Erosion

Beginning of water erosion on hillside gullies on the farm may be checked and even prevented if possible, attention is given to the matter. Small gullies can be filled in with soil and tramped down with the feet. Larger ones may be filled with straw, manure and other materials, and then covered with soil. Where gullies are deep, it may be necessary to use a V. S. Farmer demonstration engineer to obtain correct results.

Ditching as a result of the recommendations of soil will reduce flowing from the furrows, but on the contrary, drops of this kind are not to be overlooked, because there is more water than the soil is able to absorb. Furrows should be made with the slope of the land, and ditches should be made at right angles to the slope. Where slopes are steep, it may be necessary to use a V. S. Farmer demonstration engineer to obtain correct results.

Ditching as a result of the recommendations of soil will reduce flowing from the furrows, but on the contrary, drops of this kind are not to be overlooked, because there is more water than the soil is able to absorb. Furrows should be made with the slope of the land, and ditches should be made at right angles to the slope. Where slopes are steep, it may be necessary to use a V. S. Farmer demonstration engineer to obtain correct results.

Seed Samples For The Lab

In order that the seed laboratory may serve the purpose it is designed to serve, it is necessary to have a sample of the seed submitted that is absolutely true average of the lot from which it is taken. Many samples are received that are not representative of the lots from which they are taken. It is impossible that the sample sent in should be absolutely representative of the whole lot of seed in the bags. Each sample should be taken from several bags. Take a handful from each bag, mix them thoroughly and send a sample of this mixture to the laboratory. Special care and consideration should be taken to see that the sample sent in is a representative of the whole seed sampled.

There are a number of points which should be remembered when sampling. Never take a sample from a bag that is damp or wet. Probably the best way is to use an approved seed sampler If one of these is not obtainable, the trier bit of any type is satisfactory by hand. Care should be taken to ensure that the sample is representative of the lot of seed

KEEP THE FLAG OF MERCY FLYING

THE WORK OF MERCY NEVER ENDS

YOUR GIFT to the Canadian Red Cross enables you to bring help, comfort — life itself — to the needy and the stricken.

Where disaster strikes, you are there with food, clothing and medical aid. In isolated districts where the doctor is beyond reach, you establish Outpost Hospitals. You provide free blood transfusions; set up additional blood donor clinics. You teach first aid, swimming and water safety. You operate Red Cross Lodges at Military Hospitals, so that wounded veterans have a place for recreation and for receiving their relatives and friends.

. . . You become a partner in all the missions of mercy carried out, in peace as well as war, by Canada's skilled, devoted Red Cross workers.

Among local contributors are:

R T Dawson Bentley; F Dobson, Bentley; Dobson Brothers, Lacombe; E L Reynolds, Clive; Ralph Clive Tolland; Bros Bentley; Ray Veltz, Penhold; A E Wren, Alix; L E Reynolds Clive; George Bennett, Clive Percy Veltz and Son, Bentley; each.

J. L. Elliott, Clive. Wm. Hog Lacombe. Both T Elliott Clive, Wm. Parker, Lacombe. R Pethbridge, Bentley. Thompson Farm, Clive, J sharp, Lacombe; Paul Smith, Penhold. A B Greenwood, Lacombe Floyd B Bank, Bentley, J. Dobinson Clive; Wm Dobson Post Hole Digger Forks, some small tools.

Other entries in the ring from this district come from Thompson, Lacombe and D Garrett

Rimbey Ratepayers Elect First Town Council Last Week

Don Field was returned as mayor of Rimbey at town council elections held at Rimbey on Monday. Council seats for aldermen H H B Bagge for the mayoralty ran a close two way fight with Mr. Field.

Six councillors were also returned for the ensuing year. Those elected were the present councillors returned for the first time since the same number from a village in January 1

The six councillors are W Corb and R Keller for three year terms. W Mitchell and Mrs. Hall Hillmer for two year terms. W Mitchell and Mrs. Hall Hillmer for two year terms. Mrs. Hillmer and Mrs. Underwood for one year terms.

In all there were 12 candidates elected for the six seats There defeated were Ray Barr, Frank Barry Robert Calwell, Lloyd Newsom, Lawrence Schrader and Thomas Wilson.

A record number of ratepayers turned out their first time 237 out of a possible 326 voting.

Returning officer was W J Dickinson and his deputy D Garrett

Nebraska

Mr. Thomas Thompson spent the week end in Lacombe at the home of Mr. and Mrs. A Nelson Mr. and Mrs. Frank Knight attended a meeting of the Red Cross Society Nebraska Branch which was held at the home of Mrs. Hugh Smith on Thursday afternoon. Mrs. E. Pettipiece was hostess assisted by Mrs. Knight and Mrs. E. Reid. Mrs. Reid gave an interesting paper on Canada. Mrs. Knight gave a reading. Mrs. Reid sang a solo accompanied by Mrs. Knight. Mrs. Pettipiece thanked the hostess for the afternoon.

Mr. Thomas Thompson spent the week end in Lacombe at the home of Mr. and Mrs. A Nelson

Mr. and Mrs. Knight spent a few days at Alix this past week, visiting the parents Mr. and Mrs. A. Sol.

Mr. and Mrs. A. Pettipiece entertained Mr. and Mrs. Frank Knight and family Mr. and Mrs. C. Parsons and Mr. and Mrs. Hugh Smith at dinner on Sunday

Mr. and Mrs. Knight visited with Mrs. E. Pettipiece on Saturday evening.

Mrs. E. Pettipiece spent the week end with Mrs. Arthur Adrian at the S. S. Nebraska.

Mr. and Mrs. G. Shandelbold Mr. and Mrs. Thompson and Lorraine and Mr. and Mrs. Clell Ross were supper guests of Mr. and Mrs. John Dellaire on Thursday evening on Tues.

George Hall spent the week end in Lacombe and Judy were Red Deer visitors on Saturday.

Those spending last week end at their homes were Wilfred Knight, Fraser Pettipiece, Helen Hickey and Winnie Hesketh, all of Red Deer and Miss Eileen Knight of Camrose Lake district.

We are glad to report Wilfred Mitchell returned from the hospital a week ago last Monday.

We are sorry to report Audrey Hesketh is confined to her home with measles.

Mrs. Ray Hesketh motored to Edmonton on business on Monday and Mrs. H Cox of Clive and Mrs. Ray Hesketh were Wednesday visitors to the city.

Mr. and Mrs. S Ferguson were of the latter's parents Mr. and Mrs. C. H. Ross near Mirror Sunday evening.

Local Curlers Are Competing in Alberta Legion 'Spiel

Don McFadden, from Todd Harry Leggett and Lloyd Wall are now making up a Lacombe curling rink which will take part in a round robin Legion bonspiel at Edmonton this coming week end.

The boys are reported to be up against some strong opposition from Legion rinks in other parts of northern Alberta, but the locals look like a pretty potent Lacombe aggregation.

Now a Little Cripple can Run and play

If only you could see the sad faces of those little children! Because some have little crushed feet or legs. Some suffer from internal ills. Some have dark patches on their eyes.

And if only you could see the glow of happiness on those baby faces when they come from our Junior R.C.I. (your hospital's perfectly normal name for these children).

This is our reason why you will want to give generously to the Canadian Red Cross. Your donation will help to restore such or crippled youngsters to health and happiness. It will also help to provide Free Blood Transfusions to all who need them, to support Outpost Hospitals, to send relief in case of disaster to distant countries or localities.

Your donation will help restore pain and bring comfort and happiness. Give generously to the Red Cross.

Red Cross services also include Instruction in First Aid and Home Nursing; Lessons in Home Care of Baby; Relief to Prisoners of War and Internees, and Many Others.

This is YOUR work — GIVE!

Weekly
NEWS

Hmm. Straight spring we have for a whole last week, but I guess the old fashion tradition after the months' very first looking at.

We're a bit pleased as a rule that the spring doesn't come on week, because with the spring we're sure kept hopping around our place with what with seasonal activities getting around for spring work and need ing repairs, parts and new equipment.

Which brings up a pretty good point, I have up on your machinery now or what you're going to have to have done or what you're to have, and let us know as soon as you can about the best time. Then we can go ahead and get it done ahead of the rush and for the last minute job. We give you better service I can't guarantee that but we'll do our best and maybe even a better job because we can take more time to work on it.

Drop around and we can show you quite a bit of stuff that'll look pretty good to you some ago by good. We're sure beginning to get the machinery of that we have been trying for three years ago.

Announcement From Ottawa

Initial Wheat Price Increased Twenty Cents By Wheat Board

There was good news for the wheat farmers in the report of the Canadian Wheat Board that the home price for wheat over a five year period ending August 1, 1948, has been increased from $1.55 to $1.75 a bushel.

No estimate is available as to how much this means to farmers on this acre but it amounts to about 215 million dollars to all farms across the province.

The American wheat [illegible] short payment by check before Christmas in the form of [illegible] Final payment is expected to be made March 31 and additional payments of the rate of about 2 cents per week until the job is completed.

It will be remembered that the initial price set when it was raised by March from 1.25 to $1.55. This latest price boost of another 20 cents is only possible by the emphasis in the hands of the wheat board from previous sales. The public announcement made by Trade Minister C. D. Howe in Ottawa's house of commons stated in part:

"Wheat producers in the present provinces have now guaranteed $1.75 a bushel for the five-year period ending July 31 1948 and they are entitled to receive any surplus which may be in the hands of the Canadian wheat board after the wheat of the 1948-49 guaranteed has been sold. At the end of the crop year ending last July, the commission said, the board again had a substantial operating surplus, and this surplus has been increased substantially as a result of sales made during the present crop year."

Having regard to these facts and having regard to the price guarantee announced for the crop year 1949-50 as a result of the $2 agreement now already negotiated, the government has decided that the initial price paid to wheat producers now can be increased by a further 20 cents a bushel."

Horses Becoming Rare

Full three ball days next week need to top horses from all parts of the district will pass through the auction ring at Lacombe horse sale. The fact that 150 animals are listed for sale plus the last-minute that buyers will be attracted from as far as eastern Canada, indicated evidence that the age and use of the horse is not yet at an end. Horses are belonging, relatively speaking, to the most comfortable, time in horse sales at either Alberta points than most years ago. Lacombe handled a record 1000 horses at its sale over the year before.

Reason for the general decline in horse population is not hard to see. Thousands of horses are slaughtered annually for fur and fresh meat. Thousands more have been exported to Europe since the war to bolster the farm supply there, as well as for human consumption. And as a result, farmers have turned increasingly in these latter years from the old faithful work horse to the faster more economical tractor. In this connection, the use of the horse for such wagon has been largely displaced by the speedy mail truck.

At one time, the horse was a necessary adjunct to the successful administration of any farm. Many recent developments along farm mechanization lines have tended to make the use of the horse all but obsolete. It is likely there will continue to be a market at the latter for good well-broken horses, particularly top-quality saddle horses with being a means for horse-back riding. The best forward to see many thousand of these rides here, even with the diminishing numbers.

Addition to Curling Rink?

SOME former curlers may think it a too much when they are asked to assume the task of the of the curling rink—with an addition to the present curling rink—town. An estimate of two or three sheets of ice was fully discussed at the latter and that meeting, and after three months and ends the job was put between $2,500 and $3,500. This latter would probably be required out of farmers and hometown alike volunteer hometown and-and service as they did at Alix and Clive it was tentatively suggested that $50 or $60 donation from all farmers interested in curling would go a long way to make up the $2,500 minimum. The balance would presumably come from The Lacombe Curling Club. A questionnaire is presently passed up at most of the town garages calling for farmer opinion.

It is well nigh impossible to set town curlers to contribute one substantial sum this year. Last summer the arenas raised among themselves more than $2,000 to purchase the curling rink from a defunct organization. Lacombe Curlers Ltd., in order to make further building on the rink possible. No one person was allowed to pay more than $50 and it required a whole summer to get this from everyone to complete the job. It is true there may be an attempt made to pay back contributors after the club realizes a sound financial status, but that is something for the future and most players consider it a straight donation.

The present four sheets of ice are sufficient to satisfy the needs of town curlers on week nights but many farmers would sooner curl at night because of an the afternoons as they did this year. More ice will be necessary to make the extra night draws possible, so it appears the most move is up to the farmers. Lacombe curlers will loan the farmers to curl here, so we sincerely hope the addition will be built. The advantage of a large rink at nominal time is obvious, too, as we're really hoping for an enormous curling project this year. You farmers can count on the town for full co-operation.

Help For The Red Cross

ELSEWHERE at the pages of the newspaper is a Red Cross advertisement making a plea for funds and aid. The needs of the Red Cross this year call for the tremendous expenditure of $5,000,000 and Canadians on all walks of life are being asked to subscribe this amount during March. Alberta's share of this total is $250,000 the same that of last year but it is a figure we should be able to manage with remember what the Red Cross stands for.

In works of humanity are well known and there is no necessity to extensively them here. Generally however, we hear more about the Red Cross acts of mercy during periods of emergency or disaster. It is well to remember too, their constant and every-day duties such as operating out-post hospitals for frontier settlements, and supplying blood transfusion service, free to all. Theirs care for sick and disabled veterans, and crippled children, and shelter and protect others less fortunate than ourselves. Are we not willing to donate our services for such a cause, through a small financial contribution?

Farming Notes

(From the Provincial Department of Agriculture)

Use The Farming Mill

A. H. Wood, field crops commissioner, suggests that the first way to keep the farm free from weeds is to clean the seed of barley. Although the mechanical seed cleaning plant is unavailable at present, the farming mill is still one of the most valuable pieces of machinery on the farm.

It is worth money to keep land free from Tartan as one bushel from 1 acre of Tartan will only make for 4 other. Furthermore, Tartan that may be introduced as a result of seeding barley to an oil-engaged plant has a tanning. Mr. Wilson states that there is a very difference between a burning and seed cleaning. Burning of clean machines are a very inefficient substitute for the establishment that can guarantee clean seed. By how much an establishment is available in the community the farming will right on the farm will more than pay for itself.

Between 12 and 14 million bushels of grain will be sown in Alberta this spring. If the type of seed used is similar to that of past years, we can expect that a good one-half of the seed will be unfit for sowing as a result of weeds and bad. Weeds are easy to plant but hard to destroy.

The Poultry Outlook

Many farmers feel that there is little of any particularly for continuing to keep them goodly flocks up to the war and post war numbers. Although the number of hens in Canada has increased by two million since 1939, the increase in egg production has been given to the reduced egg contracts with the British Ministry of Foods, the reduced poultry prices for eggs, the high cost of feeds, all of which add up to greatly reduced margins of profits if they pass the comparable years. Let us analyze the situation as it really is.

First, the egg contracts were reduced from 70,000,000 dozen to 40,000,000 dozen. And there was a carry over of 16,000,000 dozen utilized to the end of January 31, leaving a total of 24,000,000 dozen or a total reduction of only 16,000,000 dozen. With the heavy reductions in climate during the 1948 hatching season, the production of these flocks there is a very reduction that we will not get the 16,000,000 dozen difference but we will get the extra 16,000,000 dozen carry over from the 1948 contract.

Next for the feed costs. While some of the concentrate ingredients have gone up and there has been some upward trend in other feeds, the overall level is much the same. In fact these feeds are going down as grow in the United States imports of Canadian corn are increasing. Canada is also rapidly improving feed quality in Ontario and B. C. It should not be too long before these combinations have an effect on poultry feed costs.

How about the supposedly heavy reduction in the margin of profit? Let's look at the figures to prove our point.

	1947	1948
1. Price of feed	3.00	3.00
2. Price of eggs	5.00	4.00
3. Margin	2.00	1.00
4. Hens per 100	100	100
5. Eggs per hen	200	200
6. Total eggs	20,000	20,000
7. Total margin	2,000.00	1,000.00

1. Show efficient feeding so that the flock a total as first class flocks are producing. Most producers get a higher average rate for a longer laying period.
2. Keeping the pullets and hens free from colds and lice.
3. Culling the flock regularly so that the quality will get up the profits of the workers.
4. Produce more Grade A eggs, especially during the spring and summer months.

Reflection of the Times

Going Commercialized

According to a news report, a Calgary club will sponsor a curling meet with prizes totalling $15,000, including four new automobiles. This is the first of its kind in the west and is expected to draw a record number of rinks. It appears that the day of curling for a social get together club has a going out fast, and with it the opportunity for ordinary rinks to participate in the big time sport. We can picture the huge bonspiels of the future where travelling rinks of picked players from all parts of the country will be the only rinks participating. The ordinary everyday variety of curlers will not have a look in. In fact the situation could become one where only travelling rinks would be playing off for the prizes. It has happened in other sports and it can happen to curling.

The majority of persons are caring for the sake of the game and the friendly competition around a curling rink. Once large prizes are in sight all the friendliness of the game will have gone.

From The Files of The Lacombe Globe

Five Years Ago

Two hundred hog breeders from Lacombe, Stettler, Alix and Penhold districts gather in the pavilion to see, first hand, the many Wiltshire sides with new point overseas, and to hear a lecture on hog raising.

Meadowbrook

MEADOWBROOK, Mr. and Mrs. Tom Rae and Mrs. Mountain and daughter were visitors at Mabel and Mae on Saturday.

Mr. and Mrs. L. Pierce have been the past week after spending the winter with relatives at Saskatchewan and Manitoba points.

Mrs. Ellis of Calgary, spent part of the week end at Mr. Rae's.

A number of Meadowbrook folks attended the dance at Lochend last Friday night and report a splendid time.

Mr. and Mrs. A. Lees, and Mr. and Mrs. Percy and Mrs. W. Ellis of Pocaterra and Mrs. W. Ellis and John Embree spent last Thursday evening at Mr. Embree's.

Mr. and Mrs. Vic of the Bee Hive community were recently mother's 4th three months last and daughter Mr. and Mrs. Hughes Harvey and family.

Mrs. Bob Kennedy received the sad news on Wednesday of last week that her father, Glen John Embree, passed away after spending the winter with relatives in Saskatchewan and Manitoba. Mr. Embree, who was 73 years of age, was born in Ontario but has been employed for the most of his life in Manitoba. He spent the months with his daughter, Mrs. Kennedy. Funeral services were held at Dauphin, Manitoba, on Monday, March 7th. Mr. Embree leaves to mourn his loss, his wife, one daughter, Mrs. Kennedy, one son, Bert, of Dauphin, Manitoba, and one brother, Mr. Ed Embree of Lacombe.

Woody Nook

WOODY NOOK. Gerald Pearson left last week for Lake Island Valentine where he has secured a position at a nursery there.

The re-opening of the school was extended to Mr. and Mrs. J. Brewster and family with the loss of a canine on Mon. 7th.

Pupils of Brown's Revered mother and Mrs. Edmonton on Monday to attend the funeral.

The Young People of the Christian Reformed Church will hold their annual program at the Church on March 21 at 8 p.m. Everyone is welcome to attend. Rev. J. Records will be the guest speaker.

Stephenson, Sweet Acres Favor Bus Service

Another School For Blindmen Promised By Divisional Board

Another school for the Blindmen contract has been promised for the area by the Lacombe school division following a meeting of the board last Thursday which was attended by a delegation from the Blindmen area.

The board resolution passed there will be two calls for the construction of a consolidated school in the area. At this time without a assessment it is understood a building may be erected by the sale in lieu of a construction to replace the present unsatisfactory one.

The decision was definitely reached after the grounds from of a petition signed by almost 60% of the Blindmen ratepayers asking for a new school, instead of a proposed bus service which would transport them to Lacombe and Blackfalds.

Other Areas Want Bus

While the Blindmen delegation of R. Bertram, H. Harpendhuyse and C. A. Hillier were speaking against bus service and the opposition spoke and request was received by ratepayers from Stephenson and Sweet schools Petitions were presented from those areas asking the board for a continuation of bus service (additional).

Trustee Miller was then spokesman for the Blindmen delegation recommending construction of a new school. The bus can be changed to be of more benefit to all the students concerned and for all the years.

The board under discussion heard of the petitions and the delegations and decided to grant the request as soon as possible.

Stephenson Group Attends

The Stephenson delegation consisted of Mr. and Mrs. Alex Mercer, Mr. and Mrs. Edmund Nemetz, Mrs. Anton Pearson, and Elmer Berggren. They stated that the bus service in operation this year was good but they preferred a school in the area and they wanted some assurance it would be continued as a bus.

A petition requesting the continuance of the school bus service from Sweet Acres was received. Act No. 64 by the Brethren school was refused.

Mr. and Mrs. Bernt Vig, Mr. and Mrs. Wm. Gertz, Mr. and Mrs. Oscar Vig, Mr. and Mrs. Clarence Vig, Mr. Anna Hustad, Mrs. Ed Olson, Alfred Anderson, Mrs. Gus Johnson, Mrs. Andrew Knee, Mrs. Ole Stjernberg, Rose Bergeson, Mr. and Mrs. R. E. Burns, Mr. and Mrs. O. H. Lee, Mr. and Mrs. H. M. Peterson, Mr. and Mrs. G. M. Wood, Anna Pearson, James Watterson.

The divisional board stated it anticipated the present system was anticipated. Stephenson local would be notified as shortly as possible.

VISITS TO SOUTH

Mr. and Mrs. A. Conrad and Mrs. O. Bourke motored to Calgary on Wednesday of last week. Mrs. Conrad and Mrs. Bourke continued on to Black Diamond where they visited with relatives. They returned Tuesday evening accompanied by Mrs. Conrad's son-in-law and daughter Mr. and Mrs. W. Hulse and family.

Lakeside Canyon

LAKESIDE CANYON Mr and Mrs. Lorne Mahovsky motored to Calgary on Sunday.

Visitors were Mr. and Mrs. Mahovsky and Mrs. Lorne Mahovsky to the Lakeside Recreation Club meeting. The meeting will be open to the public on Tuesday and Wednesday.

Mrs. Edwin Upton of Edmonton has visited her parents over the week end.

The next meeting will be held at the home of Mr. and Mrs. Victor Eadie on Friday evening. Five tables were in play and an enjoyable evening spent. Prize winners were taken by Mrs. John Sandstrom and Gordon Cull. Consolation by Mrs. Elmer Sandstrom and Mrs. H. Peterson.

Douglas Wright and Malcolm Fraser returned home from the Lacombe hospital last week.

Miss Rosalie Sandstrom of Calgary spent the week end with her parents Mr. and Mrs. H. Sandstrom.

Mrs. Penny returned home last week after spending the winter at the coast.

Mrs. McFetton and Henry Lemieux were appointed a committee to approach the Springdale Hall Board at Red Deer, with the village match President Bruce agreed to entertain the Lacombe ladies' softball team regarding the Dance shop.

Lloyd Rasmussen, Harry Shaw and Archie Chilcott were appointed a committee to consult the possibilities of opening a farm and home improvement campaign this summer. Other work and contact might be arranged to encourage membership. Letters have been sent out and some have been received.

Society Drops Lacombe Fair For This Year

There will be no fair for Lacombe this year it was decided at a meeting of the Lacombe Agricultural society on Tuesday last week.

Instead the society will run contests in connection with the organization's booth on a number of fairs being held in the district in the 1949 list.

President Arthur Rosen, who signed the cheque and filled out the form of a request for the contests, said.

The new organized projects by the agricultural society switch from participation at sponsoring the Agricultural fairs to participation in conjunction with the Lacombe Board of Trade and conducting a campaign of their own for town and home improvement.

All these schemes entitle the society to a provincial government grant, and for the results the society is hopeful that they may be applied with in addition to the other groups.

Don McFetton and Henry Lemieux were appointed a committee to approach the Springdale Hall Board at Red Deer, with the village match President Bruce agreed to entertain the Lacombe ladies' softball team regarding the Dance shop.

Lloyd Rasmussen, Harry Shaw and Archie Chilcott were appointed a committee to consult the possibilities of opening a farm and home improvement campaign this summer. Other work and contact might be arranged to encourage membership. Letters have been sent out and some have been received.

Farmers Give Tomorrow Lesson In Art of Curling

Town fares blush for our curling hosts were complete by the supposedly crack city curlers who came from the country.

The hardy dare-devils the first to beat Orchard Chilli farm rink behind the tables on Don Hall's Lacombe barns which Monday night. Only the score gives the proud hosts even two more competitions for if you count at 10-8.

Curling with Chilli's unbeaten four-some were Harry Hansen, Ed Hansen and Bill Lee. Mr. Lund's rink were Harold Evans, Harry Patrick and E. W. Mapes. It was a whale for the town to live the cowdown, Mr. and the farmers couldn't care!

Won't Renew School Agreement For 1949-50 Term

Trustees of the Lacombe school district met last week and announced complete school agreements for the 1949-50 term, no less than one of the members of the Red Deer district present at this time was Friday afternoon.

For the past couple of years, the local board has had a written agreement with the Red Deer division schools, Lacombe district, which has been responsible for planning at the Red Deer rural schools school.

The Red Deer division has agreed to equip and maintain the separate high school for senior the other, hospitalized students and commercial and teach. The Lacombe division has supported the cost by paying its rate for pupils attending its schools the respondent.

The new school, the Lacombe school division pupils are to attend Red Deer schools at the separate school.

In terminating the amicable working agreement the local board seemed to feel that the educational would allow them to proceed with possible starting agreements with other school groups closer to home.

The decision as to was alike to transfer students presently going to Red Deer. The local board will continue to pay tuition for those who attend the separate school next session, except that his responsibility terminates.

The termination of the agreement leaves effective June 30, 1949.

P-C's Organize for Possible Federal Bye-Election Here

The Progressive Conservative party is preparing for aggressive action in the event of an election as the federal riding of Wetaskiwin. This much was evident from an informal dinner meeting held at the Lacombe Hotel Tuesday night when about 40 enthusiastic members and supporters of the Progressive Conservative party met to hear Hon. A. H. MacLeod, Progressive Conservative candidate in the 1945 federal election, and Mr. W. J. White, of Ottawa.

Mr. MacLeod spoke briefly at the meeting. He stated that in his opinion George Drew's national P-C leader was the greatest opposition leader in Canada's history. Mr. Drew's appearance when he entered the P-C party ended and [illegible] and [illegible] in the election. There is a possibility that a snap bye-election might be called," he pointed out, "and we must be prepared for it.

Meadowbrook District News

MEADOWBROOK, March 15, 1949

The Late Fee Last Week

Mr. and Mrs. Ellis Riley and sons spent a Sunday recently with Mr. Riley's mother at Bentley.

Meadowbrook was well represented at the B. Archibald sale.

We are glad to report that Mrs. Basil Long, who has been on the sick list lately, is able to be out again. Miss Alma Smith helped with the household duties while Mrs. Long was ill.

Mrs. R. Banning and family of Bashaw spent a day recently with her brother and sister-in-law Mr. and Mrs. Ray Mallett.

Mr. and Mrs. L. Gilford from near Calgary spent the week end with Mr. and Mrs. E. Gilford.

The Helps and Post Woodland families and Mr. Paul Woodland's brother Ralph Bowers spent an evening recently with their friends and relatives in Mr. and Mrs. Tage Westlund and family at Red Deer.

Mr. and Mrs. W. Dingle of Calgary visited with Mrs. Dingle's grandparents, Mr. and Mrs. A. Hilliard and other relatives over the week end.

Mr. and Mrs. Ivan Riley and Mr. and Mrs. Roy Kelley spent a Sunday recently with Mrs. Riley's parents, Mr. and Mrs. D. Gilford of Bentley.

Ralph Pennell and Morton Hilton, who have been working away from home over the winter, returned to their homes recently.

Lone Star to Use

The service commodity was greatly shortened when they found the end never that Johnny Shand had his hand taken off completely by a home-saw accident on Wednesday afternoon of last week. The mishap occurred on the farm of J. Riley Johnny was taken to the municipal hospital at Ponoka. It is reported he is doing as well as can be expected.

The box social and a family tea entertainment in their home and school.

R. C. Kelley and wife have finished seeding specific [illegible].

Mr. and Mrs. R. Gilliland visited a card party at their home last Saturday evening. Three were exhibits playing. First prize went to Norman Gilliland and Harvey Ogilvie, travelling prizes to John Conley and Clarence Porterfield, consolations to Mrs. R. Gilliland and Holmes Riley.

P. Brisbois, A. Long of Pine Lake and W. J. Riley motored to Calgary and spent last Friday at the city.

Miss Betty Roberts recently spent the week end at her home.

George Kelley has been off work for some time now. He had the misfortune to step on a tree only spike when he was helping [illegible] on the Ray Long farm. Jack Cooper returned to Innisfail last Saturday after spending a short spell with his family here. He has been employed on a large farm near Innisfail for the winter months.

Our teacher and pupils had a half holiday recently while a couple of carpenters, Dwin Pettet, were doing some repair work on the school and the furnace.

Cattle dealers were quite plentiful around these parts last week, purchasing cattle from the many ranchers having their a number of farmers sold their cattle.

There was no church service on the school last Sunday, as J. Barnes of Lacombe and J. Andrews of Bentley, who were on the way to conduct the service had car troubles about three miles from their destination.

Mrs. P. L. Pennell, who spent the winter with relatives in the U.S.A., is home again.

The A. Long family of Ponoka, R. Banning's of Bashaw, and V. Mooney's and W. J. Kelley's spent an evening recently at the R. J. Kelley home.

Possibility Hunt as Protest

High-heeled businessmen astride horses and shouting "yahs" and "tallyhos," and blowing their bugles horns in the midst of snarled traffic crowded Piccadilly, London, May 11, again [illegible] to a proposed Labor government measure which would ban blood sports such as fox hunting and the coursing of hares and rabbits. Most of the riders came from many miles to join the protest. They did not ride in vain, for the proposal was later defeated in the House of Commons by a vote of 354 to 304.

Polish volunteers will defend [illegible] against disease experts say.

May Initiate Driver's Tax For New Auto Licenses

While there has been no official announcement as yet, it is believed that a start will be made this year in tightening the regulations for drivers' licenses.

The question is to be brought before the members of the legislature when a report of a special committee which investigated the accidents of the government enters on the committee's field of authority.

There is a strong belief that the committee will propose certain steps be taken in order to force more effective methods of testing drivers.

Some years ago, government officials said it was proposed to hold brief applicants for licenses and also persons involved in accidents during the past year.

A large proportion of highway accidents is claimed to be due to driving inexperienced drivers. This fact was brought out last year when insurance companies were charging rates based on drivers. This is certain classifications, particularly on account of the number of accidents involving youthful drivers, etc.

"Oh gosh, Mr. ... I wasn't my idea. The manager's orders says we gotta change almost every six weeks."

Field Supervisor's Report
Agricultural Accomplishments of Local Service Board Tabulated

The good amount of agricultural work accomplished by the Lacombe Service Board during the summer of 1948 was brought out at the recent record of the good local rural supervisor Al Allsop.

For 1948 board submitted at the Stockholm district. former representatives district agricultural Ted L. Rasmussen and field supervisor A. Allsop.

Those men stated numerous ways the year prevent weed problems, and soil erosion. With 1 500 quarter sections of land in the municipality about 1 400 farmers and 1 200 miles of road allowances the policy adopted was trying to deal with the worst offenders.

Mr. Allsop, assisted by V. H. Flett of Lacombe and Lloyd Cod local service board during the summer of 1948 was brought out at the recent record of the good local rural supervisor Al Allsop.

For 1948 board submitted at the Stockholm district. former representatives district agricultural Ted L. Rasmussen and field supervisor A. Allsop.

Those men stated numerous ways the year prevent weed problems, and soil erosion. With 1 500 quarter sections of land in the municipality about 1 400 farmers and 1 200 miles of road allowances the policy adopted was trying to deal with the worst offenders.

1 A personal objection was given to 344 quarters of land, 198 farm calls made and 8,135 miles travelled on weed work.

2 Fifty-seven notices were placed for the destruction of weeds and 41 compliance notices were placed to prohibit the seeding of land infested with noxious weeds for 1948. (Two notices are still under control, leaving eight notices sent by the inspection unit).

3 Twenty-seven contracts in connection of land that were treated with a chemical killer and 27 patches of land that in farmers fields. About 2,500 lbs of sodium chlorate were used for this purpose.

4 Nine type chemical was used on 165 miles of road allowances for weed control. A power spray machine was purchased for this work. Farmers were requested with the use of 2,4-D, and over 100 privately-owned spray outfits were operated in the district last spring covering approximately 40,000 acres of grain crop.

5 A demonstrational project was run on a Clive district farm to show the value of using Otb barley along with herbicides on cross-fertilizing annual and perennial weeds. This result gave a 10 bushel increase an yield on the fertilized section where the grain was combined with the unfertilized section where the grain was combined with the unfertilized section.

6 Forty-three miles of new grade road was seeded down with grass used as a control measure, and 30 lbs. of grass seed is on hand. (Note the conditions for this).

7 A vaccination policy is on test being done on cattle was organized, similarly 36 farms Blue ribbon Hill on the municipal was 100 head of heifers vaccinated.

8 A seed grain policy was put into operation during the summer months, wherein 30,000 bushel of good seed was advertised and offered for sale to residents throughout the municipality.

Assembly Dances Net Almost $300 For M. R. C. Fund

A fine total of $300.00 was realized by the hard working committee of the assembly dances and card parties held in the community centre in aid of funds for the community centre project over the past two winters.

The members are to be congratulated on a fine set of dates apart from the admirable objective of turning out-door funds over to the M.R.C.

The last dance is held next Thursday evening, and the proceeds of the six staged this winter. A big crowd was on hand, and everyone spent a most enjoyable time.

Decorations of green added to the evenings fun and atmosphere, streamers, all merging with the St. Patrick's Day theme. Refreshments were Mrs. Gordon Sweet and Mrs. Bert Ford

Your Blood is Needed

AT LEAST three hundred volunteer blood donors are needed at the Red Cross blood clinics to be held here next Thursday afternoon and evening. The number is needed if Lacombe and district residents are to donate enough blood to supply the Lacombe municipal hospital with blood for Pigeon Lake district hospitals. Demand from the hospital here show that the amount of blood used for transfusions locally is equal to about even by the hundred donors throughout the year. On the basis of the clinic coming here twice annually the twenty-five hundred donors are needed each year to balance the blood bank at the local hospital.

Two clinics are to be held here this year, announced by the Red Cross as booking three dates throughout the province. During 1948 a total of 6,363 hospital patients in Alberta received 11,239 transfusions of whole blood and plasma. These transfusions required 22,000 pints of blood. The Canadian Red Cross blood transfusion service was at an estimated saving of $250,000 to the hospital patients receiving the transfusions. All the blood was supplied by voluntary donors at clinics such as the one here next month.

There is a constantly increasing number of regular donors at these clinics. The necessary increase to transfusions as more hospitals and more by the medical profession to put patients through operations. The Canadian Red Cross is the realization and appreciation of the service rendered, and the individual donors are receiving their reward in the knowledge that their efforts in giving blood each donor is tested prior to giving is donated to determine they are physically fit. During prior to giving blood is to help everyone.

It is up to the residents of this district to see that the blood clinic here next week gets the support it deserves. Names of those with the permission of their employers are listed on another page.

Too Many Stray Dogs

RESIDENTS of the town and district are reminded that they have been assessed at least by the increasing number of dogs roaming the town and business sections of this town. Large numbers of dogs are found in parts of these two and more prowling and sniffing and being encouraged to stay in by playing, getting out of yards and business places. They have become in fact a downright nuisance.

The police have no desire to get with dog owners by dogs are, in a rule a pet and friend to the families to which they belong. A large number of dogs in the town, however, are strays and owners are known. They should not be allowed at the drop of a hat and are a bother to both motorists and pedestrians.

The town statutes call for the licensing of all dogs. Many of these dogs, indeed the majority of them, have no visible license. If licensing of dogs is compulsory and it is according to the town by-laws, then it should be enforced. If the dogs have licenses it is the duty of the owners to see that the dogs do not make a nuisance of themselves or annoyance.

Grants For Education

THE provincial government will be forced in the future into providing more liberal educational grants to various school districts and school divisions, if Edmonton's plan for the establishment of educational facilities in the different areas are to continue to meet the growing demand for more and better educational facilities.

Town status qualifies ... cities and villages all get grants under a basis ... based on district land and improvement taxation. The grant is ... amount ... the rural school districts of surrounding educational units. From ... comes the news that possible two more mills of taxation on the mill rate to be needed to meet public school requirements alone. Besides reports that Drumheller will demand over 60 mills for school purposes alone, here in Lacombe the school requisition has reached a record high of ... to 40 mills ... and ... mill rate may ...

It's the same story in every village, hamlet, town school division and city in the province. Taxes are going up and they are going up mainly because of educational levies.

The Lacombe ... Board of Trade have taken up the ... with the ... Municipal Affairs ... Premier Manning ... and ... Premier ... Edmonton ... Premier ... Premier ... Premier

'Miss Iowaka' Well Known Racer, Sold by Rutledge

Word from Mrs. Forrester Rutledge of Fort Dodge, Iowa, received last week that Miss Iowaka, famous pacer a stall winning plenty at horse races down of the States.

Only now, Alberta's well known mare is burning up the race tracks under new livery, having been sold to Mrs. Rutledge to Hog Breeder of Peterborough, Ontario.

Agents lowers at the Lacombe Lottery are well acquainted with Miss Iowaka. The mare was born on the Rutledge school ground, when was other part of the old Rutledge farm contributed Lacombe's, can her lived race at the fair grounds here and has since appeared at the track with

Over a long-year racing circuit Miss Iowaka has built up an enviable reputation She has won 127 heats and broken 14 track records at Mrs. Rutledge

The following poem was written by Mr. Forsyth, and dedicated to Miss Iowaka.

The pride of our stable, that brave little mare
Racing now in a different class
She has gone to the Hill Top farm
Where all the old timers do gather
who still remember at the starting point.
With contrary a head held high
Her mane, now turning silver
With her fine, strong body
Her skin she so well for Hi Hinny-ah.
As well as she did for me.
And now I be there to see her on
And fill my heart with glee
May she ever make some
As here
In the sun and pride of her course.
Make her trade on a faster time
May Iowaka now has her chance
To more a mile that is fast
In a smooth and level road
That she never has had in the

I'll miss her, oh how I'll miss her
The sure of my morning stroll
But I know that to her we owe
A wonderful era she will have

Why Seagram's sells Canada first

This is an adaptation of one of a series of advertisements designed by The House of Seagram to promote the prestige of Canada and help sell Canadian products to the markets of the world.

The campaign is appearing in magazines and newspapers published in various languages and circulated throughout the world. The people of many lands are told about the quality of Canadian products and are Canadian scenes illustrating those products.

The advertisements are in keeping with the belief of The House of Seagram that the future of each business enterprise in Canada is inextricably bound up in the future of Canada itself, and that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets.

• • •

A campaign such as this not only helps Canadian industries but also puts money in the pocket of every Canadian citizen. One dollar of every three we earn comes to us as a result of foreign trade. The more we can sell abroad the more prosperous we will be at home. It is with this objective that these advertisements are being produced and published throughout the world.

EVERYBODY'S BUSINESS by Don Graham

Young Bill had an inner longing to be a doctor. His parents couldn't afford it, but they wanted him for an honest profession. Bill learned he had a job in his father's drug store where he could earn good pay and study. Combined with this job, a course in medicine — with as long, one-paying years of study and strenuous work — seemed not enough. Now, although he is practicing, Bill regrets that choice.

Of course, the penalty of choosing the easy way is usually a life of self-damaging compromises and opportunities . . . wherever we look, we see people who have "put-over" . . . whenever we encounter, we find problems that should be fixed — the price a too high!

Only by accepting difficulties as challenges do we develop our full powers.

Recently more than a century ago, it was impossible for the average man to provide fundamental security for his family. Even in the course of his death. But today, through life insurance, millions have overcome this difficulty and provided security for their loved ones while saving for their own retirement.

FROM SEA TO SEA the WOODS agree—

Kem-Tone's a Winner!

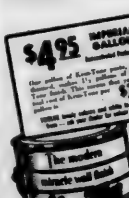
MRS. ROBERT WOOD
150 Boyce Road, Halifax, N.S.

"Kem-Tone transformed our dull, dingy parlor into a 'story-book' room. I was really surprised at how easily one gallon to do such a beautiful job."

MRS. WILLIAM G. WOOD
3217 Joel 36th Ave., Vancouver B.C.

"A new room appeared in our home after I used Kem-Tone. The result was real amazing! I declared the job an 'across-the-board' success and when."

You, too, will agree with millions of enthusiastic users of Kem-Tone that it is a revolutionary wall finish. Kem-Tone can take 4 dull, dingy walls and 1 ceiling and transform them into the most beautiful rooms in your home. Kem-Tone is clean, economical, beautiful, has all the advantages of an oil paint . . . with none of its disadvantages. Try Kem-Tone today . . . it is one in 12 attractive colours and white.



Kem-Tone
TRADE MARK REG.
WASHABLE WALL FINISH

1. Covers all surfaces — wallpaper, painted walls, plywood, brick interiors, etc.
2. Has neat velvet texture.
3. Dries hard in one hour.
4. One gallon does a large room.
5. No disagreeable paint odour — no room the same day.
6. A hard, durable, washable surface.
7. A pleasure to put on — no primer, no thinner — spreads like a charm.

Genuine Kem-Tone
THE ORIGINAL RESIN AND OIL FINISH

L. S. CROSS'S PUBLIC AUCTION SALE

Proper Use of Weed Killer, 2, 4-D, Is Outlined at Blackfalds Meeting

By H. W. Leggett, Experimental Station

Following ... brief ... of ... address ... on ... chemical ... weed ... killers, ... given ... at ... the ... Blackfalds ... meeting ... on ... Tuesday ... of ... last ... week ... by ... Harry ... Leggett ... of ... the ... Lacombe ... Experimental ... Station, ... a ... number ... of ... farmers ... from ... the ... Blackfalds ... area ... remained ... for ... the ... afternoon ...

Chemical ... weed ... control ... has ... come ... a ... long ... way ... in ... the ... last ... few ... years ... and ... it ... is ... safe ... to ... say ... that ... in ... much ... we ... can ... substitute ... chemicals ... for ... tillage ... implements. ... Cultivator ... shares ... and ... fertilizers ... It ... is ... therefore, ... thoroughly ... worthwhile ... studying ... the ... chemicals ... that ... you ... intend ... to ... use, ... that ... you ... can ... expect ... good ... results.

It ... is ... with ... this ... in ... mind ... that ... the ... experiment ... I ... am ... going ... to ... mention ... briefly ... was ... carried ... out. ... This ... experiment ... was ... carried ... out ... on ... a ... good ... farming ... property ... but ... with ... a ... fairly ... heavy ... infestation ... of ... weeds ... which ... you ... will ... agree ... are ... quite ... common ... in ... this ... district. ... The ... treatments ... were ... applied ... on ... June ... 8th ... when ... the ... weeds ... were ... in ... the ... early ... stages ... of ... growth ... and ... before ... the ... crop ... had ... reached ... the ... jointing ... stage. ... The ... crop ... was ... Thatcher ... wheat ... and ... the ... chemicals ... were ... applied ... at ... the ... rate ... of ... 1 ... pint ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre. ... The ... chemical ... was ... applied ... with ... a ... knapsack ... sprayer ... which ... is ... a ... small ... hand ... operated ... sprayer ... which ... is ... carried ... on ... the ... back ... of ... the ... operator. ... The ... nozzle ... was ... held ... about ... 18" ... above ... the ... ground ... and ... the ... spray ... was ... directed ... at ... the ... weeds ... and ... not ... at ... the ... crop. ... The ... weeds ... were ... sprayed ... as ... evenly ... as ... possible ... and ... the ... spray ... was ... applied ... when ... there ... was ... no ... wind ... to ... blow ... the ... spray ... on ... to ... the ... crop.

Results ... were ... quite ... spectacular ... as ... the ... 2, 4-D ... killed ... practically ... all ... the ... broad ... leaved ... weeds ... but ... had ... little ... effect ... on ... the ... grasses ... or ... the ... crop. ... The ... chemical ... is ... largely ... absorbed ... by ... the ... leaves ... of ... the ... weeds ... and ... is ... then ... carried ... to ... the ... growing ... crop, ... a ... stage ... of ... growth ... of ... the ... weed ... must ... almost ... without ... exception ... annual ... weeds ... are ... most ... easily ... killed ... in ... the ... early ... stages ... of ... growth ... that ... is ... in ... the ... seedling ... or ... rosette ... stage. ... The ... plants ... at ... this ... time ... are ... growing ... rapidly ... and ... react ... with ... the ... chemical ... more ... readily ... Under ... normal ... conditions ... the ... crop ... is ... then ... in ... the ... free ... head ... stage ... or ... at ... least ... and ... it ... will ... recover ... rapidly ... and ... there ... will ... be ... no ... mechanical ... damage ... than ... if ... spray ... ed ... at ... later ... stages ... of ... growth.

Climate Counts

Climatic ... conditions ... also ... play ... important ... part. ... Warm ... days ... with ... ample ... moisture ... which ... is ... conductive ... to ... rapid ... growth ... and ... harvest ... plant ... tissue ... permits ... the ... use ... of ... lower ... dosages ... especially ... in ... the ... case ... of ... the ... highly ... susceptible ... and ... susceptible ... weeds ... and ... in ... this ... case ... we ... have ... weeds ... such ... as ... Wild ... Buckwheat, ... Lamb's ... Quarters, ... Wild ... Mustard ... and ... Stinkweed ... which ... are ... classed ... as ... highly ... susceptible ... and ... Tartary ... Buckwheat, ... Smartweed, ... Volunteer ... Flax ... and ... Canada ... Thistle ... as ... moderately ... susceptible ... Wild ... Buckwheat ... Night ... Flowering ... Catchfly, ... etc. ... The ... above ... groupings ... emphasize ... why ... it ... is ... important ... to ... know ... the ... weeds ... that ... are ... present ... in ... your ... crop ... and ... to ... spray ... them ... in ... the ... proper ... stage ... of ... growth. ... Weeds ... in ... the ... moderately ... susceptible ... group ... are ... killed ... when ... they ... are ... in ... the ... young ... stage ... of ... growth ... but ... when ... they ... reach ... the ... flowering ... stage ... of ... growth ... they ... are ... very ... resistant ... to ... the ... chemical ... and ... the ... tolerant ... weeds ... are ... almost ... entirely ... unaffected ... by ... the ... chemical ... when ... in ... the ... flowering ... stage ... of ... growth.

Dosages ... are ... also ... important ... and ... the ... dosage ... that ... is ... used ... depends ... on ... the ... weeds ... that ... are ... present ... and ... the ... stage ... of ... growth ... of ... the ... weeds. ... Almost ... all ... annual ... weeds ... are ... killed ... by ... the ... use ... of ... 1 ... pint ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre ... when ... they ... are ... in ... the ... seedling ... stage ... of ... growth ... and ... when ... they ... are ... in ... the ... rosette ... stage ... of ... growth ... they ... require ... 1½ ... pints ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre. ... Tartary ... Buckwheat ... is ... killed ... when ... in ... the ... seedling ... stage ... of ... growth ... with ... 1 ... pint ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... 2 ... pints ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre. ... Volunteer ... Flax ... is ... killed ... when ... in ... the ... seedling ... stage ... of ... growth ... with ... 1½ ... pints ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... 2 ... pints ... of ... 2, 4-D ... in ... 10 ... gallons ... of ... water ... per ... acre.

Canada ... Thistle ... is ... controlled ... by ... spraying ... crop ... with ... low ... applications ... of ... 2, 4-D.

Control ... of ... these ... weeds ... means ... of ... dosage ... and ... stage ... of ... growth ... is ... a ... matter ... of ... experience ... and ... the ... best ... way ... to ... get ... this ... is ... to ... spray ... a ... few ... test ... areas ... in ... your ... fields ... and ... then ... watch ... the ... results. ... Spraying ... is ... of ... the ... greatest ... importance ... in ... the ... use ... of ... 2, 4-D. ... The ... successful ... use ... of ... this ... chemical ... is ... largely ... dependent ... upon ... the ... hand ... of ... weed ... under ... which ... it ... is ... applied.

Weeds ... vary ... greatly ... in ... their ... reaction ... to ... 2, 4-D. ... Some ... are ... very ... easily ... killed ... others ... are ... partially ... resistant ... and ... others ... are ... resistant. ... Wild ... mustard ... is ... an ... example ... of ... a ... highly ... susceptible ... weed ... and ... is ... easily ... killed ... in ... the ... seedling ... or ... rosette ... stage ... of ... growth. ... Wild ... buckwheat ... is ... classified ... as ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... stage ... of ... growth ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth. ... Lamb's ... Quarters ... is ... classified ... as ... moderately ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... stage ... of ... growth ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth.

Wild ... mustard ... is ... classified ... as ... highly ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... or ... rosette ... stage ... of ... growth ... but ... when ... in ... the ... flowering ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth.

Tartary ... Buckwheat ... is ... classified ... as ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... stage ... of ... growth ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth.

Volunteer ... Flax ... is ... classified ... as ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... stage ... of ... growth ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth.

Canada ... Thistle ... is ... classified ... as ... susceptible ... and ... is ... easily ... killed ... in ... the ... seedling ... stage ... of ... growth ... but ... when ... in ... the ... rosette ... stage ... of ... growth ... it ... requires ... more ... than ... twice ... the ... amount ... of ... 2, 4-D ... that ... is ... required ... to ... kill ... the ... same ... weed ... when ... in ... the ... seedling ... stage ... of ... growth.

What Agreement Assures Farmer Steady Market

Recent ... announcement ... that ... the ... farmers ... have ... been ... given ... an ... international ... agreement ... to ... export ... to ... Britain ... an ... assured ... market ... for ... a ... certain ... number ... of ... bushels ... of ... wheat ... each ... year ... for ... the ... next ... four ... years ... is ... one ... that ... will ... be ... welcomed ... by ... the ... farmers ... of ... Canada ... as ... a ... whole ... and ... by ... those ... in ... the ... Province ... of ... Alberta ... in ... particular.

The ... agreement ... is ... one ... which ... has ... been ... under ... consideration ... by ... the ... Canadian ... and ... British ... governments ... for ... a ... number ... of ... months ... and ... it ... is ... now ... understood ... that ... the ... agreement ... has ... been ... signed ... by ... the ... representatives ... of ... both ... countries.

The ... agreement ... is ... one ... which ... provides ... that ... Canada ... will ... supply ... Britain ... with ... 160,000,000 ... bushels ... of ... wheat ... during ... the ... next ... four ... years ... at ... the ... rate ... of ... 40,000,000 ... bushels ... per ... year. ... Of ... this ... total ... Australia ... will ... supply ... 70,000,000 ... bushels ... and ... Canada ... 90,000,000 ... bushels. ... In ... addition ... to ... this ... Britain ... will ... purchase ... 6,000,000 ... bushels ... from ... Argentina ... and ... 4,000,000 ... bushels ... from ... Russia ... and ... Argentina, ... two ... other ... countries ... which ... have ... signed ... the ... agreement ... but ... which ... have ... not ... yet ... been ... announced.

The ... agreement ... is ... one ... which ... will ... be ... welcomed ... by ... the ... farmers ... of ... Canada ... as ... a ... whole ... and ... by ... those ... in ... the ... Province ... of ... Alberta ... in ... particular ... because ... it ... will ... assure ... them ... a ... steady ... market ... for ... a ... certain ... number ... of ... bushels ... of ... wheat ... each ... year ... for ... the ... next ... four ... years ... and ... will ... thus ... relieve ... them ... of ... the ... necessity ... of ... having ... to ... worry ... about ... the ... disposal ... of ... a ... certain ... amount ... of ... their ... wheat ... each ... year.

D. F. Belknap Reminisces on Day Back in March, 1906

A ... letter ... from ... D. ... Belknap ... of ... Belknap ... Province ... of ... the ... past ... dated ... at ... the ... town ... of ... Lacombe ... on ... March ... 21 ... 1906 ... when ... he ... arrived ... in ... Lacombe ... on ... March ... 21 ... 1906 ... when ... he ... and ... his ... family ... left ... Calgary ... by ... train ... for ... Lacombe ... and ... finished ... the ... journey ... from ... there ... on ... by ... team ... and ... sleigh.

That ... was ... a ... great ... day ... in ... Lacombe ... says ... Mr. ... Belknap ... when ... he ... reminisces ... on ... Tom ... Jackson, ... L. ... E. ... Reynolds ... and ... a ... few ... other ... old ... timers ... will ... return ... to ... Lacombe ... to ... be ... with ... us ... for ... the ... celebration ... of ... the ... 50th ... anniversary ... of ... the ... founding ... of ... the ... town.

A ... big ... banquet ... is ... being ... planned ... which ... will ... be ... held ... in ... Lacombe ... that ... day ... so ... they ... thought ... they ... had ... better ... be ... there ... to ... see ... that ... they ... got ... their ... share ... of ... the ... food ... and ... drink ... and ... not ... all ... loaded ... up ... for ... the ... return ... trip ... to ... Calgary.

But ... instead ... of ... going ... all ... the ... way ... from ... Lacombe ... to ... Calgary ... by ... train ... and ... then ... back ... to ... Lacombe ... by ... train ... they ... thought ... they ... had ... better ... go ... by ... the ... railroad ... crossing

Spruceville

MRS. RUSSELL Mrs. Wm. Hamilton was a visitor with J. J. Bell for a couple of days the past week.

Mr. and Mrs. Clarence Rasko and Lenore the Pentland district were guests on Sunday the 13th March at the Shaw home. Sixteen members and friends were present to bone Mrs. H. Smith, Andrew's home. Lunch with Red Lines left on evening. A number of games were played with the afternoon.

A general oil feed mill is now in operation and a patient on the line. Just commissioned with flowers.

The meeting voted at Invermere on Sunday.

Mrs. Perkin and W. Barnes of Lacombe were the week-end guests of Mr. and Mrs. Bell.

Mr. and Mrs. C. Hackett are spent a few days with Mr. and Mrs. Mervin Hollier and family.

Mr. and Mrs. James Rasko and Dennis of Bentley were guests of Mr. and Mrs. Hackett on Sunday.

Mrs. Perkin and W. Barnes of Lacombe were the week-end guests of Mr. and Mrs. Bell.

The April meeting will be held at the home of Mrs. J. I. Wood on Thursday the 7th. The subject for discussion is the Good Literature.

Lakeside-Canyon

LAKESIDE-CANYON A meeting of the ratepayers of Canyon school district was held on Wednesday of last week. The purpose of the meeting was to discuss the engagement of a van to transport the school children to this district. The van will run all season. Voting was practically 100%.

William Hendrickson is arranged home from the city after spending the winter at the Coast.

Jos Mills from Edmonton spent the week-end at the A. Bauer home.

The card party, sponsored by the Ladies' Aid, was held on Friday last at the home of Mr. and Mrs. H. Tie. Proceeds, which were in the sum of $40.00, will be used to purchase a piano. A pleasant evening was had by all and the party was enjoyed by Robert James and Mrs. Gordon Call, commissioners for Brow Lindsay, Mrs. Bauer and Mrs. Henderson.

Mr. and Mrs. Merton Booth returned home on Tuesday of last week after visiting for the past two days at Elm Lumsden.

Mr. and Mrs. N. Brooks and Kenneth spent Sunday last with Mr. and Mrs. Lesley Bailey and family.

Mr. and Mrs. Carroll of Bowden visited Mr. and Mrs. W. Lee over the week-end.

Mr. and Mrs. A. Sinclair and family visited Mrs. Sinclair's mother Mrs. Thomas, at Bowden on Sunday.

Perhaps the public would be interested to know that the Bell Avenue Telephone was divided into two lines on Friday 18th. Previous to this place at the north end, two miles south of Lacombe. Those who live north of this corner originally on the 31 line are now on the 29 line.

Mr. and Mrs. John Nicholson of Spruceville and Mr. and Mrs. D. Jaffray were visitors at the Robert Hutchison home on Sunday.

Mr. and Mrs. M. Booth motored to Penhold on Friday to visit with Mr. and Mrs. Ed. Woodrow.

L. H. Woodrow from Calgary has been visiting with his brother and family E. P. Woodrow.

Women's Institute Hears Talk From Home Economist

The home of Mrs. J. Muller and Mrs. W. Bentz was open and welcomed the Women's Institute who spent an afternoon, when they were hostesses to the W. I. on March 16. There were sixteen members and one visitor present to hear Miss H. Smith, district home economist with Red Deer, talk on nutrition and clothing. A number of games were played with the afternoon.

A general oil feed mill is now in operation and a patient on the line. Just commissioned with flowers.

The meeting voted at Invermere on Sunday.

Mrs. Perkin and W. Barnes of Lacombe were the week-end guests of Mr. and Mrs. Bell.

The April meeting will be held at the home of Mrs. J. I. Wood on Thursday the 7th. The subject for discussion is the Good Literature.

Discover Tests Dug-in Jungle

(Continued from page 1)

Dr. Dixon left discoverer of the new drug Antrycide Dawes's hopes are that this drug will make African cattle immune to the tsetse fly-carried sickness which kills 3,000,000 cattle yearly. Scientists estimate the Thousands the progress of the test with him on the pasture is sensitive Britain. R. B. Freeman, senior veterinarian, and Dr. Ian Brown, Africa veterinary research organization in Antrycide proves successful, a 4% million square miles food production during area will be opened to African peoples.

Baseball Club How To Organize Next Week's Meeting

First baseball meeting of the year is to organize next week. All the town and district will be present at the meeting of the Lacombe Hotel next Wednesday March 30, at 8:00 p.m.

Secretary of the Lacombe manager Bruce Brogar states that a first-rate team from the only way to organize. Any one who is interested that all those interested at this meeting will turn out to help push the season's campaign.

It is generally felt that a good team is going to help to develop some town talent.

A good league embodying last year's team as a prospective league for this season Bekville, Red Deer, Innisfail, Penhold, Clive and Lacombe were the competing teams last year and Penhold the championship winner.

A bigger league meeting is scheduled for the following week, and it is expected all the towns will be represented.

Local citizens interested in baseball are urged to attend next Wednesday's meeting and throw in their two bits' worth.

Bentley

BENTLEY Miss Lois Blair and Mrs. Ida Dickson motored to Vancouver where Lois expects to make her home. Mrs. Dickson will visit with them for a couple of weeks.

Mr. and Mrs. H. E. Woolgar, Mr. and Mrs. Geo. Montgomery and Mrs. G. A. Wright, were visitors to Red Deer on Monday last week.

L. Bauer was hostess to the Ladies' Aid on Wednesday afternoon when Lilly expects to make the Misses

60 Mile... It Could Be Worse

CITIZENS of Lacombe may be slightly dismayed to get the report of paving lately into print on the lower 4 of 60 mile trail rate. They needn't be late about it . . . completeness has very little to pretty well in keeping with the times. It hasn't considered what they are badly off, just take a look at Brooks or Vulcan. Both this year if 62

For that matter most other towns are paying along the same kind of scale as rough valley Many are much worse off, and apparently the roads most of which were properly installed during the war years, but almost are being completely Because the better members and better school facilities has surpassed a bond campaign. Republic servants are becoming a matter of paramount importance to the public and to those that is all widened road to the individual which would be thrown up in favor. Views are the items which governs the extent of a town's all else. These towns are running from the floor until the taxpayer runs

The high cost rate and goes to accentuate the position in which this and small towns and countries find themselves. There is a lot to be said both sides of the question. How can any local administration keep up with the road maintenance requirements demanded in a community when its sources of income are limited to property and business taxes? Effective grants are necessary from both either government and there should be no doubt about that. Until that happy time will arise like Lacombe will continue to have around 60 mills or more

It ought to be said here that the local town council is doing an excellent job with the limited resources at hand. It has hardly been blamed in the time when a certain appropriation could be set aside annually to cover the down-town street repairs—work demanded in a community when its sources of income are limited to property and business taxes? Effective grants are necessary from both either government and there should be no doubt about that. Until that happy time will arise like Lacombe will continue to have around 60 mills or more

It ought to be said here that the local town council is doing an excellent job with the limited resources at hand. It has hardly been blamed in the time when a certain appropriation could be set aside annually to cover the down-town street repairs—work demanded in a community when its sources of income are limited to property and business taxes? Effective grants are necessary from both either government and there should be no doubt about that. Until that happy time will arise like Lacombe will continue to have around 60 mills or more

In the matter of last, control has followed the patronage pay-as-you-go policy all through these boom, good war years. Thus, the town is in the commendable position of having a negligible debt The $50,000 two year sidewalk construction is good to. The $7,500 main-drift town office is good for The $4,000 main highway through Lacombe is good for. It's a new position to be in

While campaigning recently on the above amendments of town affairs, the first proposal to the town councillors should not be overlooked. In spite of tight times, the people have turned through an notable fashion. No less than 97% of the 1946 tax roll has been paid. Lacombe has one of the lowest taxes on arrears figures on the province. Every businessman knows outstanding accounts are a nuisance and a drain on business vitality. The town hasn't had those worries, and has been able to carry through the year's plans to support dollars available, without having to resort to borrow per collected and sink the town in a sea of debt and accounts receivable

Now to the proposed improvements for the new year. There isn't much planned, because there isn't much money. But council does hope to spend about $4,000 on sewer installations, again out of only for expenditure. This project is all to the good. It is a threat to many building facilities for many years, as town and residents have a right to expect services of this kind when they are willing to help pay for them

Another plan which we wholeheartedly approve is the review making up on sidewalks and automobile parking. This job was one which, was brought up at council last year, but through other business or lack of initiative it was never brought into view. We would make it new investment, especially in the business section. But council does hope to spend about $4,000 on sewer installations, again out of only for expenditure. This project is all to the good. It is a threat to many building facilities for many years, as town and residents have a right to expect services of this kind when they are willing to help pay for them

Farming Notes

(From the Provincial Department of Agriculture)

Controlling Ergot

Ergot is one of the most prominent and important diseases of rye. It is also fairly common in barley and there is occasionally a trace in wheat but very rarely occurs in oats. Grasses including climate wheat, crested wheat, quack, brome, and timothy are also susceptible.

It is caused by a fungus (Claviceps purpurea) that can be identified by large dark purple bodies (sclerotia) which develop in place of the kernels. The host on right front ergot results not only in the replacement of kernels by sclerotia but in ergot bodies not able to use the fact that many growers which do not develop the ergot bodies are neighbors on the fungus and that led to harm has been. Further losses to the farmer arise through lower grain losses being paid for grain containing ergot and through its poisonous effect on livestock.

The following measures if followed will help materially in reducing ergot infection:

1. Plow deeply following a diseased crop in order to bury the ergot bodies.
2. Avoid thin seeding of rye and barley.
3. Rotate rye or other susceptible crops with non-host crops such as oats and legumes. Destroying weeds which are susceptible to ergot, such as wild rye grass, quack grass, and timothy.
4. Allow grain margins and field edges before the flowering period of the grain.

Pasture and Hay For Bread Sows

Prosperous town girls and brood sows need everything that is supposed to make for general pep; pigs also something extra. What that extra is nobody knows exactly, but Dr. L. M. Winchester, department of animal science, University of Alberta, advises that whatever that extra something is, it is supplied by two feeds that can be grown on the farm: pasture and alfalfa hay. Fresh grass is the best source, but alfalfa has a good deal if fed at a level of 15 of the winter ration it will meet the purpose admirably.

Pasture and good grass hay preferably alfalfa are essential feeds for growing herd gilts and for pregnant sows. A standard brood sow requires about four pounds of alfalfa hay or its equivalent during the winter and for the longest gestation season on good pasture. Pregnant sows get hay dividends in longer cleanings, and healthier litters born and reared.

Weaning to Cream Producers

If you are a regular producer of top grade cream, you need not be unduly concerned about overrun. But if you are leaving trouble at marketing top quality cream, take special note now that storm warnings indicate rough weather ahead.

Common events cast their shadows. Officials of the Dairy Branch point out that a couple of cloudburst have already occurred in July of the first business in the form of gray decrease in top quality cream. A drop of 1% in butterfat for the grade cream occurred on Prince Edward Island on the days for the cities of cream are interrupted. Why? Because best cream must be occasionally made from low quality cream, is usually losing place in comparison on commercial tables.

The solution? Practice all the rules of cleanliness combined with prompt and efficient cooling of the cream you produce. Make a special effort to deliver your cream sweet and clean flavoured.

Reflection of the Times

High Taxes

Town ratepayers are concerned over increasing expenditures for municipal and school purposes. The 1948 mill rate was 62 mills, which is rather steep. Assessed values approach a total of a million dollars which is more than double that of ten years ago.

The marathoners who were on the pool of condition lined up as follows:

Experimental Station
R. B. Stollar, F. B. Stewart, H. W. Leggett (47), J. Bonthoff (48), A. D. Bell (49), H. Allen (50), A. Wilkes, Total 33

Lacombe Experimental Station
Allen (44), S. Wilson (45), B. Blain (51), E. Hann, A. Avery, J. Brooks (52), W. Beirne (49), A. Chiswell, Total 33

From The Files of The Lacombe Globe

Five Years Ago

Lacombe Experimental Station was host to a meeting of the Alberta Horticultural Association on March 25 and 26. Speakers were Dr. L. C. Marshall, Dr. Wm. Rowan, Dr. Wm. Hopkins, Dr. Wm. Hopkins, Dr. Wm. Hopkins

Local Farmer Pays $2,000 For A Purebred Bull

[illegible] well known farmer and stock breeder of the district, paid two thousand dollars for a purebred bull at a local sale last week.

At the Edmonton bull sales and sales Mr. Pettinger paid $2,000 for a purebred bull. It was the highest price ever paid for a bull at the sales in Edmonton this year.

Mr. Pettinger told that was the first time he had ever paid such a high price for a bull. However, Mr. Pettinger said he was satisfied because of the show he was bred to William Metzing of Chipman.

He said his price of the sale was $1,000.

IRRIGATION EXPENDITURES

The federal government has announced $2,000,000 for the development of irrigation and water conservation projects in the prairie provinces this year. The amount is to be divided as follows: St. Mary's project $2,000,000, Bow River project $2,000,000, Swift Current project $2,000,000, Lethbridge project $2,000,000, Medicine Hat project $2,000,000, Bow River project $2,000,000, Swift Current project $2,000,000, Lethbridge project $2,000,000, Medicine Hat project $2,000,000.

Should Forward Wheat Certificates For Extra Payment

Farmers holding producers certificates between the dates of August 1, 1948 to July 31, 1949, and August 1, 1948 to March 31, 1949, should produce them to their local elevator agent.
This word came from the Canadian Wheat Board conference, and it is a prudent and timely effort to pay farmers the 20-cent adjustment payment for each bushel of wheat sold as soon as possible. Certificates are required until.
Once farmers produce these certificates, local elevator agents can make out the requisitions forms and forward them to the paying organization of the wheat board for the additional 20-cent per bushel.
The payment, as outlined at a previous issue of The Globe covers the increase in the board's quota which grew from 21.36 per bushel to $1.56 per bushel basic price for Northern Wheat in store Fort William-Port Arthur. It applies to all wheat delivered from August 21 1948 to March 31, 1949.

Lacombe Garden Club Notes

By M. T. Eaton.

Flowers and vegetables, when started indoors, are often destroyed on the seedling stage by a damping off which attacks the plants just above the soil surface. This disease is known as damping-off and is caused by a fungus that under favorable conditions may destroy a numerous seedlings in a single night.
The conditions that favor damping-off are excess of moisture in the soil and air, poor light and higher than necessary temperatures. It often follows heavy watering of a seed bed or flat that has been very dry longer than advisable.
As soon as damping-off is noticed, the healthy plants should be pricked out and transplanted into fresh soil. Perfect drainage is again and with ample water for all and fresh air are greatly encouraged.
A number of organic control preparations are on the market that can be used for the control of damping-off and are also very effective in both treatment and aid for chloration. Among the best known of these preparations are Semesan, Semesan, and Spergon and should be used according to the various manufacturers directions.

Welcome to Canada's Tenth Province

On this historic occasion, as the "Oldest Colony" takes its place as the youngest province under Confederation, The Royal Bank of Canada extends greetings to the people of Newfoundland 1497-1949

Since 1899, The Royal Bank of Canada has been established in this historic Island. Our main branch in the capital has been doing business longer than any other branch outside the Canadian mainland. Today we operate three branches in St. John's, five others in the Island and another at Goose Airport. The knowledge and business relationships built up during more than fifty years in Newfoundland will be devoted to furthering trade between the two provinces . . . developing to their mutual advantage the economic boom of political union.

THE ROYAL BANK OF CANADA

Over 700 branches throughout Canada's ten provinces—in the West Indies, Central and South America, New York, London and Paris. Head Office: Montreal.

Board Decides Alter Position of New School Slightly

Lacombe school board decided to alter their site slightly on the new $250,000 school. The new high school at a special meeting, after the invitation to the general public to attend.
The school will still be built just east of the present one but it was agreed that it should be moved a little further east and closer to the highway than was originally intended. Framing the new school closer to the highway will cut down the sidewalk and road area. The new site has a longer sweeping
Other matters pertinent to the building of the school was discussed. All board members were present, chairman, J. E. Wetmore, K.C., A. M. Frizzell, J. H. Mercer, C. Fane C. Hay and school principal C. R. Peters.

PROPOSED ENLARGEMENT of the Red Deer Municipal Hospital District NO. 15

TO THE RATEPAYERS OF THE M.D. OF RED DEER NO. 56 AND M. D. OF LACOMBE NO. 64 RESIDENT IN THE AREAS DESCRIBED HEREUNDER IN THE NOTICE OF POLL

It is proposed that upon which you will vote on Saturday, April 9 1949 next for the Hospital District as established by the present Red Deer Municipal Hospital District. The Hospital with a building and equipment about $200 000 is now owned by the people of Red Deer. The Hospital is operated under the regulations of the Department of Health of the province of Alberta. The Dallas Trail have agreed to do this because they realize the urgent necessity for an enlargement of the present Hospital to meet the needs of the district. The additions will include a new maternity wing, a fourth floor, and up-to-date kitchen and dining room and children's ward. In fact will be fully modern and up-to-date.

The Provincial and Provincial Governments are combining to give construction grants of $2,000 per bed for new Hospital construction B. a. grants of $1,000 per bed for renovations. The estimated cost of construction and equipment of the new addition is $300,000. Farm lands DO NOT form the basis of assessment for Hospital purposes. The costs are spread proportionately among the City of Red Deer and the rural areas. Agreements will be made with towns and villages within the Hospital District for hospitalization of their residents at per diem rates. The Town of Lacombe will still pay only $1.00 per day as compared with non ratepayers fees of $5.00 per day. The estimated cost per property assessment is $3.00 per $1,000.00.

If you wish to be assessed of Hospital Services at all times support the plan to be put to the ratepayers on April 9.

THE FOLLOWING PERSONS MAY VOTE

(a) All persons liable for taxes under the Municipal District Act

(b) The wife, husband sons and daughters at least twenty one years of age of such persons residing with such persons within the District.

(c) In the case of a corporation the owner last assessed for taxes, or the agent for the owner last assessed, to appoint a declaration on a form in writing.

VOTE AT THE POLLING STATIONS LISTED BELOW UNDER YOUR LAND LOCATIONS

"Mixed Farming Gives Best Return" - Local Agriculturist

Where summer fallow is made necessary from the standpoint of conditions encountered, a mixed farming program offers greater returns per acre than does a grain, allow reduction according to Dr. Shelton of the Dominion experimental station Lacombe.

At the local station the long term average profit from a one year hay-grain rotation was $8.39 per acre, compared with $6.19 from a three year grass-grain rotation in addition to the higher yields of lower crops the former rotation has a very definite effect on the control of certain weeds particularly the annuals such as Tumble Mustard, Stinkweed and false flax, which are very serious. Continuous grain growing definitely increases the number of these weeds.

Mr. Shelton points out that the most profitable rotation is one in which three years of hay is followed by three years of grain, which is the rotation he has been following at the station. This rotation has the advantage of using a grass legume mixture instead of pure timothy.

Alix

ALIX — Mrs. D. Westmark is a patient in the Lacombe hospital undergoing a medical treatment.

Mrs. Dan Hughes came down from Edmonton to spend the week-end with her family. Mrs. Hughes is employed in the office of the Provincial Treasurer.

Mr. and Mrs. Charles Hughes motored to Edmonton on Wednesday.

Mr. and Mrs. J. Hughes and family motored to Edmonton on Wednesday.

Mr. and Mrs. Charles Hughes motored to Edmonton on Wednesday.

Mr. and Mrs. J. Hughes and family

Social and Personal

AROUND THE TOWN

Mrs. George Weaver spent the week-end visiting Edmonton.

Mrs. A. Hoag was a Edmonton visitor on a recent day last week.

Mr. Ted Warnke and Mr. R. Hamilton were Edmonton visitors on Monday.

Mr. Ted Telford of Penhold was a Lacombe visitor for a few days recently.

Group 1 of St. Andrew's United Church will meet next Tuesday at 2.30 p.m. at the home of Mrs. Stewart Fraser.

Mr. H. C. Brown was on Edmonton visitor this week.

Mrs. J. A. Gunn and son, Allan of Welsh, Alta. are guests at the home of her parents, Mr. and Mrs. E. Bowes.

Annual county campaign is being sponsored by the Lord Lacombe Chapter I.O.D.E. respectively. On the week of April 11 to 16 members will gladly be received by any member of the Order.

Mr. and Mrs. Ken Montgomery and Mr. Allan Montgomery of Calgary, visited friends and relatives in Lacombe recently.

Mr. E. Powell returned last week from Vancouver and Victoria where he spent a week on business.

Mr. J. group of the United Church will meet at the home of Mrs. F. G. Robinson on Tuesday, April 12 at 2:30 p.m.

Mr. W. Grant, Mrs. E. R. Williams and Mr. Raymond Grant spent the week-end in Calgary.

Miss Florence Kennedy, R.N. and Miss Arlene Olsen, R.N., returned to Lacombe on Monday evening, after taking a special three-day course on nursing at Edmonton.

On Good Friday, April 15, at 11 a.m. a community Good Friday service will be held in St. Andrew's United Church. Rev. J. J. Waterson, minister of the Baptist Church will be the speaker. All are invited.

Mrs. A. Bright spent the week end in Stettler with her sister, Mrs. E. Sigsworth.

Mrs. C. A. Walker, F.T.C.L. went to Edmonton last week to lecture in music to members of the B.C.A.F. band.

At the regular meeting of the W.C.T.U. in the Baptist Church April 12 at 2 p.m. officers will be elected for the coming year. Members are also reminded that their subscriptions will be received for the A.B.S. meeting which is to be held in Saskatoon in August.

Blackfalds

BLACKFALDS Mr. and Mrs. J. Rogen and Mr. D. Rome of Bold were visitors in Edmonton last Thursday.

Mr. and Mrs. Kirkness and Kathleen spent last Tuesday in Calgary. Kathleen left on Sunday to take a course at the C.P.R. telegraph department in Calgary.

Mrs. A. E. Norton returned to her home at Prince Rupert Friday after a short visit with relatives here.

Miss Beatrix Gross returned to Calgary Sunday after a two week's vacation at home.

Audrey Mills of Vancouver Washington, recently received his discharge from the U.S. Airforce. He is spending a month's holiday at the home of his aunt, Mrs. Roy Bowling.

Mr. and Mrs. J. Rogen and Deanne spent a couple of days in Calgary this week.

Mr. and Mrs. H. Cadger have moved into the house owned by Mrs. T. Duckworth.

Congratulations to Mr. and Mrs. T. Stephenson on the birth of a baby girl at the Lacombe hospital March 30.

Sunday

SARGENT Mr. and Mrs. S. Ferguson were Sunday visitors of Mr. and Mrs. Ken Kosher.

We are sorry to hear that the Sterling baby is back in the hospital. The huge 8 calf cows is rather upset.

Norman Verge is back after spending the winter out west.

The wood-cutters have been busy down in "Dogpatch." Three cars came home laden (?) with wood, too.

We are sorry to lose the Foley family. They are moving to Claresholm.

Mr. and Mrs. Shelley were Edmonton visitors recently.

Well drilling is proceeding on the G. Gerbrandtner farm.

Miss Jean Cox is home for a few days. She graduates from the Edmonton hospital in Calgary next month.

Congratulations to Bob Cox, who graduated recently from the Olds Agricultural College.

Glen-gyro Re-leader spent the week-end with Lorna Cosser in Clive.

The water still seems to interest the farmers, who will soon be busy on the land! Spring seems to have completed the cursor. Very reports found a beautiful yellow and black butterfly Sunday.

School Hi-Lites

by Robert Wright

We have heard many reports of accommodations on the parts of a number of students and teachers on the absence of cupcakes to celebrate the "Blessed" event. David's thought he'll at least remember the English test.

April Fool

April Fool's day was well celebrated at L.H.S. with trails ranging all the way from fictitious petitions to anonymous phone calls and peasantry tests. We have even heard a rumor that a couple of the more wary interviewers of teachers under the pretense of collecting information for the school paper, which information would hardly have much of a bearing on the finished product.

Study Worries

Those final matters are now starting. Already the dates of the Night and Graduation have been set at May 13 and 20 respectively and only a few days after grade twelves were telling them. Some ambitious grade nines from Sent ago will be that all required plans. "Gee what why, didn't I start studying last September instead of now?"

Hard Times

Nothing counts now but the opposite" is the main cry of the school these days, as the general tension finishes off its final week before Easter. A great many students have been held every school night for the past two weeks, and still continue now too, every week. First night of the event will be Monday night's "Kadoodle parties" with the two main participators on Tuesday and Wednesday night.

Shower Last Week For Miss May Rusk; Bride-Elect This Month

A shower was held in honor of Miss Mary Rusk, bride elect of this month, at the home of Mrs. R. D. Vandlook on Wednesday evening, April 6th. There were ten on-hostess.

Many games were attended. Odds were presented on a novel manner, brought as a prize by Mrs. Cash Pauls, where all the prospective groom is presently employed.

A delicious lunch was served.

SOCIAL EVENING

Rev. and Mrs. H. P. Marston were hosts to the Young Adult group last Sunday evening. Dr. S. Marston gave a forceful, if lamenting address on prevalent free dentistry and later Mr. Marston and Mrs Albert Wilton played two musical selections which were greatly enjoyed.

District Wedding Bells

MATHESON MELSON

A very pretty wedding was ceremonied at the Rocky Creek United Church on Sunday April 3, when Betty Mildred Olive Melson, second daughter of Mr. and Mrs. Fred C. Melson of the Rocky Creek district, became the bride of William Olive Matheson, second son of Mrs. J. Martin of Red Deer and the late Mr. Martin and Rev. J. Armstrong of Red Deer performed the ceremony.

Entering the church on the arm of her father to the strains of Lohengrin's Wedding March, played by Mrs. Fred Melson, the bride looked lovely in a fine taupe model of crepe over satin, a fitted jacket and cut work design edging the neck yoke and upper part of three-quarter length sleeved sleeves.

Her elegant veil was held in place by a halo type headdress and her only ornament was a string of pearls, a gift of the groom. She carried a bouquet of red roses.

Mrs. Lorne Cobelin, sister of the bride, looked charming in blue and wore a floor length dress of pale taffeta, with matching floral head band and carried a bouquet of rose carnations.

Miss Betty Nelson, cousin of the bride as bridesmaid was dressed in a floor length dress of blue taffeta, with matching head band and mitts. She carried pink carnations.

The groom was supported by his brother Mr. Ian Matheson, of Field, B.C. Mrs. Fred C. Melson acted as ushers and during the signing of the register Mrs. Floyd Nelson played "I Love You Truly."

Following the ceremony a reception was held at the home of the bride's parents, where the bride received lovely gifts.

For the out of town guests the bride's mother entertained at a dinner party on Saturday evening.

The bride's going away outfit was a navy blue suit with navy accessories.

Mr. and Mrs. Matheson will reside on the groom's farm at Red Deer.

Out of town guests were Mrs. Floyd Nelson, Mrs. J. Duncan, Miss Thelma Thompson, Lacombe; Mrs. T. G. Golden, Lacombe; Mrs. Perry Tom, Mrs. A. Bell, Lacombe, Mrs. T. Walker, Lacombe, Doreen Howe, Lacombe.

Janet Stempniewicz, Clive; Mrs. E. Shelton, College Heights; Mrs. Robert Whitfield, Adv.; Mrs. J. Turpchuk, Norberry; Mrs. J. Buck, Lacombe; Mrs. George Sem, Clive; Mrs. Jim Hall, Lacombe; Mrs. Lawrence Wilson, Lacombe; Mrs. Roy Bass, Lacombe; Mrs. Jean Smith, Bentley; Mrs. A. G. Harrod, Lacombe; Mrs. Chappell, Mrs. J. E. Sims and baby, Lacombe.

Local Agriculturist To Show Films Next Week at West Branch

Local district agriculture Lloyd Rasmussen will be on hand at the West hall hall next week to have showing at the West Branch school next Thursday evening, April 13, commencing at 8:00 p.m.

The pictures will deal with soil types, and other aspects of western farming.

Following the pictures, there will be a shadow contest in one of the games Red Cross Ladies are requested to bring lunch.

When anyone has offended you I try to tell you must be high that the offense caused you pain.

Remember, Christ Jesus commanded us to forgive our brother seventy times seven.

Whether or not I forgive is a matter of my own conscience.

Whether you forgive me or not is your own business.

Mrs. Fred C. Melson

May Try Farm Brow Band For Cadets in Lacombe

Prospects of forming a band around the nucleus of the Lacombe cadet corps were revived at a meeting of the ratepayers' association in the town hall on Monday night.

Several difficulties lie in the way of such a formation, not the least of which is the cost of brass instruments.

The board has in mind possibly a 30-piece brass band, and it is reported leaders can be obtained and the price of instruments is quite reasonable. The board could probably go ahead with the idea.

It would be necessary to call out some sponsor for the annual rent, but it is thought possible to pay this sum back on a per capita basis through the annual grants which would come to the cadets from headquarters.

Civic Enterprise

LACOMBE'S war memorial is going ahead and with high may be ready for occupancy this year. It needs to be that way especially for some of the services which were done for returned men, but which was of no material value. Most returned men following this war have adopted the idea that a memorial could serve its purpose and still be a useful and beneficial institution to the community. The University of Alberta is presently constructing a new memorial students union building. At Ad hoc hockey leagues the hospital have memorial awards among goals which are a good asset to the recreation and improvement of its referees. Here in Lacombe we have described on a community centre as the town of a hall and skating rink.

One of the most encouraging signs in the long, difficult struggle toward completion of the project has been the solid contributions made by the majority of town and district citizens. They have given many generous hours to volunteer labor and have donated funds to the big grind and some of the more energetic have taken upon themselves to sponsor various projects in order to raise additional money. Proceeds to the M.D.C. as a commonplace picnic these days.

What is all done and paid for there will likely be plenty of us who will be out to inspect these acquisitions outside. "H.H.C." But in the meantime let's stick to it.

Here we stopped to realize our tribal Lacombe will have when the M.D.C. a hospital? We mean, of course, the term as a major hospitalization centre a new school will be here, training us in the educational curves we will have a laboratory permanently built to give an added prestige to the recreational and civic build.

This is something for the future, but it should be a spur to all of us to see that the "M.H.C." is completed as soon as it can be and not allowed to drag to drop to a whisper through discontent or apathy.

Drivers' License Regulations

WHILE there has been no official announcement, rumors and recommendations support the Government present in declaring that legislation will be introduced this year to tighten the regulations governing licenses. We think the appointed to see there was no discussion on the subject before dominion-wide last week, but perhaps it will come up at the next sitting.

Certainly some action is long overdue. At present ignore prove a good share of licensing careless young, inexperienced drivers. Frequently they are blissfully ignorant of the most rudimentary rules of the road. Yet it has been government policy for year after year to issue drivers' licenses indiscriminately with the sole prerequisite that the applicant be at least 16 years of age.

A statute which ensured that a first applicant was physically fit, for example and able to pass an eye test, would be welcome. It would also be on the public interest to make compulsory a thorough examination of highway regulations by the first-time motorist.

You don't grow a new woman reared a plate and tell him to take it away without showing him the working rudiments first. An automobile can be equally dangerous on the ground, and the novice should be acquainted with the rules and physically fit to comply with them.

North Atlantic Security Pact

PRESIDENT was set in American military history this week when the United States and Canada affixed signatures to the north Atlantic treaty alliance Both are now obligated to come to the aid of the several European treaty nations with force if necessary in the event of an unprovoked attack by another country.

The implications of the pact are a far cry from America's old isolationist policy based on the famous and now forgotten Monroe doctrine. It places important responsibilities, too, on the shoulders of Canada. But what it really means, in effect, is a new kind of defence pact against Russia's latest efforts of expansion.

Communism relishes confusion, distrust and fear now so prevalent in the minds and hearts of European peoples it flourishes and grows in the fertile ground provided by the post-war whirl the giant struggle of government leaders to regain peace time footing and the general poverty of the European masses Already many of the eastern countries have been swallowed up and withdrawn behind the iron curtain Western Europe is apprehensive but the same late overtake

But the north Atlantic pact giving certain security guarantees to some 10 western European nations including the Scandinavian country of Norway will go a long way to dispel these fears and clear the air Western Europe now knows America is willing to give more than lip service and more moral support A military bulwark has been constructed which, it is hoped, will be so strong that Russia won't dare cross the line or we'll step on your toes We now have the combined power to do it.

Farming Notes

From the Extension Department of Agriculture

Test Grain Before Planting

W. Loftus, supervisor of crop production, suggests that test rate tested of grain be used should estimate unfavorable this spring. Besides being cheap and easy to apply costs need determine bushel - bushel - acre and only varieties test should tested but overseas germination by using using some of the test tests to determine. Germain II for example will prevent loose or shriveling seed of wheat, oat and other tests grain of variety also need of oats, and will also provide some protection against root rot. Germain "S" is an improvement over the old ceresan in that it is particularly odor free and greatly reduces the hazard of skin irritation.

Mr. Loftus says that organic mercury dusts such as ceresan and leytosan should be used at a rate of ½ ounce per bushel of seed. However rates should be doubled some seed may be injured if too much chemical is used. Before applying the chemical thoroughly clean the seed to remove most bulk, weed seeds and shriveled kernels.

Dry grain may be treated any time now. But dry and soft are not treated at least two weeks before seeding. Damp grain must be dried before treated shortly before seeding, but these chemicals in general 2 of hour 24 hours before seeding and planting. All treated grain is poisonous. It should not be fed to livestock nor used for milling where commercial purposes. Treated grain may be fed one of a month will prevent exhaustion of the dust.

Seed treatment costs only a few cents per acre and treatment with chemical compounds pays good dividends in disease free crops and increased yields.

Note For Beekeepers

To ensure early arrival of bees, by early May at the latest, beekeepers are advised to place their orders without delay. Late orders mean late delivery and late delivery means small honey crops.

W. G. Bellamy, provincial apiarist, advises that in preparing bees, combs containing only worker bee cells are selected for the brood nest. These combs should contain pollen and honey to supply food for the newly hatched bees. The recommended beekeepers place at least one comb of pollen and about twenty pounds of honey in the brood chambers. As each other brood leaving a one inch space, a void letting cover and not. one brood complete the assembly.

It is well to have each hive prepared as described and started as a insisting that can be hunted. When the bees arrive the hives can be placed in their summer locations and the bees installed quickly while the hives are still warm.

These precautions, says Mr. Bellamy, reduce queen losses during spring and greatly aid colony build-up for the honey flow.

Reflection of the Times

"Wild and Wooly West"

A story appearing in last week's issue of The Medicine Hat News, is sure to cause a chuckle in the West certainly hasn't gone soft, and the people have still give the impression that at times the are surely a wild and wooly

The story concerns a resident of High River who was out riding horseback sighted a cow-boy and something his friend in an automobile and roped the startled. This in itself was no news accomplishment, but in the course of the affair the roper and the roped another experts and most a hostel child with a tight loop about its neck. Deep over was a serious handicap to the cowboy, and on a good stretch of prairie they might have made their escape.

It has been used by cattlemen in the Medicine district that in the early days a certain cowboy noted for his many escapades one day came across a bobcat or lynx which had strayed far from its natural habitat. The cowboy into his High River contemporary whipped out his hand and dabbed a loop over the wildcat. Then dismounted he promptly put the beast to the ground. Then while his trusty cowpony held the line taut, much the same as if a wild were at the other end of it. With the dead cat on the hitch of his saddle he triumphantly came to town to show the folks the result of his prowess.

No partner, the West said a goon soft nature.

ST. HON. LOUIS ST LAURENT
Prime Minister of Canada

As Prime Minister Louis St. Laurent proposes to make a southern tour of the dominion, and Canadians partake in eating questions about this tour a few facts to advise him.

December 10, 1941: Mr. St. Laurent was appointed by the Rt. Hon. Ernest Lapointe as minister of justice and attorney general to succeed Mr. Lapointe, who died.

September 4, 1942: Mr. St. Laurent's appointment as minister of justice and attorney general to succeed Mr. Lapointe, who died.

August, 1946: Mr. St. Laurent was chosen by external Affairs.

He was deputy chairman of the Canadian delegation to the United Nations conference at San Francisco in 1945. He also served as acting Prime Minister in the summer of 1946 when Rt. Hon. was absent at conferences.

August, 1948: Mr. St. Laurent was chosen by external Affairs as prime minister, at the national convention of the Liberal party.

On November 15, 1948, he became prime minister and president of the privy council.

Letters To The Editor . . .

The Editor,
The Globe,
Lacombe, Alberta.

Dear Sir:

With the advent of spring, when the countryside's fancy lands to turn to thoughts of outdoor advertising, I should like through your columns to draw attention once again to the provisions of the law regarding the erection of signs and billboards adjacent our main highways.

Outside of some one-acre sites, towns and villages, no person, corporation or religious or political body may install any street sign or other advertising or promotional matter so as to be visible from the main highway unless it is on the advertiser's own premises where he intends to do business.

The Board of Public Utility Commissioners may grant a permit to erect a sign, upon application, stating the nature of the goods for sale or the services offered and the location, but they must not let more than 10 feet away from the main building on which the business is conducted, nor may they be closer than 27 feet to the land of the highway right-of-way nor must they be so large, numerous or illuminated so as to be unsightly or objectionable.

Apart from this exception, the only other signs allowed on or adjacent to main highways are directional signs essential for the guidance of the travelling public, for which purpose they may be installed before they are erected.

The erection of signs in unorganized areas or on land adjoining rural or municipal roads is governed by such municipal regulations as may be in force. The provincial regulations outlined above apply only to main provincial highways under direct administration of the province.

Yours truly,
J. H. HOLLOWAY
Director of Town Planning
507 Parliament Buildings
Edmonton, Alberta.

Letters to Editor . . .

Lacombe, Alberta
April 5, 1949

The Editors,
Lacombe Globe,
Lacombe, Alberta.

Dear Sirs:

One young mother to church one month on your editorial request on the congregational meeting of the Alder's United Church held March 23.

It was stated that the Young Mixed Group on the program and games, whereas we feel that the group should be known as the Young Peoples Group.

It was also pleasant all the editorial request and the both of the preparatory work. We on next meeting Miss Frizzell when needed, but throughout the evening felt for more concerted and than voluntary work.

Yours truly,
MRS. JACK ALLEN,
Secretary,
Youth Adult Group

Clean Up

(By Eustace Wily Cartoonist, Alta)

I shall clean out my cupboards . . . nothing will
All dust collecting waste those bits there are.
The old containers, hoarded scraps
Two spare bread, and likely never will
Though yet from past experience I know
Tomorrow smash of it will be there
Wiped off and rearranged, be laugh at me
Making a mock of all my good resolve

I shall clean out my heart, and dust out dreams
Dreams of the past that shall have power to hurt
Be much more sensible to throw out all,
And have tomorrow free of yesterday
Yet as the wraps of dust come curling back
Sometimes behind my broom still linger on
The memories of sorrows I cannot shun
And, to be honest, would not if I could

B.V.C.

Letters to Editor . . .

The Editors,
Lacombe Globe,
Lacombe, Alberta

Dear Sirs:

With the advent of spring, when the countryside's fancy lands to turn to thoughts of outdoor advertising, I should like through your columns to draw attention once again to the provisions of the law regarding the erection of signs and billboards adjacent our main highways.

Outside of some one-acre sites, towns and villages, no person, corporation or religious or political body may install any street sign or other advertising or promotional matter so as to be visible from the main highway unless it is on the advertiser's own premises where he intends to do business.

The Board of Public Utility Commissioners may grant a permit to erect a sign, upon application, stating the nature of the goods for sale or the services offered and the location, but they must not let more than 10 feet away from the main building on which the business is conducted, nor may they be closer than 27 feet to the land of the highway right-of-way nor must they be so large, numerous or illuminated so as to be unsightly or objectionable.

Apart from this exception, the only other signs allowed on or adjacent to main highways are

News From Bentley District

BENTLEY The regular meeting of the reading club met at the home of Mrs. B. B. Garrison on Monday evening. Following the reading hour Mrs. H. Ben was called for treat and presented with $ Westinghouse automatic toaster and a beating pad from her many friends. The Hon. Mrs. Ben has lived here for the past five years and are leaving to them very much.

A number of Jean Hanson's girl friends surprised her at her home on Monday evening and presented her with a sweater. On Wednesday evening she was presented with a mug shot album by the C.O.I.T. group.

Mr. J. Bate was the guest of honor at a tea held at Mrs. Geo. Garrow on Thursday afternoon and was presented with a hot plate and two cups and saucers. Mr. and Mrs. Bate are returning to Mirror to reside. Harold Ben, who has been employed at the local creamery for the past two years, has returned to Mirror a here he will be employed at the creamery.

Mrs. Edson Chesters and Mrs. Peterson were joint hostesses on Wednesday evening when they entertained the staff of the Bentley hospital at the Chesters home. The evening was spent in cards and games. Mrs. Chesters and Mrs. Peterson were assisted by Mrs. Chesters and Mrs. Dyke.

Mrs. Dyke Dodge has been employed on the hospital for some time past is relieved the position of matron.

Casualties Pages in Weather

The week end of Mr. and Mrs. Alcock had the misfortune to get his finger entangled in a grinding machine and was taken to the Bentley hospital. It was found necessary to amputate the finger at the first joint, and graft it on the finger.

Miss Ingrid Stockbrink, who has been attending Canada Business College, is a visitor at the home of her sister, Mrs. H. Smith.

W. Betteridge and R. Smith were both in Sunday to see last week on business. Mr. and Mrs. Betteridge who have resided at Bentley for several months are moving to a farm a few miles east of the village.

Mr. and Mrs. C. C. Brown and family and Mrs. E. J. McNeill of Kelsey were Sunday visitors with Mr. and Mrs. R. McNeil last week.

Miss Bevi Hicks and Miss Gwen Hatten were Edmonton visitors over the week end.

Hans Bee went to Calgary on Saturday and brought back his mother who has been at the home of her daughter Mrs. G. Morehead, for some time. Mrs. Bee returned with them and Mrs. Bee was taken to the Bentley hospital as a patient.

Born to Mr. and Mrs. Reg McVittie on March 28, a daughter. To Mr. and Mrs. Norman Wheeler on March 31, a son. Raymond Lee to Mr. and Mrs. John Van Loost, on April 2, a daughter.

Harper Prowse Discusses Taxes At Lions Meeting

The success from which the present government collected $1,700,000,000 in taxation and the basis for that collection provided the subject of an address Hon. Roy D. Harper Prowse M.L.A. for Edmonton and province of Mineral Resources

He was speaking before a meeting of the local lions club in the Lacombe Hotel on Monday.

In 1940 65 the dominion government's total revenue was five billion, seven hundred millions now made up, in part, by one hundred million dollars excess tax, 331 millions, sales tax, 250 millions income tax 771 million corporation tax, 450 millions.

Mr Prowse claimed that the have controls of one province of Canada on the that it should be easy to collect, that any one feels should yield a fairly reasonable tax ways to ways that the citizen should provide a fairly reasonable burden on everyone, and that it should now as logically as possible on the ability to borrow government of the nation.

It is the last two systems which are the hardest to appraise to and How to get an equal burden on taxation to our every person? This strength 10% from the income and such understood, for example But then said Mr Prowse taking $10 from a man with an income of only $100 would hurt him very little taking $100,000 from a mil

This is the present at least the government hates income taxes because such exemptions as now $1,000 single and $2,400 on land and then on a graduated up

And how are we to tax with out hurting the nation's producers? he queried for the time The corporation tax is a pay ment but comes out of profits after and but the people don't seem to realize the results by taken taxation would help lower per gas wages and gas wages does not

Mr Prowse also dealt with the anti-social budget In this type of budget the government tries to control the currency of the country. Such a control means that the amount in in the hands of the public for spending is roughly equivalent to the amount of goods available.

In other words, it attempts to keep the value of the dollar constant He pointed out that today's dollar is all purchase gives only seventeen cents in more than in 1939 it will require $1.00 to buy Because there are more money in the hands of the people to buy goods available, how do prices go

The government on true to control these fluctuations and to manipulate the anti-cyclical budget that income and purchasing power is taken from the public during periods of inflation, through high taxation is now Currently when the cycle is reversed in a depression period taxes are kept low to encourage purchasing

BIRTHS HERE

Friends of Mrs F Ballentine announce the birth of a son at the hospital on Friday. The baby was brought to the Lacombe hospital by Mrs. Ballentine's mother, Mrs. Johnson. Mrs. Johnson, Mr. Ballentine and the baby are doing well at the time of her leaving home.

The next home league meeting will be held on Friday April 22, at 3 p.m. at the home of Mrs. H. J. Vervoort. Hostesses are Mrs. H. Bourie and Mrs. G. Sawyer.

Mrs. B. S. Cameron and Mrs. L. S. Mann attended the I.O.D.E. provincial convention at the Palliser Hotel, Calgary last week.

Mr. and Mrs. Ed. Johnston motored to Edmonton on Saturday last where Mr. Ed. underwent a medical examination.

Mr. and Mrs. Rowena of Red Deer were visitors with Mr. and Mrs. Robert Hutchinson on Sunday.

Mr. and Mrs. Norman of Red Deer were visitors with Mr. and Mrs. Harry Harrison. He was a guest overnight and had a cramp in his right hand. The grocery store was reported by his brother Harold.

Following the wedding a reception for about 25 immediate relatives and friends was held at the home of Mr. and Mrs. Harrison, after which the young couple left for a short honeymoon at Calgary. On their return the will make their home at Lacombe where the groom is employed.

WEDDINGS

HARRISON—MORRISON

Ellen Nellie Morrison, daughter of Mr. and Mrs. Ralph Morrison of Bentley, and Mr. Frank Harrison, of Lacombe, were united in marriage in Lacombe United church on Saturday afternoon, April 9th, by Rev. Mr. Bentley. The couple attended the ceremony.

Given in marriage by her father, the bride wore a green ankle-length suit with brown accessories and a corsage of red roses.

Matron of honor was Mrs. Harry Harrison. She wore a green flowered dress and a corsage of pink roses. The groom's best man was supported by his brother Harold.

Cleaning Up The Streets

ABOUT every couple of weeks, the cycle of the front of our dwelling becomes littered with an astonishing wealth of old paper, from bits to a gaggling envelopes and notices entered. Just as I shuffle and together have a certain clean and sweep up the mess, every couple of weeks it does, over and it's time we had the pavement cleaned.

At last my intention, I would suppose that these careless residents who throw the refuse carelessly into the gutter are the same to blame (certainly) the most common some responsibility that is the little school pupil. Another view that would be to stop to either wholesale vandalism on the part of either where responsible can glance around. Last Thursday was established at either side all through Lacombe's downtown business center would do much to help the serving disgraceful appearance of the cycle. Some precaute have stated even manner of this nature that I have seen on the streets, but they don't look nearly as handsome as heaps and piles of scrap paper mouldering at the side of the road, and waiting through the air at the first suggestion of a wind.

It has been suggested that persons with trucks to throw away should put it in their pockets while walking down the street until it can be properly disposed of in a waste basket. That is a little too much to ask, because nobody being what it is. A permanent remedy is entirely unobtainable, and they should be big enough to handle it would be for. This idea would require the co-operation of citizens, of course, but we believe it would be willingly given when it concerns the appearance

Post - War Adjustments

AND now it's a special course in the colleges the art of poaching eggs! The lessons are being given by a chum of restaurateurs in London, which have been found to their dismay that the two tomorrow that girl ready have lost the knack of poaching eggs. Most of our cooks were at schools when eggs went off the menu in 1941 and one of the adolescents, and now that eggs are in fresh plentiful supply again they don't know how to poach them. There may not be much of a knack in throwing up a delectable egg dish in one eye but Britains are going to have to learn to do that and a lot of other things all over again. The efforts of the two will be felt for years to come even one dome as small as a couple of pounds

The gradual return to the British market for many valuable goods, or goods in short supply is opening wide a lot of startled young eyes and filling others with tears of welcome. Cheese fruit like oranges, lemons and grapefruit, for example. They're back on the table for the first time in ten years—though all of us remember the thrill when the shout of the children in London who queued up for hours at a time at a shop shown for a first glimpse and taste of an banned by producers, and are treats come. It was a time of awe and excitement that memories of grand delight which compare in kicking a thrill, goods league through such a system on a hot day.

And another thing this month we heard of a new London celebration. After a lapse of nine years the lights went on again through out all our [illegible] Thursday night. Yesterday's [illegible] Sunday [illegible] Sunday [illegible] Sunday

Deadline Date For Registration April 30

Agricultural Board Sponsoring Cattle Vaccination to Prevent Bangs

A first year of vaccination of heifer calves against Bang's disease will be sponsored by the Agricultural Board of Lacombe district, it was announced this week by Dr. [illegible] Veterinarian. It is mandatory for registration to have an applicant in every [illegible] calves.

For this reason, responsible veterinarians in the district are pointing out the advantages of the modern quick vaccination method and are urging owners to vaccinate the heifer calves immediately.

The spring vaccine program will soon be underway and many owners have made application through the M.D. offices. All applications must be in the hands of the board of this office's district by April 30.

Veterinarians say, in many districts of Alberta, the incidence of Bang's disease is increasing and they believe the reason is the failure of many owners to vaccinate heifer calves.

The spring vaccine program will soon be underway and many owners have made application through the M.D. offices. All applications must be in the hands of the board of this office's district by April 30.

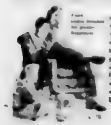
FAITH is a family affair!

FAITH is not just for holy days. Faith is for every day . . . at work, at play, in the quiet times the family has together.

We need faith — and grown on desperately as today. The world is filled with waves of confusion. It is easy to feel helpless and alone. But faith in a Power outside ourselves can be a bulwark of family unity, a shield for family happiness.



Children naturally turn to faith when it is a dark part of the family life. And when they have the real meaning of faith, they will be informed of those who express their faith in other ways.

The home atmosphere is far different when a family stops trying to walk alone, when it puts its place as the biggest scheme of things. It works together for the things it can control — and trusts its Lord for guidance on problems beyond its control. Such a family can't help feeling closer together, more sure of itself, happier.

To keep alive the family's faith calls for a positive plan. Just as you plan for your family's material welfare, floor your family expenses, so faith is a matter of choice. What is important to you is that you do express it!

Farmhouse Portrait in Aldersyde

A portrait of Gen. Dwight D. Eisenhower, [illegible] commander-in-chief of the invasion of America and commander of the headquarters upon of the Royal Army Service Corps training centre in Aldershot Hampshire England to join [illegible] great World War II leaders.

Stuffed Owl Guard Decoy to Attract The Wily Crow

Now that there is a few more [illegible] of the season, it is up to the local hunters to make [illegible] great success. A stuffed owl considered on a home post on a grain field has proven the best bait for luring the wily crow within [illegible] Lance

What method is recommended by experts of Canadian Industry to [illegible] who [illegible] crows? They suggest the stuffed owl be placed some 20 to 30 yards away from the hunter's blind as it will be visible to crows flying from all directions. When the crows see the owl, believed to be the only wide-awake [illegible] to be [illegible] with a gang [illegible] and attack en masse [illegible] an easy matter to [illegible] a dozen or more from one or two blasts of a shot gun.

Some of the most amazing eyesight and ability [illegible] of anything unusual in the landscape [illegible] essential that hunters are certain [illegible] concentrations. They should be built of vegetation native to the shooting area and not [illegible] to attract shooting. Cornfield [illegible] should be avoided [illegible] roads.

To attract crows towards the decoy, crow calls properly employed [illegible] crows' voices effective. The sound [illegible] the calls should contain crows in distress the discovery of [illegible] crows of the crow clan in a crow mourning over one of its [illegible] every [illegible] thought a crow call it is possible to get [illegible] crows [illegible] [illegible] [illegible] it.

Properly done such calling should result and wild and shrill [illegible] such as would a crow that had gotten itself into a mess of trouble and calling on all of [illegible]

the WOODS agree—
Kem-Tone's a Winner!

MRS. DORIS WOOD
39 Doyle Road, Halifax N.S.
"Kem-Tone transformed our dull, dingy paint into a beautiful room. I can really recommend it for it not only re-paints to do such a beautiful job."

MRS. WILLIAM G. WOOD
337 East 10th Ave., Vancouver, B.C.
"A new room appeared in my home after I used Kem-Tone. The results were truly amazing. I left the job to "workmanship"."

Yes, you, will agree with millions of enthusiastic users of Kem-Tone that it is a revolutionary wall finish. Kem-Tone can take 4 dull, dingy walls and transform them into the most beautiful room in your home. Kem-Tone is clean, economical, beautiful, has all the advantages of an oil paint . . . with none of its disadvantages. Try Kem-Tone today . . . it comes in 12 attractive colours and whites.

$4.95 IMPERIAL GALLON
Use either of Kem-Tone or other paint. Send us the empty can with $3.00 and we will send you a full gallon of Kem-Tone FREE.
$3.00

Kem-Tone
TRADE MARK REG.
IMMOBILE WASH FINISH

1. Covers all surfaces — wallpaper, painted walls, plywood, brick, stucco, etc.
2. Dries very rapidly evenly.
3. Dries hard as one hour.
4. One gallon does a large room.
5. Is disagreeable paint odour — one room the same day.
6. A hard, durable, washable surface.
7. A pleasure to put on — no primer, no thinner — spreads like a cream.

Town Tax on 65 Mills

THERE must have been a good reason why Lacombe's mill rate was a modest 65 mills. That reason was the fact that the new town is said to be small. That is a heavy load for the municipality to carry, and the dismal story will be same, regardless as to the size of one's home or property. Taxes grow as rapidly as expenses for the rather modest budget.

Serious residents start wondering all they should economize the mill rate and determine the cause for the long leap from just a few mills. The fault does not lie with council. The hospital certainly does not need a increase; the expenses for an amusement needs more than last year, but even a eight mills is again sufficient to cover this field during 1949.

It is the school and municipal tax between them, that monitors the mill rate near mills. The school takes a big mills of the 65 mills. It is noticed this year will receive almost 30% of the budget with exception a considerably greater portion must it has needed before. However, the office is greatly well economizing with school requirements as in other towns, and hopes that some

But can extent it assume much of the responsibility but Lacombe's highest mill rate Cents are up and along the line, and every improvement planned this year have been installed.

The source for any generation over the mill rate lies with our inequitable tax system, which limits a municipality's taxation powers to a limit but will while allowing greater scope to both the province and dominion. If sufficient points, progress was made to bear on the provincial government for all towns are in the same public some such relief action might be forthcoming.

Others problems are involved at the system of municipal taxation — not at the town council.

THE first indications of the coming of spring are always hard to explain. We turn our noses upward, and sniff at the pungent atmosphere. Warm breezes blow through the air carry a message of promise and hope.

There's an aroma of sweet-smelling earth that presages the countryside. Acres of land which have lain dormant and unkempt much winter's snow suddenly spring to life, cleansed and alive with new force and strength. There's the scent of men ready outside walking up from the basal swamps — considering leaves and grass.

There are signs of spring for the ear and for the eye. We catch the note of a robin's song high in the trees. We see the grass slowly turning green. We watch the buds form on the branches.

It all foretells the approach of spring. It is good to be alive.

Canada's Industry Flourishes

BEFORE the war Canada was on the Asiatic stage in the field of industry. The wheels of peacetime were turning, it is true, but there small wheels and they were turning slowly. Then along came the war. There was an immediate demand for war supplies, and new factories and big machinery mushroomed on all parts of the dominion's map to answer a cinderella nation turning out vast quantities of material for the battlefield will before the stroke of midnight. We were unhindered by bombs or by the menace of attack on land, and our construction was actually greater per capita than that of the United States. The States simply converted their industrial plants from peace to war time production Canada started from scratch.

Some economists believed that the pace of industrial development might slow down, or even halt, with the arrival of peace. Just the opposite has happened. Our factories are busy, skilled workmen are all the better, and production is at or near war-time capacity. The dominion is actually undergoing an industrial revolution which few Canadians recognize.

Official government figures point out an interesting comparison. In 1926, gross national production was $5,000,000,000. In 1947, the figure was over $13,000,000,000. Then, on same years, our industrial capacity has increased by eight billions, or more than two and a half times.

Alberta is fortunate in being able to contribute toward the nation's prosperity with its great oil basin and increasing development of other natural resources like coal and lumber. The Calgary Power Company's great Spray power project is in keeping with the general picture which finds power output increased in the dominion by 20% through new programs of expansion.

Newsprint, and Canadian pulp and paper manufacturing plants account for more than half the world's supply. Our agricultural and farming industries — mines — all play an important part in creating greater wealth for Canada and greater prosperity for its people. We entered this war rich in resources, but lacking in industrial strength. We emerged from the war an industrial giant fourth among all the nations of the world.

Farming Notes

From the Dominion Department of Agriculture

Don't Neglect the Coarse Grains

With the hundreds thousands acres sown wheat acreages the spring, expansion of crop acreage—and I E Bertsall urges Alberta farmers to keep in mind the advantages of coarse grains in rotation and cereal. Although the possibility a variety of grassland on the farm is considered.

Mr. Bertsall points out that the British market will not take all the wheat envisioned acreages of this crop may quickly bring up bumper wheat surpluses and these problems. Coarse grains do well in combined and northern Alberta. Even in southern Alberta, barley will produce more pounds of grain per acre than either oats. The livestock needed for the well balanced farm programme provides a very satisfactory channel for marketing these coarse grains.

If we are to get the best out of our land over a period of years without renewing its fertility, we must not only introduce and use legumes in our forage crops but. It takes careful judgement to provide that balance of grain crops, forage crops and legumes that will best meet the requirements of our soils. The uncertainty of markets the growing build of soil erosion, and the need for good management on farming all serve to emphasize the value of such a plan. Before deciding to follow the usual livestock three wheat, it might be well to consider the farm.

Economics in Bee Management

How the beekeeper can cut down on the time spent working on the hives is suggested by W G McIntosh Alberta's provincial apiarist. He says that greater attention should be taken of the value of combhoney and the retention of old combs in honey supers.

We know for instance that the honey flow commences at Edmonton around June 12 and at Lethbridge around June 16 and should have our colonies up to strength by that time. Given sufficient food and warmth, we know that brood will develop rapidly and that it takes six full weeks to bring up the colony to proper strength.

Mr. McIntosh suggests a schedule suitable to the following. Install packages in the hives in May. If the bees are given enough food at that time they can draw brood for late May and early afternoon. At the end of May add a second brood chamber and supply more food if stores are low. During mid-June check for signs of swarming and part on all the honey supers the colonies may need.

If a schedule of this kind is followed more or gently in the light of the beekeeper's knowledge of local conditions, many hours of work in examining hive of the hives may be eliminated.

Reflection of the Times

Isn't Russia Funny?

There must be after all a vein of humor in the makeup of Russian Soviet heads of state. With a long list of serious and objectionable already to their credit, they have been continuing to play true to type by refusing to join the world wheat agreement except on their terms. Lighting the Atlantic pact objecting to the consent of some German territory to the Berlin counties, the reparation for the damages during German responsibility for the cold war to Berlin and changing the United States with warmongering. In all these a no trace of humor.

Now however, Stalin's men are going retro active and finding in the past song further grounds for asserting the rights and priorities of this nation. They have had them to a large share of territory in Africa. told them some people that Russia was the one almost single hundred professed since more to have been in all they have done no doubt but for world peace and claimed as evidence of superior Russian skill and brain power, to have invented the telephone radio electric light, and airplane. It is in granddiloquent assumptions like these that Soviet humor shows itself, and because they are so absurdly funny the rest of the world will laugh a lot.

Wolfville (N.B.) Acadian

From The Files of The Lacombe Globe

Five Years Ago

Victory gardens will be operated again this year, to help those in Lacombe without garden space to grow their own food and aid the war effort. A Board of Trade committee interviewed F. H. Reed, local experimental station superintendent, who agreed to donate lots for that purpose.

Elmer Henderson and Charles Sherwood are the latest two volunteers from the district to join the Canadian Army.

A petition asking town council to set a 9 p.m. closing hour for stores on Saturday evenings, instead of the usual 10 and 11 o'clock, was placed before the regular meeting this week.

Ten Years Ago

Ten and one half rolls on the dinner was the rate of taxation set for municipal purposes on the M.D. of Crown, at a two-day meeting of the council last week.

Formation of a five-team softball league in town was effected, at an enthusiastic meeting. The teams entered are Avery's Cafe, Town Aces, high school Cardinals, high school Steeks, and experimental station Aggies.

Dairy lectures are scheduled at the regular town council meeting this week from Mildred Prissell, A. Henderson, A. E. Sampsel Mrs. E. H. Tillotson, and Paul Brevik.

An Editorial Feature

Sir Galahad . . . Modern Style

(By Reuben Wells Cannon, Alta.)

His shining face dispels all doubt and fear
For each new traveller who boards his craft.
Good morning, Bertha. Good afternoon, Sam.
The rain down here means sun and you'll miss the drought
A woman and a child eggnorth — Stay Bob,
Don't leave at Lethbridge a course — Don't you please!
And she's got the meal when she comes back.
Well, thanks a million — Thank it's going to freeze."

Another step — "Hey tell the folks bertie —
And here's a cushion, if you wouldn't mind
They'll get it further this way Thanks a lot
Just a minute — comfortable and just about
His job free pass he dreams, for with the fees
He gives an hour to a gift, and draws a loan

Woody Nook

WOODY NOOK — The women of the Woody Nook ladies club, held their regular meeting at the home of Mrs. J. Gottschick on Wednesday afternoon of last week. Quite a number were present except one sick member, who we hope is quickly recovering now. We all find it very nice time.

Mrs. M. Benning and Fred drove out to Edmonton, Alta., and visited with her daughter Mrs. A. Kell. from there they went to Camrose and visit the Alan Dumont family.

We are sorry to hear that Mr. and Mrs. Wes Fair have both been severely ill with the mumps, and hope they soon quell on the way to recovery soon.

Mr. and Mrs. J. Hut visited with their daughters at Bluffton and Lethbridge around June 16 and should have our columns up to strength by that time. Given sufficient food and warmth, we know that brood will develop rapidly and that it takes six full weeks to bring up the colony to proper strength.

Mr. McIntosh suggests a schedule suitable to the following. Install packages in the hives in May. If the bees are given enough food at that time they can draw brood for late May and early afternoon. At the end of May add a second brood chamber and supply more food if stores are low. During mid-June check for signs of swarming and part on all the honey supers the colonies may need.

If a schedule of this kind is followed more or gently in the light of the beekeeper's knowledge of local conditions, many hours of work in examining hive of the hives may be eliminated.

Johnny Shoals, Meadowbrook Ace, Is Aided By Friends

A presentation of $44.30 made on Sunday to 10-year old Johnny Shoals of the Meadowbrook district, northwest of Lacombe is an example of compassion which should be remembered.

Johnny lost his hand early in life. He is a pupil in Meadowbrook new accident. Some time, neighbors and friends have done everything possible to make his life happy.

The money presented to him by Gus Watson and Fred Smith took on behalf of the district, a Lodge representa of the proceeds of a recent benefit dance. It was widely supported by persons in that area.

Various other functions have been organized to help Johnny. It is hoped, by this means to encourage the boy to develop hobby. The residents are rallying round Johnny and we are sure it a great lift to him.

Art Cottrell Now Publishing His Own Newspaper

Friends of Art Cottrell, a popular resident of The Globe district until his departure in 1946 will be glad to learn he has now purchased a paper of his own.

Art, who has spent the past four years with the Abbotsford (B.C.) paper now heads the Parksville and Qualicum Beach Progress, a weekly on Vancouver Island.

He assumed control of his new enterprise on April 7. His many friends hereabouts will wish him the best in his new venture.

Grand weather ...for making aluminum!

RAIN MEANS DOLLARS FOR CANADIANS:

- 40mm jobs for 15,000 Canadians
- 40mm pay envelopes totaling $35,000,000 a year
- 40mm aluminum for more than 1,000 independent Canadian manufacturers — some 20,000 more jobs.

Woody Nook

Two Lots For Last Week

WOODY NOOK Mr and Mrs B Bateman and sons from Calgary were week end visitors at the home of Mr and Mrs B Bateman.

E. Edholm left Monday for Blackfalds, where he will be employed at the farm of Mr Van Gessen.

A surprise shower was held on Sunday at Miss T Harvey at the home of Mrs B Bateman on Apr 6, by the young ladies of the Christian Reformed Young People's Society. The evening was spent in games and contests. Approximately Miss Harvey with some lovely gifts, a delicious lunch was served by Miss Jessie Brouwer and Mrs B Bajema.

The newly built church will be dedicated on Easter Monday April 18 at 2 p.m. Delegates from other Alberta churches will be expected, and a special program will be rendered in the afternoon service.

Rimbey Creamery Co-op Assn. Limited is now in operation and will be open for business on May 1st. The plant is now under construction and when it is finished will be one of the most modern in the province. The plant will be operated by the Rimbey Co-operative Association.

Will Show Moving Pictures

"Tree Planting" Railroad Train To Visit Lacombe on April 29

Moving pictures and a talk will be given in the near future in connection with the tree planting and home beautification campaign which will be held in Lacombe on Friday April 29 at 8:00 p.m.

The program, to be held at the local I.P.E. station, is a service provided by the Canadian Forestry Association primarily as a box car to assist a local group.

Object of the tour is to encourage the planting of trees in small broods to prevent soil drifting, to moderate the wind damage to grain crops, to help conserve moisture and to help beautify farm homes.

Over an hour of sound moving pictures are shown and those attending should find the presentation both entertaining and educational. During the day, an assortment of trees will be made available to those school people who attend the program.

The tree planting campaign car will be at Ponoka next Tuesday April 26, Morningside Wetaskiwin April 27, Lacombe on Friday April 29 and Blackfalds Saturday April 30.

The educational train will visit other south and when it left Edmonton on May 17 Tues June 13 Olive June 20 and Chauvet June 21.

New Hospital Wing— If You Please!

In a rather unique manner hospital staff members are starting to talk about a new hospital wing. They have a good argument too.

In the first complete month since the new hospital addition opened here in mid-February a total number of 1 681 patient days were recorded by secretary A Hall.

Dividing this figure by the 31 days in March and you get an average number of 56 patients daily in the total 57 bed hospital. On certain days every bed in the hospital was filled.

The amazing increase is evident since Tues. Nov. 15th, when the 27 bed wing was opened here last February 22. What will it be in another few months? Better start thinking about a new wing the hospital staff studies

You can buy me a car anytime, Another flashing light now he's hurry on to the

New Oldsmobile Now on Display

The 1949 "Futuramic" Oldsmobile announced recently by General Motors of Canada features an entirely new body design and greatly increased room in both the Series "76" (shown above) and Series "88". The company has announced that a limited number of the Series "98" will be available with the new Oldsmobile Rocket engine the same high compression, eight cylinder valve-in-head engine which has been an object of development for several years. Its 135 horsepower makes it the most powerful engine ever installed in an Oldsmobile. The Series "76" also offers an improved Big Six engine. Hydra-Matic Drive is available as optional equipment in Series "76" and is standard equipment on Series "88".

To Be Seven - Team Loop

Central Alberta Baseball League Organizes For Coming Season

Plans for a Central Alberta baseball league were completed at a meeting held in Innisfail last Thursday evening. Those attending were from Innisfail, Bowden, Red Deer, Lacombe, Penhold, Ponoka and Pincher Creek.

The league will consist of seven teams, with the addition of Bentley. Bentley will be the only central loop title last year, and they came in fourth place in the league.

Fred Stewart of Lacombe was elected president for the coming season. Other officers elected were: secretary-treasurer Harry Leggett; publicity director Lyle Hill.

An eight game schedule was drawn up for Saturday and Sunday games, each team playing two games on each day. It was left that the first game of the season would be played by the same teams as participated in the same league last year.

Also discussed was the question of protests, questionable players, etc. It was decided that the league executive would be the body to hear the same. A protest fee of $10 was set, which will be returned if the protest is upheld.

Under the constitution each club will have to deposit $100.00 with league headquarters before the season opens. The $100 covers fines, and the $5 dues for league expenses.

If a team walks off the field during a game for any reason, there is an automatic fine of $100. The fine money goes to the opposing club. This ruling pertains to the protection of the game, public, and safeguards the home club against loss of gate receipts.

The schedule will be drawn up and will also set on the executive.

Under the constitution each club will have to deposit $100.00 with league headquarters before the season opens. The $100 covers fines, and the $5 dues for league expenses.

If a team walks off the field during a game for any reason, there is an automatic fine of $100. The fine money goes to the opposing club. This ruling pertains to the protection of the game, public, and safeguards the home club against loss of gate receipts.

The schedule will be drawn up and will also set on the executive.

It will be allowed to continue in league play.

There was considerable discussion over better publicity of league standings for the town fans. Leggett stated last year's challenge cup for the league was lost to the league officials of the small centre after they had obtained it.

It was decided to appeal to practically all surrounding towns to form a league. This ruling would be left to each individual town to decide whether or not they would enter a team in the league. Each team will make its application to the league executive before the next meeting.

Spruceville

SPRUCEVILLE — We are glad to report that Mrs. Ben Ross was able to leave the hospital on Friday where she has been a patient for the past month. We all join in hoping her health continues to improve.

Mrs. J. Dillie and Mr. and Mrs. B. Hume and family of Edmonton were visitors at the Hume home on Saturday.

Miss Phyllis Bignell of Penhold visited with friends here over the week-end.

Mr. and Mrs. J. Bignell.

Mr. and Mrs. Lorne Ellis and daughter have returned home to Edmonton after spending the past two weeks with Mr. and Mrs. E. Ellis.

Mr. Murray Hamblin has returned home to a extended visit with relatives in Mt. California and Utah. He will visit with his son and daughter-in-law here before returning to the home of his late daughter Mrs. Emerson of Nanaimo.

Mumps have invaded seven homes in the district and the best to be said, none are having a mood time.

Mrs. Jessie Hood has returned to her home at Veteran. Wash. after spending the winter in Spruceville with relatives and friends in the district.

Mrs. Ellis and Barnes entertained her cards and guests to tea on Wednesday.

Miss Marion Purvis of Bentley is home for the Easter holidays.

Mr. and Mrs. Merlin Mills and Mr. and Mrs. H. I. Barnes attended the Mills-Hamblin wedding at Red Deer on Sunday.

Mrs. David Gott and family of Edmonton are visiting with her parents, Mr. and Mrs. Ben Ross.

Mr. and Mrs. Harris Barnes and family were supper guests on Sunday, Mrs. Barnes' birthday.

At Stettler Meeting This Month

Municipal Mill Rate of 24 in Set By M. D. of Lacombe Council

Following are the revised mill rates effective in the municipal district of Lacombe for the year 1960:

Municipal mill rate — 24 mills
(Applies on all property within the municipal district)

School division rates:

Bentley Municipal District	27
Bentley	27
Eckville	28.5
Penhold	29.5
Lacombe	31.5
Blackfalds	36
Innisfail	39
Rimbey Municipal District	
Rimbey (Division 1 & 2)	27 mills
Alix	29.5
Rimbey	30
Lacombe	31.5
Ponoka	33
Bashaw	37.5
Hobbema Lake	39
Hospital District Rates	
Bentley	2 mills
Eckville	3
Rimbey	4
Penhold	5

Following are a few examples of how this mill rate structure may be applied to your farm:

Assessment on assessed valuation of $5,000 for a quarter-section to built average assessment for this district.

Town taxes on municipal purposes, mill to $5,000 at 24 mills, or $120.00; school taxes on this to the Lacombe school district at 31.5 mills, or $157.50; total rate will be $3.60 at 24 mills, or an additional $72.00, if your municipality is within the unorganized hospital area, your hospital tax rate will be $3.00 at 7 mills, or $21.00. Your total taxes for the year then will be the field at $72.00 plus $72.00 plus $21.00, or $165.00.

As another example, a farm assessed at $5,000 would pay $3.000 on the Bentley municipal hospital district, and also in the Penhold school district would be taxed as follows:

Same tax for municipal purposes will be $3.600 at 24 mills, or $72.00, school tax will be $3.600 at 7 mills, or $21.00. Your total taxes for the year then will be the field at $72.00 plus $72.00 plus $21.00, or $165.00.

As another example, a farm assessed at $5,000 would pay $3.000 on the Bentley municipal hospital district, and also in the Penhold school district would be taxed as follows:

Same tax for municipal purposes will be $3.600 at 24 mills, or $72.00, school tax will be $3.600 at 7 mills, or $21.00. Your total taxes for the year then will be the field at $72.00 plus $72.00 plus $21.00, or $165.00.

The tax rate can be considerably lowered but be careful not to the municipality from the above mill rate assessed.

All schedules and mill rates shown are gross figures but the rebate for payment of taxes before June 30 and taxes payable by four per cent.

Does your family fit this picture?

INCOME is early married life is never large. You haven't had time to build reserves to provide for your family in the event of unemployment or death.

The Crown Life Guaranteed Family Income Benefit has been designed to meet the needs of the young family. It will give your family the necessary protection—and at low cost.

How? By providing a regular monthly income while the children are growing up and at the end of the income period a further repayment at each of the full face value of the policy.

Get in touch with a Crown Life Representative today. He will be glad to go over the plan in detail with you.

• • •

The ladies are tea held at the home of Mrs. Tom Russell last Thursday afternoon with ten members and two visitors present. Next meeting will take place at the home of Mrs. J. Russell Jr. on May 12.

• • •

Mrs. Leader Jr. from Lacombe has been visiting with her daughter, Mrs. Tom Russell for the past week.

• • •

Mrs. Hemsworth and her girls' choir will be in attendance at the Junior Valley Rally, Penhold on next Sunday May 1. The girls are really looking forward to it.

• • •

The dust clouds are really whirling around Joffre these days. Many crops are being put up as the people are getting anxious to get in their gardens.

Frank Mast Retires From C.P.R. After 35 Years' Service

Frank Mast well known Lacombe resident, has retired on pension after completing 35 years continuous service with the C.P.R.

Thirty-three of these years he has worked at the local freight sheds, and a party was held in his honor last Friday evening at the home of Mr. and Mrs. Geo. A. Brown.

About 25 railway employees and wives attended The evening was spent playing card what. Winners of prizes were G. F. Jackson and Mrs. E. Jones, and A. Beers and A. Jenkins.

W. L. Taylor local station agent, made a presentation of a travelling case on behalf of those present. He also expressed his appreciation Mr. Jackson, formerly station agent, spoke of the splendid work of association he had had with Mr. Mast.

AMAZING FACT! Maxwell House contains choice Latin-American coffees — the best obtainable. Yet it costs only a fraction of a cent more per cup than the best-priced coffees sold!

The British Government has launched a don't-buy-you-can't-grow drive because too many tulip photos were being put out of or die by people dominating everywhere.

This is the paper one we're talking about.

WEDDINGS

PHILLIPS-WATERMAN

A lovely spring wedding was solemnized in the Royal York Hotel, Toronto on April 6, against a background of tulips, daffodils and evergreens when Jean Isla Waterman, the daughter of Mr. and Mrs. J. D. Waterman, of Lacombe St. N., Lacombe, entered the marriage by Rodger Lacey, Principal of R. Lindsay Collegiate.

The bride is a former student of Lacombe and attended Lacombe schools for several years.

The bride given in marriage by her father was gowned in white satin with Chantilly lace insets and Alençon lace train. Her fingertip veil was held by a bandeau lace cap and she carried a bouquet of white roses and lily of the valley.

Miss Margaret Waterman, sister of the bride, was bridesmaid. They were gowned in turquoise taffeta, designed on semi-fitted lines with full skirts. They carried sprays of turquoise flowers and they also had bouquets of mauve tulips and pink and white tulips respectively and were dressed in turquoise taffeta caps that matched their gowns.

The best man was Mr. Jack Thompson and the ushers were Mr. Donald Waterman, brother of the bride and Mr. Ken Phillips.

Following the reception the bride and groom left on an extended honeymoon trip to Banff and other points in southern Alberta.

On their return, Mr. and Mrs. Palomo will take up residence in the Blackfoot district.
